Summary of purpose and/or change:

LB 1118 would have amended section 13-508, dealing with budget limits for local governments, to require each political subdivision levying property taxes to file a statement with the county board or boards of the counties where the subdivision is levying taxes, and the State Auditor. The statement would have compared this year's taxes with last year's. Specifically, the statement was to show what this year's tax levy would have raised on last year's valuation.

Explanation of amendments, if any:
