Summary of purpose and/or changes:

LB 17 adds natural resources districts to the definition of high elective office. By adding natural resource districts, it will prohibit a candidate for such office to be eligible to file as a candidate, to petition on the ballot as a candidate, to accept a nomination by a political party or to be a declared write-in candidate for another high elective office to be filled at the same time. No person serving in a high elective office can simultaneously serve in any other high elective office, except for county attorneys in some limited circumstances.

Explanation of amendments, if any:
