**Summary of purpose and/or change:**

LB 931 would have amended section 77-1248 to allow the Property Tax Administrator to reduce the assessment level of airline personal property to a level that is equal to the portion that all taxable personal property bears to the actual value of all commercial and industrial property. The bill would have placed in statute a formula that is similar to the formula for reducing the assessment level of railroads and car lines in section 77-693.

**Explanation of amendments, if any:**
