Summary of purpose and/or changes:

LB 98 would amend section 77-5601 to strike references to the Department of Revenue Enforcement Technology Fund. The Fund was created by LB 1017 in 2004. Among many other provisions, LB 1017 authorized a Tax Amnesty Program which ran from August 1 through October 31, 2004. Participants in the Tax Amnesty Program could report unreported taxes that were due, and could pay the taxes and receive a waiver of interest and penalties. Part of the funds were deposited in the Technology Fund and used to acquire software, lists, and other technological tools. This phase of the Tax Amnesty Program has concluded. LB 98 would strike references to the Fund.

Explanation of amendments, if any:
