**Summary of purpose and/or change:**

LB 993 would allow alternate uses for the Nebraska Liquor Control Commission Rule and Regulation Cash Fund. The Nebraska Liquor Control Commission Rule and Regulation Cash Fund is used for the printing of liquor law and other educational materials. The commission would like the authority to use the fund for other enforcement purposes, such as the purchase of alcohol testers for regulators to use when out in the field, or to cover printing costs of materials used for enforcement training.

**Details**

*Section 1* amends §53-117.06, by adding that the Nebraska Liquor Control Commission Rule and Regulation Cash Fund may be used to help pay for electronic regulatory transactions, industry education events, enforcement training, and equipment for regulatory work.

*Section 2* repeals the original section.
