At any stage of consideration the principal introducer of the bill under consideration, a cointroducer with the consent of the principal introducer, or the chairperson of the committee, if the bill is introduced by that committee, may move for cloture to the presiding officer; however, the presiding officer may rule such motion for cloture out of order if, in the presiding officer's opinion, a full and fair debate has not been afforded. Such ruling by the presiding officer shall not be subject to challenge. Whenever a motion for cloture is offered, the presiding officer shall immediately recognize such introducer or chairperson and shall then order debate on the pending amendment or motion to cease. A vote on the cloture motion shall be taken immediately. A ~~two-thirds~~ three-fifths majority of the elected members shall be required for the cloture motion to be successful. A motion for cloture shall be in order except while a member is speaking, and a motion for cloture is not debatable. If the motion for cloture is successful, a vote on the pending matter shall be taken immediately, without debate. If the pending matter is an amendment to an amendment, following a vote on the amendment to the amendment, a vote shall be taken on the original amendment. If the original amendment has been divided, then the vote shall be on the original undivided amendment being considered. Finally, a vote on the advancement of the bill shall be taken.

A motion for cloture shall have precedence over all other motions except a motion to recess or adjourn.

A motion for cloture which fails for lack of sufficient votes shall result in the debate on the bill ending for the day. When the Speaker chooses to resume debate on the bill, successive motions for cloture ~~shall not be in order until two additional hours of debate on the bill has occurred~~ may be offered at any time. If the presiding officer rejects a motion for cloture on a

bill due to lack of full and fair debate, successive motions for cloture on the bill may be offered at any time.

Referred to the Rules Committee.

ATTORNEY GENERAL'S OPINIONS

Opinion 06007

DATE: May 25, 2006

SUBJECT: Whether the original bill of sale must be filed with the Brand Committee, in order to satisfy the requirements of Neb. Rev. Stat. § 54-1,111 of the Nebraska Brand Act and whether the Brand Committee should accept copies or facsimiles in satisfaction of Neb. Rev. Stat. § 54-1,111.

REQUESTED BY: Senator Arnie Stuthman

WRITTEN BY: Jon Bruning, Attorney General
 Katherine J. Spohn, Assistant Attorney General

On March 7, 2006, you requested an opinion from the Attorney General's Office stating, "Are 'original' documents required to satisfy the requirements of the Nebraska Brand Act, when it comes to the sale of cattle inside the inspection area? Would copies or facsimiles satisfy the requirements? Should the commission accept copies or facsimiles?" Please find our response below.

You have requested an opinion from this office regarding whether the original bill of sale must be provided pursuant to the requirements of Neb. Rev. Stat. § 54-1,111 of the Nebraska Brand Act and whether the Nebraska

Brand Committee ("Brand Committee") should accept copies or facsimiles of the bill of sale in satisfaction of the requirements of Neb. Rev. Stat. § 54-1,111. For the reasons set forth below, we conclude that the original bill of sale is not necessary and that the Brand Committee should accept a copy or facsimile of a properly executed bill of sale in satisfaction of Neb. Rev. Stat. § 54-1,111, provided said copy or facsimile is sufficient to establish ownership to the brand inspector.

An Original Bill of Sale Is Not Required Pursuant to Neb. Rev. Stat. § 54-1,111.

In your request for an opinion, you raise the issue of whether an original bill of sale is required pursuant to Neb. Rev. Stat. § 54-1,111, which requires in relevant part,

...[N]o person shall sell or trade any cattle located within the brand inspection area, nor shall any person buy or purchase any such cattle unless the cattle have been inspected for brands and ownership and a certificate of inspection or brand clearance has been issued by the Nebraska Brand Committee. Any person selling such cattle shall present to the brand inspector a properly executed bill of sale, brand clearance, or other satisfactory evidence of ownership which shall be filed with the original certificate of inspection in the records of the brand committee....
(emphasis added)

The question being raised is whether the person selling the cattle must present the original bill of sale to the brand inspector in order to satisfy the requirements of Neb. Rev. Stat. § 54-1,111(1). A bill of sale is defined by Neb. Rev. Stat. § 54-172 as,

a formal instrument for the conveyance or transfer of title to livestock or other goods and chattels. The bill of sale shall state the buyer's name and address, the date of transfer, the guarantee of title, the number of livestock transferred, the sex of such livestock, the brand or brands, the location of the brand or brands or a statement to the effect that the animal is unbranded, and the name and address of the seller. The signature of the seller shall be attested by at least one witness or acknowledged by a notary public or by some other officer authorized by state law to take acknowledgements. A properly executed bill of sale means a bill of sale that is provided by the seller and received by the buyer.

(emphasis added)

From the language of the above-cited statutes, it is clear that the Livestock Brand Act does not require the original bill of sale to be filed pursuant to the requirements of Neb. Rev. Stat. § 54-1,111. Nothing in the language of the definition of bill of sale requires that the original bill of sale be used, nor

does Neb. Rev. Stat. § 54-1,111 expressly require that the original bill of sale be provided.

The Nebraska Legislature, in adopting Neb. Rev. Stat. § 54-1,111(1), only required that the original certificate of inspection be filed in the records of the Brand Committee. The Legislature's failure to expressly require that the original bill of sale also be filed in the records of the Brand Committee cannot be construed as a mere omission on the part of the Legislature because when the Legislature deemed the original document was necessary, as was the case with the certificate of inspection, they expressly provided so in the statute. For these reasons, it is apparent from a plain reading of Neb. Rev. Stat. § 54-1,111 and the definition of a bill of sale, that the original bill of sale is not required to satisfy the requirements of Neb. Rev. Stat. § 54-1,111.

Your opinion request further inquires as to whether the Nebraska Brand Committee should accept copies or facsimiles of properly executed bills of sale in meeting the requirements of Neb. Rev. Stat. § 54-1,111. As the original bill of sale is not required by statute, as discussed at length above, and because the original bill of sale is generally not necessary to establish ownership of cattle, the Brand Committee should accept copies or facsimiles of the properly executed bill of sale, provided such copies or facsimiles were sufficient for the brand inspector to determine ownership of the cattle.

The brand inspector is charged with the duty to "attempt to establish correct and true ownership of...livestock". Neb. Rev. Stat. § 54-176. In furtherance of this duty, any person selling cattle is required to present to the brand inspector "a properly executed bill of sale, brand clearance, or other satisfactory evidence of ownership" in order to enable the brand inspector to establish ownership of the cattle. Neb. Rev. Stat. § 54 1,111. Upon presentation of sufficient evidence of ownership, the brand inspector is required to issue a certificate of inspection, which serves as "documentary evidence of ownership on all livestock covered by such document." Neb. Rev. Stat. § 54-179. The original certificate of inspection is then required to be filed with the evidence of ownership, in the records of the Brand Committee. Neb. Rev. Stat. § 54-1,111

The documentation required to be filed with the Brand Committee under Neb. Rev. Stat. § 54-1,111 is only that evidence which is needed by the brand inspector to establish ownership of the cattle. The statutory definition of satisfactory evidence of ownership, found at Neb. Rev. Stat. § 54-187, provides a wide array of documentation and identifying characteristics, which evidence which can be used to establish ownership, including physical descriptions and documentary evidence.

Ordinarily, the original bill of sale is not necessary to establish ownership of cattle and a copy or facsimile of the properly executed bill of sale is sufficient to satisfy the requirements of Neb. Rev. Stat. § 54-1,111. If, however, the ownership of cattle is brought into question, the brand

inspector could certainly require that the original bill of sale, or any other evidence of ownership of the cattle, be produced, in order to ascertain the true owner of the cattle. In such an instance, all evidence necessary to establish ownership would need to be filed in the records of the Brand Committee in order to satisfy the requirements of Neb. Rev. Stat. § 54-1,111.

Clearly, nothing in the plain language of Neb. Rev. Stat. §§ 54-1,111 and 54-172 requires that the original bill of sale be provided for compliance with Neb. Rev. Stat. § 54-1,111. Only in those rare instances when the ownership of cattle is called into question and the original bill of sale is necessary to establish proof of ownership should the brand inspector require that the original bill of sale be produced and, even in those instances, a copy of the bill of sale may be filed in the Brand Committee records in order to satisfy the requirements of Neb. Rev. Stat. § 54-1,111.

For the foregoing reasons, the plain language of Neb. Rev. Stat. §§ 54-1,111 and 54-172 make it clear that the original bill of sale is not necessary for compliance with Neb. Rev. Stat. §54-1,111 and the Brand Committee should accept a photocopy or other reproduction of the bill of sale if such documents were sufficient for the brand inspector to establish ownership of the cattle.

JON BRUNING

Opinion 06011

DATE: July 20, 2006

SUBJECT: Whether the statutory change sought by LB 563, 99th Legislature, is necessary to put the State of Nebraska in conformity with the Alcohol and Tobacco Tax and Trade Bureau's final regulations, 27 CFR Parts 7 and 25, related to flavored malt beverages (FMBs).

REQUESTED BY: Senator Raymond "Ray" Janssen

WRITTEN BY: Milissa Johnson-Wiles, Assistant Attorney General

Senator Raymond "Ray" Janssen

District 15 Representative
Nebraska State Legislature
P.O. Box 94604
Lincoln, NE 68509-4604

Dear Senator Janssen:

You have asked five questions related to flavored malt beverages (FMBs), which we have renumbered in the manner addressed in this opinion:

1. Is Neb. Rev. Stat. § 53-103 clear on its face as to how to classify flavored malt beverages?
2. If Neb. Rev. Stat. § 53-103 is not clear on its face, then does the Liquor Control Commission have authority under Neb. Rev. Stat. § 53-116 to determine the classification of FMBs?
3. Is the Liquor Control Commission preempted by the federal regulation and federal law from deciding what manufacturing standards and methods for beer production are in Nebraska, due to Neb. Rev. Stat. § 53-117(2), and therefore must the commission follow the federal regulation with respect to the manufacturing of flavored malt beverages?
4. May the State of Nebraska enact or enforce laws that substantially differ from federal code and regulations which are adopted and followed as the industry standard laws relating to alcohol?
5. Is the statutory change sought in LB 563, 99th Legislature, necessary to put the State of Nebraska in conformity with the Alcohol and Tobacco Tax and Trade Bureau's (TTB) final regulations related to FMBs?

Although the 99th session of the legislature has ended, it is our understanding based on a conversation with your staff that you intend to re-introduce a version of LB 563 in the next legislative session, in the event that it is necessary. Therefore, we will respond to your questions in the order enumerated above.

1. The first question is whether Neb. Rev. Stat. § 53-103 is clear on its face as to how to classify FMBs. As you are aware, FMBs are a mixture of a fermented base of beer with added flavors that usually contain distilled spirits. Neb. Rev. Stat. § 53-103(2) and (3)(Reissue 2004), the definitional section of the Nebraska Liquor Control Act, provides that:

(2) "Spirits means any beverage which contains alcohol obtained by distillation, mixed with water or other substance in solution, and includes brandy, rum, whiskey, gin or other spirituous liquors and such liquors when rectified, blended, or otherwise mixed with alcohol or other substances;"

(3) "Beer means a beverage obtained by alcoholic fermentation of an

infusion or concoction of barley or other grain, malt, and hops in water and includes, but is not limited to, beer, ale, stout, lager beer, porter, and near beer."

Flavored malt beverages could be considered beer because under Nebraska's statutory definition, they are "a beverage obtained by alcoholic fermentation of an infusion or concoction of barley or other grain, malt, and hops in water . . ." Likewise, flavored malt beverages could be considered distilled spirits because they are "any beverage which contains alcohol obtained by distillation."

An ambiguity exists in a statute when "reasonable persons can find different meanings and good arguments can be made for either of the two contrary positions as to the meaning of the statute." (Black's Law Dictionary, 6th Ed. 1991). A latent ambiguity exists when "the language employed is clear and intelligible, but some extrinsic fact creates a necessity for a choice among two or more possible meanings." *Id.* Flavored malt beverages create that necessity for a choice among two different meanings and § 53-103 is, therefore, ambiguous.

2. You have further asked whether, if Neb. Rev. Stat. § 53-103 is not clear on its face, the Liquor Control Commission has the authority under Neb. Rev. Stat. § 53-116 to determine the classification of flavored malt beverages. The answer to this question is yes. The Liquor Control Commission has broad authority under Neb. Rev. Stat. § 53-116 to regulate the manufacture, distribution and sale of alcohol. As that statute provides: "The power to regulate all phases of the control, manufacture, distribution, sale and traffic of alcoholic liquor, except as specifically delegated in the Nebraska Liquor Control Act, is vested exclusively with the Commission." Since § 53-103 is capable of more than one interpretation, the Commission would have the authority to determine the classification of flavored malt beverages.

3. You have further asked whether, due to Neb. Rev. Stat. § 53-117(2), the Commission is preempted by federal regulation or law from deciding what manufacturing standards and methods for beer production are in Nebraska. The answer to this question is yes. That section states that the Commission shall have the power:

(2) To fix by rules and regulations the standards of manufacture of alcoholic liquor *not inconsistent with federal laws* in order to insure the use of proper ingredients and methods in the manufacture and distribution thereof and to adopt and promulgate rules and regulations *not inconsistent with federal laws* for the proper labeling of containers, barrels, casks, or other bulk containers or of bottles of alcoholic liquor manufactured or sold in this state (Emphasis supplied).

This provision of the statute appears to evidence a legislative intent to submit to federal law on issues related to manufacture and labeling of

alcohol. Therefore, while the Commission may have the authority to determine the classification of flavored malt beverages, such standards as to manufacture and labeling must be consistent with federal law.

4. You have further asked whether "the State of Nebraska may enforce or enact laws which substantially differ from federal code and regulations which are adopted and followed as the industry standard laws relating to alcohol." This question raises the issue of federal preemption of state law. As set forth below, the answer to this question is "yes." However, a legislative change to § 53-117(2) would be necessary if the State of Nebraska desires to depart from federal guidelines relating to the standards of manufacture and labeling of flavored malt beverages.

The Supremacy Clause of the U.S. Constitution, Article IV, Cl. 2, provides that the laws enacted by the federal government shall be the "supreme law of the land." The Supremacy Clause controls over any state laws which "interfere with or are contrary to" federal law. *Hillsborough County v. Automated Medical Laboratories, Inc.*, 471 U.S. 707, 712 (1985)(quoting *Gibbons v. Ogden*, 9 Wheat 1, 211 (1824)). In addition to acts of Congress, federal regulations can preempt state law. *Louisiana Public Service Comm'n v. FCC*, 476 U.S. 355 (1986). In order to determine whether federal law preempts state law on an issue, however, it must be determined whether Congress intended such preemption. *Zannini et al., v. Ameritrade Holding Corp.*, 266 Neb. 492, 667 N.W.2d 222 (2003). Congressional intent is the "touchstone" of preemption. *Retail Clerks Int'l Ass'n v. Schermerhorn*, 375 U.S. 96, 103 (1975). The Supreme Court has held that a preemption analysis "start[s] with the assumption that the....powers of the States...were not to be superseded.....unless that was the clear and manifest purpose of Congress." *Rice v. Santa Fe Elevator Corp.*, 331 U.S. 218, 230 (1947).

The TTB's federal regulations related to FMBs, 27 CFR Parts 7 and 25, were adopted and went into effect January 3, 2006. The TTB adopted these regulations defining FMBs based on its authority under the labeling provisions of the Federal Alcohol Administration Act (FAA Act), 27 U.S.C. § 205(e), and the Internal Revenue Code (IRC). *Flavored Malt Beverages and Related Regulatory Amendments*, 70 Fed. Reg. 1, 214 (Jan. 3, 2005)(to be codified at 27 CFR Parts 7 and 25).

The FAA Act provides that the standards of labeling and advertising set forth in the Act apply to malt beverages sold and shipped into any state only to the extent that similar requirements are imposed by the states. 27 U.S.C. § 205. Further, in adopting the regulations for FMBs pursuant to the Act, the TTB expressly stated that it did not intend to preempt the States on the issues of classification and taxation of FMBs:

"Pursuant to the 21st Amendment, States have significant authority to regulate the sale and distribution of alcohol beverages within their borders. Under the..... FAA Act, Federal labeling and advertising regulations apply to malt beverages only to the extent that the State has

adopted similar requirements for malt beverages sold within the State....We do not believe that the adoption of a different standard by some states will cause major problems to the beer industry; in any case, it is beyond TTB's authority to control what the States choose to do on this issue." Flavored Malt Beverages and Related Regulatory Amendments, 70 Fed. Reg. 1, 219 (Jan. 3, 2005)(to be codified at 27 CFR Parts 7 and 25).

Additionally, TTB stated:

"As already noted in this preamble, while most States look to Federal guidance in this area and rely on Federal classification of alcohol beverages, there is certainly no requirement for them to do so. Thus, individual States may take a different view of the classification and taxable status of these products, and may reclassify FMBs as distilled spirits products, perhaps even before the effective date of this final rule." Flavored Malt Beverages and Related Regulatory Amendments, 70 Fed. Reg. 1, 230 (Jan. 3, 2005)(to be codified at 27 CFR Parts 7 and 25).

Therefore, under federal preemption standards, the State is not precluded from enacting or enforcing laws that substantially differ from federal laws relating to the classification of flavored malt beverages. However, as discussed earlier in this opinion, § 53-117(2) appears to evidence a legislative intent to submit to federal law on issues of manufacture and labeling, and such statutory provision would need to be amended if the State intends to depart from federal law.

5. Finally, you have asked whether the statutory change sought by LB 563, 99th Legislature, is necessary to put the State of Nebraska in conformity with the Alcohol and Tobacco Trade Bureau's (TTB) final regulations related to FMBs. Because it is our opinion that § 53-103 is ambiguous and the Commission has the authority to implement the TTB regulations, the statutory change sought by LB 563, while helpful in clarifying the legislature's intent related to FMBs, would not be necessary.

Sincerely,

SUBJECT: Whether In Light of Equal Protection Concerns, It Would Be "Prudent" to Delete the "Notice Of Risks" Requirement Added To Neb. Rev. Stat. § 44 3522 (2004) By LB 875 In 2006.

REQUESTED BY: Senator Mick Mines
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Charles E. Lowe, Assistant Attorney General

INTRODUCTION

LB 875 was enacted during the 2006 session of the Nebraska Legislature. That bill, among other things, amends Neb. Rev. Stat. § 44-3522 (2004) by adding a subsection (4) requiring that a purchaser of a motor vehicle service contract must be given a "notice of risks." Unless the motor vehicle service contract reimbursement insurance policy is issued by an insurer domiciled in Nebraska, that notice must include the following statement: "The issuer of the motor vehicle service contract reimbursement insurance policy is not a domestic entity and the Department of Insurance can give no assurance that the issuer has adequate reserves to cover potential losses." The notice of risks is also to contain a statement regarding the fact that neither the motor vehicle service contract nor the motor vehicle service contract reimbursement insurance policy are covered by the Nebraska Property and Liability Insurance Guaranty Association Act.

You are concerned that the notice language requirement referring to the possibility of inadequate reserves to cover losses quoted above may violate the equal protection clause of the Fourteenth Amendment to the United States Constitution and Nebraska's equal protection clause, Neb. Const. art. I, § 3, in that it appears to discriminate against insurers who are not domiciled in Nebraska by requiring the cautionary language concerning reserves be put in the notice only for them and not for insurers domiciled in Nebraska. You have indicated that you are contemplating introducing legislation to eliminate the "notice of risks" requirement because of this concern. You have asked for this office's "opinion as to whether this would be a prudent change to the existing statute."

As you know, this office, in performing its duties and responsibilities, might be called upon in the future to defend the statutory "notice of risks" requirement should an action be brought in court attacking its constitutionality. Therefore, we are not in a position to give any opinion as to whether or not the language of the notice, as applied to insurers that are not domiciled in Nebraska, violates constitutional equal protection provisions, and we do not do so. We will, however, provide an overview of the legal principles and precedents we believe would be applicable in any equal protection challenge to the "notice of risks" requirements based upon

the language that is required when the issuer of the motor vehicle service contract reimbursement insurance policy is not domiciled in Nebraska; and we will offer our thoughts on a "prudent" course of action.

Presumption of Constitutionality

Initially, when analyzing whether or not a statute is unconstitutional, it is important to bear in mind that "[s]tatutes are afforded a presumption of constitutionality, and the unconstitutionality of a statute must be clearly established before it will be declared void." *Gourley v. Nebraska Methodist Health System, Inc.*, 265 Neb. 918, 942, 663 N.W.2d 43, 68 (2003). Additionally, "[t]he party attacking a statute as violative of equal protection has the burden to prove that the classification violates the Equal Protection Clause." *Id.*, 265 Neb. at 945, 663 N.W.2d at 70. Thus, any insurer seeking to have the notice of risks requirement declared unconstitutional as violative of equal protection will bear the burden of overcoming the presumption of constitutionality and establishing that the statute violates equal protection principles.

Equal Protection – "Strict Judicial Scrutiny" and "Rational Basis" Tests

Equal protection challenges to legislation are analyzed under two somewhat different approaches. If a "fundamental right" or "suspect classification" is involved, then the classification and differing treatment in the legislation will be subject to "strict judicial scrutiny" and will be upheld only if there is a compelling governmental interest. In such circumstances the classification and differing treatment must be narrowly tailored to meet the specific compelling interest involved. *Gourley*, 265 Neb. at 946, 663 N.W.2d at 70. "Fundamental rights" include only those basic liberties that are explicit or implicit in the Constitution, such as free speech, the right of assembly, the right to interstate travel and freedom of religion. 16B Am. Jur. 2d Constitutional Law § 816 (2006). "Suspect classifications" are classifications based on such things as race, national origin or religion. *Id.*, § 817.

Where a "fundamental right" or "suspect classification" is not at issue, the equal protection clause allows government to make distinctions among groups and to treat different groups differently so long as there is a "rational basis" serving a legitimate governmental purpose for such differing treatment. "In an equal protection challenge, when a fundamental right or suspect classification is not involved, the act is a valid exercise of police power if the act is rationally related to a legitimate governmental purpose." *Le v. Lautrup*, 271 Neb. 931, 936, 716 N.W.2d 713, 719 (2006). The United States Supreme Court has said: "Unless a statute provokes 'strict judicial scrutiny' because it interferes with a 'fundamental right' or discriminates against a 'suspect class,' it will ordinarily survive an equal protection attack so long as the challenged classification is rationally related to a legitimate governmental purpose." *Kadrmas v. Dickinson Public Schools*, 487 U.S. 450, 457-58 (1988).

Under the rational basis test, the Equal Protection Clause is satisfied as long as there is (1) a plausible policy reason for the classification, (2) the legislative facts on which the classification is apparently based may rationally have been considered to be true by the governmental decisionmaker, and (3) the relationship of the classification to its goal is not so attenuated as to render the distinction arbitrary or irrational. . . . The rational relationship standard, as the most relaxed and tolerant form of judicial scrutiny under the Equal Protection Clause, is offended only if a classification rests on grounds which are wholly irrelevant to the achievement of the government's objectives. . . . When determining whether a rational basis exists for a legislative classification, courts look to see if any state of facts can be conceived to reasonably justify the disparate treatment which results.

Le, 271 Neb. at 936-37, 716 N.W.2d at 719-20.

Application of "Rational Basis" Test in These Circumstances

There is no "fundamental right" to conduct the business of insurance or to sell motor vehicle service contract reimbursement insurance policies in this state and no "fundamental right" to be free of regulation in carrying on an insurance business. Likewise, distinguishing between domiciled and non-domiciled insurers does not create a "suspect classification" as that term has been applied by the courts. Accordingly, if it is attacked under the equal protection clause, the notice of risk requirement would be measured by the rational basis test – i.e., whether or not there is a rational basis related to a legitimate state purpose for the differing treatment of insurers selling service contract reimbursement insurance policies who are not domiciled in Nebraska.

The United States Supreme Court has applied the rational basis test, rather than the "strict judicial scrutiny" test, in cases involving equal protection challenges to differing treatment of insurers not domiciled in a state. In *Metropolitan Casualty Ins. Co. of New York v. Brownell*, 294 U.S. 580, 583 (1935), the Court set forth the proper analysis as follows:

The equal protection clause does not prohibit legislative classification and the imposition of statutory restraints on one class which are not imposed on another. But this Court has said that not every legislative discrimination between foreign and domestic corporations is permissible merely because they differ, and that with respect to some subjects of legislation the differences between them may afford no reasonable basis for imposition of a statutory restriction upon foreign corporations, not applied to domestic corporations. The ultimate test of validity is not whether foreign corporations differ from domestic, but whether the differences between them are pertinent to the subject with respect to which the classification is made. . . . If those differences have any rational relationship to the legislative command, the discrimination

is not forbidden. (Citation omitted.)

In *Metropolitan Life Ins. Co. v. Ward*, 470 U.S. 869, 875 (1985), the Court, quoting favorably from *Western & Southern Life Ins. Co. v. State Board of Equalization of California*, 451 U.S. 648 (1981), reiterated:

We held that "[w]e consider it now established that, whatever the extent of a State's authority to exclude foreign corporations from doing business within its boundaries, that authority does not justify imposition of more onerous taxes or other burdens on foreign corporations than those imposed on domestic corporations, unless the discrimination between foreign and domestic corporations bears a rational relation to a legitimate state purpose." (Emphasis supplied.)

Possible Arguments as to "Rational Basis"

In your letter you note the competitive disadvantage that non-domiciled insurers might suffer as a result of the notice of risks requirement regarding notice of possible inadequate reserves¹, and you posit some arguments that could be made to show that treating insurers not domiciled in Nebraska differently in the notice of risk requirements bears no rational relationship to a legitimate state purpose. Principally, the argument could be made that, because the Department of Insurance cannot and does not give assurance that any insurer has adequate reserves to cover potential losses, there is no rational basis for singling out insurers not domiciled in Nebraska and requiring that the warning regarding possible insufficient reserves to cover losses apply only to them. In other words, assuming that there is a legitimate governmental purpose for giving any such warning to consumers, there is no reasonable basis for giving it only when the insurer is not domiciled in this state. This is certainly a colorable argument tending to support the position that there is no rational basis for the differing treatment and, therefore, a denial of equal protection of the law.

There are, however, arguments that could be made in support of the position that there is a rational basis for the differing treatment of non-domiciled insurers in connection with the notice of risk requirement. Clearly the State has a legitimate interest in seeing that its citizens are given fair warning regarding the risks they are taking when deciding whether or not to purchase a motor vehicle service contract. Moreover, from the state's perspective, the risk of insufficient reserves to cover losses might be somewhat greater for non-domiciled insurers simply because Nebraska state insurance regulators perform less oversight over such insurers and have somewhat fewer controls over them. For example, according to the Department of Insurance, with some exceptions, Nebraska's regulators normally defer to insurance regulators in the jurisdiction where an insurer is domiciled to perform financial reviews and audits of that company. On the other hand, Nebraska's insurance regulators perform their own such financial reviews and audits of insurers domiciled in this state. Also, the Nebraska Department of Insurance has authority to approve or disapprove mergers and acquisitions of insurers

domiciled in the state. Neb. Rev. Stat. §§ 44-2126 and 44-2127 (2004). The department has no such authority with regard to insurers domiciled elsewhere. Additionally, the Director of Insurance has broader authority to initiate various proceedings and enter orders against an insurer domiciled in Nebraska that is having financial difficulties than he or she has with regard to an insurer not domiciled in this state. Neb. Rev. Stat. § 44-4809(1) and (2) (2004). Based on these factors it can be argued that there is a rational basis for treating non-domiciled insurers differently in the language of the notice of risks requirement.

Ultimately, it is difficult, if not impossible, to predict how these differing arguments would "play out" and which position would prevail in the context of litigation challenging, on equal protection grounds, the notice of risks requirement. Again, however, it is important to remember that any party seeking to challenge the notice of risks requirement will have the burden of overcoming the presumption of statutory constitutionality and of establishing that there is no reasonable relationship between the notice of risks requirement concerning possible insufficient reserves of non-domiciled insurers and any legitimate state purpose.

Conclusion With Regard to Possible Changes in Existing Statute

In your letter you ask for our view as to whether removing the notice of risks requirement "would be a prudent change to the existing statute." Obviously, if one sought to eliminate any possibility that a successful challenge to the notice of risks requirement could be brought in court, then eliminating the requirement would alleviate any such concern; so, in that sense, eliminating the requirement would be "prudent."

On the other hand, if the policy of giving notice of risks to purchasers of motor vehicle service contracts is of such importance as to override whatever risk there might be of an unfavorable court ruling on the constitutionality of the statute, then it might not be the most "prudent" course to eliminate the notice of risks requirement altogether. This is so for two reasons. First, as discussed above, it is not at all certain that a court would find that the notice regarding possible inadequate reserves of non-domiciled insurers is violative of constitutional equal protection requirements. Second, even if this differing treatment of non-domiciled insurers concerning notice of possible inadequate reserves were determined to be unconstitutional, there is a good chance that that provision could be severed from the remainder of the notice of risks requirement dealing with losses not being covered by the Nebraska Property and Liability Insurance Guaranty Association Act so that the latter could remain in effect.²

One other "prudent" possibility for statutory amendment to deal with your concerns comes to mind: Leave the notice of risks requirement in the law but make the notice regarding possible inadequate reserves equally applicable to all insurers, whether or not domiciled in Nebraska. The second paragraph of the notice of risks called for by the statute could be amended to

read simply: "The Nebraska Department of Insurance can give no assurance that the issuer of the motor vehicle service contract reimbursement insurance policy has adequate reserves to cover potential losses;" and the last paragraph of subsection (4) of Neb. Rev. Stat. § 44-3522 would be deleted. These changes would comport with the statement in your letter that the Department of Insurance "does not give assurances that any insurer, whether foreign or domestic, has adequate reserves to meet its losses" and would result in equal treatment of all insurers, whether or not domiciled in Nebraska, eliminating any possible equal protection concerns. Purchasers, however, would still be alerted to the fact that the state regulatory agency cannot and does not assure that the insurer will have sufficient reserves to cover potential losses – something it might be beneficial for them to know.

We hope the foregoing provides you with the information you seek.

¹ We are informed by the Department of Insurance that, in fact, no company domiciled in Nebraska offers motor vehicle service contract reimbursement insurance policies in this state. Therefore, the language of the notice of risks requirement does not give any competitive advantage to any insurer domiciled in Nebraska. Rather, that language might discourage some individuals from purchasing such policies altogether, thus causing the non-domiciled insurers who do offer such policies to lose some business.

² An unconstitutional portion of a statute may be severed if (1) absent the unconstitutional portion, a workable statutory scheme remains; (2) the valid portions of the statute can be enforced independently; (3) the invalid portion was not an inducement to the passage of the statute; and (4) severing the invalid portion will not do violence to the intent of the Legislature.

State ex rel. Stenberg v. Murphy, 247 Neb. 358, 368-69, 527 N.W.2d 185, 194 (1995). Elements (1), (2) and (4) would clearly apply in this situation. The only question concerns element (3).

DATE: November 21, 2006

SUBJECT: "Notice of Risks" Requirement Contained in Neb. Rev. Stat. § 44-3522, as amended by 2006 Neb. Laws LB

875.

REQUESTED BY: Senator Mick Mines
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Charles E. Lowe, Assistant Attorney General

BACKGROUND

In a letter to the Attorney General dated July 20, 2006, you expressed some concern about the constitutionality of an amendment to Neb. Rev. Stat. § 44-3522 made by the Legislature in 2006 Neb. Laws LB 875. You referred to possible equal protection problems with a "Notice of Risks" requirement which is required by the amendment to be given to all potential purchasers of motor vehicle service contracts. You were particularly concerned about the requirement that, if the insurer of a motor vehicle service contract reimbursement insurance policy is not a Nebraska domesticated entity, a written warning be given stating: "The issuer of the motor vehicle service contract reimbursement insurance policy is not a domestic entity and the Department of Insurance can give no assurance that the issuer has adequate reserves to cover potential losses." You thought that this disparate treatment of non-domesticated insurers would likely run afoul of the equal protection clauses of the United States and Nebraska Constitutions.

In your letter of July 20, 2006, you indicated that you were considering introducing legislation to remove the notice of risks requirement from the law due to your "concerns regarding its constitutionality." You specifically asked this office for its opinion "as to whether this [proposed legislation] would be a prudent change to the existing statute."

OPINION 06012

In response to your inquiry this office issued Op. Att'y Gen. No. 06012 (Aug. 28, 2006). In Opinion 06012 we discussed the legal standards for equal protection challenges to duly enacted laws and the arguments which could be made on both sides in the context of the notice of risks requirement. We concluded that it was not clear how a court would rule. We then proceeded to address your question about whether we thought your proposed elimination of the notice of risks requirement "would be a prudent change to the existing statute." We concluded that such elimination would be "prudent" in the sense that it would remove the equal protection issue altogether since the notice of risks requirement would no longer exist at all.

We went on in Opinion 06012 to suggest one other "prudent" possibility for statutory amendment that we thought would alleviate the equal protection concern without eliminating the notice of risks requirement completely. We noted that the notice of risks requirement could be amended to "make the notice regarding possible inadequate reserves equally applicable to all

insurers, whether or not domiciled in Nebraska."

SUPPLEMENTAL REQUEST AND RESPONSE

You have now sent a letter to this office providing some additional information and confirming that there are no insurers domiciled in Nebraska who are currently offering motor vehicle service contract reimbursement insurance policies. You ask if this supplemental information would alter our earlier opinion in any sense.

Considering the information you provided, and upon further reflection, we would alter Opinion 06012 to note that merely amending the notice of risks requirement to "make the notice regarding possible inadequate reserves equally applicable to all insurers, whether or not domiciled in Nebraska" would not necessarily alleviate the equal protection issues raised by the notice of risks requirement in its present form. This is so because, since there are no Nebraska domiciled insurers offering motor vehicle service contract reimbursement insurance policies, an insurer not domiciled in Nebraska could argue that, while neutral on its face, the notice of risks requirement still unconstitutionally discriminates against insurers not domiciled in this state in its application. While we offer no opinion as to whether or not a court would agree with any such argument, we do conclude that our original alternative suggestion for amendment to the notice of risks requirement to alleviate equal protection concerns might not be as "prudent" as we had earlier thought and may not resolve the issue.

In all other particulars, we adhere to the opinions and views expressed in Opinion 06012.

Sincerely,
JON BRUNING
Attorney General

Dear Senator Engel:

Pursuant to the Provisions of Section 85-408, R.R.S. of Nebraska, 1943 Legislative approval is required for the following University of Nebraska project:

University of Nebraska-Lincoln - Abel / Sandoz Window Replacement. The University of Nebraska-Lincoln proposes to expend \$2,241,300 from the 1986 Replacement Fund. The funds would be used to replace aging windows and energy conservation in Abel Hall - Floors 2 - 13 and Sandoz Hall - Floors 2 - 9.

The expenditure relates to the Bond Resolution dated December 1, 1964, authorizing the issuance of Revenue Bonds by the Board of Regents. The Board has heretofore issued revenue bonds payable from the revenues and fees derived from the ownership and operation of the dormitories and other facilities for the housing and boarding of students, student unions, student health facilities and other facilities for the activities of students located on the campus of the University of Nebraska-Lincoln, under which a 1986 Surplus Fund was created.

Section 6.2 of the Resolution requires the Board to operate the facilities in an efficient, sound and economical manner and to keep all facilities and betterments thereto in good repair, working order and condition and to make all necessary and proper repairs, renewals, replacements, additions, extension and betterments thereto, so that at all times the business carried on in connection therewith shall be properly and advantageously conducted.

Request. The University requests approval of the Abel Halls 2-13 and Sandoz Hall - Floors 2-9 window replacement project in the amount of \$2,241,300 to be financed from the University of Nebraska-Lincoln Student Fees and Facilities Revenue Bond Surplus Fund.

The Board of Regents authorized these expenditures at its November 3, 2006, meeting. The Nebraska Coordinating Commission for Postsecondary Education approved the expenditure on December 7, 2006.

Thank you for your consideration of this project.

Respectfully submitted,

INAUGURAL CEREMONIES

Chief Justice Michael G. Heavican, administered the Oath of Office to the newly elected state officials.

Governor Dave Heineman delivered the following Inaugural Address:

GOVERNOR'S INAUGURAL ADDRESS

Mister President, Mister Speaker, Mister Chief Justice, Members of the 100th Legislature, Tribal Leaders and other Distinguished Guests ... Friends and Fellow Nebraskans;

I am honored and pleased to have this opportunity to continue as the 39th Governor of this great state.

The experiences of the past year have provided me renewed energy and optimism about what lies ahead for Nebraska.

I want to first congratulate my fellow constitutional officers and the newly installed members of the Nebraska Legislature.

As I'm sure you have already experienced, it is both an awesome responsibility and an incredible opportunity to be able to serve the people of this state.

* * *

A remarkable trust has been placed in our hands ... and I have great confidence in the passion and abilities of everyone in this chamber to make the best interests of Nebraska their first priority.

I have tremendous respect for the members of this body and I pledge to continue building on the good relationships we have already begun...

Whether that relationship began years ago in the halls of this historic building ... or in the hours that followed last fall's election.

* * *

While we are here today to discuss some of the important issues that lie ahead for our state, I would be remiss if I did not call attention to the very serious and immediate challenges facing many Nebraskans.

The effects of the New Year's storm have left thousands of our fellow citizens without power...

I want to assure every Nebraskan that we are putting all of our available resources to work, and while there are difficult days and weeks ahead as Nebraskans work to rebuild what was lost...

I have confidence in the people of this state, and I know that we will get through this challenge.

* * *

Early on as Governor, I said that I had faith that Nebraskans would reward good performance ... so I am grateful for the opportunity to stand before Nebraskans today to say thank you for the confidence that's been placed in me.

I pledge to the people of this state that I will continue to work as hard in the years to come as the first two I've spent as your Governor.

There's no doubt that there are exceptional opportunities on the horizon for Nebraska.

But we are also at a crossroads.

We are faced with a future of limited resources, as well as the

accompanying reality that state government cannot be all things to all people.

The days when state government could provide funding for every project are in the past.

Yet I will argue that we have extraordinary potential when it comes to making strategic investments that will move Nebraska forward and make our communities even stronger.

* * *

I believe in the people of this state, and I believe in each of you in this chamber.

I believe we have an incredible opportunity to make changes that will make this state an even better place to live, to work and to raise a family in the years to come.

I believe strongly in education and economic development.

Our state provides an excellent education to students of all ages.

The reality, however, is that we can no longer afford to ignore that many young people are leaving our state to begin their careers in other states and other countries.

This is a reality that we must change.

Creating dynamic, 21st Century jobs for our sons and daughters must be part of our vision for the future.

More than that, it must be a priority.

That is why I believe so strongly that education and Nebraska's continued economic vitality go hand-in-hand.

My hope is that we can make these pillars of our state even stronger in the future.

To do that we need to come together as educators, as business leaders, as employees, and perhaps most importantly, as parents ... to ensure that we create opportunities for our young people to remain in Nebraska and to be part of our great future.

A sustained focus on job creation and making Nebraska a competitive place for new business development is key to turning the tide and making our state a more attractive place for young families.

* * *

The need to create a 21st Century business climate is a call to action for every Nebraskan ...

However, the challenge for us as their representatives ... lies in finding ways to control the growth of government spending while providing real and broad-based tax reform in the years ahead.

In that regard, I want share with you today that I am committed to pursuing policy decisions that will help confront the challenges facing both us and the citizens of this state.

As every Nebraskan can attest, over the past two decades, Nebraska has become a high tax state.

I believe that we are at a crossroads and that there are two very clear paths.

We can act now and grow our state to meet the demands of the future ...

Or we can do nothing, change nothing, and watch the slow decline of a great state.

Nebraska can't afford the status quo.

I believe that together we have a unique opportunity to make changes that will help create the real and sustained growth that is needed to ensure that our sons and daughters can remain here in our state.

We all want them to be a part of Nebraska's future, and we are in a position to do something about it.

This opportunity is the result of a truly unique set of circumstances that brought the members of this body together.

* * *

The 100th Legislature is made up of senators who have experience and a fresh perspective.

The fact that a class of 22 senators is beginning its first session together is an opportunity we should not waste.

I've had several opportunities to meet with this year's class of new lawmakers, as well as our returning senators, and I know each of you brings a wealth of talent and ideas to address the challenges before us.

From taxes and spending, to education, water and the restructuring of

government ...

We need to confront these challenges and those that await us over the next four years head-on.

* * *

In one week, we will begin the discussion of Nebraska's future when I deliver the State of the State Address.

That discussion will center on providing real tax relief for our citizens and moving us toward a lower tax burden through the reform of our income tax system and providing tax relief aimed at middle-class Nebraskans.

Yet I also know that there is a need for our state to have an open, honest discussion about property taxes.

Ladies and gentlemen, our efforts at the state level to address local property taxes are a tax shift, not a tax cut ... and each one increases state spending.

We should acknowledge them for what they are ... and move forward with an honest resolve.

Toward that end, my budget will include significant investments in property tax relief ...

As well as my income tax reform proposal.

Both of these ideas will be contained in a tight-fisted budget that limits state spending growth to a far more reasonable and sustainable number over time ...

A far more reasonable number than we have historically achieved.

It is a budget that does what I told the people of Nebraska we would do ...

It makes difficult, prioritized spending decisions, and it respects the people who elected us.

* * *

I have confidence in this Legislature, and in the people of this great state.

Nebraskans have an incredible ability to come together and find solutions to the challenges we face.

Our people are truly our greatest resource, and the future of Nebraska rests with each and every one of us.

We need to engage our citizens in these difficult and complex policy discussions and then we must be willing to make the tough decisions that Nebraskans expect of their leaders.

I value the opportunity to work with you, and I believe very strongly that together we have an unprecedented opportunity to make changes for the good of Nebraska.

* * *

It has been an honor and privilege to serve this state these past two years, and I look forward to what we can accomplish together over the next four years.

No such governmental subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

(2) Notwithstanding any other provision in this Constitution, the Legislature may also authorize any county, city, or village to acquire, own, develop, and lease or finance real and personal property, other than property used or to be used for sectarian instruction or study or as a place for devotional activities or religious worship, to be used, during the term of any revenue bonds issued, only by nonprofit enterprises as determined by law and to issue revenue bonds for the purpose of defraying the cost of acquiring and developing or financing such property by construction, purchase, or otherwise. Such bonds shall not become general obligation bonds of the governmental subdivision by which such bonds are issued and such governmental subdivision shall have no authority to impose taxes for the payment of such bonds. Notwithstanding the provisions of Article VIII, section 2, of this Constitution, the acquisition, ownership, development, use, or financing of any real or personal property pursuant to the provisions of this subsection shall not affect the imposition of any taxes or the exemption therefrom by the Legislature pursuant to this Constitution. The acquiring, owning, developing, and leasing or financing of such property shall be deemed for a public purpose, but the governmental subdivision shall not have the right to acquire such property for the purposes specified in this subsection by condemnation. The principal of and interest on any bonds issued may be secured by a pledge of the lease and the revenue therefrom and by mortgage upon such property. No such governmental subdivision shall have the power to operate any such property as a business or in any manner except as the lessor thereof.

(3) Notwithstanding any other provision in ~~the~~ this Constitution, the Legislature may also authorize any incorporated city or village, including cities operating under home rule charters, to appropriate from local sources of revenue such funds as may be deemed necessary for an economic or industrial development project or program subject to approval by a vote of a majority of the registered voters of such city or village voting upon the question. For purposes of this provision, funds from local sources of revenue shall mean funds raised from general taxes levied by the city or village and shall not include any funds received by the city or village which are derived

from state or federal sources.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT:

Section 1. At the general election in November 2008 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, section 2:

III-2 The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition be for the enactment of a law, it shall be signed by ~~seven~~ four percent of the

registered voters of the state, and if the petition be for the amendment of the Constitution, the petition therefor shall be signed by ~~ten~~ fifteen percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election be approved, the one receiving the highest number of affirmative votes shall thereby become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. Initiative measures shall contain only one subject. The Legislature shall not amend, repeal, modify, or impair a law enacted by the people by initiative, contemporaneously with the adoption of this initiative measure or at any time thereafter, except upon a vote of at least two-thirds of all the members of the Legislature.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language:

A constitutional amendment to change the number of signatures required on initiative petitions.

MOTION - Escort Governor

Senator Nelson moved that a committee of five be appointed to escort the Governor of the State of Nebraska to the Legislative Chamber to deliver his State of the State Address.

The motion prevailed.

The Chair appointed Senators Langemeier, Lathrop, Nantkes, Pankonin, and Wightman to serve on said committee.

STATE OF THE STATE ADDRESS

“We have the opportunity to make Nebraska an even better place for our sons and daughters, and their families. To accomplish this, we must act decisively and face the challenges that lie ahead.”

Mr. President, Mr. Speaker, Members of the 100th Legislature, Tribal Chairmen, Distinguished Guests, Friends and Fellow Nebraskans:

This is a year of new beginnings. In the days and weeks ahead, we will work side-by-side in an effort to determine what sort of state the next generation of Nebraskans will inherit. Today, we embark on a journey that will reshape the future of Nebraska. I submit to you that we must act boldly with a vision of the future firmly in mind if we are to change our state for the better.

Our vision for the years ahead must be about preparing Nebraska to compete in the 21st Century, in an age of technological marvels, new educational challenges, international competition and entrepreneurial opportunity. That is the new reality facing the people of this state.

I want to first address the senators of this 100th Legislature.

To the returning senators, I appreciate the cooperation we have fostered, and I want to express the value I place on that relationship. The members of this distinguished institution have had an important impact on our state, and while there is no way to recognize all of you individually, let me say that I am pleased to be able to continue working with you.

To those Senators who are new to this body, I want to share with you that my door is always open. I look forward to hearing ideas from you and your colleagues on ways to continue improving our state.

One reason that I am so enthusiastic about this legislative session is because of the opportunity it presents to combine both the institutional knowledge of returning Senators and the fresh perspectives of our newest colleagues. We should capitalize on the opportunities that this combination presents, because our state is truly at a crossroads.

We have the opportunity to make Nebraska an even better place for our sons and daughters, and their families. To accomplish this, we must act decisively and face the challenges that lie ahead. Creating dynamic 21st Century jobs must be a priority.

We can no longer afford to ignore the fact that many talented young people are leaving our state to begin their careers in other states and other countries. That is why I believe so strongly that education and Nebraska's continued economic vitality go hand-in-hand.

We must act now to address the high tax burden on middle-class Nebraskans, small business owners, and would-be entrepreneurs. We must act now to address the need for a more reasonable and sustainable growth rate of government spending. We must act now to address the challenges of education, education funding, and student achievement. We must act now to address the statewide challenges of water, and we must act now to create a more logical and accountable organization for Health and Human Services.

Despite the scope of these challenges, I am optimistic that the ability to overcome each and every one of them is well within our reach. Together, we can and will address our state's greatest challenge, which is creating jobs for young people here in Nebraska.

We're already on the path to success thanks to the Nebraska Advantage, which in one year has encouraged 89 companies to consider Nebraska for locating or expanding their business. Over the next several years, these companies are planning to invest \$3.5 billion in Nebraska's economy and create nearly 9,000 new jobs.

The new chapter we've begun in ethanol and biofuels development has also helped put our state on the right path. Nebraska currently has more ethanol plants under construction than any other state, and communities of every size are poised to benefit from this latest wave of ethanol expansion. In the next two years, new ethanol plants will come online in communities such as: Adams, Albion, Cambridge, Fairmont, Jackson, Madrid, Mead, Ord, and Ravenna.

These communities will be the home of some of the most innovative and technologically advanced ethanol plants anywhere. Rural Nebraska has not seen an era of such sustained job growth in decades, and we can be very proud of the role our state has in helping provide cleaner, better fuels for our nation. These are just two areas where the hard work of lawmakers has paid dividends for the people of this state.

Therefore, I approach this session with optimism that we can find solutions to the challenges before us. But we must first address the disproportionate tax burden that has been placed on our citizens.

By any standard, Nebraska is a high-tax state, and while the results vary, studies show Nebraska with a tax burden as high as sixth in the nation. Our rankings have steadily declined over the past two decades, and look even worse when compared to neighboring states. I believe this is a situation we can change.

I believe we can compete, but in order to do so we must be committed to easing the tax burden on Nebraskans and their families. Stopping and reversing a decades-old trend toward a greater tax burden is essential to ensuring good job growth in the future.

Ensuring that businesses can create good jobs requires a determined and sustained commitment to lowering taxes and controlling state spending. Lower spending requires that we begin to make strategic investments in a new and vibrant future, rather than providing funding for every project with merit.

Making a fundamental change in the way we structure our income tax system is the first step in ensuring that our state continues on our journey toward becoming a more vibrant place for every Nebraskan. The tax relief package I'm proposing would provide more than \$475 million dollars in reductions over the next two years aimed at hard-working, middle-class families.

My interest in lowering taxes has two objectives; continuing to create the jobs our sons and daughters want, and in helping to protect the dreams and ambitions of Nebraska's middle-class families.

I want to thank Senator Ray Janssen for agreeing to introduce my proposal, which would: eliminate the marriage penalty, reduce the number of income tax brackets from four to three, widen the bracket that impacts the largest number of middle-class taxpayers, lower tax rates across-the-board, index the new brackets, repeal the remainder of the sales tax on construction labor, and eliminate the estate tax for family farmers and small business owners.

Under my plan, a family of four earning \$50,000 a year would receive a tax cut of \$227 dollars, or a 20 percent reduction in income taxes. A family of four earning \$75,000 dollars would receive a tax cut of \$504 dollars, a reduction of nearly 19 percent.

I encourage anyone with an interest in reducing taxes to also be committed to the need to rein in state spending. Our residents are willing to make difficult spending decisions, and we should be equally committed to that idea.

The two-year budget being introduced today is a conservative and responsible plan that restricts state spending growth to an average of 3.8 percent over the next two years. That is a far more reasonable and sustainable growth rate than the 5.4 percent average seen over the past decade.

My budget proposal provides significant tax relief, and yet it maintains the cash reserve at a robust level of nearly \$400 million dollars. We accomplished that by casting a critical eye on every budget request.

A recent newspaper editorial said it plainly: "It takes persistent frugality and priority-setting by taxpayers, as well as by elected officials in their spending, to hold down tax bills." I could not agree more.

We analyzed the baseline budget of every single agency in state government, from those in the Nebraska Health and Human Services System to cash-funded agencies such as the Nebraska Racing Commission, and in many cases we re-set the budgets of state agencies that had a history of spending less than their cash appropriation authority.

Our goal was to develop a budget that more closely reflects the needs of our state while achieving legitimate savings without impacting the quality of services.

This budget is also a realistic reflection of the competing interests for state funding. It very clearly shows the impact some of our largest expenditures have on funding for other programs.

Our obligations to fund Medicaid and the state aid to education formula represent more than 60 percent of the new money spent in this budget. However, the good news is that Nebraska's Medicaid Reform efforts are having some success in slowing the growth of that program. For this two-year budget Medicaid growth is less than 2.5 percent, yet more efforts to contain costs are needed for our state to thrive in the years to come.

My budget makes the education of our children a priority by providing an additional \$171 million dollars to fully fund the state aid to education formula. However, that commitment means that state aid to education will grow by more than 5 percent in the first year and by more than 12 percent in the second year of the biennium. That single investment represents 49 percent of the increased funding in this two-year budget.

This budget makes a significant investment in property tax assistance, providing more than \$2 billion dollars in relief to schools, cities, counties, and local units of government.

We must ensure that our citizens understand that any new state spending on state aid to schools and aid to local governments has the effect of increasing

state spending. Those efforts are a tax shift, not a tax cut. Real property tax relief comes from controlling spending at the local level.

If we are serious about achieving real property tax relief in this state, we need to engage our citizens in a discussion about local spending.

This budget is a concerted effort to control state spending, and I am going to share its message of restraint with local leaders and encourage them to follow our example. If we increase state spending for property tax assistance, we should do so with the honest understanding that the end result is a tax shift.

We need to be straightforward with the citizens we serve, and controlling spending is the only way to lower the amount of taxes we pay. The conversation we need to have as a state is whether we are willing to accept the status quo or whether we want to do something bold in order to prepare our state for the future. Nebraskans deserve better than the status quo.

Governing in the future will require state and local governments to work more closely together to restrain spending. I hope that here at the state level, we can lead by example and pass a budget that restricts spending to the amount I've proposed. While we may differ in the details of what this budget should include, I hope that we can agree on this number as our overall spending target.

Let us not forget that the voters who rejected the state spending lid in November did so not out of hopes for unrestrained state spending, but out of reverence for the Nebraska constitution and respect for the institutions we have been elected to lead. The voters of this state have given us the opportunity to show them that we can deliver on our promises, and I am confident that we can rise to the occasion.

A restrained budget has its priorities, and mine highlights education and the economic vitality of Nebraska. Approximately 17 percent of the state budget or more than \$580 million dollars will go to higher education, for the University of Nebraska, our community colleges, and state colleges. The University in particular will receive an additional \$20 million dollars in state spending over the next biennium.

We also need to do a better job of planning ahead for the challenges that await us. Despite our ethanol success story, Nebraska has a funding gap we need to address. In order to meet the expected shortfall in the Ethanol Production Incentive Cash Fund, I am proposing that we invest another \$15.5 million dollars in general funds, and extend the current corn check-off through 2012.

We must also address our water challenges. We cannot wait for a federal judge to decide our fate in the Republican River Basin, and we need to act now to plan for the challenges of implementing the Platte River Cooperative

Agreement and LB 962. My budget proposes the establishment of a new Water Resources Cash Fund to begin saving money for an issue that may well last longer than a decade. I am proposing that we set aside \$2.7 million dollars in general funds each year over the next 12 years, in addition to seeking \$300,000 each year from the Nebraska Environmental Trust and \$1 million dollars a year in federal funds for conservation programs.

This proposal would require natural resource districts to work with the state in providing regulation needed to help meet our obligations. I am also proposing that farmers be part of the solution by extending a half-cent of the current corn check-off, beginning in 2013 and channeling those funds into the Water Resources Cash Fund.

We also are continuing our work to make government more efficient and more effective. My priority is the restructuring of the Health and Human Services System, and I appreciate the leadership of Senator Joel Johnson for being willing to carry this proposal forward. I am seeking expedited approval from the Legislature so that we can be ready to implement the changes by July 1.

A key goal of that proposal is the creation of a separate Department of Children and Family Services, the prioritization of improvements to the Foster Care and Child Welfare Systems, and creating a more transparent, more accountable and more accessible Health and Human Services System led by a single CEO and six department directors.

The second agency in need of restructuring is the Nebraska Department of Revenue. We need to bring the Property Assessment and Taxation division back into the fold. We need the new structure to enable our leadership team the flexibility for additional change, and I would like to thank Senator Cap Dierks for agreeing to lead this initiative.

Another set of challenges we must confront involves both rural and urban education. I have confidence that we will confront these challenges with fairness and equality, as well as a respect and recognition that in education, one size does not fit all. We need to respect the will of the voters and create the opportunity for Class I school districts to exist, where Nebraskans want the option. We must also work together on improvements to LB 1024, with a focus on student achievement.

We need to ensure that our best teachers are placed in the most challenging schools, and we need to provide them with the training to help prepare them for the challenges of teaching in an environment that is increasingly diverse, both economically and ethnically. I want to applaud the efforts of the Omaha metropolitan area superintendents and the continuing work of Senator Ron Raikes and Senator Ernie Chambers on this issue. We need to resolve this issue during this legislative session.

In Omaha and across Nebraska, we also need K-12 schools to work

creatively to increase parental involvement and to foster a clearer sense of parental responsibility, neither of which require additional funding.

We need parents more involved in their children's education, and we need to dispel the myth that the need for parental involvement decreases as students get older. We also need to make sure parents understand their own personal responsibility to have their children prepared academically to attend and succeed in school at age five and every day thereafter.

A major challenge facing higher education centers on improving our college attendance rate, which is essential to a prosperous Nebraska, and I applaud University of Nebraska President J.B. Milliken for his willingness to join with me in attempting to address this issue.

A five percentage point increase in that rate would place Nebraska among the top five college attendance rates in the country. To that end, my budget proposes a \$1 million dollar annual increase in need-based aid for Nebraska college students, a general fund increase of more than 17 percent.

I am also proposing a dramatic increase in the tax deduction for parents using the Nebraska College Savings Plan to save for their children's college education. I am proposing that we increase the maximum annual tax-deductible savings to \$10,000, and I am very pleased that Senator Tim Gay has agreed to introduce that proposal.

Members of the Legislature, I have tried to address the major challenges confronting our state in this budget, and my focus is on results.

Today, I am asking all Nebraskans to join with me in putting an emphasis on lowering taxes and restraining government spending in order to secure a more prosperous future for the next generation of Nebraskans. I am asking all Nebraskans to sacrifice today for the long-term best interests of our state.

To Nebraska's business leaders, I would ask for your help in accomplishing this task. Over the past two years, we've passed a comprehensive tax incentive package that stimulates the economy, and we're proposing real tax relief for the middle class, along with fundamental tax reform, and the repeal of the estate tax. This is not the year for additional business incentives.

To Nebraska's teachers, school administrators, and school boards, I am seeking your assistance, too. Education is receiving a record \$1.9 billion dollars in state aid and special education funding in this biennium. This is not the year for new programs that require additional funds.

To Nebraska's elected officials at the local level, I need your help as well. Aid programs that offset local spending are receiving \$2.4 billion dollars in state funding for property tax relief, the most we've ever provided to local schools and local governments. I would like to ask you to follow my

budget's example and restrain spending.

If we act now and are successful in moving Nebraska down the road to a more vibrant and dynamic economy, all segments of our state will grow. We will need more teachers. We will have created a better climate for business owners and entrepreneurs, and working families will find better jobs.

Ladies and gentlemen, we need to transform our high-tax state into a place where more Nebraskans can afford to raise a family. We need to create new and expanding job opportunities. We need to provide a climate that encourages businesses to grow. We need to create a state government that reflects the innovations of the 21st Century, and provides real tax relief for middle-class Nebraskans.

This session is a new beginning in Nebraska. We have historic opportunities before us, and the time has come to act. I look forward to standing shoulder-to-shoulder with you to accomplish these goals. God bless this great State, God bless its citizens, and God bless America. Thank you.

The committee escorted Governor Dave Heineman from the Chamber.

ATTORNEY GENERAL'S OPINIONOpinion 07001

DATE: January 16, 2007

SUBJECT: Constitutionality of audiovisual court appearances conducted without a written waiver.

REQUESTED BY: Senator Lavon Heidemann
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
J. Kirk Brown, Solicitor General

You inquire whether the Sixth Amendment of our federal constitution would be violated if the mandatory written and oral waiver provisions of Neb. Rev. Stat. §§29-4203 (1) and (2) (2006 Cum.Supp.) were to be repealed. Section 49-4203 is a part of a series of statutes which authorize audiovisual court appearances under certain circumstances. See, §29-4201 et.seq. For the reasons set forth below, we conclude that repeal of the mandatory waiver provisions of §29-4203 (1) and (2) would not violate the Sixth Amendment or its state counterpart, Article I, Section 11 of the Nebraska Constitution.¹

The Sixth Amendment to the United States Constitution provides: "In all criminal prosecutions, the accused shall enjoy the right...to be confronted with the witnesses against him...." This clause, known as the Confrontation Clause, guarantees the defendant a face-to-face meeting with witnesses appearing before the trier of fact." *United States v. Yates*, 438 F.3d 1307, 1312 (2006).

However, audiovisual court appearances are not authorized to occur for trials or any other form of evidentiary hearing in a criminal case. See, §29-4202. By its very definition a criminal defendant would not have the need or opportunity to "confront" witnesses in the course of an appropriate audiovisual court appearance. Therefore, we observe no Sixth Amendment Confrontation Clause issues raised by the audiovisual court appearance process generally. See, *Maryland v. Craig*, 497 U.S. 836 (1990). "We fail to see how Anderson's or Hochstein's absence at a time when their attorneys were arguing matters of law to the court could frustrate the fairness of the proceedings." *State v. Anderson and Hochstein*, 207 Neb. 51, 68-69, 296 N.W.2d 440, 451-452 (1980). In the instance of an audiovisual court appearance, the criminal defendant is not "absent", just not physically present at the same location as the court.

We certainly observe no Sixth Amendment basis for the current requirement of §29-4203(1) and (2) that a written and oral waiver must be obtained from a criminal defendant before conducting an audiovisual court appearance.

Even if a Sixth Amendment right were implicated by the audiovisual court appearance process, waivers of any such right are not required to be reduced to writing or specifically inquired into by the trial court before proceeding. *United States v. Gagnon*, 470 U.S. 522, 105 S.Ct. 1482, 84 L.Ed.2d 486 (1985) (holding that defendant must assert right of confrontation and right to be present at trial and cannot claim those rights for first time on appeal); *State v. Bjorklund* 258 Neb. 432, 469-470, 604 N.W.2d 169, 205 (2000); *State v. Bradley* 236 Neb. 371, 380-381, 461 N.W.2d 524, 533 - 534 (1990).

¹The analysis for the Nebraska Constitution is the same as the analysis under the federal constitution. *State v. Hembertt*, 269 Neb. 840, 847, 696 N.W.2d 473, 480 (2005).

Sincerely,
 JON BRUNING

WHEREAS, the United States International Trade Commission found that, with a Taiwan-United States Free Trade Agreement in place, United States exports to Taiwan would increase by sixteen percent annually, or roughly \$3.4 billion annually, and the broader interests of the United States in the Asia-Pacific region would be served.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 15. Introduced by Business and Labor Committee: Cornett, 45, Chairperson; McGill, 26; Rogert, 16; Wallman, 30.

PURPOSE: To examine the impact of a waiver filed by Union Pacific before the Federal Railroad Administration on public safety in the State of Nebraska. Such waiver, if granted, would exempt Union Pacific from compliance with safety and inspection requirements for trains entering the United States from Mexico. Such trains may travel up to 1,500 miles in the United States prior to being inspected by skilled United States railroad inspectors or regulators. Union Pacific claims that the trains, after being inspected in Mexico, will travel only twelve miles into the United States

from the border and then be available for a United States safety inspection. But existing federal safety regulations do not require a second test until the train travels 1,500 miles.

Specifically, Union Pacific is seeking a waiver from existing federal safety regulations which require a brake system check and other mechanical safety checks on trains originating in Mexico and interchanged with Union Pacific at Laredo, Texas. Currently, such mechanical safety checks must be performed on United States soil by American workers who have been trained with United States Government Standards under the observation of the Federal Railroad Administration.

A similar waiver application by Union Pacific was filed in 2004, and subsequently denied by the Federal Railroad Administration, but a subsequent application for the same waiver leniency has been filed, again, with the Federal Railroad Administration, by Union Pacific.

Issues to be considered as part of this study include, but are not limited to:

(1) The government of Mexico has not adopted inspection and testing regulations that are compatible with United States standards. Furthermore, the Federal Railroad Administration cannot impose sanctions on the Mexican railroad for violations of safety regulations because there is no enforcement agreement between Mexico and the administration;

(2) Available data and analysis regarding the nature and extent of implications on security vulnerabilities of the rail system of the United States if a waiver is granted that will weaken border inspections;

(3) A review of the safety record of the company requesting the waiver regarding derailments and fatalities;

(4) An examination of trains carrying rail cars of deadly hazardous material, many of which originate in Mexico, and allegedly have content inspections at the United States border with Mexico; and

(5) The political unrest in Mexico and the likelihood that the unrest may cause Mexico to become a sanctuary for terrorists.

Union Pacific is a Nebraska-based corporation which operates thousands of trains per year through the State of Nebraska. It is critically important to national security, the safety of Nebraskans, and all Americans that such trains which travel on the United States rail infrastructure are inspected by American professionals following United States Inspection Standards.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

AMENDMENT - Print in Journal

Senator Preister filed the following amendment to LB 581:
AM53

- 1 1. Strike the original sections and insert the following
- 2 new sections:
- 3 Section 1. The Legislature finds that it is in the public
- 4 interest to:
- 5 (1) Encourage private investment in renewable energy
- 6 resources;
- 7 (2) Stimulate the economic growth of this state; and
- 8 (3) Enhance the continued diversification of the energy
- 9 resources used in this state.
- 10 Sec. 2. For purposes of sections 1 to 7 of this act:
- 11 (1) Customer-generator means an end-use electricity
- 12 customer that generates electricity on the customer's side of the
- 13 meter from a qualified facility;
- 14 (2) Electric supplier means any public power district,
- 15 electric cooperative, or municipal electric utility that is engaged
- 16 in the business of supplying electric energy to the ultimate
- 17 consumer thereof;
- 18 (3) Local distribution system means the equipment and
- 19 facilities used for the distribution of electric energy to the
- 20 ultimate consumer thereof, whether or not such system is owned or
- 21 operated by the electrical supplier;
- 22 (4) Local distribution utility means the owner or
- 23 operator of the local distribution system;
- 1 (5) Net metering means a system of metering electricity
- 2 in which an electric supplier;
- 3 (a) Credits a customer-generator at the full retail rate

4 for each kilowatt-hour from a qualified facility up to the total
5 amount of electricity used by the customer-generator during an
6 annualized period; and
7 (b) Compensates the customer-generator at the end of the
8 annualized period for any remaining credits, at a rate equal to the
9 electric supplier's average hourly incremental cost of electricity
10 supply over the most recent calendar year; and
11 (6) Qualified facility means a facility for the
12 production of electrical energy that:
13 (a) Uses as its fuel either wind, solar, biomass, or
14 hydropower resources;
15 (b) Is located on the premises owned, operated, leased,
16 or otherwise controlled by the customer-generator;
17 (c) Connects with and operates in parallel with the local
18 distribution system; and
19 (d) Is intended primarily to offset part or all of the
20 customer-generator's requirements for electricity through the use
21 of net metering.
22 Sec. 3. (1) All electric suppliers shall allow
23 the customer-generator's retail electricity consumption to be
24 offset by a qualified facility that is interconnected with the
25 local distribution system. If the electricity generated by the
26 customer-generator exceeds the customer-generator's consumption,
27 the excess kilowatt-hours shall be carried forward from month
1 to month and credited at a ratio of one to one against the
2 customer-generator's retail kilowatt-hour consumption in subsequent
3 months. Within sixty days after the end of each calendar year, or
4 within sixty days after the date the customer-generator terminates
5 its retail service, the electric supplier shall compensate the
6 customer-generator for any accrued excess kilowatt-hour credits
7 at the electric supplier's average hourly incremental cost of
8 electricity supply over the most recent calendar year.
9 (2) An electric supplier shall provide net-metering
10 service at nondiscriminatory rates to customers with a qualified
11 facility. A customer-generator shall not be required to change
12 the rate under which he, she, or it received retail service in
13 order for the customer-generator to install a qualified facility.
14 A customer-generator may be charged a minimum monthly fee that is
15 the same as other non-customer-generators in the same rate class
16 but shall not be charged any additional standby, capacity, demand,
17 interconnection, or other fee or charge.
18 (3) An electric supplier shall not be required to provide
19 local distribution service to additional customer-generators after
20 the date during any calendar year on which the total generating
21 capacity of all customer-generators with qualified facilities
22 served by the local distribution utility is equal to or in excess
23 of two percent of the capacity necessary to meet the electric
24 supplier's average forecast aggregate customer peak demand for that
25 calendar year.

26 Sec. 4. (1) An electric supplier shall offer to make
27 available to each customer-generator that has installed a qualified
1 facility metering equipment that can measure the flow of electric
2 energy in both directions. The electric supplier shall utilize a
3 single bi-directional meter with a single register that displays
4 this net reading for billing purposes. The electric supplier may
5 choose to meter additional information within this meter if the net
6 reading can be easily and clearly read by the customer-generator.

7 (2) If the customer-generator's existing meter does not
8 meet these requirements, the electric supplier shall install and
9 maintain a single bi-directional meter for the customer-generator
10 at the electric supplier's expense. Any subsequent revenue meter
11 change necessitated by the customer-generator shall be paid for by
12 the customer-generator.

13 (3) The electric supplier shall not require more than one
14 meter per customer to comply with this section.

15 Sec. 5. (1) A qualified facility installed by a
16 customer-generator shall meet all applicable safety and performance
17 standards established in this section.

18 (2) Within ninety days after the effective date of
19 this act, each electric supplier shall establish interconnection
20 standards for the physical connection between local distribution
21 systems and qualified facilities. Such standards shall not be
22 unreasonably burdensome and shall be designed to encourage the use
23 of qualified facilities and to insure the safety and reliability
24 of such qualified facilities and the local distribution systems
25 interconnected with such qualified facilities.

26 (3) The standards under this section shall establish
27 measures for the safety and reliability of the affected equipment
1 and local distribution systems as may be appropriate. Such
2 standards shall:

3 (a) Be consistent with all applicable safety and
4 performance standards established by the National Electrical Code,
5 the Institute of Electrical and Electronics Engineers, Underwriters
6 Laboratories, or the American National Standards Institute;

7 (b) Ensure that qualified facilities will automatically
8 isolate themselves from the electrical system in the event of an
9 electrical power outage; and

10 (c) Permit the owner or operator of the local
11 distribution system to interrupt or reduce deliveries of available
12 energy from the qualified facilities to the system when necessary
13 in order to construct, install, maintain, repair, replace, remove,
14 investigate, or inspect any of its equipment or part of its system
15 if the local distribution system determines that curtailment,
16 interruption, or reduction is necessary because of emergencies,
17 forced outages, acts of nature, or compliance with prudent
18 electrical practices.

19 (4) No electric supplier may require a customer-generator
20 whose qualified facility meets the standards in this section to:

21 (a) Comply with additional safety or performance
22 standards or pay additional charges for equipment or services for
23 interconnection that are additional to those necessary to meet the
24 standards established in this section;

25 (b) Perform or pay for additional tests; or

26 (c) Purchase additional liability insurance.

27 Sec. 6. A customer-generator that is eligible for
1 net metering owns the renewable and environmental attributes of
2 the electricity it generates, unless there is a contract with
3 an express provision that assigns ownership of those renewable
4 and environmental attributes. A customer-generator shall not be
5 required to assign renewable and environmental attributes of the
6 electricity it generates in order to receive net metering or
7 interconnection.

8 Sec. 7. Beginning March 1, 2009, and each March 1
9 thereafter, each electric supplier shall produce an annual net
10 metering report to be published on the electric supplier's web site
11 that shall include the following information:

12 (1) The total number of qualified facilities;

13 (2) The total estimated rated generating capacity of
14 qualified facilities;

15 (3) The total estimated net kilowatt-hours received from
16 customer-generators; and

17 (4) The total estimated amount of energy produced by the
18 customer-generators.

19 Sec. 8. Section 70-1012, Reissue Revised Statutes of
20 Nebraska, is amended to read:

21 70-1012 Before any electric generation facilities or any
22 transmission lines or related facilities carrying more than seven
23 hundred volts are constructed or acquired by any supplier, an
24 application, filed with the board and containing such information
25 as the board shall prescribe, shall be approved by the board,
26 except that such approval shall not be required (1) for the
27 construction or acquisition of a transmission line extension or
1 related facilities within a supplier's own service area or for the
2 construction or acquisition of a line not exceeding one-half mile
3 outside its own service area when all owners of electric lines
4 located within one-half mile of the extension consent thereto in
5 writing and such consents are filed with the board, (2) for any
6 generation facility when the board finds that: (a) Such facility is
7 being constructed or acquired to replace a generating plant owned
8 by an individual municipality or registered group of municipalities
9 with a capacity not greater than that of the plant being replaced,
10 (b) such facility will generate less than twenty-five thousand
11 kilowatts of electric energy at rated capacity, and (c) the
12 applicant will not use the plant or transmission capacity to supply
13 wholesale power to customers outside the applicant's existing
14 retail service area or chartered territory, or (3) for acquisition
15 of transmission lines or related facilities, within the state,

16 carrying one hundred fifteen thousand volts or less, if the current
 17 owner of the transmission lines or related facilities notifies the
 18 board of the lines or facilities involved in the transaction and
 19 the parties to the transaction or (4) for the construction of a
 20 qualified facility as defined in section 2 of this act.

21 Sec. 9. If any section in this act or any part of any
 22 section is declared invalid or unconstitutional, the declaration
 23 shall not affect the validity or constitutionality of the remaining
 24 portions.

25 Sec. 10. Original section 70-1012, Reissue Revised
 26 Statutes of Nebraska, is repealed.

ATTORNEY GENERAL'S OPINIONOpinion 07002

DATE: January 24, 2007

SUBJECT: Unlicensed Assistants Under the Nebraska Veterinary Practice Act

REQUESTED BY: Senator Chris Langemeier

WRITTEN BY: Jon Bruning, Attorney General
Lynn A. Melson, Assistant Attorney General

You have requested our opinion concerning the use of unlicensed assistants under the Nebraska Veterinary Practice Act. Neb. Rev. Stat. §§ 71-1,152.01 to 71-1,166 (2003). Your specific questions are as follows:

Question 1: May individuals licensed under other provisions of the Uniform

Licensing Law such as chiropractors, massage or physical therapists, be treated as unlicensed assistants, when they perform services on animals, under the above referenced statute?

Question 2: May the Department of Health and Human Services adopt regulations allowing a veterinarian to delegate performance of health care tasks such as those referred to above to be administered under his or her supervision? It would be assumed that the individual, licensed or unlicensed, who is acting as a veterinary assistant under either the direct or indirect supervision of a licensed veterinarian, would not be directly involved in the billing process of customers and may or may not be providing said services at the supervising veterinarian's primary office location.

RESPONSE TO QUESTION 1

You first ask whether health care professionals credentialed by the Department of Health and Human Services Regulation and Licensure, other than a licensed veterinarian or veterinary technician, may perform services on animals as "unlicensed assistants." You mentioned chiropractors, massage therapists and physical therapists in your opinion request letter. The scope of practice of all four health care professions is statutorily defined. Such licensing statutes make it unlawful to do, without a license, those things that are within the definition or scope of practice of that profession. The practice of veterinary medicine and surgery is defined at Neb. Rev. Stat. § 71-1,154(3) as follows:

"(3) Practice of veterinary medicine and surgery means:

(a) To diagnose, treat, correct, change, relieve, or prevent animal disease, deformity, defect, injury, or other physical or mental conditions, including the prescription or administration of any drug, medicine, biologic, apparatus, application, anesthetic, or other therapeutic or diagnostic substance or technique, and the use of any manual or mechanical procedure for testing for pregnancy or for correcting sterility or infertility. The acts described in this subdivision shall not be done without a valid veterinarian-client-patient relationship;

(b) To render advice or recommendation with regard to any act described in subdivision (a) of this subdivision;..."

This broad definition appears to include all treatment of animal injury and disease including the administration of therapeutic substances or techniques.

The scopes of practice for chiropractors, massage therapists and physical therapists are found at Neb. Rev. Stat. § 71-177 (2003), Neb. Rev. Stat. § 71-1,278 (2003) and Neb. Rev. Stat. § 71-1,376 (Laws 2006, LB 994, Section 132) respectively. The statutes defining the scope of practice for these three health care professions do not, on their face, include the

treatment of animals. In fact, Neb. Rev. Stat. § 71-177, pertaining to the practice of chiropractic refers specifically to the human body. Statutory language would generally be given its plain and ordinary meaning and where the words of the statute are plain, direct and unambiguous, no interpretation is necessary to ascertain their meaning. *State v. Burlison*, 255 Neb. 190, 195, 583 N.W.2d 31, 35 (1998); *Sorensen v. Meyer*, 220 Neb. 457, 370 N.W.2d 173 (1985). Furthermore, the components of a series or collection of statutes pertaining to a certain subject matter may be conjunctively considered and construed so that different provisions of the act are consistent, harmonious and sensible. *State v. Seberger*, 257 Neb. 747, 601 N.W.2d 229 (1999). In this situation, we have also considered Neb. Rev. Stat. § 71-1,155 which provides certain exceptions to the licensing requirements of the Nebraska Veterinary Practice Act. The Legislature has created no exception therein for a member of another health care profession which is credentialed by the Department. Considering all of these statutes together, it is apparent that the practice of veterinary medicine is limited to those individuals licensed as a veterinarian or veterinary technician.

You have inquired whether these other health care professionals could be treated as "unlicensed assistants" so as to be able to perform services within their licensed areas of practice on animals. For purposes of the Nebraska Veterinary Practice Act, an unlicensed assistant is defined as "an individual who is not a veterinarian or a veterinary technician who is working in veterinary medicine." Neb. Rev. Stat. § 71-1,154(13). In our view, the terms "assistant" and "working in veterinary medicine" support the conclusion that some sort of employment relationship exists between an unlicensed assistant and the veterinarian with whom he or she practices. Also, our review of the regulations adopted by the Department of Health and Human Services Regulation and Licensure at 172 NAC 180, including those pertaining to tasks which may be performed by unlicensed assistants at § 004.02, reveal no intent to authorize other health care professionals to perform services on animals or to be treated as unlicensed assistants. Therefore, it is our opinion that individuals licensed under other provisions of the Uniform Licensing Law, such as chiropractors, massage or physical therapists, may not currently be treated as unlicensed assistants pursuant to § 71-1,154(13).

RESPONSE TO QUESTION 2

Your second question is whether the Department may adopt regulations which would allow a veterinarian to delegate the performance of certain treatment procedures to be administered under his or her supervision. As indicated above, while Nebraska statutes currently allow veterinarians to delegate certain tasks to unlicensed assistants who are "working in veterinary medicine" it does not appear that it was the intent of the Legislature to allow the delegation of tasks in the treatment of animals to other health care professionals credentialed by the Department through this statutory authorization of unlicensed assistants. Therefore, in our view, a statutory change would be necessary to authorize either a change in the scopes of practice for chiropractors, massage therapists and physical

therapists or to establish some fashion of collaborative practice between these health care professionals and licensed veterinarians. While the Department is given broad authority pursuant to Neb. Rev. Stat. § 71-1,166 to adopt rules and regulations with regard to which tasks may be performed by a veterinary technician or by unlicensed assistants, we think it doubtful that the Legislature intended this delegation model to apply to health care professionals working in areas other than veterinary medicine. Therefore, while the answer to your second question is not clear, it appears to us that the better answer is that the Department currently lacks authority for such regulations. As a statutory change would more clearly provide authorization for a shared or collaborative practice, the introduction of legislation may well be advised.

Sincerely,
JON BRUNING

4 Nebraska, is amended to read:
- 5 13-2036 (1) The department shall review applications for
6 permits for facilities and provide for the issuance, modification,
7 suspension, denial, or revocation of permits after public notice.
8 Applications shall be on forms provided by the department which
9 solicit information necessary to make a determination on the
10 application. The department shall issue public notice of its
11 intent to grant or deny an application for a permit within sixty
12 days after receipt of an application containing all required
13 information. If an application is granted and the permit is issued
14 or modified, any aggrieved person may file a petition for a
15 contested case with the department within thirty days after the
16 granting or modification of the permit, but such petition shall
17 not act as a stay of the permit. If an application is denied,
18 the department shall provide written rationale therefor to the
19 applicant. Any change, modification, or other deviation from the
20 terms or conditions of an approved permit must be approved by the
21 director prior to implementation. Minor modifications described in
22 subsection (5) of this section shall not require public notice or
23 hearing.
- 1 (2) The department shall condition the issuance of
2 permits on terms necessary to protect the public health and welfare
3 and the environment as well as compliance with all applicable
4 regulations. Any applicant may apply to the department for a
5 variance from rules and regulations. The director may grant such
6 variance if he or she finds that the public health and welfare
7 will not be endangered or that compliance with the rules or
8 regulations from which variance is sought would produce serious
9 hardship without equal or greater benefits to the public. The
10 considerations, procedures, conditions, and limitations set forth
11 in section 81-1513 shall apply to any variance granted pursuant to
12 this section.
- 13 (3) The director shall require the owner or operator
14 of a facility to undertake investigation and corrective action in
15 the event of contamination or a threat of contamination caused by
16 the facility. Financial assurance for investigative or corrective
17 action may be required in an amount determined by the director
18 following notice and hearing.
- 19 (4) In addition to the information required by this
20 section, the following specific areas shall be addressed in detail
21 in any application filed in conjunction with the issuance, renewal,

22 or reissuance of a permit for a facility:

23 (a) A closure and postclosure plan detailing the schedule
 24 for and the methods by which the operator will meet the conditions
 25 for proper closure and postclosure of the facility as defined by
 26 the council. The plan shall include, but not be limited to, the
 27 proposed frequency and types of actions to be implemented prior
 1 to and following closure of an operation, the proposed postclosure
 2 actions to be taken to return the area to a condition suitable for
 3 other uses, and an estimate of the costs of closure and postclosure
 4 and the proposed method of meeting the costs;

5 (b) A plan for the control and treatment of leachate,
 6 including financial considerations proposed in meeting the costs of
 7 such control and treatment; and

8 (c) An emergency response and remedial action plan,
 9 including provisions to minimize the possibility of fire,
 10 explosion, or any release to air, land, or water of pollutants
 11 that could threaten human health and the environment and the
 12 identification of possible occurrences that may endanger human
 13 health and environment.

14 (5) If such application is modified after approval by the
 15 department, the application shall be resubmitted as a new proposal.
 16 The director may approve a minor modification of an application if
 17 he or she finds that the public health and welfare will not be
 18 endangered. The following minor modifications to an application are
 19 subject to departmental approval but do not require public notice
 20 or hearing: -

21 (a) Correction of typographical errors;

22 (b) Change of name, address, or telephone number of
 23 persons or agencies identified in the application;

24 (c) Administrative or informational changes;

 6 is operated upon the highways of this state carrying a load in
 7 excess of the maximum weight permitted by section 60-6,294, the
 8 load shall be reduced or shifted to within such maximum tolerance
 9 before being permitted to operate on any public highway of this

- 11 (1) If any motor vehicle, semitrailer, or trailer exceeds
 12 the maximum load on only one axle, only one tandem axle, or only
 13 one group of axles when (a) the distance between the first and last
 14 axle of such group of axles is twelve feet or less, (b) the excess
 15 axle load is no more than five percent in excess of the maximum
 16 load for such axle, tandem axle, or group of axles permitted by
 17 such section, while the vehicle or combination of vehicles is
 18 within the maximum gross load, and (c) the load on such vehicle is
 19 such that it can be shifted or the configuration of the vehicle can
 20 be changed so that all axles, tandem axle, or groups of axles are

 23 without penalty;
- 1 (2) Any motor vehicle, semitrailer, or trailer carrying

3 by such section on only one axle, only one tandem axle, or only one
4 group of axles when the distance between the first and last axle

18 section. There shall be a permit fee of ten dollars per month or
19 one hundred dollars per year. The permit may be issued for one or
20 more months up to one year, and the term of applicability shall be
21 stated on the permit;

22 (4) Any motor vehicle, semitrailer, or trailer carrying
23 any kind of a load, including livestock, which exceeds the legal
24 maximum gross load by five percent or less may proceed on its
25 itinerary and unload the cargo carried thereon to the maximum legal
26 gross weight at the first unloading facility on the itinerary where
27 the cargo can be properly protected. All material so unloaded shall

13 from stockpile to market or factory up to seventy miles with a
14 load that exceeds the maximum load permitted by section 60-6,294
15 by fifteen percent on any single axle and gross weight. The owner
16 or a representative of the owner of the agricultural product shall
17 furnish the driver of the loaded vehicle a signed statement of

- 1 1. Strike the original sections and insert the following
- 2 new sections:
- 3 Section 1. Section 77-3510, Reissue Revised Statutes of
- 4 Nebraska, is amended to read:
- 5 77-3510 On or before February 1 of each year, the Tax
- 6 Commissioner shall prescribe forms to be used by all claimants for
- 7 homestead exemption or for transfer of homestead exemption. Such
- 8 forms shall contain provisions for the showing of all information
- 9 which the Tax Commissioner may deem necessary to (1) enable the
- 10 county officials and the Tax Commissioner to determine whether each
- 11 claim for exemption under sections 77-3507 to 77-3509 should be
- 12 allowed and (2) enable the county assessor to determine whether
- 13 each claim for transfer of homestead exemption pursuant to section
- 14 77-3509.01 should be allowed. It shall be the duty of the county
- 15 assessor of each county in this state to furnish such forms, upon
- 16 request, to each person desiring to make application for homestead
- 17 exemption or for transfer of homestead exemption. The forms so
- 18 prescribed shall be used uniformly throughout the state, and no
- 19 application for exemption or for transfer of homestead exemption
- 20 shall be allowed unless the applicant uses the prescribed form in
- 21 making an application. The forms shall require the attachment of
- 22 an income statement as prescribed by the Tax Commissioner fully
- 23 accounting for all household income. The Tax Commissioner shall
- 1 provide to each county assessor printed claim forms and address
- 2 lists of applicants from the prior year. The application and
- 3 information contained on any attachments to the application shall
- 4 be confidential and available to tax officials only.
- 5 Sec. 2 Section 77-3513, Revised Statutes Cumulative

6 Supplement, 2006, is amended to read:

7 77-3513 (1) Except as required by section 77-3514, if
8 an owner is granted a homestead exemption as provided in section
9 77-3507 or 77-3509 or subdivision (1)(b)(ii) or (iii) of section
10 77-3508, no reapplication need be filed for succeeding years, in
11 which case the county assessor and Tax Commissioner shall determine
12 whether the claimant qualifies for the homestead exemption in
13 such succeeding years as otherwise provided in sections 77-3501 to
14 77-3529 as though a claim were made.

15 (2) It shall be the duty of each claimant who wants the
16 homestead exemption provided in subdivision (1)(b)(i) of section
17 77-3508 to file an application therefor with the county assessor on
18 or before June 30 of each year. Failure to do so shall constitute
19 a waiver of the exemption for such year, except that the county
20 board of the county in which the homestead is located may, by
21 majority vote, extend the deadline to on or before July 20 of
22 each year. An extension shall not be granted to an applicant who
23 received an extension in the immediately preceding year. The county
24 assessor shall mail a notice on or before April 1 to claimants
25 who are the owners of a homestead which was granted an exemption
26 under subdivision (1)(b)(i) of section 77-3508 in the preceding
27 year unless the claimant has already filed the application for
1 the current year or the county assessor has reason to believe
2 there has been a change of circumstances so that the claimant no
3 longer qualifies. The notice shall include the claimant's name, the
4 application deadlines for the current year, a list of documents
5 that must be filed with the application, and the county assessor's
6 office address and telephone number.

7 Sec. 3. Section 77-3514, Revised Statutes Cumulative
8 Supplement, 2006, is amended to read:

9 77-3514 A claimant who is the owner of a homestead which
10 has been granted an exemption under sections 77-3507 to 77-3509,
11 except subdivision (1)(b)(i) of section 77-3508, shall certify to
12 the county assessor on or before June 30 of each year that a change
13 in the homestead exemption status has occurred or that no change
14 in the homestead exemption status has occurred. The county board
15 of the county in which the homestead is located may, by majority
16 vote, extend the deadline to on or before July 20 of each year.
17 An extension shall not be granted to an applicant who received an
18 extension in the immediately preceding year. The county assessor
19 shall mail a notice on or before April 1 to claimants who are
20 the owners of a homestead which has been granted an exemption
21 under sections 77-3507 to 77-3509, except subdivision (1)(b)(i)
22 of section 77-3508, in the preceding year unless the claimant
23 has already filed the certification for the current year or the
24 county assessor has reason to believe there has been a change of
25 circumstances so that the claimant no longer qualifies. The notice
26 shall include the claimant's name, the certification deadlines for
27 the current year, a list of documents that must be filed with

1 the certification, and the county assessor's office address and
 2 telephone number. For purposes of this section, change in the
 3 homestead exemption status shall include any change in the name of
 4 the owner, ownership, residence, occupancy, marital status, veteran
 5 status, or rating by the United States Department of Veterans
 6 Affairs or any other change that would affect the qualification
 7 for or type of exemption granted, except income checked by the
 8 Tax Commissioner under section 77-3517. The certificate shall
 9 require the attachment of an income statement as prescribed by
 10 the Tax Commissioner fully accounting for all household income.
 11 The certification and the information contained on any attachments
 12 to the certification shall be confidential and available to tax
 13 officials only. In addition, a claimant who is the owner of
 14 a homestead which has been granted an exemption under sections
 15 77-3507 to 77-3509 may notify the county assessor by August 15 of
 16 each year of any change in the homestead exemption status occurring
 17 in the preceding portion of the calendar year as a result of a
 18 transfer of the homestead exemption pursuant to sections 77-3509.01
 19 and 77-3509.02. If by his or her failure to give such notice any
 20 property owner permits the allowance of the homestead exemption for
 21 any year, or in the year of application in the case of transfers
 22 pursuant to sections 77-3509.01 and 77-3509.02, after the homestead
 23 exemption status of such property has changed, an amount equal to
 24 the amount of the taxes lawfully due but not paid by reason of such
 25 unlawful and improper allowance of homestead exemption, together
 26 with penalty and interest on such total sum as provided by statute
 27 on delinquent ad valorem taxes, shall be due and shall upon entry
 1 of the amount thereof on the books of the county treasurer be
 2 a lien on such property while unpaid. Such lien may be enforced
 3 in the manner provided for liens for other delinquent taxes. Any
 4 person who has permitted the improper and unlawful allowance of
 5 such homestead exemption on his or her property shall, as an
 6 additional penalty, also forfeit his or her right to a homestead
 7 exemption on any property in this state for the two succeeding
 8 years.

9 Sec. 4. Original section 77-3510, Reissue Revised
 10 Statutes of Nebraska, and sections 77-3513 and 77-3514, Revised
 11 Statutes Cumulative Supplement, 2006, are repealed.

- 1 1. Insert the following new section:
- 2 Sec. 12. Section 77-2753, Revised Statutes Cumulative
- 3 Supplement, 2006, is amended to read:
- 4 77-2753 ~~(+)~~(1)(a) Every employer and payor maintaining
- 5 an office or transacting business within this state and making
- 6 payment of any wages or other payments as defined in subsection
- 7 (5) of this section which are taxable under the Nebraska Revenue
- 8 Act of 1967 to any individual shall deduct and withhold from
- 9 such wages for each payroll period and from such payments a tax
- 10 computed in such manner as to result, so far as practicable, in
- 11 withholding from the employee's wages and payments to the payee
- 12 during each calendar year an amount substantially equivalent to the
- 13 tax reasonably estimated to be due from the employee or payee under
- 14 such act with respect to the amount of such wages and payments
- 15 included in his or her taxable income during the calendar year. The
- 16 method of determining the amount to be withheld shall be prescribed
- 17 by rules and regulations of the Tax Commissioner. Such rules and
- 18 regulations may allow withholding to be computed at a percentage
- 19 of the federal withholding for gambling winnings or supplemental
- 20 payments, including bonuses, commissions, overtime pay, and sales
- 21 awards which are not paid at the same time as other wages. Any
- 22 withholding tables prescribed by the Tax Commissioner shall be
- 23 provided to the budget division of the Department of Administrative
- 1 Services and the Legislative Fiscal Analyst for review at least
- 2 sixty days before the tables become effective.

- 3 (b) Notwithstanding the amount of federal withholding or
- 4 the rules and regulations of the Department of Revenue determining
- 5 the amount of withholding, every employer and payor employing
- 6 twenty-five or more employees shall withhold at least three

7 percent of the gross wages minus tax qualified deductions of
8 each employee unless the employee provides satisfactory evidence
9 that a lesser amount of withholding is justified in the employee's
10 particular circumstances. Such satisfactory evidence may include
11 birth certificates or social security information for dependents
12 or other evidence that reasonably assures the employer that the
13 employee is not improperly or fraudulently evading or defeating the
14 income tax by reducing or eliminating withholding.

15 (2)(a) Every payor who is either (i) making a payment or
16 payments in excess of five thousand dollars or (ii) maintaining
17 an office or transacting business within this state and making
18 a payment or payments related to such business in excess of six
19 hundred dollars, and such payment or payments are for personal
20 services performed or to be performed substantially within this
21 state, to a nonresident individual, other than an employee, who
22 is not subject to withholding on such payment under the Internal
23 Revenue Code or a corporation, partnership, or limited liability
24 company described in subdivision (c) of this subsection, shall
25 be deemed an employer, and the individual performing the personal
26 services shall be deemed an employee for the purposes of this
27 section. The payor shall deduct and withhold from such payments
1 the percentage of such payments prescribed in subdivision (b) of
2 this subsection. If the individual performing the personal services
3 provides the payor with a statement of the expenses reasonably
4 related to the personal services, the total payment or payments may
5 be reduced by the total expenses before computing the amount to
6 deduct and withhold, except that such reduction shall not be more
7 than fifty percent of such payment or payments.

8 (b) For any payment or payments for the same service,
9 award, or purse that totals less than twenty-eight thousand
10 dollars, the percentage deducted from such payment or payments
11 pursuant to this subsection shall be four percent, and for all
12 other payments, the percentage shall be six percent.

13 (c) For any corporation, partnership, or limited
14 liability company that receives compensation for personal services
15 in this state and of which all or substantially all of the
16 shareholders, partners, or members are the individuals performing
17 the personal services, including, but not limited to, individual
18 athletes, entertainers, performers, or public speakers performing
19 such personal services, such compensation shall be deemed wages of
20 the individuals performing the personal services and subject to
21 the income tax imposed on individuals by the Nebraska Revenue Act
22 of 1967.

23 (d) The withholding required by this subsection shall
24 not apply to any payment to a nonresident alien, corporation,
25 partnership, or limited liability company if such individual,
26 shareholder, partner, or member provides the payor with a statement
27 that the income earned is not subject to tax because of a treaty
1 obligation of the United States.

2 (3) The Tax Commissioner may enter into agreements with
 3 the tax departments of other states, which require income tax to
 4 be withheld from the payment of wages, salaries, and such other
 5 payments, so as to govern the amounts to be withheld from the wages
 6 and salaries of and other payments to residents of such states.
 7 Such agreements may provide for recognition of anticipated tax
 8 credits in determining the amounts to be withheld and, under rules
 9 and regulations adopted and promulgated by the Tax Commissioner,
 10 may relieve employers and payors in this state from withholding
 11 income tax on wages, salaries, and such other payments paid
 12 to nonresident employees and payees. The agreements authorized
 13 by this subsection shall be subject to the condition that the
 14 tax department of such other states grant similar treatment to
 15 residents of this state.

16 (4) The Tax Commissioner shall enter into an agreement
 17 with the United States Office of Personnel Management for the
 18 withholding of income tax imposed on individuals by the Nebraska
 19 Revenue Act of 1967 on civil service annuity payments for those
 20 recipients who voluntarily request withholding. The agreement shall
 21 be pursuant to 5 U.S.C. 8345 and the rules and regulations adopted
 22 and promulgated by the Tax Commissioner.

23 (5) Wages and other payments subject to withholding shall
 24 mean payments that are subject to withholding under the Internal
 25 Revenue Code of 1986 and are (a) payments made by employers to
 26 employees, except such payments subject to 26 U.S.C. 3406, (b)
 27 payments of gambling winnings, or (c) pension or annuity payments
 1 when the recipient has requested the payor to withhold from such
 2 payments.

 7 the Nebraska Revenue Act of 1967 or the payment thereof, claims an
 8 excessive number of exemptions or in any other manner overstates
 9 the amount of withholding, he or she shall be guilty of a Class II
 10 misdemeanor.".

11 4. On page 55, after line 21 insert the following new
 12 subsection:

13 "(14) If any employer or payor employing twenty-five or
 14 more employees who is required to withhold and pay over income tax
 15 imposed by the Nebraska Revenue Act of 1967 fails to either (a)
 16 withhold at least three percent of the wages of any employee or (b)
 17 obtain satisfactory evidence from the employee justifying a lower
 18 withholding amount as required by subdivision (1)(b) of section
 19 77-2753, the Tax Commissioner may impose, assess, and collect a
 20 penalty of not more than one thousand dollars per violation.".

21 5. On page 57, strike line 8 and insert

ATTORNEY GENERAL'S OPINIONOpinion 07004

DATE: February 9, 2007

SUBJECT: Authority Of The Legislative Performance Audit Committee To Review Agency Records Subject To The Attorney/Client Privilege

REQUESTED BY: Former Senator Chris Beutler
Legislative Performance Audit Committee

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General

The Legislative Performance Audit Committee (the "Committee") is created under the Legislative Performance Audit Act (the "Act"), Neb. Rev. Stat. §§ 50-1201 through 50-1215 (2004, Cum. Supp. 2006). The Committee is authorized to conduct performance audits of state agencies and their programs and activities in order to provide an independent legislative assessment of those agencies and programs. Performance audits consider such things as the effectiveness and results of programs, agency economy and efficiency, internal control by state agencies and agency compliance with legal and other requirements. The Committee is assisted in the performance of its duties by the Legislative Auditor and those employees of Legislature within the Legislative Performance Audit Section (the "Section").

The Section recently conducted a performance audit of the School-Based Teacher-Led Assessment and Reporting System ("STARS") managed by the Nebraska Department of Education (the "Department"). In the course of that performance audit, the Department declined to provide the Section with access to eight letters which the Department had previously received from this office pursuant to our review of agency rules and regulations. In declining to provide the Section with those letters, the Department relied on the attorney/client privilege, since the letters did not involve published opinions of the Attorney General. The Department's refusal to provide the Section with those letters led to this opinion request and the four separate questions which you have posed to us. After a brief discussion of the background circumstances in this case, we will discuss each of your questions in turn.

BACKGROUND

We have previously considered questions similar to the matters at issue in your current opinion request. In 2004, you asked us, "[w]hether the Legislative Performance Audit Committee has the inherent authority to access any and all of an agency's information and records, confidential or otherwise, in whatever form they may be." Op. Att'y Gen. No. 04022 at 3, 4 (August 14, 2004). We will quote at length from Opinion No. 04022 because our discussion there is germane to the questions currently under consideration:

We have found no Nebraska cases which directly address the scope of the Committee's authority to obtain "confidential" or privileged information as it goes about its responsibilities to conduct performance audits. Nor are there any Nebraska statutes which directly address that issue. Our research also indicates that there is little law from other jurisdictions which is helpful in this area. Therefore, we would first point out that the law concerning your initial inquiry is not clear. However, we can again offer several observations concerning the Committee's authority to obtain "confidential" information.

* * *

There are also evidentiary privileges set out at Neb. Rev. Stat. " 27-501 through 27-513 (1995) and in common law. Those privileges allow certain communications such as those between an attorney and client or a physician and patient to be kept confidential. Authorities which have considered application of those privileges in the context of audits have come to varying conclusions.

The Attorney General of North Dakota has indicated that privileges set out in the North Dakota Rules of Evidence such as the attorney/client privilege apply only to court proceedings, and do not prevent the release of attorney billing information to the North Dakota State Auditor. Op. N.D. Att'y Gen. No. L-1 (January 17, 1995). Similarly, the

Attorney General of Delaware opined that a county auditor could review certain county billing records, even if they included potential information subject to the attorney/client privilege. Op. Del. Att'y Gen. No. 04-IB09 (April 15, 2004). On the other hand, in *Kyle v. Louisiana Public Service Commission*, 2004 WL 691662 (La. Ct. App. April 2, 2004), the Louisiana Court of Appeals held that the Public Service Commission in Louisiana could assert both the attorney/client privilege and the deliberative process privilege to limit access to information sought by the legislative auditor in Louisiana in connection with a performance audit. And, the Attorney General of Missouri has indicated that in situations where the attorney/client privilege or the attorney work product privilege is properly assertable in pending or imminent litigation, the state auditor is not entitled to access to the litigation records of an agency. Op. Mo. Att'y Gen. No. 74-87 (October 5, 1987).

As a result, it is not at all clear whether evidentiary or common law privileges may be properly asserted with respect to a performance audit by the Committee. Moreover, we would also point out that a performance audit by the Committee is an audit of executive branch agencies by the Legislature and the legislative branch of government. Floor Debate on LB 607, 98th Neb. Leg., 1st Sess. 41 (February 12, 2003)(Statement of Sen. Schimek). That, in turn, raises questions regarding whether certain privileges which might be raised by an executive agency such as the executive privilege or the deliberative process privilege could raise separation of powers issues under art. II, § 1 of the Nebraska Constitution. For example, the Attorney General of Maryland has indicated that a statute which purports to give a legislative auditor authority to examine any record pertinent to an executive agency's performance cannot exceed those powers allocated to the legislative branch under the constitution and separation of powers principles. Op. Md. Att'y Gen. No. 91-014 (March 18, 1991).

* * *

To summarize the discussion above, we believe that the [State] Auditor's general authority to review records in the context of an audit is broader than that of the Committee. That result may allow an argument that the Committee has less authority to review confidential records than does the Auditor. We also do not believe that the confidentiality provisions of the Public Records Statutes limit access by the Committee to agency records. However, agencies may well be able to assert evidentiary privileges in response to records requests from the Committee in connection with an audit, particularly when the records at issue implicate separation of powers issues and privileges. Some of the current uncertainties in the statutes could be remedied by clarifying legislation. In that regard, we would point out that it may be easier to overcome an evidentiary privilege in an audit by the Committee if there is a statutory provision similar to Neb. Rev. Stat. § 84-311 (1999) which places strictures on the Committee and its staff with respect to

the unauthorized release of information obtained in an audit.

Op. Att'y Gen. No. 04022 at 4-7 (August 14, 2004)(footnotes omitted).

Subsequent to issuance of our Opinion No. 04022 in 2004, the Legislature passed 2006 Neb. Laws LB 588, and that bill is now codified, in part, at Neb. Rev. Stat. § 50-1213 (1)(Cum. Supp. 2006). Section 50-1213 (1) added new language to the Nebraska Statutes, and provides:

The [Legislative Performance Audit] section shall have access to any and all information and records, confidential or otherwise, of any agency, in whatever form they may be, unless the section is denied such access by federal law or explicitly named and denied such access by state law. If such a law exists, the agency shall provide the committee with a written explanation of its inability to produce such information and records and, after reasonable accommodations are made, shall grant the section access to all information and records or portions thereof that can legally be reviewed. Accommodations that may be negotiated between the agency and the committee include, but are not limited to, a requirement that specified information or records be reviewed on agency premises and a requirement that specified working papers be securely stored on agency premises.

Question No. 1: Are there any circumstances in which the attorney-client privilege would bar [Legislative Performance Audit] Section access to an agency's confidential or privileged information and records that relate to a program being audited under the Legislative Performance Audit Act?

We have reviewed the various authorities cited in our Opinion No. 04022, and there has been little change in the status of the law since we wrote that opinion in 2004. There are no Nebraska cases which directly address the precise issue raised in your first question, and authorities from other jurisdictions arrive at differing results when considering an auditor's access to materials subject to the attorney/client privilege. Consequently, we are left with the language of the statutes at issue. The pertinent portion of § 50-1213 (1) provides that the Legislative Performance Audit Section "shall have access to any and all information and records, confidential or otherwise, of any agency, in whatever form they may be, unless the section is denied such access by federal law or explicitly named and denied such access by state law." Neb. Rev. Stat. § 27-503 (1995) codifies the attorney/client privilege.

Both sides of this debate have raised legitimate arguments in support of their positions. Among other things, the Section argues that the language of § 50-1213 (1) is clear, and gives it access to all records, confidential or otherwise, unless it is explicitly denied such access by state law. In that regard, the Section alleges that § 27-503 does not explicitly deny the Section access to information subject to the attorney/client privilege in connection with a legislative performance audit. On the other hand, the Department

argues that performance audits are "proceedings" subject to the attorney/client privilege, that one statute should not be interpreted to nullify another, that statutes changing the common law should be strictly construed so as to abrogate the common law no further than required, and that "confidential" as it is used in § 50-1213 (1) is different than "privileged." The arguments raised by both sides make the initial inquiry presented in your opinion request a close question.

In Nebraska, statutes should be construed in *pari materia* and from their language as a whole to determine the intent of the Legislature. *Alegent Health Bergan Mercy Medical Center v. Haworth*, 260 Neb. 63, 615 N.W.2d 460 (2000). A court must attempt to give effect to all parts of a statute, and if it can be avoided, no word, clause or sentence will be rejected as superfluous or meaningless. *Sydow v. City of Grand Island*, 263 Neb. 389, 639 N.W.2d 913 (2002). Absent clear legislative intent, a construction of a statute will not be adopted which has the effect of nullifying another statute. *Keller v. Tavarone*, 262 Neb. 2, 628 N.W.2d 222 (2001). With those various rules of statutory construction in mind, it seems to us that it is possible to construe and apply § 50-1213 (1) and § 27-503 in a way that would give effect to both statutes by taking into account the confidentiality provisions contained in the latter subsections of § 50-1213.

After § 50-1213 establishes the Section's right to access information in connection with a performance audit in subsection (1), additional subsections of that same statute impose confidentiality requirements upon the Section and members of the Committee:

(2) Except as provided in this section, any confidential information or confidential records shared with the section shall remain confidential and shall not be shared by an employee of the section with any person who is not an employee of the section, including any member of the committee. If necessary for the conduct of the performance audit, the section may discuss or share confidential information with the chairperson of the committee. If a dispute arises between the section and the agency as to the accuracy of a performance audit or preaudit inquiry involving confidential information or confidential records, the Speaker of the Legislature, as a member of the committee, will be allowed access to the confidential information or confidential records for the purpose of assessing the accuracy of the performance audit or preaudit inquiry.

(3) Except as provided in subdivision (10)(c) of section 77-27,119, if the speaker or chairperson knowingly divulges or makes known, in any manner not permitted by law, confidential information or confidential records, he or she shall be guilty of a Class III misdemeanor. Except as provided in subsection (11) of section 77-2711 and subdivision (10)(c) of section 77-27,119, if any employee or former employee of the section knowingly divulges or makes known, in any manner not permitted by law, confidential information or confidential records, he or

she shall be guilty of a Class III misdemeanor and, in the case of an employee, shall be dismissed.

(4) No proceeding of the committee or opinion or expression of any member of the committee or section employee acting at the direction of the committee shall be reviewable in any court. No member of the committee or section employee acting at the direction of the committee shall be required to testify or produce evidence in any judicial or administrative proceeding concerning matters relating to the work of the section except in a proceeding brought to enforce the Legislative Performance Audit Act.

(5) Pursuant to sections 84-712 and 84-712.01 and subdivision (5) of section 84-712.05, the working papers obtained or produced by the committee or section shall not be considered public records. The committee may make the working papers available for purposes of an external quality control review as required by generally accepted government auditing standards. However, any reports made from such external quality control review shall not make public any information which would be considered confidential when in the possession of the section.

Neb. Rev. Stat. § 50-1213 (2) – (5)(Cum. Supp. 2006)(emphasis added). As a result, the latter subsections of § 50-1213 impose strict confidentiality requirements on the Section, its employees, and on the Committee. And, those confidentiality requirements apply to both to confidential "records" and to confidential "information." In the context of the attorney/client privilege, we read that language broadly to include both actual correspondence or records subject to the privilege, and any privileged information contained in those records. For example, for purposes of a performance audit report, a privileged record such as an informal opinion from this office cannot be quoted or otherwise included in the report. Neither can any conclusions or other information contained in that opinion even be discussed in the report. Disclosure of any of that privileged material would subject the individuals enumerated in §§ 50-1213 (2) – (5) to potential prosecution.

Section 50-1213 (1) clearly grants the Section broad access to confidential information for the purpose of performance audits. However, if the latter subsections of § 50-1213 are also read to strictly prohibit the disclosure and dissemination of confidential information in addition to that broad access, then both § 50-1213 (1) and § 27-503 can be given effect. Such a construction of the statute would allow the Section to have access to confidential material subject to the attorney/client privilege, yet the privilege could be preserved, since the material could not be disclosed. Such a construction of those statutes would also comport with the underlying purpose for the attorney/client privilege, i.e., to promote the freedom of consultation of legal advisors by clients. *State v. Hawes*, 251 Neb. 305, 556 N.W.2d 634 (1996). For those reasons, we believe that the Section can

access information and records belonging to an agency which is subject to the attorney/client privilege in connection with a performance audit of that agency or its programs. However, that privileged material may neither be included nor discussed in the Section's ensuing performance audit report. Nor may the Section, its employees, or the Committee disclose that privileged material in any manner contrary to § 50-1213.

We would also point out that the attorney/client privilege can be waived voluntarily by clients. 98 C.J.S. Witnesses § 378 (2006); 81 Am. Jur. 2d Witnesses § 334 (2006). In addition, such a waiver may be created by self-disclosure of confidential information. 98 C.J.S. Witnesses § 385 (2006). However, it is also true that information subject to the attorney/client privilege retains its privileged character until the client has consented to its disclosure. *Mayberry v. State*, 670 N.E.2d 1262 (Ind. 1996); *Buntin v. Becker*, 727 N.E.2d 734 (Ind. Ct. App. 2000); 98 C.J.S. Witnesses § 385 (2006); 81 Am. Jur. 2d Witnesses § 334 (2006). Consequently, to avoid any potential issues with waiver and to make it clear that there is no consent to disclose privileged material, we expect that most agencies which provide confidential material to the Section for a performance audit will make it clear by correspondence or otherwise that certain materials are confidential and subject to the attorney/client privilege, and that the agency does not consent to their disclosure. Presumably, that notification will also serve as a designation of confidentiality which will trigger the provisions of § 50-1213 (2) – (5).

Question No. 2: Is the approval of the Attorney General required before an agency may release to the Section unpublished communications from the Attorney General's office that relate to a program being audited under the Legislative Performance Audit Act?

In 1995, a state agency requested written advice from this office concerning the agency's obligation to release copies of a numbered informal opinion of the Attorney General.¹ We indicated to that agency in 1995 that release of informal opinions from this office, which might be privileged, is within the discretion of the recipient agency. We believe that a similar rule applies to unpublished communications from this office, including informal opinions, which relate to a program being audited under the Act.

Question No. 3: If attorney-client privilege does not bar access to an agency's confidential or privileged information and records, how long must the Section wait to gain access to them? In other words, at what point can the Section, suspecting an agency of purposely delaying compliance with a request to produce information or records, demand immediate access to such documents?

The Legislative Performance Audit Act contains no provisions which set out time parameters for production of records in connection with a performance audit. Absent any specific time frames in that Act, we assume that an agency undergoing a performance audit may produce records to the Section in a

time frame that is reasonable under the circumstances. In addition, it seems to us that agencies undergoing a performance audit also have a reasonable time to review their records or have their records reviewed by counsel to determine if there is a basis to assert the attorney/client or other privileges and to establish confidentiality for particular records under § 50-1213 (2) – (5). As discussed above, such a designation and denial of consent for disclosure may be necessary to prevent any issues of waiver.

Question No. 4. If an agency refuses to grant the Section access to confidential or privileged information and records not specifically excluded under Section 50-1213 (1) of the Act, what remedies are available?

Neb. Rev. Stat. § 50-1215 (Cum. Supp. 2006) provides that persons who willfully obstruct or hinder the conduct of a performance audit are guilty of a Class II misdemeanor. Presumably, that statute would be enforced by this office or the appropriate county attorney. Apart from those criminal sanctions, the Legislative Performance Audit Act contains no remedies for refusal to grant the Section access to confidential or privileged information. If such a refusal occurs, we assume the Section or the Committee could approach this office and ask us to file some sort of legal action to obtain access to the records. Alternatively, the Section or Committee could seek approval from this office to hire outside counsel to proceed with some form of litigation on behalf of the Section.

¹The Department of Justice issues Official Opinions of the Attorney General which are stamped as such, numbered and dated. Official opinions of the Attorney General are released to the public and otherwise published. In addition, since 1991, the Department of Justice has also issued Informal Opinions of the Attorney General which are marked with an I designation and also given a number. Informal opinions are not published, and are generally considered by this office to be subject to the attorney-client privilege.

Sincerely,
JON BRUNING

4 46-602 (1) Each water well completed in this state on
 5 or after July 1, 2001, excluding test holes and dewatering wells
 6 to be used for less than ninety days, shall be registered with
 7 the Department of Natural Resources as provided in this section
 8 within sixty days after completion of construction of the water
 9 well. The water well contractor as defined in section 46-1213
 10 constructing the water well, or the owner of the water well if
 11 the owner constructed the water well, shall file the registration

 21 card, charge card, or debit card company or a third-party merchant

22 bank for such registration fees shall be deducted from the portion
23 of the registration fee collected pursuant to section 46-1224.

1 (2)(a) If the newly constructed water well is a
2 replacement water well, the registration form shall include
3 (i) the registration number of the water well being replaced,
4 if applicable, and (ii) the date the original water well was
5 decommissioned or a certification that the water well will be
6 decommissioned within one hundred eighty days or a certification

18 delivers water to the same tract of land served by the original
19 water well and (i) replaces an abandoned water well within three

15 original water well to pump fifty gallons per minute or less
16 for use only for livestock, monitoring, observation, or any other
17 nonconsumptive or de minimus use approved by the applicable natural

13 considered as one water well. One registration form and a detailed
14 site plan shall be filed for each such series.

15 (5) One registration form shall be required along with
16 a detailed site plan which shows the location of each such water
17 well in the site and a log from each such water well for water

1 by the owner of any change in the ownership of a water well
2 required to be registered under this section. Notification shall be
3 in such form and include such evidence of ownership as the Director
4 of Natural Resources by rule and regulation directs. The department
5 shall use such notice to update the registration on file. The
6 department shall not collect a fee for the filing of the notice.

7 (7) The water well contractor or pump installation
8 contractor responsible therefor shall notify the department within
9 sixty days on a form provided by the department of any pump
10 installation or any modifications to the construction of the water
11 well or pump, after the initial registration of the well. For

25 either correct the deficiency that causes the well to be an illegal
26 water well or shall cause the proper decommissioning of the water
27 well in accordance with rules and regulations adopted pursuant
1 to the Water Well Standards and Contractors' Licensing Act. The
2 water well contractor who decommissions the water well, the pump

RESOLUTION

LEGISLATIVE RESOLUTION 28. Introduced by Fischer, 43.

WHEREAS, in May 2005, the United States Congress enacted the REAL

ID Act of 2005 (REAL ID Act) as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror Act, and Tsunami Relief, 2005 (Public Law 109-13); and

WHEREAS, Congress passed the REAL ID Act as a rider on a military spending bill without a hearing in either the House or the Senate; and

WHEREAS, the implementation of the REAL ID Act intrudes upon the states' sovereign power contained in the Tenth Amendment to the United States Constitution to determine their own policies for the identification, licensure, and credentialing of individuals residing therein; and

WHEREAS, the REAL ID Act mandates an unfunded national driver's license on the people of Nebraska by requiring the state to conform its process of issuing driver's licenses and identification cards to federal standards by May 2008; and

WHEREAS, the REAL ID Act creates the potential of a massive public sector data base containing information on every American that is accessible to motor vehicle employees and law enforcement officers nationwide that can be used to gather and manage information on citizens; and

WHEREAS, the REAL ID Act converts the state driver licensing function into federal law enforcement and national security functions that are outside the purpose and core competency of driver licensing bureaus; and

WHEREAS, the National Governor's Association, National Conference of State Legislatures, and American Association of Motor Vehicle Administrators predict state compliance with the REAL ID Act provisions will require all of the estimated 245 million driver's license and identification card holders in the United States to renew their current identity documents in person, thereby placing enormous burdens on current driver's license and identification card holders such as higher license and card costs, longer lines to obtain licenses and cards, increased license and card requests, and a waiting period to obtain licenses and cards; and

WHEREAS, the REAL ID Act will cost the states over \$11 billion to implement according to a recent survey of forty-seven licensing authorities conducted by the National Governor's Association, the National Conference of State Legislatures, and the American Association of Motor Vehicle Administrators, with the Nebraska Department of Motor Vehicles estimating that the implementation of the REAL ID Act will cost Nebraska \$26 million, none of which are costs that will be paid for by the federal government; and

WHEREAS, the REAL ID Act wrongly coerces states into doing the federal government's bidding by threatening to refuse noncomplying states' citizens the privileges and immunities enjoyed by other states' citizens; and

WHEREAS, the REAL ID Act threatens the privacy and liberty of every driver's license and identification card holder in the United States of America.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature opposes enactment or enforcement in this state of the REAL ID Act.

2. That Congress should repeal the REAL ID Act to avoid the significant problems it currently poses to state sovereignty, individual liberty, and limited government.

3. That the Clerk of the Legislature transmit copies of this resolution to the President of the United States, the President pro Tempore of the United States Senate, the Speaker of the United States House of Representatives, and the Nebraska congressional delegation.

ATTORNEY GENERAL'S OPINION

Opinion 07006

DATE: February 20, 2007

SUBJECT: LB 39 – Constitutionality of Prohibition Against the Payment of Petition Circulators Based on the Number of Signatures Collected.

REQUESTED BY: Senator Annette Dubas
Nebraska Legislature

WRITTEN BY: Jon Bruning, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion regarding the constitutionality of LB 39, as amended. Section 1 of the bill would amend Neb. Rev. Stat. § 32-630 (2004), which establishes certain duties and prohibited acts in connection with the circulation of initiative and referendum petitions, to provide that "[n]o person shall. . ."[p]ay a circulator based on the number of signatures collected." Your question is whether imposing such a limitation on the payment of petition circulators is constitutional. The primary constitutional questions presented are whether the proposed restriction: (1) Violates the First and Fourteenth Amendments to the U.S. Constitution by infringing core political speech rights; or (2) Impermissibly burdens the initiative and referendum process in violation of the Nebraska Constitution.

I. First Amendment Free Speech Rights.

In *Meyer v. Grant*, 486 U.S. 414 (1988), the Supreme Court considered a First Amendment challenge to a Colorado statute prohibiting the payment of any compensation to initiative petition circulators. The Court recognized that "the circulation of a petition involves the type of interactive political communication concerning political change that is appropriately described as 'core political speech' ". *Id.* at 421-22. The Court found the ban on paying petition circulators restricted political expression in two respects:

First, it limits the number of voices who will convey appellees' message and the hours they can speak and, therefore, limits the size of the

audience they can reach. Second, it makes it less likely that appellees will garner the number of signatures necessary to place the matter on the ballot, thus limiting their ability to make the matter the focus of statewide discussion.

Id. at 422-23.

The Court rejected Colorado's claim that the absolute ban on payment of petition circulators was justified by the state's interest in protecting the integrity of the initiative process, stating:

The State's interest in protecting the integrity of the initiative process does not justify the prohibition because the State has failed to demonstrate that it is necessary to burden appellees' ability to communicate their message in order to meet its concerns. The Attorney General has argued that the petition circulator has the duty to verify the authenticity of signatures on the petition and that compensation might provide the circulator with a temptation to disregard that duty. No evidence has been offered to support that speculation, however, and we are not prepared to assume that a professional circulator-whose qualifications for similar future assignments may well depend on a reputation for competence and integrity-is any more likely to accept false signatures than a volunteer who is motivated entirely by an interest in having the proposition placed on the ballot.

Id. at 426.

The Court further noted that "[o]ther provisions of the Colorado statute deal expressly with the potential danger that circulators might be tempted to pad their petitions with false signatures . . .", citing provisions making it a crime to forge petition signatures, to make false or misleading statements relating to a petition, or to pay someone to sign a petition. Id. at 426-27. Such provisions were deemed "adequate to the task of minimizing the risk of improper conduct in the circulation of a petition." Id. at 427. The Court thus held the statute violated the First and Fourteenth Amendments because its ban on "the payment of petition circulators impose[d] a burden on political expression that the State [] failed to justify." Id. at 428.

In the wake of Meyer's holding that an absolute ban on payment of petition circulators is unconstitutional, courts have reached varying results in deciding challenges to state laws which, while not prohibiting all payment of petition circulators, barred payment of circulators on the basis of the number of signatures collected. Three United States Court of Appeals decisions have upheld per-signature payment prohibitions challenged on First Amendment grounds. *Initiative & Referendum Inst. v. Jaeger*, 241 F.3d 614 (8th Cir. 2001); *Prete v. Bradbury*, 438 F.3d 949 (9th Cir. 2006); *Person v. New York State Bd. of Elections*, 467 F.3d 141(2d Cir. 2006). Several federal district courts, however, have held that statutes prohibiting per-signature payment of circulators violated the First Amendment. Citizens for

Tax Reform v. Deters, ___ F.Supp.2d ___ (2006 WL 3408224) (S.D. Ohio 2006); On Our Terms '97 PAC v. Secretary of State, 101 F.Supp.2d 19 (D. Maine 1999); Term Limits Leadership Council, Inc. v. Clark, 984 F.Supp. 470 (S.D. Miss. 1997); LIMIT v. Maleng, 874 F.Supp. 1138 (D. Wash. 1994); See also Idaho Coalition for Bears v. Cenarrusa, 234 F.Supp.2d 1159 (D. Idaho 2001) (Invalidating statute which criminalized selling petition signatures because it could be interpreted to bar per signature payment.).

In analyzing the question presented, the decision in Initiative and Referendum Inst. v. Jaeger is significant because Nebraska is in Eighth Circuit. Jaeger involved a First Amendment challenge to a North Dakota statute that prohibited the payment of petition circulators on a "per signature" or commission basis.¹ 241 F.3d at 615. The North Dakota statute, like LB 39, "prohibited payment "' on a basis related to the number of signatures obtained.'" Id. (quoting N.D. Cent. Code § 16.1-01-12(11) (1997)). The court noted that, unlike Meyer, "[t]he statute. . .only regulate[d] the way in which circulators may be paid . . .", and did "not involve the complete prohibition of payment that the Supreme Court ruled unconstitutional." Id. at 617. As the state's evidence demonstrated the prohibition was necessary to prevent fraud and ensure the integrity of the petition process, and those challenging the ban failed to present evidence "showing that the ban on commissioned payments burden[ed] their ability to collect signatures. . .", the court concluded there was "sufficient evidence regarding signature fraud to justify the State's prohibition on commission payments." Id. at 618.

Initiative & Referendum Inst. v. Jaeger indicates that a prohibition against payment of petition circulators based on the number of signatures collected does not, on its face, violate the First Amendment. Crucial to the court's finding that the ban did not contravene the First Amendment, however, was its determination that the state's evidence "justified the ban on commission payments as a necessary means to prevent fraud and abuse." Id. at 618. That evidence included legislative history discussing past irregularities in the signature gathering process linked to per-signature payments and evidence that per-signature payments were "an issue" in a 1994 incident in which approximately 17,000 petition signatures were invalidated. Id. In contrast, the court concluded those contesting the prohibition "produced no evidence that payment by the hour, rather than commission, would in any way burden their ability to collect signatures." Id. Thus, Jaeger is properly viewed as demonstrating that a ban on per-signature payment of circulators will survive a First Amendment challenge to its application where the contestant cannot demonstrate a significant burden on the ability to gather signatures, and the state can produce evidence justifying the prohibition as necessary to prevent fraud and abuse in the petition process.

This analysis is consistent with that employed in the other cases involving First Amendment challenges to the payment of petition circulators on a per-signature basis. In Prete v. Bradbury, the Ninth Circuit affirmed the district court's finding that Oregon's constitutional ban on the payment of petition

circulators based on the number of signatures obtained "[did] not violate the First Amendment as applied . . ." because the "plaintiffs failed to prove the district court erred in determining [the ban did] not severely burden their First Amendment rights in circulating initiative petitions, and [the state] ha[d] established that [the prohibition] serve[d] the important regulatory interest in preventing fraud and forgery in the initiative process." 483 F.3d at 971. The Ninth Circuit distinguished the district court decisions concluding such a ban violated the First Amendment "because in each case the state defending the prohibition on per-signature payment for petition circulators failed to present any evidence that per-payment signatures increased fraud. . . ." 483 F.3d at 970n.29 (citing *Idaho Coalition for Bears v. Cenarrusa*, 234 F.Supp.2d 1159 (D. Idaho 2001); *On Our Terms '97 PAC v. Secretary of State*, 101 F.Supp.2d 19 (D. Maine 1999); *Term Limits Leadership Council, Inc. v. Clark*, 984 F.Supp. 470 (S.D. Miss. 1997); *LIMIT v. Maleng*, 874 F.Supp. 1138 (W.D. Wash. 1994)).

Based on the foregoing authority, we conclude that LB 39's proposed ban on the payment of petition circulators based on the number of signatures collected does not facially violate the First Amendment. Such a prohibition, however, could be subject to challenge on the ground that, as applied, it violates the First Amendment rights of petition supporters. Whether such a challenge would be successful would turn on an evaluation of the evidence presented by petition sponsors seeking to demonstrate the burden imposed by such a ban, and the State's evidence to justify the prohibition as a necessary means to prevent fraud and to preserve the integrity of the petition process. We cannot, however, conclude that LB 39 is clearly unconstitutional under the First and Fourteenth Amendments.

II. Initiative and Referendum Rights under the Nebraska Constitution.

Article III, § 2, of the Nebraska Constitution, provides: "The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature." Article III, § 3, provides: "The second power reserved is the referendum which may be invoked, by petition, against any act or part of an act of the Legislature, except those making appropriations for the expense of state government or a state institution existing at the time of the passage of such act." Article III, § 4, further provides: "The provisions with respect to the initiative and referendum shall be self-executing, but legislation may be enacted to facilitate their operation."

Legislative "facilitation" of the initiative process pursuant to art. III, § 4, means that the Legislature "may enact reasonable legislation to prevent fraud or to render intelligible the purpose of the proposed law or constitutional amendment." *State ex rel. Stenberg v. Beermann*, 240 Neb. 754, 755-56, 485 N.W.2d 151, 152 (1992) (quoting *State ex rel. Winter v. Swanson*, 138 Neb. 597, 599, 294 N.W. 200, 201 (1940)). "Any legislative act which tends to insure a fair, intelligent and impartial result on the part of the electorate may be said to facilitate the exercise of the initiative power.

Id. "Laws to facilitate the operation of [the initiative] must be reasonable, so as not to unnecessarily obstruct or impede the operation of the law." State ex rel. Ayres v. Amsberry, 104 Neb. 273, 277, 177 N.W. 179, 180 (1920), later vacated on procedural grounds. "Any legislation which would hamper or render ineffective the power reserved to the people would be unconstitutional." Id.

The proposed ban on payment of petition circulators based on the number of signatures collected is designed to prevent fraud in the petition gathering process. Prohibiting payment of circulators based on the number of signatures gathered arguably preserves the integrity of the process by eliminating the incentive for circulators to forge signatures or engage in other fraudulent activity in collecting petition signatures. As is the case regarding the First Amendment analysis, however, determining whether the prohibition proposed in LB 39 is a reasonable regulation to prevent fraud which facilitates the initiative process, as opposed to an impermissible obstruction or impediment, would no doubt hinge on an evaluation of evidence relating to the burden imposed on petition sponsors by such a restriction, as well as evidence as to the State's justification of the prohibition as a means to prevent fraud. Thus, while the prohibition against payment of petition circulators based on the number of signatures collected in LB 39 does not facially violate art. III, § 4, its application could be challenged based on facts demonstrating it does not reasonably serve to facilitate the petition process.

¹A statute requiring that petition circulators be North Dakota residents was also challenged in Jaeger. The Circuit Court upheld the residency requirement, finding that the state had a "compelling interest in preventing fraud" and that the requirement did "not unduly restrict speech. . . ." 241 F.3d at 616.

JON BRUNING

5 13-801 Sections 13-801 to 13-827 and sections 2 to 4
6 of this act shall be known and may be cited as the Interlocal
7 Cooperation Act.

8 Sec. 2. (1) A joint entity shall cause estimates of the
9 costs to be made by some competent engineer or engineers before
10 the joint entity enters into any contract for the construction,
11 management, operation, ownership, maintenance, or purchase of an
12 electric generating facility and related facilities.

13 (2) If the estimated cost exceeds the sum of one hundred
14 thousand dollars, no such contract shall be entered into without
15 advertising for sealed bids.

16 (3)(a) The provisions of subsection (2) of this section
17 and sections 3 and 4 of this act relating to sealed bids shall not
18 apply to contracts entered into by a joint entity in the exercise
19 of its rights and powers relating to equipment or supplemental
20 labor procurement from an electric utility or from or through an
21 electric utility alliance if:

22 (i) The engineer or engineers certify that, by reason of
23 the nature of the subject matter of the contract, compliance with
1 subsection (2) of this section would be impractical or not in the
2 public interest;

3 (ii) The engineer's certification is approved by a
4 two-thirds vote of the governing body of the joint entity; and

5 (iii) The joint entity advertises notice of its intention

6 to enter into such contract, the general nature of the proposed
7 work, and the name of the person to be contacted for additional
8 information by anyone interested in contracting for such work.

9 (b) Any contract for which the governing body has
10 approved an engineer's certificate described in subdivision (a) of
11 this subsection shall be advertised in three issues, not less than
12 seven days between issues, in one or more newspapers of general
13 circulation in the municipality or county where the principal
14 office or place of business of the joint entity is located, or
15 if no newspaper is so published then in a newspaper qualified to
16 carry legal notices having general circulation therein, and in such
17 additional newspapers or trade or technical periodicals as may be
18 selected by the governing body in order to give proper notice of
19 its intention to enter into such contract, and any such contract
20 shall not be entered into prior to twenty days after the last
21 advertisement.

22 (4) The provisions of subsection (2) of this section and
23 sections 3 and 4 of this act shall not apply to contracts in excess
24 of one hundred thousand dollars entered into for the purchase of
25 any materials, machinery, or apparatus to be used in facilities
26 described in subsection (1) of this section when the contract does
27 not include onsite labor for the installation thereof if, after
1 advertising for sealed bids:

2 (a) No responsive bids are received; or

3 (b) The governing body of the joint entity determines
4 that all bids received are in excess of the fair market value of
5 the subject matter of such bids.

6 (5) Notwithstanding any other provision of subsection
7 (2) of this section or sections 3 and 4 of this act, a

22 such purchase shall be published once a week for at least three
23 consecutive weeks in one or more newspapers of general circulation

3 (2) of this section or sections 3 and 4 of this act, a joint
4 entity may, without advertising or sealed bidding, purchase used
5 equipment and materials on a negotiated basis upon certification
6 by an engineer that such equipment is or such materials are in
7 compliance with standards established by the governing body. A
8 written statement containing such certification shall be submitted
9 to the joint entity by the engineer for the governing body's

WHEREAS, since Congress passed the federal Intermodal Surface Transportation Efficiency Act (ISTEA) in 1991, the total length law of the State of Nebraska for combination vehicles was frozen at sixty-five feet; and

WHEREAS, today, grain elevators and agriculture producers alike are faced with serious transportation challenges, including sustained record fuel prices, transporting commodities longer distances to terminal markets or processing facilities, and the lack of interest or capacity by railroads to haul grain; and

WHEREAS, other states maintained their longer combination truck lengths under the 1991 federal act; and

WHEREAS, while each state varies on its laws, rules, and regulations on operating longer vehicles, some states have either adopted or maintained the standards of eighty-one feet, six inches, off of interstate highways, and one hundred ten feet on interstate highways; and

WHEREAS, Nebraska beet growers have benefited for some time under a federal exemption that allows combination truck lengths at eighty-one feet, six inches; and

WHEREAS, last year Nebraska custom harvesters obtained a federal exemption to allow the State of Nebraska to permit the operation of commercial vehicle combinations not exceeding eighty-one feet, six inches.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. The Legislature supports an immediate review of the current federal ISTEA restrictions imposed on Nebraska which prohibit extending the length of combination vehicles and an examination of the feasibility for seeking a federal exemption that would allow extended combination truck lengths for purposes of hauling corn, wheat, soybeans, sorghum, millet, dry beans, and any other grain as defined by law.

2. The Legislature invites the grain warehouse and feed industry, trucking industry, farm commodity organizations, and state and local government representatives, representatives from the Department of Roads, the Nebraska State Patrol, the Department of Motor Vehicles, the Department of Agriculture, and the Nebraska Safety Council to examine all practical issues surrounding any combination vehicle extension in Nebraska and to examine applicable laws, rules, and regulations in states already permitting extended lengths.

3. The Clerk of the Legislature shall send copies of this resolution to the Nebraska congressional delegation, the Majority Leader and the Minority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Majority Leader and the Minority Leader of the United States House of Representatives, and President George W.  ER8027

1 1. Strike the original sections and all amendments
 2 thereto and insert the following new sections:
 3 Section 1. Section 83-4,142, Revised Statutes Cumulative
 4 Supplement, 2006, is amended to read:
 5 83-4,142 The Department of Correctional Services shall
 6 develop and implement an incarceration work camp, to be completed
 7 no later than January 1, 2005, for placement of felony offenders ~~to~~
 8 ~~be placed in~~ as a condition of a sentence of intensive supervision
 9 probation or as a transitional phase prior to release on parole.
 10 As part of the incarceration work camp, an intensive residential
 11 drug treatment program may be developed and implemented for felony
 12 offenders.
 13 It is the intent of the Legislature that the
 14 incarceration work camp serve to reduce prison overcrowding and to
 15 make prison bed space available for violent offenders. It is the
 16 further intent of the Legislature that the incarceration work camp
 17 serve the interests of society by addressing the criminogenic needs
 18 of certain designated offenders ~~on intensive supervision probation~~
 19 and by deterring such offenders from engaging in further criminal
 20 activity. To accomplish these goals, the incarceration work camp
 21 shall provide regimented, structured, disciplined programming,
 22 including all of the following: Work programs; vocational training;
 23 behavior management and modification; money management; substance
 1 abuse awareness, counseling, and treatment; and education,
 2 programming needs, and aftercare planning, which will increase
 3 the offender's abilities to lead a law-abiding, productive, and
 4 fulfilling life as a contributing member of a free society.
 5 Sec. 2. Section 83-4,143, Revised Statutes Cumulative
 6 Supplement, 2006, is amended to read:

7 83-4,143 (1) It is the intent of the Legislature that
8 the court target the felony offender (a) who is eligible and
9 by virtue of his or her criminogenic needs is suitable to be
10 sentenced to intensive supervision probation with placement at the
11 incarceration work camp, (b) for whom the court finds that other
12 conditions of a sentence of intensive supervision probation, in
13 and of themselves, are not suitable, and (c) who, without the
14 existence of an incarceration work camp, would, in all likelihood,
15 be sentenced to prison.

16 (2) When the court is of the opinion that imprisonment is
17 appropriate, but that a brief and intensive period of regimented,
18 structured, and disciplined programming within a secure facility
19 may better serve the interests of society, the court may place an
20 offender in an incarceration work camp for a period not to exceed
21 one hundred eighty days as a condition of a sentence of intensive
22 supervision probation. The court may consider such placement if the
23 offender (a) is a male or female offender convicted of a felony
24 offense in a district court, (b) is medically and mentally fit
25 to participate, with allowances given for reasonable accommodation
26 as determined by medical and mental health professionals, and (c)
27 has not previously been incarcerated for a violent felony crime.

1 Offenders convicted of a crime under sections 28-319 to 28-321
2 or of any capital crime are not eligible to be placed in an
3 incarceration work camp.

4 (3) It is also the intent of the Legislature that the
5 Board of Parole may recommend placement of felony offenders at
6 the incarceration work camp. The offenders recommended by the
7 board shall be offenders currently housed at other Department
8 of Correctional Services adult correctional facilities and shall
9 complete the incarceration work camp programming prior to release
10 on parole.

11 (4) When the Board of Parole is of the opinion that
12 a felony offender currently incarcerated in a Department of
13 Correctional Services adult correctional facility may benefit
14 from a brief and intensive period of regimented, structured, and
15 disciplined programming immediately prior to release on parole, the
16 board may direct placement of such an offender in an incarceration
17 work camp for a period not to exceed one hundred eighty days as
18 a condition of release on parole. The board may consider such
19 placement if the felony offender (a) is medically and mentally fit
20 to participate, with allowances given for reasonable accommodation
21 as determined by medical and mental health professionals, and (b)
22 has not previously been incarcerated for a violent felony crime.
23 Offenders convicted of a crime under sections 28-319 to 28-321
24 or of any capital crime are not eligible to be placed in an
25 incarceration work camp.

26 Sec. 3. Section 83-4,144, Reissue Revised Statutes of
27 Nebraska, is amended to read:

1 83-4,144 Upon successful completion of the incarceration

2 work camp program, as determined by the Department of Correctional
3 Services, the sentencing court may modify the offender's conditions
4 of his or her sentence of probation, place the offender in an
5 aftercare program, or discharge the offender. An offender placed
6 in an incarceration work camp pursuant to a recommendation of
7 the Board of Parole shall be released on parole upon successful
8 completion, as determined by the board, of the incarceration work
9 camp program.

10 Sec. 4. Section 83-4,145, Reissue Revised Statutes of
11 Nebraska, is amended to read:

12 83-4,145 If the offender for any reason fails to
13 successfully complete the incarceration work camp program, the
14 sentencing court may impose any other sentence that the court may
15 have originally imposed. An offender placed at the incarceration
16 work camp pursuant to a recommendation of the Board of Parole who
17 fails to successfully complete the incarceration work camp program
18 shall be returned to the board for a rescission hearing. Credit
19 shall be given for time actually served in the incarceration work
20 camp program.

21 Sec. 5. Section 83-4,146, Revised Statutes Cumulative
22 Supplement, 2006, is amended to read:

23 83-4,146 All costs incurred during the period the
24 offender is committed to an incarceration work camp shall be
25 the responsibility of the state. ~~Counties, and the counties~~
26 shall be liable for the cost of transporting the offender to
27 the incarceration work camp and for returning the offender to
1 the appropriate court for reimposition of sentence or such other
2 disposition as the court may then deem appropriate only if
3 the offender is ~~unsatisfactorily~~ discharged for unsatisfactory
4 performance from the incarceration work camp, except that the state
5 shall be liable for the cost of transporting the offender to the
6 incarceration work camp when such placement was made pursuant to
7 a recommendation by the Board of Parole and for returning the
8 offender to the appropriate Department of Correctional Services
9 adult correctional facility if the offender is discharged for
10 unsatisfactory performance from the incarceration work camp.

11 Sec. 6. Original sections 83-4,144 and 83-4,145, Reissue
12 Revised Statutes of Nebraska, and sections 83-4,142, 83-4,143,
13 and 83-4,146, Revised Statutes Cumulative Supplement, 2006, are
14 repealed.

Senator Nantkes designates LB 57 as her priority bill.

RESOLUTION

LEGISLATIVE RESOLUTION 39. Introduced by Johnson, 37; Hansen, 42; Howard, 9; Pankonin, 2; Synowiecki, 7.

WHEREAS, the Legislature regards access to mental health and substance abuse treatment to be of paramount importance to the citizens of our state; and

WHEREAS, President George W. Bush's proposed budget for the United States Government, Fiscal Year 2008 includes significantly decreased appropriations to a number of programs that are critical in providing services to citizens with mental illness and substance abuse disorders; and

WHEREAS, the Legislature finds that individuals experiencing problems associated with mental health and substance abuse are having difficulty accessing appropriate services in a timely manner. This is evidenced by extensive wait lists for individuals requiring mental health and substance abuse services in the community. Currently, over one thousand people are on wait lists for such services in Nebraska; and

WHEREAS, the Legislature finds that delays in accessing mental health and substance abuse services can exacerbate conditions for those consumers needing such professional intervention. Wait lists and access delays demonstrate an inadequate capacity for behavioral treatment services in Nebraska to sufficiently and timely meet consumer need in both rural and urban settings; and

WHEREAS, the Legislature finds that insurance companies are increasingly limiting their liability for claims for mental health and substance abuse services. The diminishing availability for mental health and substance abuse treatment resources for the insured population has impacted public resources. An increasing number of consumers are forced to access the public behavioral health system to meet mental health and substance abuse needs; and

WHEREAS, the Legislature considers federal funding for mental health and substance abuse treatment to be critical in providing an appropriate level of access to proper treatment for citizens; and

WHEREAS, the Legislature finds that a decrease in federal funding for mental health and substance abuse treatment will provide substantive harm to a vulnerable population and will negatively impact the quality of life for our citizens.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature urges the members of Nebraska's congressional delegation to ensure that Congress fully fund mental health and substance abuse treatment.

2. That the Legislature urges the Governor to use his best efforts to work with the Nebraska congressional delegation to ensure that this funding is restored.

3. That the Legislature proclaims that all components of state government should work together to ensure mental health and substance abuse treatment funding.

4. That the Governor and each member of Nebraska's congressional delegation receive a copy of this resolution.

 7 Sec. 68. Section 79-1007.02, Revised Statutes Cumulative
 8 Supplement, 2006, is amended to read:
 9 79-1007.02 For state aid calculated for school fiscal
 10 year 1998-99 and each school fiscal year thereafter:
 11 (1) Using data from the annual financial reports for the
 12 second school fiscal year immediately preceding the school fiscal
 13 year in which aid is to be paid, the annual statistical summary
 14 reports for the school fiscal year immediately preceding the school
 15 fiscal year in which aid is to be paid, the fall membership reports
 16 and supplements thereto for the school fiscal year immediately
 17 preceding the school fiscal year in which aid is to be paid,
 18 and the school district census as reported under sections 79-524
 19 and 79-578 for the second school fiscal year preceding the school
 20 fiscal year in which aid is to be paid, the department shall
 21 divide the local systems into three cost groupings prior to the
 22 certification of state aid based upon the following criteria:
 23 (a) The very sparse cost grouping will consist of local
 1 systems that have (i)(A) less than one-half student per square
 2 mile in each county in which each high school attendance center
 3 is located, based on the school district census, (B) less than
 4 one formula student per square mile in the local system, and (C)
 5 more than fifteen miles between the high school attendance center
 6 and the next closest high school attendance center on paved roads
 7 or (ii)(A) more than four hundred fifty square miles in the local
 8 system, (B) less than one-half student per square mile in the local
 9 system, and (C) more than fifteen miles between each high school
 10 attendance center and the next closest high school attendance
 11 center on paved roads;
 12 (b) The sparse cost grouping will consist of local
 13 systems that do not qualify for the very sparse cost grouping but
 14 which meet the following criteria:
 15 (i)(A) Less than two students per square mile in the
 16 county in which each high school is located, based on the school
 17 district census, (B) less than one formula student per square mile

18 in the local system, and (C) more than ten miles between each
19 high school attendance center and the next closest high school
20 attendance center on paved roads;

21 (ii)(A) Less than one and one-half formula students per
22 square mile in the local system and (B) more than fifteen miles
23 between each high school attendance center and the next closest
24 high school attendance center on paved roads;

25 (iii)(A) Less than one and one-half formula students per
26 square mile in the local system and (B) more than two hundred
27 seventy-five square miles in the local system; or

1 (iv)(A) Less than two formula students per square mile in
2 the local system and (B) the local system includes an area equal
3 to ninety-five percent or more of the square miles in the largest
4 county in which a high school attendance center is located in the
5 local system; and

6 (c) The standard cost grouping will consist of local
7 systems that do not qualify for the very sparse or the sparse cost
8 groupings.

9 For purposes of subdivision (1) of this section, if a
10 local system did not operate and offer instruction in grades nine
11 through twelve within the boundaries of the local system during the
12 school fiscal year immediately preceding the school fiscal year in
13 which aid is to be paid, the local system shall not be considered
14 to have a high school attendance center;

15 (2)(a) The department shall calculate the average formula
16 cost per student in each cost grouping by dividing the total
17 estimated general fund operating expenditures for the cost grouping
18 by the difference between the total adjusted formula students for
19 all local systems in the cost grouping minus (i) the adjusted
20 formula students attributed to early childhood education programs
21 approved by the department pursuant to section 79-1103 for the
22 first two school fiscal years for which students attributed to
23 early childhood education programs approved by the department
24 pursuant to section 79-1103 are being included in the calculation
25 of state aid for the local system and (ii) for the first two
26 school fiscal years immediately following the school fiscal year in
27 which a district in the local system received an expansion grant
1 pursuant to section 79-1103, the difference between the adjusted
2 formula students attributed to early childhood education programs
3 approved by the department pursuant to section 79-1103 for the
4 school fiscal year immediately following the school fiscal year in
5 which a district in the local system received an expansion grant
6 minus the adjusted formula students attributed to early childhood
7 education programs approved by the department pursuant to section
8 79-1103 for the school fiscal year in which a district in the
9 local system received an expansion grant. For the calculation of
10 state aid for school fiscal year 1999-00 and for each school fiscal
11 year thereafter, the average formula cost per student in each cost
12 grouping shall not be recalculated for the final calculation of

13 state aid pursuant to section 79-1065. The calculation of total
14 adjusted formula students for purposes of this subdivision shall
15 take into account the requirements of subdivision (2) of section
16 79-1007.01. For school fiscal years prior to school fiscal year
17 2008-09, the total estimated general fund operating expenditures
18 for the cost grouping is equal to the total adjusted general fund
19 operating expenditures for all local systems in the cost grouping
20 multiplied by a cost growth factor. For school fiscal year 2008-09
21 and each school fiscal year thereafter, the total estimated general
22 fund operating expenditures for the cost grouping is equal to the
23 total adjusted general fund operating expenditures for all local
24 systems in the cost grouping.

25 (b) The cost growth factor for each cost grouping is
26 equal to the sum of: (i) One; plus (ii) the product of two
27 times the ratio of the difference between the formula students
1 attributable to the cost grouping without weighting or adjustment
2 pursuant to section 79-1007.01 and the sum of the average
3 daily membership plus tuitioned students attributable to the cost
4 grouping for the most recently available complete data year divided
5 by the sum of the average daily membership plus tuitioned students
6 attributable to the cost grouping for the most recently available
7 complete data year, except that the ratio shall not be less than
8 zero; plus (iii) the basic allowable growth rate pursuant to
9 section 79-1025 for the school fiscal year in which the aid is to
10 be distributed; plus (iv) the basic allowable growth rate pursuant
11 to section 79-1025 for the school fiscal year immediately preceding
12 the school fiscal year in which the aid is to be distributed;
13 plus (v) one-half of any additional growth rate allowed by special
14 action of school boards for the school fiscal year in which the
15 aid is to be distributed as determined for the school fiscal
16 year immediately preceding the school fiscal year when aid is to
17 be distributed; plus (vi) one-half of any additional growth rate
18 allowed by special action of the school boards for the school
19 fiscal year immediately preceding the school fiscal year when the
20 aid is to be distributed;

21 (3) For school fiscal years 2002-03 through 2006-07, each
22 local system's formula need shall be calculated by subtracting
23 the temporary aid adjustment factor from the sum of the local
24 system's transportation allowance, the local system's special
25 receipts allowance, and the product of the local system's adjusted
26 formula students multiplied by the average formula cost per student
27 in the local system's cost grouping. The calculation of total
1 adjusted formula students for purposes of this subdivision shall
2 take into account the requirements of subdivision (2) of section
3 79-1007.01;

4 (4) For school fiscal year 2007-08, each local system's
5 formula need shall be calculated by subtracting the temporary aid
6 adjustment factor from the sum of the local system's transportation
7 allowance, special receipts allowance, and distance education and

8 telecommunications allowance and the product of the local system's
 9 adjusted formula students multiplied by the average formula cost
 10 per student in the local system's cost grouping. The calculation
 11 of total adjusted formula students for purposes of this subdivision
 12 shall take into account the requirements of subdivision (2) of
 13 section 79-1007.01; and

14 (5) For school fiscal year 2008-09 and each school
 15 fiscal year thereafter, each school district's formula need shall
 16 equal the greater of (a) the sum of the school district's
 17 transportation allowance, remote elementary allowance, elementary
 18 class size allowance, focus school and program allowance, limited
 19 English proficiency allowance, poverty allowance, special receipts
 20 allowance, and distance education and telecommunications allowance
 21 plus the product of the school district's adjusted formula students
 22 multiplied by the average formula cost per student in the school
 23 district's local system cost grouping or (b) if the school
 24 district's general fund levy was at or above ninety-nine cents
 25 per one hundred dollars of valuation for the previous year,
 26 the school district's prior year formula need multiplied by one
 27 hundred percent. The calculation of total adjusted formula students
 1 for purposes of this subdivision shall take into account the
 2 requirements of subdivision (2) of section 79-1007.03.

3 Sec. 69. For school fiscal year 2008-09 and each school
 4 fiscal year thereafter, the department shall determine the remote
 5 elementary allowance for each local system in the standard cost
 6 grouping which has at least one qualifying remote elementary
 7 attendance center and which submits the information required for
 8 the calculation on a form prescribed by the department on or
 9 before October 15 for state aid certified pursuant to section
 10 79-1022 and on or before June 30 for the final calculation of
 11 state aid pursuant to section 79-1065. For purposes of calculations
 12 pursuant to this section, a qualifying remote elementary attendance
 13 center is an elementary attendance center, in a district with
 14 multiple elementary attendance centers, which does not have another
 15 elementary attendance center within seven miles in the same school
 16 district and which is not the elementary attendance center with
 17 the greatest number of formula students attributed to it in the
 18 school district. The remote elementary allowance for each local
 19 system with at least one qualifying remote elementary attendance
 20 center shall equal the product of the formula students in grades
 21 kindergarten through six attributed to the qualifying remote
 22 elementary attendance centers in the local system multiplied by
 23 fifty percent of the statewide average general fund operating
 24 expenditures per formula student.

25 2. On page 3, line 4; and page 5, line 7, after "contain"
 26 insert "a statement providing the reason for the request to create
 27 the proposed district.".

1 3. On page 8, line 5, after the period insert the
 2 following new paragraph:

3 "The local system shall also have a single
 4 collective-bargaining agreement, negotiated by the Class II,
 5 III, or IV school district in such local system, covering all of
 6 the teachers in the local system, with the financial responsibility
 7 for providing compensation and benefits remaining with the school
 8 district employing the teacher. For purposes of reduction in
 9 force pursuant to sections 79-846 to 79-849, a teacher shall be
 10 considered a teacher of the district employing such teacher, but
 11 such teacher shall be given full credit for the years of teaching
 12 experience in the local system and tenure or permanent status
 13 rights if such teacher is hired by another school district in the
 14 same local system."

15 4. On page 76, line 22, after the first comma insert
 16 "remote elementary allowance,".

17 5. Renumber the remaining sections and amend the repealer
 18 accordingly.

15 other products is only incidental.

21 Sec. 20. (1) A person who smokes in a place of employment
22 or a public place in violation of the Nebraska Clean Indoor Air
23 Act is guilty of a Class V misdemeanor for the first offense
24 and a Class IV misdemeanor for the second and any subsequent

 6 leave, civil leave, injury leave, and workers' compensation
 7 disability leave, shall be taken as provided in the authorized
 8 leave policies of the Nebraska Supreme Court Personnel Policies
 9 and Procedures. Provided, however, that an official reporter shall
 10 take vacation leave at the same time as or at the discretion of
 11 the appointing judge. If the official reporter is permitted to
 12 take vacation at a time other than when the appointing judge takes
 13 vacation and the services of a substitute reporter are required by
 14 such judge, it shall be the obligation of the official reporter
 15 taking vacation to arrange for the services of a substitute
 16 reporter at no cost to the State, unless otherwise determined by
 17 the State Court Administrator. The substitute reporter must have

18 passed an examination at least as stringent as that described
 19 in Rule 4B. The arrangement may not be implemented unless first
 20 approved by the State Court Administrator."

 22 shall be the obligation of the official reporter taking vacation
 23 to arrange for the services of a substitute reporter at no cost
 1 to the State, unless otherwise determined by the State Court
 2 Administrator" is contrary to good public policy.

9 Nebraska, is amended to read:

10 48-1229 For purposes of the Nebraska Wage Payment and
11 Collection Act, unless the context otherwise requires:

12 (1) Employer means the state or any individual,
13 partnership, limited liability company, association, joint-stock
14 company, trust, corporation, political subdivision, or personal
15 representative of the estate of a deceased individual, or the
16 receiver, trustee, or successor thereof, within or without the
17 state, employing any person within the state as an employee;

18 (2) Employee means any individual permitted to work by
19 an employer pursuant to an employment relationship or who has
20 contracted to sell the goods or services of an employer and to be
21 compensated by commission. Services performed by an individual for
22 an employer shall be deemed to be employment, unless it is shown

23 that (a) such individual has been and will continue to be free
1 from control or direction over the performance of such services,
2 both under his or her contract of service and in fact, (b) such
3 service is either outside the usual course of business for which
4 such service is performed or such service is performed outside of
5 all the places of business of the enterprise for which such service
6 is performed, and (c) such individual is customarily engaged in
7 an independently established trade, occupation, profession, or
8 business. This subdivision is not intended to be a codification of
9 the common law and shall be considered complete as written;

10 (3) Fringe benefits includes sick and vacation leave
11 plans, disability income protection plans, retirement, pension, or
12 profit-sharing plans, health and accident benefit plans, and any

14 whether the employee participates in such plans or programs. Paid
15 leave, other than earned but unused vacation leave, provided as a
16 fringe benefit by the employer shall not be included in the wages
17 due and payable at the time of separation, unless the employer
18 and the employee or the employer and the collective bargaining
19 representative have specifically agreed otherwise; and

20 (4) Wages means compensation for labor or services
21 rendered by an employee, including fringe benefits, when previously
22 agreed to and conditions stipulated have been met by the employee,
23 whether the amount is determined on a time, task, fee, commission,
24 or other basis. ~~Wages includes commissions on all orders delivered~~
25 ~~and all orders on file with the employer at the time of termination~~
26 Unless the employer and employee have specifically agreed otherwise
27 through a contract effective at the commencement of employment or

2 includes commissions on all orders delivered and all orders on file
3 with the employer at the time of separation of employment less any
4 orders returned or canceled at the time suit is filed.

5 Sec. 3. Section 48-1230, Reissue Revised Statutes of

7 48-1230 (1) Except as otherwise provided in this section,

8 each employer shall pay all wages due its employees on regular
 9 days designated by the employer or agreed upon by the employer and
 10 employee. Thirty days' written notice shall be given to an employee
 11 before regular paydays are altered by an employer. An employer
 12 may deduct, withhold, or divert a portion of an employee's wages
 13 only when the employer is required to or may do so by state or
 14 federal law or by order of a court of competent jurisdiction or
 15 the employer has written agreement with the employee to deduct,
 16 withhold, or divert.

17 (2) Except as otherwise provided in section 4 of this
 18 act:

19 (a) Whenever an employer, other than a political
 20 subdivision, separates an employee from the payroll, the unpaid
 21 wages shall become due on the next regular payday or within two
 22 weeks of the date of termination, whichever is sooner; and -

23 (b) Whenever a political subdivision separates an
 24 employee from the payroll, the unpaid wages shall become due within
 25 two weeks of the next regularly scheduled meeting of the governing
 26 body of the political subdivision if such employee is separated
 27 from the payroll at least one week prior to such meeting, or if -
 1 ~~When~~ an employee of a political subdivision is separated from the
 2 payroll less than one week prior to the next regularly scheduled
 3 meeting of the governing body of the political subdivision, the
 4 unpaid wages shall be due within two weeks of the following
 5 regularly scheduled meeting of the governing body of the political
 6 subdivision.

7 Sec. 4. Whenever an employer separates an employee from
 8 the payroll, the unpaid wages constituting commissions shall become
 9 due on the next regular payday following the employer's receipt of
 10 payment for the goods or services from the customer from which the
 11 commission was generated. The employer shall provide an employee
 12 with a periodic accounting of outstanding commissions, until all
 13 commissions have been paid or the orders have been returned or
 14 canceled by the customer.

15 Sec. 5. Section 48-1232, Reissue Revised Statutes of
 16 Nebraska, is amended to read:

17 48-1232 If an employee establishes a claim and secures
 18 judgment on such claim under section 48-1231: (1) An amount equal
 19 to the judgment may be recovered from the employer; or (2) if the
 20 nonpayment of wages is found to be willful, an amount equal to
 21 two times the amount of unpaid wages shall be recovered from the
 22 employer. Any amount recovered pursuant to subdivision (1) or (2)
 23 of this section shall be placed in a fund to be distributed to
 24 the common schools of this state, remitted to the State Treasurer
 25 for distribution in accordance with Article VII, section 5, of the
 26 Constitution of Nebraska.

5 Sec. 2. For purposes of the Credit Report Protection Act:

6 (1) Consumer reporting agency means any person which,
 7 for monetary fees, for dues, or on a cooperative nonprofit basis,
 8 regularly engages in whole or in part in the practice of assembling
 9 or evaluating consumer credit information or other information on
 10 consumers for the purpose of furnishing consumer reports to third

 15 and retained by a consumer reporting agency regardless of how the
 16 information is stored;

17 (3) Security freeze means a notice placed in a consumer's
 18 file as provided in section 3 of this act that prohibits the
 19 consumer reporting agency from releasing a credit report, or any
 20 other information derived from the file, in connection with the
 21 extension of credit or the opening of a new account, without the
 22 express authorization of the consumer; and

23 (4) Victim of identity theft means a consumer who has a
 1 copy of an official police report evidencing that the consumer has
 2 alleged to be a victim of identity theft.

3 Sec. 3. A consumer, including a minor at the request of a
 4 parent or custodial parent or guardian if appointed, may elect to
 5 place a security freeze on his or her file by making a request by
 6 certified mail to the consumer reporting agency.

7 Sec. 4. If a security freeze is in place with respect to
 8 a consumer's file, the consumer reporting agency shall not release
 9 a credit report or any other information derived from the file
 10 to a third party without the prior express authorization of the
 11 consumer. This section does not prevent a consumer reporting agency
 12 from advising a third party that a security freeze is in effect
 13 with respect to a consumer's file.

14 Sec. 5. (1) A consumer reporting agency shall place a
 15 security freeze on a file no later than three business days after

16 receiving a request by certified mail.

17 (2) Until July 1, 2008, a consumer reporting agency

27 directive;
- 1 (v) Regularly scheduled maintenance, during other than
2 normal business hours, of the consumer reporting agency's system or

14 or temporarily lifted. A consumer reporting agency shall remove
15 or temporarily lift a security freeze only in the following
16 circumstances:
- 17 (a) Upon request by the consumer under section 6 or 8 of
18 this act; or
- 19 (b) When the file was placed on hold due to a material
20 misrepresentation of fact by the consumer.
- 21 (2) When a consumer reporting agency intends to release
22 a hold on a file under subdivision (1)(b) of this section, the
23 consumer reporting agency shall notify the consumer in writing
24 three business days prior to releasing the hold on the file.
- 25 Sec. 8. A consumer reporting agency shall remove a
26 security freeze within three business days after receiving a
27 request for removal from the consumer who provides both of the

12 with a copy of an official police report documenting the identity

16 this act one time without charge and may charge a fee of no more
17 than five dollars for subsequent instances of loss of the personal
18 identification number.

19 Sec. 10. If a security freeze is in place, a consumer
20 reporting agency may not change any of the following official
21 information in a file without sending a written confirmation
22 of the change to the consumer within thirty days after the
23 change is made: Name, date of birth, social security number, and
24 address. In the case of an address change, the written confirmation
25 shall be sent to both the new address and the former address.
26 Written confirmation is not required for technical modifications
27 of a consumer's official information, including name and street
1 abbreviations, complete spellings, or transposition of numbers or
2 letters.

3 Sec. 11. (1) A consumer reporting agency may not suggest
4 or otherwise state or imply to a third party that a security freeze
5 on a consumer's file reflects a negative credit score, history,
6 report, or rating.

7 (2) If a third party requests access to a credit report
8 or any other information derived from a file in connection with
9 an application for credit or the opening of an account and the
10 consumer has placed a security freeze on his or her file and does
11 not allow his or her file to be accessed during that specified
12 period of time, the third party may treat the application as
13 incomplete.

14 Sec. 12. The Credit Report Protection Act does not
15 prohibit a consumer reporting agency from furnishing to a
16 governmental agency a consumer's name, address, former address,
17 place of employment, or former place of employment.

LEGISLATIVE BILL 179. Placed on General File - Com AM583.
 AM583

1 1. Strike the original sections and insert the following
 2 new sections:

3 Section 1. The Legislature finds that to electronically
 4 record statements made during a custodial interrogation is

5 an effective way to document a free, knowing, voluntary, and
6 intelligent waiver of a person's right to remain silent, to agree
7 to answer questions, to decide to have an attorney present during
8 such questioning, and to decide to have an attorney provided to
9 such person if he or she cannot afford an attorney, as provided
10 by the Constitution of the United States and the Constitution
11 of Nebraska. Providing a record of the statement made during a
12 custodial interrogation and any waiver of constitutional rights
13 will reduce speculation and claims that may arise as to the
14 content of the statement. Such a record of the content of the
15 statement will aid law enforcement officers in analyzing and
16 rejecting untruthful statements and will aid the factfinder in
17 determining whether a statement was freely, knowingly, voluntarily,
18 and intelligently made.

19 Sec. 2. For purposes of sections 1 to 8 of this act:

20 (1) Custodial interrogation has the meaning prescribed to
21 it under the Fourth and Fifth Amendments to the Constitution of the
22 United States and Article I, sections 3 and 7, of the Constitution
23 of Nebraska, as interpreted by the United States Supreme Court and
1 the Nebraska Supreme Court;

2 (2) Electronically record means to record using an audio
3 recording device, a digital recording device, or a video recording
4 device;

5 (3) Place of detention means a police station, sheriff's
6 office, troop headquarters, courthouse, county attorney's office,
7 juvenile or adult correctional or holding facility, community
8 correctional center, or building under the permanent control of
9 law enforcement at which the person is in custody pursuant to the
10 authority of a law enforcement officer; and

11 (4) Reasonable exception means circumstances in which:

12 (a) A statement was made when it was not practicable to
13 electronically record the statement;

14 (b) Equipment to electronically record the statement
15 could not be reasonably obtained;

16 (c) The person in custody refused to have the statement
17 electronically recorded;

18 (d) The equipment used to electronically record the
19 statement malfunctioned; or

20 (e) The law enforcement officer conducting the statement
21 reasonably believed that the crime for which the person was taken
22 into custody was not a crime described in subsection (2) of section
23 3 of this act.

24 Sec. 3. (1) All statements relating to crimes described
25 in subsection (2) of this section and statements regarding rights
26 described in section 1 of this act or the waiver of such rights
27 made during a custodial interrogation at a place of detention
1 that are described in subsection (2) of this section shall be
2 electronically recorded.

3 (2) Statements subject to subsection (1) of this section

4 are those statements relating to:

5 (a) Crimes resulting in death or felonies involving
6 (i) sexual assault, (ii) kidnapping, (iii) child abuse, or (iv)
7 strangulation; or

8 (b) Offenses being investigated as part of the same
9 course of conduct as the offenses described in subdivision (a) of
10 this subsection.

11 Sec. 4. Except as otherwise provided in sections 5, 6,
12 and 7 of this act, if a law enforcement officer fails to comply
13 with section 3 of this act, a court shall instruct the jury
14 that they may draw an adverse inference for the law enforcement
15 officer's failure to comply with such section.

16 Sec. 5. (1) If a defendant testifies contrary to his
17 or her statement made during a custodial interrogation at a place
18 of detention which was not electronically recorded, such statement
19 may be used for the purpose of impeachment if it is shown that
20 the statement was freely, knowingly, voluntarily, and intelligently
21 made.

22 (2) A jury instruction shall not be required if the
23 prosecution proves, by a preponderance of the evidence, that
24 there is a reasonable exception for there not being an electronic
25 recording.

26 Sec. 6. If a law enforcement officer fails to comply with
27 section 3 of this act, such failure shall not bar the use of any
1 evidence derived from such statement if the court determines that
2 the evidence is otherwise admissible.

3 Sec. 7. Any statement made during a custodial
4 interrogation shall be admissible against such person in a criminal
5 proceeding in this state if:

6 (1) The statement was obtained in another state and was
7 obtained in compliance with the laws of that state; or

8 (2) The statement was obtained by a federal law
9 enforcement officer in this state or another state, was obtained in
10 compliance with the laws of the United States, and was not taken
11 by a federal law enforcement officer in an attempt to circumvent
12 sections 1 to 8 of this act.

13 Sec. 8. The existence of inaudible portions of an
14 electronic recording, which are not the result of bad faith by
15 a law enforcement officer to produce an inaudible result, standing
16 alone, shall not render a statement out of compliance with section
17 3 of this act.

LEGISLATIVE RESOLUTION 39. Reported to the Legislature for further consideration with the following amendment:

AM757

- 1 1. Strike the original resolution and insert:
- 2 WHEREAS, the Legislature regards access to mental health
- 3 and substance abuse treatment to be of paramount importance to the
- 4 citizens of our state; and
- 5 WHEREAS, President George W. Bush's proposed budget
- 6 for the United States Government, Fiscal Year 2008 includes
- 7 significantly decreased appropriations to a number of programs
- 8 that are critical in providing services to citizens with mental
- 9 illness and substance abuse disorders; and
- 10 WHEREAS, the Legislature finds that individuals
- 11 experiencing problems associated with mental health and substance
- 12 abuse are having difficulty accessing appropriate services in a
- 13 timely manner. This is evidenced by extensive wait lists for
- 14 individuals requiring mental health and substance abuse services
- 15 in the community. Currently, over one thousand people are on wait
- 16 lists for such services in Nebraska; and
- 17 WHEREAS, the Legislature finds that delays in accessing
- 18 mental health and substance abuse services can exacerbate
- 19 conditions for those consumers needing such professional
- 20 intervention. Wait lists and access delays demonstrate an
- 21 inadequate capacity for behavioral treatment services in Nebraska
- 22 to sufficiently and timely meet consumer need in both rural and
- 23 urban settings; and
- 1 WHEREAS, the Legislature finds that insurance companies
- 2 are increasingly limiting their liability for claims for mental
- 3 health and substance abuse services. The diminishing availability
- 4 for mental health and substance abuse treatment resources for the
- 5 insured population has impacted public resources. An increasing
- 6 number of consumers are forced to access the public behavioral
- 7 health system to meet mental health and substance abuse needs; and

8 WHEREAS, the Legislature considers federal funding for
 9 mental health and substance abuse treatment to be critical in
 10 providing an appropriate level of access to proper treatment for
 11 citizens; and

12 WHEREAS, the Legislature finds that a decrease in federal
 13 funding for mental health and substance abuse treatment will
 14 provide substantive harm to a vulnerable population and will
 15 negatively impact the quality of life for our citizens.

16 NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE
 17 HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

18 1. That the Legislature urges the members of Nebraska's
 19 congressional delegation to ensure that Congress fully fund mental
 20 health and substance abuse treatment.

21 2. That the Legislature urges the Governor to use his
 22 best efforts to work with the Nebraska congressional delegation to
 23 ensure that this funding is restored.

24 3. That the Governor and each member of Nebraska's
 25 congressional delegation receive a copy of this resolution.

COMMUNICATIONS

March 14, 2007

Mr. Patrick O'Donnell
Clerk of the Legislature
Room 2018
State Capitol Building
Lincoln, Nebraska 68509

Dear Mr. O'Donnell:

Pursuant to the Provisions of Section 85-404, R.R.S. of Nebraska, 1943 Legislative approval is required for the following University of Nebraska projects:

University of Nebraska at Omaha, Student Housing Project. The University of Nebraska at Omaha proposes to finance, design, construct and manage new housing facilities for up to 400 students on the Dodge site in an area adjacent to University Village in apartment suite-style living configurations. Each suite will have a living space and a kitchen space, and will be designed for internal loading where residents access suites through a central hallway. This project will increase campus housing to a total of approximately 1,620 available student housing beds serving 11 percent of the current UNO student population. On average, peer institutions provide student housing for 13 percent of

their student population. The project is estimated to cost \$16,475,236.

Request. The University requests approval of this student housing project totaling \$16,475,236 to be financed from University of Nebraska at Omaha Student Facilities Revenue Bonds Series 2007.

University of Nebraska at Omaha, Parking Structure Project. The University of Nebraska at Omaha proposes to construct a multi-level parking structure with approximately 900 parking spaces at the southwest corner of the Dodge site. The structure will provide parking for the expansion of campus housing in this area and additional spaces to alleviate the parking deficit that already exists with University Village. The project is estimated to cost \$11,849,746.

Request. The University requests approval of this parking structure project totaling \$11,849,746 to be financed from University of Nebraska at Omaha Student Facilities Revenue Bonds Series 2007.

The Board of Regents authorized these expenditures at its January 19, 2007, meeting. The Nebraska Coordinating Commission for Postsecondary Education approved the expenditures on March 13, 2007. The CCPE Revenue Bond Project Evaluation Forms indicating approval of the projects are attached.

6 one commissioner shall be elected in each odd-numbered commissioner

19 the number of commissioners, the term of each county commissioner
20 shall be four years or until his or her successor is elected
21 and qualified. At the first election held to choose the board of

23 having the highest number of votes shall serve for four years and
24 the two receiving the next highest number of votes shall serve
25 for two years, and if any three or more persons have the same

LEGISLATIVE BILL 488. Placed on General File - Com AM825.
AM825

1 1. Strike original section 3 and insert the following new
2 section:

3 Sec. 3. (1) There shall be allowed a refundable credit
4 against the income tax imposed by the Nebraska Revenue Act of 1967
5 to a taxpayer who donates during the taxable year all or part of
6 the value of a perpetual conservation easement upon real property
7 the taxpayer owns to the state, to the natural resources district
8 that contains the land that would be subject to the conservation
9 easement, or to a charitable organization that is approved to
10 hold conservation easements by the natural resources district
11 that contains the land covered by the conservation easement.
12 A charitable organization that proposes to hold a conservation
13 easement shall name in the easement a cooperating agency or
14 organization that will automatically accept the easement should the
15 charitable organization cease to exist. The amount of the credit
16 shall not include the value of any portion of an easement on real
17 property located in another state.

18 (2) To qualify for the income tax credit:

19 (a) The taxpayer shall file an application with the
20 Department of Natural Resources no later than August 1 of the tax
21 year for which the tax credit is sought. The application shall
22 include an appraisal by a certified general real estate appraiser
23 who can demonstrate either experience or continuing education
1 in the appraisal of conservation easements. The department shall
2 review the application and may approve applications for that year
3 for conservation easements in one of the following areas which meet
4 the requirements set forth in subdivision (2)(c) of this section:

5 (i) Areas designated by the department and affected
6 natural resources districts as quick response water shortage
7 areas in over-appropriated basins and areas subject to interstate
8 compacts, agreements, and decrees. Within this category, the
9 department may not require that conservation easements provide
10 public access, but applications must list public benefits expected
11 to result from the easement, including, but not limited to, water
12 quality protection, flood protection, ecotourism opportunities,
13 public access for hunting, fishing, and ecotourism, and critical
14 habitat preservation; and

15 (ii) Areas designated by the Game and Parks Commission
16 as biologically unique landscapes in the Nebraska natural legacy
17 plan. Within this category, approval of an application must be
18 recommended by the commission, except in the Niobrara scenic
19 river corridor (72-2008), in which case the application must
20 be recommended by the Niobrara Council. Within this category,

21 the commission or council may not require that conservation
22 easements provide public access, but applications must list public
23 benefits expected to result from the easement, including, but not
24 limited to, water quality protection, flood protection, ecotourism
25 opportunities, public access for hunting, fishing, and ecotourism,
26 and critical habitat preservation;

27 (b) The taxpayer shall file with the Department of
1 Revenue, at the same time as the taxpayer files a return for the
2 taxable year in which the income tax credit is claimed, a certified
3 copy of the approved application with the value of the conservation
4 easement as approved by the Department of Natural Resources;

5 (c) The perpetual conservation easement shall, at a
6 minimum:

7 (i) Preclude any pumping of ground water except for (A)
8 domestic purposes, (B) stock well purposes, and (C) restoration of
9 wetlands. For easements in areas described in subdivision (2)(a)(i)
10 of this section, the easement may permit pumping of water during
11 any period when the Department of Natural Resources determines
12 there is not a water quantity shortage;

13 (ii) For easements in areas described in subdivisions
14 (2)(a)(ii) of this section, prohibit new commercial, industrial,
15 and residential development, or other uses that result in the
16 destruction of wildlife habitat, native plant communities, historic
17 sites, or other conservation values identified in the easement.
18 This subdivision shall not be construed to prohibit hunting,
19 fishing, ecotourism, or removal of invasive species or noxious
20 weeds; and

21 (iii) Be in perpetuity;

22 (d) The perpetual conservation easement shall be filed
23 with the office of the register of deeds of each county in which
24 real property subject to the easement is located; and

25 (e) The holder of the perpetual conservation easement
26 shall have a monitoring program to ensure that the terms of the
27 easement are followed. If the holder is a charitable organization
1 that has designated a governmental agency as a successor holder,
2 annual monitoring reports shall be provided to that agency.

3 (3) The Department of Natural Resources shall review
4 applications for any year and approve qualifying conservation
5 easements by November 1. The department shall not approve
6 applications for tax credits which would total more than five
7 million dollars for any one year. If qualified applications would
8 result in tax credits totaling more than five million dollars in
9 the year, the department shall prioritize qualifying applications
10 based on criteria developed by the department that maximize the
11 amount of water conserved or unique landscapes protected from
12 development and shall only approve qualifying applications totaling
13 five million dollars or less in tax credits for that year.

14 (4) Upon approval, the department shall send to the
15 applicant a certified copy of the approved application with the

16 approved value of the conservation easement for purposes of the tax
17 credit.

18 (5) The income tax credit shall be an amount equal to
19 fifteen percent of the appraised value of the donated portion
20 of the perpetual conservation easement, not to exceed two
21 hundred fifty thousand dollars. In the case of a partnership,
22 subchapter S corporation, or other similar pass-through entity
23 that donates a perpetual conservation easement as an entity, the
24 two-hundred-fifty-thousand-dollar limitation shall be calculated at
25 the entity level and the credit shall be allocated to the entity's
26 partners, members, or shareholders in proportion to the partners',
27 members', or shareholders' distributive shares of income from the
1 entity.

2 (6) A taxpayer may claim the income tax credit under this
3 section on only one conservation easement per taxable year.

4 (7) On or before January 1, 2009, and each January
5 1 thereafter, the Department of Revenue shall issue a report
6 to the Legislature and Governor detailing the use of income
7 tax credits under this section. A portion of the report shall
8 show perpetual conservation easements and income tax credits by
9 natural resources district, the number of acres protected, the
10 conservation values that were preserved, and the public benefits
11 that resulted from these easements. The Department of Natural
12 Resources and Game and Parks Commission shall assist the Department
13 of Revenue with this portion of the report. The report shall be
14 presented using aggregated information and other techniques so as
15 not to reveal confidential information that allows identification
16 of any taxpayer. The report shall not be issued until the Tax
17 Commissioner has confirmed in writing that the report does not
18 reveal any confidential information that allows identification of
19 any taxpayer.

20 (8) No new applications shall be accepted for tax credits
21 after December 31, 2012.

LEGISLATIVE BILL 246. Placed on General File - Com AM800.
AM800

- 1 1. Strike the original sections and insert the following
- 2 new sections:
- 3 Section 1. The Legislature finds and declares that it is
- 4 in the public interest to facilitate organ and tissue donations
- 5 pursuant to the Uniform Anatomical Gift Act and thereby to increase
- 6 the availability of organs and tissues for medical transplantation.
- 7 To accomplish these purposes, the following constitutes the
- 8 procedure to facilitate the recovery of organs and tissues from
- 9 donors under the jurisdiction of a coroner within a time period
- 10 compatible with the preservation of such organ or tissue for the
- 11 purpose of transplantation.
- 12 Sec. 2. For purposes of sections 1 to 8 of this act:
- 13 (1) Coroner means a coroner or his or her designated
- 14 representative;
- 15 (2) Decedent means an individual with respect to whom a
- 16 determination of death has been made pursuant to section 71-7202;
- 17 (3) Donor means a decedent (a) who is a donor of all
- 18 or part of his or her body pursuant to subsection (1) of section
- 19 71-4802 or (b) for whom an anatomical gift has been made pursuant
- 20 to subsection (2) of section 71-4802; and
- 21 (4) Preliminary investigation means an inquiry into
- 22 whether any organs or tissues are necessary to determine the
- 23 proximate cause or means of death.
- 1 Sec. 3. (1) A coroner shall conduct a preliminary
- 2 investigation of a decedent within the coroner's jurisdiction as
- 3 soon as possible after notification by the hospital in which such
- 4 decedent is located or the hospital to which such decedent is being
- 5 transported. The coroner may designate the coroner's physician or
- 6 another physician to conduct the preliminary investigation.

7 (2) The preliminary investigation shall be completed
8 within a time period that is compatible with the preservation and
9 recovery of organs or tissues for the purpose of transplantation.

10 (3) The coroner may request and shall have access to
11 all necessary information including copies of medical records,
12 laboratory test results, X-rays, and other diagnostic results. The
13 information shall be provided as expeditiously as possible, through
14 reasonable means, to permit the preliminary investigation to be
15 completed within a time period compatible with the preservation and
16 recovery of organs or tissues for the purpose of transplantation.

17 (4) Upon completion of the preliminary investigation, the
18 coroner shall release all organs or tissues which have been donated
19 or may yet be donated pursuant to the Uniform Anatomical Gift Act
20 except those that the coroner reasonably believes contain evidence
21 of the proximate cause or means of death. If the coroner reasonably
22 believes that a specific organ or tissue contains evidence of the
23 proximate cause or means of death and the organ or tissue is
24 otherwise subject to recovery as a donated organ or tissue pursuant
25 to the Uniform Anatomical Gift Act, the coroner or his or her
26 designee shall be present for the removal procedure (a) to make
27 a final determination that allows the recovery of the organs and
1 tissues to proceed, (b) to request a biopsy, or (c) to deny removal
2 of such organ or tissue if the coroner determines such organ or
3 tissue contains evidence of the proximate cause or means of death.
4 After a preliminary investigation is completed under this section,
5 all organs or tissues compatible for transplantation, except any
6 organs or tissues for which the coroner has denied recovery, may be
7 recovered pursuant to the Uniform Anatomical Gift Act.

8 Sec. 4. If the coroner, coroner's physician, or
9 other physician designated by the coroner fails to complete
10 the preliminary investigation required under section 3 of
11 this act, or if the coroner fails to designate the coroner's
12 physician or another physician to conduct and complete the
13 preliminary investigation, within a time period compatible with
14 the preservation of the organs and tissues for the purpose
15 of transplantation, or if the coroner declines to conduct the
16 preliminary investigation, any organ or tissue that is compatible
17 for transplantation may be recovered pursuant to the Uniform
18 Anatomical Gift Act as though the donor was not within the
19 coroner's jurisdiction.

20 Sec. 5. If the coroner denies recovery of an organ or
21 tissue, the coroner shall state in a written report the reasons
22 such recovery was denied and provide the report within ten days
23 to the federally designated organ procurement organization in
24 Nebraska.

25 Sec. 6. (1) If the coroner releases any organ or tissue
26 for recovery, he or she may request that a blood sample, a sample
27 of catheterized urine, a sample of bile if the liver is recovered
1 for the purpose of transplantation, a biopsy specimen in fixative

2 of the organ or tissue procured, and copies of any photographs,
 3 pictures, or other diagrams of the organ or tissue made at the time
 4 of recovery be delivered to the coroner.

5 (2) A coroner shall have access to medical records,
 6 pathology reports, and the body of the donor following the recovery
 7 of any organ or tissue allowed under section 3 or 4 of this act.

8 Sec. 7. Any physician or designated recovery personnel
 9 authorized by the federally designated organ procurement
 10 organization in Nebraska to recover any organ or tissue pursuant
 11 to section 3 or 4 of this act shall provide to the coroner a
 12 report detailing the recovery of such organ or tissue and any
 13 known relationship to the proximate cause or means of death.
 14 If appropriate, such report shall include a biopsy or medically
 15 approved sample from the recovered organ or tissue and the results
 16 of any diagnostic testing performed upon the recovered organ or
 17 tissue. Such report shall become part of the coroner's or coroner's
 18 physician's report.

19 Sec. 8. Any coroner, coroner's designee, coroner's
 20 physician or his or her designee, facility at which an organ or
 21 tissue recovery took place pursuant to sections 1 to 8 of this
 22 act, authorized recovery personnel, or other person who acts in
 23 good faith in compliance with sections 1 to 8 of this act shall be
 24 immune from criminal liability for recovery of any organ or tissue.

5 Sec. 2. It is the intent of the Legislature that the
 6 Probation and Parole Services Study Act create a multi-branch
 7 commission, known as the Probation and Parole Services Study
 8 Commission, to undertake an in-depth analysis of the state's adult
 9 and juvenile probation systems and services and the parole system

7 authority for parole officers to supervise probationers;

8 (4) Laws 2003, LB 46, provided for the establishment
9 of community-based programs, services, and facilities for both
10 probationers and parolees. Access to and participation in program
11 services and facilities are shared by probationers and parolees.
12 Probation officers and parole officers are assigned supervision of
13 probationers and parolees that concurrently access and participate
14 in community-based programs and services;

15 (5) It is appropriate for a multi-branch commission
16 to study the effectiveness, efficiency, and responsiveness of
17 Nebraska's current administrative assignment of probation and
18 parole service delivery.

19 Sec. 4. The Probation and Parole Services Study
20 Commission shall:

ATTORNEY GENERAL'S OPINIONOpinion 07008

DATE: April 4, 2007

SUBJECT: Continued validity of Op. Att'y Gen. No. 93009 (February 19, 1993); Constitutionality of "fair share" payments by non-union employees under art. XV, § 13 of the Nebraska Constitution.

REQUESTED BY: Senator Mick Mines
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General

In our Op. Att'y Gen. No. 93009 (February 19, 1993), we considered the constitutionality of LB 255, a bill which would have required non-union employees in a bargaining unit covered by a collective bargaining agreement to pay fees to the labor organization representing those non-union employees in collective bargaining. The amounts to be paid by non-union employees under LB 255 represented the "fair share" for those employees of the costs of union representation, and the "fair share" amounts at issue represented the proportionate share of the costs borne by the labor organization in representing non-members. If any non-union employee refused to pay the labor organization the "fair share" amount, LB 255 allowed the union to file suit against that employee for payment of the "fair share," attorneys fees and court costs. We ultimately concluded in Opinion No. 93009 that the "fair share" provisions of LB 255 were "constitutionally suspect under Article XV, Section 13 of the Nebraska Constitution." Opinion No. 93009 at 4. That constitutional provision is Nebraska's Right to Work law.

A bill currently under consideration by the Legislature, LB 57, is similar in many respects to LB 255 which we discussed in Opinion No. 93009. Therefore, you have asked us whether the analysis set out in Opinion No. 93009 "is still valid today."

We have reviewed Opinion No. 93009 and the various authorities cited therein. Our supplemental research indicates that the analysis set out in Opinion No. 93009 remains valid, and indeed, there is more recent case authority which supports that analysis. For example, in *American Federation of State, County and Municipal Employees, AFL-CIO v. City of Phoenix*, 213 Ariz. 358, 142 P.3d 234 (Ariz. Ct. App. 2006), Review Denied January 9, 2007, the Arizona Court of Appeals considered whether a union's proposed mandatory "fair share" contribution by non-union employees violated an Arizona state constitutional provision similar to art. XV, § 13 of the Nebraska Constitution. The court ultimately concluded that the "fair

share" provision violated the Arizona Constitution, and stated:

Further, we conclude that it is irrelevant whether the fee is for the full amount of union dues or a portion thereof; it is the imposition of a mandatory contribution, or "fair share" service fee, that is impermissible. In its September 2, 2004 minute entry, the superior court recognized that point, when it reasoned "that it is the compulsion and not the amount which is determinative." The clear intent of the electorate of Arizona in enacting Article 25 of the Arizona Constitution and Arizona's "right to work" laws was to ensure the freedom of workers to choose whether to join and participate in a union. Allowing the proposed "fair share" fee would be contrary to the intent voiced by Arizona citizens because it would essentially render meaningless the distinction between union membership and non-membership. Non-members would be forced to contribute to, and thus support, the Union, albeit in an amount slightly less than full union dues. Consequently, the proposed "fair share" fee would, in its practical effect to non-union employees, be little different than mandatory membership dues. Such a "fair share" fee is no less onerous to freedom of employment than a compulsory arrangement requiring the payment of full union dues. It is clear that the populace, through constitutional amendment and legislation, intended to forbid both management and labor from imposing, as a condition of employment, the requirement that any person participate in any form or design of union membership.

142 P.3d at 242, 243 (citations omitted) (emphasis in original). The purpose of Article 25 of the Arizona Constitution as described by the Arizona Court of Appeals appears quite similar to the purpose of art. XV, § 13 of the Nebraska Constitution, which we have described as "to prohibit compulsory unionism and to allow an individual employee to choose whether 'to join or affiliate' with a labor organization." 1979-80 Rep. Att'y Gen. 82, 83 (Opinion No. 55, dated March 13, 1979).

Therefore, we believe that the analysis set out in Opinion No. 93009 is still valid. To the extent that the provisions of LB 57 are the same as or similar to those of LB 255 from 1993, it appears to us that those provisions are constitutionally suspect for the reasons set out in Opinion No. 93009.

Sincerely,
JON BRUNING
Attorney General

MESSAGES FROM THE GOVERNOR

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President and Members of the Legislature:

I am returning LB 106 without my signature and with my objections.

LB 106 divides current tobacco products into those defined as smoking tobacco and those defined as tobacco products. The tax on tobacco products is changed from an ad valorem method to a weight-based method at the rate of \$1.05 per ounce.

As advanced by the Revenue Committee, LB 106 would have provided for the equitable treatment of tobacco products. I could have supported the bill in that form. However, in its final form, LB 106 has now become an unnecessary tax increase.

In my view, this bill is a tax increase not based on sound public policy but rather on a desire to increase the tax on tobacco products. Further consideration should be given as to how such a dramatic increase in the tax affects the ultimate consumer.

For these reasons, I urge you to sustain my veto of the legislation.

Sincerely,
(Signed) Dave Heineman
Governor

16 for the benefit of the district. For the payment of such bonds
17 or refunding bonds, the district may pledge one or more permitted
18 payment sources.

19 Sec. 7. The board of a district issuing bonds pursuant to
20 section 6 of this act may agree to pay fees to fiscal agents in
21 connection with the placement of bonds of the district. Such bonds
22 shall be subject to the same terms and conditions as provided by
23 section 2-3254.07 for improvement area bonds and such other terms
24 and conditions as the board determines appropriate.

25 Sec. 8. The proceeds of bonds issued pursuant to section
26 6 of this act shall only be used to pay or refinance the costs
27 of: (1) Acquisition and ownership of water rights in accordance
1 with Chapter 46, article 6, pertaining to groundwater, and Chapter
2 46, article 2, pertaining to surface water, including storage
3 water rights with respect to a river or any of its tributaries;
4 (2) acquisition by purchase or lease or the administration and
5 management, pursuant to mutual agreement, of canals and other
6 works, including reservoirs, constructed for irrigation from a
7 river or any of its tributaries; (3) vegetation management,
8 including but not limited to, the removal of invasive species
9 in or near a river or any of its tributaries; and (4) the

11 Sec. 9. (1) The district may levy an occupation tax
12 upon the activity of irrigation of agricultural lands within

16 this act for one or more projects under section 8 of this act.

17 (2) Acres classified by the county assessor as irrigated
18 shall be subject to such district's occupation tax unless, on or

23 long as the district has bonds outstanding which have been issued
24 stating such occupation tax as an available source for payment.

25 (4) Such occupation taxes shall be collected and
26 accounted for by the county treasurer at the same time as general
27 real estate taxes, and such occupation taxes shall be and remain a
1 perpetual lien against such real estate until paid.

2 (5) Such lien shall be inferior only to general taxes
3 levied by political subdivisions of the state. When such occupation
4 taxes have become delinquent and the real property on which the
5 irrigation took place has not been offered at any tax sale, the
6 district may proceed in district court in the county in which the
7 real estate is situated to foreclose in its own name the lien
8 in the same manner and with like effect as a foreclosure of a
9 real estate mortgage, except that sections 77-1903 to 77-1917 shall
10 govern when applicable.

11 Sec. 10. Section 2-3225, Revised Statutes Cumulative

17 authorized pursuant to section 77-3444.

18 (b) Each district shall also have the power and authority
19 to levy a tax equal to the dollar amount by which its restricted
20 funds budgeted to administer and implement ground water management

23 funds budgeted to administer and implement ground water management
24 activities and integrated management activities for FY2003-04, not
25 to exceed one cent on each one hundred dollars of taxable valuation
26 annually on all of the taxable property within the district.

27 (c) In addition to the power and authority granted in
1 subdivisions (1)(a) and (b) of this section, each district located
2 in a river basin, subbasin, or reach that has been determined

5 Natural Resources shall also have the power and authority to
6 levy a tax equal to the dollar amount by which its restricted

 19 subdivisions (a) through (c) of this subsection, a district with
 20 jurisdiction that includes a river subject to an interstate compact
 21 among three or more states and that also includes one or more
 22 irrigation districts within the compact river basin may annually
 23 levy a tax not to exceed ten cents per one hundred dollars of
 24 taxable valuation of all taxable property in the district for
 25 the payment of principal and interest on bonds and refunding
 26 bonds issued pursuant to section 6 of this act. Such levy is
 27 not includable in the computation of other limitations upon the
 1 district's tax levy.

2 (2) The proceeds of such tax shall be used, together with
 3 any other funds which the district may receive from any source, for
 4 the operation of the district. When adopted by the board, the levy
 5 shall be certified by the secretary to the county clerk of each
 6 county which in whole or in part is included within the district.
 7 Such levy shall be handled by the counties in the same manner
 8 as other levies, and proceeds shall be remitted to the district
 9 treasurer. Such levy shall not be considered a part of the general
 10 county levy and shall not be considered in connection with any
 11 limitation on levies of such counties.

2 of forty-five cents per one hundred dollars of taxable valuation
3 of property subject to the levy plus an additional five cents per

5 (9) Municipal counties may levy or authorize a maximum
6 levy of one dollar per one hundred dollars of taxable valuation

26 or authorized by sections 77-3442 to 77-3444.

27 (12) Tax levies in excess of the limitations in this
1 section shall be considered unauthorized levies under section

RESOLUTION

LEGISLATIVE RESOLUTION 74. Introduced by Hudkins, 21.

PURPOSE: Funding for the public K-12 educational system is an ongoing issue for the Legislature. For more than a decade, the Legislature has consistently started the process of funding our educational school system by first looking at the ability of a local school system to fund its needs from property tax revenue. The state has then provided funding through a state aid to education formula that attempts to fund each school district in proportion to the district's needs that are unmet by property tax revenue. In 2007, LB 241 would have deemed teachers employed by K-12 school districts to be state employees for purposes of compensation. The amount of funding necessary to implement this policy decision is uncertain and how such action would impact the budget of the State of Nebraska and the amount of further equalization funding that would be necessary are issues that need to be understood in order for the Legislature to seriously consider implementation of such a policy.

In Article VII, section 1, the Nebraska Constitution of Nebraska states "The Legislature shall provide for the free instruction in the common schools of this state of all persons between the ages of five and twenty-one years." How the Legislature will fund this requirement of the state constitution is of utmost importance to the property taxpayers of this state. Financial support of education makes the heaviest demand on the amount of revenue raised through the property tax system. Finding a new method of appropriating the necessary funds for the support of the K-12 educational system is the most paramount issue to be resolved in order to provide meaningful property tax relief.

The Appropriations Committee shall conduct an interim study to analyze the fiscal impact of making K-12 public school teachers employees of the State of Nebraska. The study should cover the following issues:

1. What would be the fiscal impact on the state budget to finance the compensation packages of K-12 public school teachers?
2. What could be the impact on the current state aid to education formula?
3. Are there any constitutional hurdles that would impede the enactment of the necessary statutes to make the K-12 public school teachers state employees?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

SELECT FILE

LEGISLATIVE BILL 701. ER8070, printed separately and referred to on page 1181, was adopted.

Senator Flood asked unanimous consent to withdraw his amendment, AM999, found on page 1176, and replace it with his substitute amendment, AM1073. No objections. So ordered.
AM1073

(Amendments to E & R amendments, ER8070)

- 1 1. Insert the following section:
- 2 Sec. 21. Section 46-702, Reissue Revised Statutes of
- 3 Nebraska, is amended to read:
- 4 46-702 The Legislature finds that ownership of water is
- 5 held by the state for the benefit of its citizens, that ground
- 6 water is one of the most valuable natural resources in the state,
- 7 and that an adequate supply of ground water is essential to the
- 8 general welfare of the citizens of this state and to the present
- 9 and future development of agriculture in the state. The Legislature
- 10 recognizes its duty to define broad policy goals concerning the
- 11 utilization and management of ground water and to ensure local
- 12 implementation of those goals. The Legislature also finds that
- 13 natural resources districts have the legal authority to regulate
- 14 certain activities and, except as otherwise specifically provided
- 15 by statute, as local entities are the preferred regulators of
- 16 activities which may contribute to ground water depletion.
- 17 Every landowner shall be entitled to a reasonable and
- 18 beneficial use of the ground water underlying his or her land
- 19 subject to the provisions of Chapter 46, article 6, and the
- 20 Nebraska Ground Water Management and Protection Act and the
- 21 correlative rights of other landowners when the ground water
- 22 supply is insufficient for all users. The Legislature determines
- 1 that the goal shall be to extend ground water reservoir life to the
- 2 greatest extent practicable consistent with beneficial use of the
- 3 ground water and best management practices.
- 4 The Legislature further recognizes and declares that the
- 5 management, protection, and conservation of ground water and the
- 6 beneficial use thereof are essential to the economic prosperity
- 7 and future well-being of the state and that the public interest
- 8 demands procedures for the implementation of management practices

9 to conserve and protect ground water supplies and to prevent
 10 the contamination or inefficient or improper use thereof. The
 11 Legislature recognizes the need to provide for orderly management
 12 systems in areas where management of ground water is necessary to
 13 achieve locally determined ground water management objectives and
 14 where available data, evidence, or other information indicates
 15 that present or potential ground water conditions, including
 16 subirrigation conditions, require the designation of areas with
 17 special regulation of development and use.

18 The Legislature finds that given the impact of extended
 19 drought on areas of the state, the economic prosperity and
 20 future well-being of the state is advanced by providing economic
 21 assistance in the form of providing bonding authority for certain
 22 natural resources districts as defined in section 6 of this act
 23 and in the creation of the Water Resources Cash Fund to alleviate
 24 the adverse economic impact of regulatory decisions necessary
 25 for management, protection, and conservation of limited water
 26 resources. The Legislature specifically finds that, consistent with
 27 the public ownership of water held by the state for the benefit of
 1 its citizens, any action by the Legislature, or through authority
 2 conferred by it to any agency or political subdivision, to provide
 3 economic assistance does not establish any precedent that the
 4 Legislature in sections 6 and 23 of this act or in the future
 5 must or should purchase water or compensate for any economic impact
 6 resulting from regulation necessary pursuant to the terms of this
 7 legislative bill.

LEGISLATIVE BILL 674. ER8074, found on page 1199, was adopted.

Senator Mines offered the following amendment:

AM1045

(Amendments to Standing Committee amendments, AM805)

1 1. Strike section 2 and insert the following new

2 sections:

3 Section 1. Sections 1 to 15 of this act shall be known

4 and may be cited as the Credit Report Protection Act.

5 Sec. 2. For purposes of the Credit Report Protection Act:

6 (1) Consumer reporting agency means any person which,
 7 for monetary fees, for dues, or on a cooperative nonprofit basis,
 8 regularly engages in whole or in part in the practice of assembling
 9 or evaluating consumer credit information or other information on
 10 consumers for the purpose of furnishing consumer reports to third
 11 parties and which uses any means or facility of interstate commerce
 12 for the purpose of preparing or furnishing consumer reports;

13 (2) File, when used in connection with information on any
 14 consumer, means all of the information on that consumer recorded
 15 and retained by a consumer reporting agency regardless of how the
 16 information is stored;

17 (3) Security freeze means a notice placed in a consumer's
 18 file as provided in section 3 of this act that prohibits the
 19 consumer reporting agency from releasing a credit report, or any
 20 other information derived from the file, in connection with the
 21 extension of credit or the opening of a new account, without the
 22 express authorization of the consumer; and

1 (4) Victim of identity theft means a consumer who has a
 2 copy of an official police report evidencing that the consumer has
 3 alleged to be a victim of identity theft.

4 Sec. 3. A consumer, including a minor at the request of a
 5 parent or custodial parent or guardian if appointed, may elect to
 6 place a security freeze on his or her file by making a request by
 7 certified mail to the consumer reporting agency.

8 Sec. 4. If a security freeze is in place with respect to
 9 a consumer's file, the consumer reporting agency shall not release
 10 a credit report or any other information derived from the file
 11 to a third party without the prior express authorization of the
 12 consumer. This section does not prevent a consumer reporting agency
 13 from advising a third party that a security freeze is in effect
 14 with respect to a consumer's file.

15 Sec. 5. (1) A consumer reporting agency shall place a
 16 security freeze on a file no later than three business days after
 17 receiving a request by certified mail.

18 (2) Until July 1, 2008, a consumer reporting agency
19 shall, within ten business days after receiving a request, send a
20 written confirmation of the security freeze to the consumer and
21 provide the consumer with a unique personal identification number
22 or password to be used by the consumer when providing authorization
23 for the release of a credit report or any other information derived
24 from his or her file for a specified period of time. Beginning July
25 1, 2008, a consumer reporting agency shall send such confirmation
26 and provide such identification number or password to the consumer
27 within five business days after receiving a request.

1 Sec. 6. (1) When a consumer requests a security freeze,
2 the consumer reporting agency shall disclose the process of placing
3 and temporarily lifting the security freeze, including the process
4 for allowing access to his or her credit report or any other
5 information derived from his or her file for a specified period of
6 time by temporarily lifting the security freeze.

7 (2) If a consumer wishes to allow his or her credit
8 report or any other information derived from his or her file to be
9 accessed for a specified period of time by temporarily lifting the
10 security freeze, the consumer shall contact the consumer reporting
11 agency, request that the freeze be temporarily lifted, and provide
12 the following:

13 (a) Proper identification, which means that information
14 generally deemed sufficient to identify a person. Only if the
15 consumer is unable to provide sufficiently self-identifying
16 information may a consumer reporting agency require additional
17 information concerning the consumer's employment and personal or
18 family history in order to verify the consumer's identity;

19 (b) The unique personal identification number or password
20 provided by the consumer reporting agency under section 5 of this
21 act; and

22 (c) The proper information regarding the specified time
23 period.

24 (3)(a) Until January 1, 2009, a consumer reporting agency
25 that receives a request from a consumer to temporarily lift a
26 security freeze on his or her file shall comply with the request no
27 later than three business days after receiving the request.

1 (b) A consumer reporting agency shall develop procedures
2 involving the use of a telephone, the Internet, or other electronic
3 media to receive and process a request from a consumer to
4 temporarily lift a security freeze on his or her file in an
5 expedited manner. By January 1, 2009, a consumer reporting agency
6 shall comply with a request to temporarily lift a security freeze
7 within fifteen minutes after receiving such request by telephone or
8 through a secure electronic method.

9 (4) A consumer reporting agency is not required to
10 temporarily lift a security freeze within the time provided in
11 subsection (3) of this section if:

12 (a) The consumer fails to meet the requirements of

13 subsection (2) of this section; or

14 (b) The consumer reporting agency's ability to
15 temporarily lift the security freeze within the time provided in
16 subsection (3) of this section is prevented by:

17 (i) An act of God, including fire, earthquake, hurricane,
18 storm, or similar natural disaster or phenomena;

19 (ii) An unauthorized or illegal act by a third party,
20 including terrorism, sabotage, riot, vandalism, labor strike or
21 dispute disrupting operations, or similar occurrence;

22 (iii) Operational interruption, including electrical
23 failure, unanticipated delay in equipment or replacement part
24 delivery, computer hardware or software failure inhibiting response
25 time, or similar disruption;

26 (iv) Governmental action, including an emergency order
27 or regulation, judicial or law enforcement action, or similar
1 directive;

2 (v) Regularly scheduled maintenance, during other than
3 normal business hours, of the consumer reporting agency's system or
4 updates to such system;

5 (vi) Commercially reasonable maintenance of, or repair
6 to, the consumer reporting agency's system that is unexpected or
7 unscheduled; or

8 (vii) Receipt of a removal request outside of normal
9 business hours.

10 For purposes of this subsection, normal business hours
11 means Sunday through Saturday, between the hours of 6:00 a.m. and
12 9:30 p.m., in the applicable time zone in this state.

13 Sec. 7. (1) A security freeze shall remain in place
14 until the consumer requests that the security freeze be removed
15 or temporarily lifted. A consumer reporting agency shall remove
16 or temporarily lift a security freeze only in the following
17 circumstances:

18 (a) Upon request by the consumer under section 6 or 8 of
19 this act; or

20 (b) When the file was placed on hold due to a material
21 misrepresentation of fact by the consumer.

22 (2) When a consumer reporting agency intends to release
23 a hold on a file under subdivision (1)(b) of this section, the
24 consumer reporting agency shall notify the consumer in writing
25 three business days prior to releasing the hold on the file.

26 Sec. 8. A consumer reporting agency shall remove a
27 security freeze within three business days after receiving a
1 request for removal from the consumer who provides both of the
2 following:

3 (1) Proper identification as specified in subdivision
4 (2)(a) of section 6 of this act; and

5 (2) The unique personal identification number or password
6 referred to in subdivision (2)(b) of section 6 of this act.

7 Sec. 9. (1) A consumer reporting agency may charge a fee

8 of five dollars for placing, temporarily lifting, or removing a
9 security freeze unless:

10 (a) The consumer is a minor; or

11 (b)(i) The consumer is a victim of identity theft; and

12 (ii) The consumer provides the consumer reporting agency
13 with a copy of an official police report documenting the identity
14 theft.

15 (2) A consumer reporting agency shall reissue the same
16 or a new personal identification number or password required under
17 section 5 of this act one time without charge and may charge a
18 fee of no more than five dollars for subsequent reissuance of the
19 personal identification number or password.

20 Sec. 10. If a security freeze is in place, a consumer
21 reporting agency may not change any of the following official
22 information in a file without sending a written confirmation
23 of the change to the consumer within thirty days after the
24 change is made: Name, date of birth, social security number, and
25 address. In the case of an address change, the written confirmation
26 shall be sent to both the new address and the former address.
27 Written confirmation is not required for technical modifications
1 of a consumer's official information, including name and street
2 abbreviations, complete spellings, or transposition of numbers or
3 letters.

4 Sec. 11. (1) A consumer reporting agency may not suggest
5 or otherwise state or imply to a third party that a security freeze
6 on a consumer's file reflects a negative credit score, history,
7 report, or rating.

8 (2) If a third party requests access to a credit report
9 or any other information derived from a file in connection with
10 an application for credit or the opening of an account and the
11 consumer has placed a security freeze on his or her file and does
12 not allow his or her file to be accessed during that specified
13 period of time, the third party may treat the application as
14 incomplete.

15 Sec. 12. The Credit Report Protection Act does not
16 prohibit a consumer reporting agency from furnishing to a
17 governmental agency a consumer's name, address, former address,
18 place of employment, or former place of employment.

19 Sec. 13. The Credit Report Protection Act does not apply
20 to the use of a credit report or any information derived from the
21 file by any of the following:

22 (1) A person or entity, a subsidiary, affiliate, or agent
23 of that person or entity, an assignee of a financial obligation
24 owing by the consumer to that person or entity, or a prospective
25 assignee of a financial obligation owing by the consumer to that
26 person or entity in conjunction with the proposed purchase of the
27 financial obligation, with which the consumer has or had prior
1 to assignment an account or contract, including a demand deposit
2 account, or to whom the consumer issued a negotiable instrument,

3 for the purposes of reviewing the account or collecting the
4 financial obligation owing for the account, contract, or negotiable
5 instrument. For purposes of this subdivision, reviewing the account
6 includes activities related to account maintenance, monitoring,
7 credit line increases, and account upgrades and enhancements;

8 (2) A subsidiary, affiliate, agent, assignee, or
9 prospective assignee of a person to whom access has been granted
10 under section 6 of this act for purposes of facilitating the
11 extension of credit or other permissible use;

12 (3) Any federal, state, or local governmental entity,
13 including, but not limited to, a law enforcement agency, a court,
14 or an agent or assign of a law enforcement agency or court;

15 (4) A private collection agency acting under a court
16 order, warrant, or subpoena;

17 (5) Any person or entity for the purposes of prescreening
18 as provided for by the federal Fair Credit Reporting Act, 15 U.S.C.
19 1681, as such act existed on the effective date of this act;

20 (6) Any person or entity administering a credit
21 file monitoring subscription service to which the consumer has
22 subscribed;

23 (7) Any person or entity for the purpose of providing
24 a consumer with a copy of the consumer's credit report or any
25 other information derived from his or her file upon the consumer's
26 request; and

27 (8) Any person or entity for use in setting or adjusting
1 a rate, adjusting a claim, or underwriting for insurance purposes.

2 Sec. 14. The following entities are not consumer
3 reporting agencies for purposes of the Credit Report Protection Act
4 and are not required to place a security freeze on a file under
5 section 3 of this act:

9 electronic funds transfers, or similar methods of payment;

10 (2) A deposit account information service company that
11 issues reports regarding account closures due to fraud, substantial
12 overdrafts, automatic teller machine abuse, or similar negative
13 information regarding a consumer, to inquiring banks or other
14 financial institutions for use only in reviewing a consumer
15 request for a deposit account at the inquiring bank or financial
16 institution; and

17 (3) A consumer reporting agency that acts only as
18 a reseller of credit information by assembling and merging
19 information contained in the data base of another consumer
20 reporting agency, or multiple consumer reporting agencies, and
21 does not maintain a permanent data base of credit information
22 from which new credit reports are produced. A consumer reporting

April 25, 2007

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President and Members of the Legislature:

I am returning LB 415 & LB 415A without my signature and with my objections.

LB 415 would expand the restrictions already placed on young drivers to include, among other new requirements, a prohibition on the use of interactive wireless communication devices and a limit on the number of unrelated underage passengers that may travel with certain young drivers who possess a provisional operator's permit. The bill limits enforcement of the new restrictions by classifying them as secondary offenses.

I respect the intent of Senator Harms and others to protect both young drivers and the traveling public in general. While I share the safety concerns of the bill's proponents, I am fundamentally opposed to the approach used to address the issues presented in LB 415. I believe the bill substitutes the wisdom, judgment, and responsibility of parents with that of state government. Parents are best situated to judge the maturity and responsibility of their children and are best able to establish rules regarding their children's driving.

Furthermore, I believe it is unfair to place driving restrictions, such as the interactive wireless communication device prohibition, solely on young drivers when it is clear that the danger the restriction addresses, in this case distracted drivers, exists for all drivers. Distracted drivers of all ages present a challenge to highway safety, but it is a problem that should be addressed by personal responsibility, not by legislation.

I am also concerned that the six month passenger restriction on provisional operators may lead, unintentionally, to additional hardships on Nebraska families. The restriction is overly broad and does not take into account the realities of life in Nebraska. While the passenger restriction has an exception for immediate family members, it does not provide an exemption for cousins, neighbors, or others who may rely on the provisional operator to transport their children to school, work, community activities, or church.

Finally, the LB 415 restrictions appear to be problematic for consistent enforcement. Secondary offenses can only be enforced when the offense occurs concurrent with a primary offense. Enforcement of secondary offenses for intermittent activities, such as cell phone use, when limited to a specific class of individuals, in this case teen drivers, is exceedingly difficult.

For these reasons, I urge you to sustain my vetoes of LB 415 and LB 415A.

Sincerely,
(Signed) Dave Heineman
Governor

RESOLUTIONS

LEGISLATIVE RESOLUTION 89. Introduced by Pahls, 31.

PURPOSE: To study how discarded televisions and their components could be recycled rather than discarded in landfills. With the advent of high definition televisions (HDTV), flat screen and flat panel display televisions, laser televisions, liquid crystal display (LCD) televisions, plasma display televisions, and any other types of television sets in production or soon to be developed or released, thousands of televisions that were developed and sold prior to the advent of the new televisions will be discarded in the next few years. The Natural Resources Committee shall determine if the state or local governments could facilitate recycling of older televisions. The committee may also study how the newer television sets and their components could be recycled when they are discarded or become obsolete.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 90. Introduced by Pahls, 31.

PURPOSE: To direct the Transportation and Telecommunications Committee of the Legislature to study the requirements to license, register, purchase plates, verify proof of insurance, tax, and assess fees on motor vehicles. Under current law and rules it takes several days and several steps for a person who purchases a new or used motor vehicle, regardless of whether the purchaser has traded a vehicle in consideration of the purchase, to purchase, verify proof of insurance, license, register, purchase plates, and pay taxes and fees. Some states allow motor vehicle dealers to act as agents to allow one-stop shopping to purchase, verify proof of insurance, license, register, purchase plates, and pay taxes and fees on a motor vehicle.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 91. Introduced by Pahls, 31.

PURPOSE: Though the Legislature has considered legislation to address the crime of identity theft, the purpose of this resolution is to determine if more can be done through legislation to effectively protect citizens from becoming victims of this crime.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion 07010

DATE: April 26, 2007

SUBJECT: Constitutionality of AM 826 to LB 658 Relating to the Reestablishment of Class I School Districts

REQUESTED BY: Senator Ron Raikes
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General
Leslie S. Donley, Assistant Attorney General

You have requested our formal opinion on the constitutionality of legislation that would reestablish the former Class I school districts in Nebraska. In your opinion request letter, you suggest that legislation which applies only to the former Class I districts would create a "closed class," in violation of the Nebraska Constitution. From discussions with your staff, we understand that you wish us to limit our analysis as to whether certain provisions of AM 826 to LB 658, an amendment introduced by Senator Dierks, create a closed class. Our response to your inquiry is set forth below.

I. BACKGROUND

On June 3, 2005, the Nebraska Legislature passed Legislative Bill 126 over the Governor's veto. Among other provisions, LB 126 required the State Committee for the Reorganization of School Districts ("State Committee") to issue orders, on or before December 1, 2005, dissolving all Class I school

districts and attaching the territory of each Class I school district to one or more Class II, III, IV, and VI school districts. The effective date for such dissolution orders was June 15, 2006. LB 126 also required the State Committee, on or before December 1, 2005, to issue orders reclassifying each Class VI school district into a new Class II or Class III school district, also effective June 15, 2006.

In response to the passage of LB 126, a group of Nebraska citizens organized a referendum petition effort to repeal LB 126 in its entirety. The referendum petitions to repeal LB 126 were circulated for signature across the state, and were submitted to the Nebraska Secretary of State in September 2005. After the petition signature verification process, the Secretary of State determined that there were a sufficient number of valid signatures to place the referendum repealing LB 126 on the general election ballot in November 2006. However, the Secretary of State also determined that the referendum effort did not obtain sufficient signatures to suspend the operation of LB 126 pending the 2006 general election. On June 15, 2006, pursuant to the orders of the State Committee, Class I school districts were dissolved into their respective K-12 districts.

On November 7, 2006, the voters of Nebraska voted to repeal LB 126.¹

II. AMENDATORY LANGUAGE AND THE CLASSIFICATIONS IT CREATES

The pertinent provisions of AM 826 provide:

Sec. 1. On the effective date of this act, the Class I, II, III, IV, V, and VI school districts which were organized as such immediately before December 1, 2005, shall be reorganized according to the boundaries on file with the State Department of Education on November 30, 2005.

Sec. 2. Section 1 of this act does not apply to any school district which was reorganized by means other than Laws 2005, LB 126, so long as the reorganization order was entered on or before November 30, 2005, notwithstanding the effective date of boundary changes of any such order.

Stated alternatively, sections 1 and 2 of AM 826 would require every Class I, II, III, IV, V, and VI school district which existed as a Class I, II, III, IV, V and VI school district immediately before December 1, 2005, to be reorganized according to the boundaries "on file"² with the Nebraska Department of Education ("NDE") on November 30, 2005. However, the reorganization mandate in section 1 does not apply to school districts reorganized by means other than LB 126, as long as the reorganization orders were entered into on or before November 30, 2005. It appears then that at least three statutory classifications are created by this language:

Classification 1: All school districts in the state in existence

immediately prior to December 1, 2005, except those schools districts reorganized prior to November 30, 2005, by some means other than LB 126;

Classification 2: Those school districts in the state in existence immediately prior to December 1, 2005, which were reorganized prior to November 30, 2005, by some means other than LB 126; and

Classification 3: Those school districts in the state in existence immediately prior to December 1, 2005, which were reorganized by means other than LB 126, but pursuant to reorganization orders entered after November 30, 2005.

According to data we received from the NDE, there are school districts which fall within each of the three classifications established by AM 826.

III. ANALYSIS

A. Article III, § 18 of the Nebraska Constitution

The relevant provision of the Nebraska Constitution is art. III, § 18, which provides in pertinent part:

The Legislature shall not pass local or special laws in any of the following cases, that is to say:

* * *

Granting to any corporation, association, or individual any special or exclusive privileges, immunity, or franchise whatever In all other cases where a general law can be made applicable, no special law shall be enacted.

A legislative act that applies only to particular individuals or things of a class is special legislation. *Haman v. Marsh*, 237 Neb. 699, 709, 467 N.W.2d 836, 844 (1991). A legislative act can violate Neb. Const. art. III, § 18, as special legislation in one of two ways: (1) by creating a totally arbitrary and unreasonable method of classification, or (2) by creating a permanently closed class. *Id.* at 709, 467 N.W.2d at 845; *State v. Popco, Inc.*, 247 Neb. 440, 443, 528 N.W.2d 281, 283 (1995). It seems to us that there is a strong argument that each statutory class of school districts created by sections 1 and 2 of AM 826 represents a permanently closed class.

In support of our conclusion, we rely on *City of Scottsbluff v. Tiemann*, 185 Neb. 256, 175 N.W.2d 74 (1970). In *Tiemann*, the Court addressed the constitutionality of LB 1293, a 1969 act which directed cities of the first class with populations of more than 13,000 residents located in counties having a population of more than 33,000 inhabitants, according to the 1960 federal census, to establish a municipal court. The Supreme Court found that

under the 1960 census, only two of the 22 first class cities in Nebraska, Scottsbluff and Grand Island, met the population requirement in the bill. Because LB 1293 "classif[ied] cities for legislative purposes in such a way that no other city of the first class may be ever added to the class designated," the Supreme Court held that LB 1293 constituted special legislation. Tiemann at 263, 175 N.W.2d at 79.

The Tiemann Court further stated, quoting *State ex rel. Conkling v. Kelso*, 92 Neb. 628, 632, 139 N.W. 226, 227-228 (1912):

The rule appears to be settled by an almost unbroken line of decisions that a classification which limits the application of the law to present condition and leaves no room or opportunity for an increase in the numbers of the class by future growth or development is special and a violation of the clause of the Constitution above quoted. It follows that the limitation in the act to all county seats which had existed for 10 successive years at the time of the passage of the act and not permitting the rule to be applied to other counties is equivalent to the naming of the county seats of that class and is therefore void.

AM 826 creates a situation analogous to the situation in Tiemann, where the applicability of the legislation involving the establishment of municipal courts was limited by the population requirements tied to a census produced years earlier. In Tiemann, the practical effect was that the legislation applied to only two cities out of twenty-two, and froze out the remaining twenty. In the present case, while drafted to give the appearance of inclusiveness, AM 826 does just the opposite. Under AM 826, the practical effect is that the legislation applies only to those school districts which existed on November 30, 2005.

In determining whether a class is closed, the Nebraska Supreme Court is not limited to the face of the legislation, but may consider the act's application. *Haman* at 717, 467 N.W.2d at 849. If the prospect that others will fall under the act is merely theoretical, and not probable, the act is special legislation. The conditions of entry into the class must not only be possible, but reasonably probable of attainment. *Id.* at 718, 467 N.W.2d at 849. Applying those standards, it appears to us that only a finite number of school districts fall within each statutory class set out above. No other school district can be added to the classifications in the amendment, or come under its operation because of the specified time, "November 30, 2005," set out in the amendment. As a result, we believe that it can be effectively argued that AM 826 creates permanently closed statutory classes in violation of art. III, § 18. Our conclusion in that regard is consistent with previous opinions of this office where we have considered the constitutionality of legislation containing classifications based upon specified times. See, e.g., *Op. Att'y Gen. No. 01017* (April 19, 2001) (Legislation which extended ethanol credits to certain facilities "existing on or before December 31, 2000" constituted a closed class in contravention of art. III, § 18 of the Nebraska Constitution); *Op. Att'y Gen. No. 98003* (January 9, 1998) (Bill which

granted supplemental retirement benefits only to retirees who retired prior to a certain date was special legislation); Op. Att'y Gen. No. 97026 (April 29, 1997) (Bill which granted supplemental pension benefits only to retirees having twenty or more years of service as of the effective date of the act was special legislation).

B. Additional arguments

Proponents of AM 826 have advanced a number of arguments for the proposition that the amendment is constitutional. We will discuss those various arguments briefly.

First, it has been suggested that AM 826 does not create a permanently closed class because all school districts recreated by the amendment are subject to dissolution under existing statutes, or because the "class" of school districts at issue is subject to increase under a variety of other statutory provisions, e.g., Neb. Rev. Stat. §§ 79-403, 79-499, etc. This office has consistently argued throughout the course of the Class I litigation that recreation of Class I school districts was possible under the previous statutory framework, should LB 126 be repealed. However, the question in this instance is not whether other statutes currently in effect by virtue of the repeal of LB 126 will allow Class I districts to be dissolved or allow more Class I districts to be recreated. The question is whether, under AM 826, the number of school districts within each statutory class can be increased.³ Under the amendment, the answer to that latter question is "no," because each classification created by AM 826 is limited by a date certain—November 30, 2005.

It has also been suggested that AM 826 does not create any classifications, it merely creates political subdivisions and specifies their boundaries, which the Legislature has unquestioned authority to do.

The Legislature's power, as it relates to the common schools in Nebraska, is found in art. VII, § 1 of the Nebraska Constitution, which states:

The Legislature shall provide for the free instruction in the common schools of this state of all persons between the ages of five and twenty-one years. The Legislature may provide for the education of other persons in educational institutions owned and controlled by the state or a political subdivision thereof.

In construing that constitutional provision, the Nebraska Supreme Court stated:

This provision of the Constitution leaves all matters pertaining to schools and school districts, their creation, dissolution, government, and control with the Legislature. In all such matters the State is supreme.

Farrell v. School Dist. No. 54, Lincoln County, 164 Neb. 853, 858, 84 N.W.2d 126, 131 (1957) (emphasis added). Therefore, we have argued that school districts are entirely creatures of statute, and can be created or abolished by the Legislature as it wishes.

However, AM 826 does more than simply create school districts or specify their boundaries, as is the case with the Nebraska statutes pertaining to counties. See Neb. Rev. Stat. §§ 22-101 through 22-108 (1997, Cum. Supp. 2006). Instead, as discussed in detail above, AM 826 creates classifications among school districts, and treats one group of districts differently than another. For example, under that legislation, certain school districts in existence on November 30, 2005, which were affected by LB 126 could exceed particular budget limits, while other school districts could not. Therefore, we believe that those classifications in AM 826 are subject to the constitutional provisions relating to special legislation.

Finally, proponents of AM 826 rely on Frye v. Haas, 182 Neb. 73, 152 N.W.2d 121 (1967), for the argument that creation of school districts falls under the special legislation provisions of art. XII, § 1 of the Nebraska Constitution, rather than the special legislation provisions of art. III, § 18. The proponents offer that argument because art. XII, § 1 contains an exception for corporations organized for "charitable, educational, penal or reformatory purposes."

The pertinent portions of art. XII, § 1 of the Nebraska Constitution provide as follows:

The Legislature shall provide by general law for the organization, regulation, supervision and general control of all corporations, * * *. No corporations shall be created by special law, nor their charters be extended, changed or amended, except those corporations organized for charitable, educational, penal or reformatory purposes, which are to be and remain under the patronage and control of the state.

(Emphasis added). The Frye case involved a taxpayer's challenge to the constitutionality of a statute creating educational service units in Nebraska. The plaintiff claimed that the bill creating those units, which were educational in purpose and which supported school districts, created corporations by an unconstitutional special law. The court ultimately rejected that claim, and held that educational service units fit within the exception created in art. XII, § 1 by the language emphasized above. In its discussion of that issue, the court stated, "[p]laintiffs' interpretation would prohibit the legislative formation of school districts, which are corporations under our law." Frye at 82, 152 N.W.2d at 128. The proponents of AM 826 point to Frye and the specified constitutional language, and argue that the amendment merely creates school districts, and therefore, it cannot constitute special legislation under art. XII, § 1. Those proponents also seem to argue, on the basis of Frye, that art. III, § 18 of the Nebraska Constitution does not apply to school districts, and that they are governed solely by art.

XII, § 1.

We find the proponents' arguments based upon the Frye case unpersuasive. First of all, the legislation at issue in that case provided, in part:

Sec. 1. In order to provide supplementary educational services to local school districts, there are hereby established nineteen educational service units. The official name of such units shall be Educational Service Unit No. ___ of the State of Nebraska, the individual number thereof to be determined as provided in section 2 of this act.

Sec. 2. The educational services units established by section 1 of this act shall be as follows:

- (1) The counties of Cedar, Dixon, Dakota, Wayne, Knox, and Thurston;
- (2) The counties of Cuming, Burt, Dodge, and Saunders;
- (3) The counties of Washington, Douglas, Sarpy, and Cass;

* * *

1965 Neb. Laws LB 301, §§ 1, 2. Obviously, that statutory language from 1965 is much different than the language at issue in AM 826, because it only creates educational service units and specifies their boundaries. In contrast, as discussed previously, AM 826 goes beyond the mere creation of school districts, and establishes classifications of those districts which are treated differently in the legislation. Therefore, we do not believe that the rationale from the Frye case applies to AM 826. Moreover, art. III, § 18 of the Nebraska Constitution provides that "[t]he Legislature shall not pass local or special laws in any of the following cases, that is to say: . . . Providing for the management of Public Schools." That latter language certainly does not support the notion that legislation affecting school districts is not governed by art. III, § 18. In fact, many of the provisions of AM 826 could be fairly characterized as "providing for the management of public schools," e.g., Section 13 of the amendment which pertains to contracts rights of certificated employees.

IV. CONCLUSION

There are no Nebraska cases which deal with the precise facts and issues presented by your opinion request. Therefore, as is often the case with this type of inquiry, our "opinion" is really our best estimate of what Nebraska courts would do with the questions under consideration. In that regard, we believe that the better analysis in this instance is that AM 826 involves a closed class in contravention of art. III, § 18 of the Nebraska Constitution. However, we also cannot say, with absolute certainty, that our courts might not agree with some of the arguments presented by the proponents of AM 826, particularly those arguments based upon art. XII, § 1 of the Nebraska

Constitution.

¹ For purposes of this opinion, a detailed analysis of the state court litigation which sought to declare portions of LB 126 unconstitutional is unnecessary. However, in *Pony Lake School District 30 v. State Committee for the Reorganization of School Districts*, 271 Neb. 173, 710 N.W.2d 609 (2006), cert. denied, 126 S. Ct. 2058 (May 15, 2006), the Nebraska Supreme Court upheld the constitutionality of LB 126 in the face of multiple constitutional challenges to that legislation by its opponents. There is also a federal case on appeal in the Eighth Circuit Court of Appeals that may have some effect on any proposed legislation relating to the reestablishment of Class I school districts. In *Nolles, et al. v. State Committee, et al.*, No. 06-4093NE, a different set of plaintiffs filed an action in the federal district court in Nebraska seeking a declaration that the issuance of dissolution orders under LB 126 violated the plaintiffs' constitutional rights and that those orders are null and void for that reason. The federal district court held that plaintiffs' claims were precluded by the earlier state court litigation, and were without merit. If the district court's conclusion is overturned by the Eighth Circuit, the orders of the State Committee may be rendered null and void, thus possibly recreating Class I districts as they existed on November 30, 2005. The *Nolles* case is currently set for oral argument in the Eighth Circuit on May 17, 2007.

² We note that the county clerks are responsible for maintaining the official records of school district boundaries, not the NDE. See Neb. Rev. Stat. § 79-490 (2003).

³ In that regard, the Nebraska Supreme Court stated in *Haman* that "[i]n deciding whether a statute legitimately classifies, the court must consider the actual probability that others will come under the act's operation." *Haman* at 717, 467 N.W.2d at 849 (emphasis added).

RESOLUTION

LEGISLATIVE RESOLUTION 94. Introduced by Kopplin, 3.

PURPOSE: To examine the issues relating to the rapid urbanization of the Papillion Creek Watershed. Current research and measurements of urban growth have found that:

(1) On an annual basis, in the Papillion Watershed, three square miles of farm ground are converted to urban uses;

(2) County and regional planning authorities have determined that the entire watershed will be built out by 2040; and

(3) Engineering studies in the watershed have shown an increase of flood flow of twenty-five percent, jeopardizing over 750 homes and businesses in the watershed.

The issues to be addressed by this study shall include the review of the existing governmental collaborations in the watershed that seek to coordinate flood control, water quality, preservation of vulnerable ecosystems, development of wildlife habitats, and the costs of such efforts. Specifically, the study shall review the use of bonding and other financial mechanisms that would reduce the long-term cost and liability associated with the impact of urban growth on the taxpayers in the affected areas.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall convene a meeting of the appropriate representatives from each city and county in the Papillion Creek Watershed to discuss current collaboration efforts and agreements and methods for future coordination and collaboration and any potential legislation that may be necessary.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislature.

Referred to the Executive Board.

 3 Section 1. (1) The Legislature finds it is necessary that
 4 a leak check be performed following an interruption of service of
 5 a liquefied petroleum gas vapor service system to ensure safe and
 6 proper operation. Further, the Legislature finds that a leak check
 7 must be performed by a qualified service technician.
 8 (2) It is the intent of the Legislature to create a
 9 mechanism that will educate users of liquefied petroleum gas of
 10 the requirements for a leak check when an interruption of service

15 (b) Leak check means an operation performed on a complete

17 to verify that the liquefied petroleum gas vapor service system
18 does not leak;

19 (c) Liquefied petroleum gas provider means any person
20 or entity engaged in the business of supplying, handling,

2 twenty-five pounds per square inch or less and includes, but is
3 not limited to, the container assembly, pressure regulator or
4 regulators, piping system, gas utilization equipment and components

6 institutional installations. Liquefied petroleum gas vapor service
7 system does not include:

8 (i) Portable liquefied petroleum gas appliances and

10 piping system;

11 (ii) Farm appliances and equipment, including, but not
12 limited to, dryers and irrigation equipment;

20 to tractors, mowers, trucks, and recreational vehicles.

21 (4) The liquefied petroleum gas provider shall affix a
22 container warning label on each tank supplying liquefied petroleum
23 gas to a liquefied petroleum gas vapor service system. The
24 container warning label shall be affixed near the tank shutoff.

25 (5) The container warning label required by subsection
26 (4) of this section shall include this warning:

27 WARNING: Do Not Open Container Shutoff Valve! If this
1 valve is turned off for any reason, the National Fuel Gas Code
2 (NFPA 54) requires a leak check of the system serviced by the
3 container at the time the valve is turned back on. The leak
4 check must be conducted by a qualified service technician. Do Not
5 Attempt To Open The Valve Yourself! Failure to follow this warning
6 may result in the ignition of leaking gas, causing serious and
7 potentially fatal injury, fire, or explosion.

8 The container warning label shall include the statutory
9 reference to this section.

10 (6) If the container warning label is affixed near the
11 tank shutoff as required by subsection (4) of this section and

13 prior to a leak check by a qualified service technician approved

14 by the liquefied petroleum gas provider, the liquefied petroleum
 15 gas provider shall not be liable for any damage, injury, or
 16 death if the proximate cause of the damage, injury, or death was

PURPOSE: To direct the Judiciary Committee of the Legislature to review the North Carolina statewide guardian ad litem system. The committee should review the legislation enacting the North Carolina system, the costs associated with operating such a system, and interview judges, attorneys, administrators, and others who participate in the system to determine the positive and negative views of the system.

After collection of this information, the committee should review whether the implementation of such a guardian ad litem system in Nebraska would result in a better system in Nebraska, provide for greater accountability of the guardian ad litem, provide greater protection for children of abuse and neglect who are in the juvenile court system, and result in shorter out-of-home placements and shorter periods of time from removal to permanency.

Finally, the committee should review the costs of our current guardian ad litem system and provide the Legislature with a comparison of our current guardian ad litem system to a system comparable to the North Carolina guardian ad litem system.

RESOLUTIONS**LEGISLATIVE RESOLUTION 99.** Introduced by Schimek, 27.

PURPOSE: To examine policies relating to the incarceration of persons with mental illness in Nebraska's state, county, and local correctional facilities, including juvenile facilities.

The Bureau of Justice Statistics estimated that, in 2000, sixteen percent of the national prison population had a mental illness. Human Rights Watch noted that nationally, in 2003, there were three times more individuals with mental illness in prisons than in mental health hospitals, and rates for mental illnesses within the prison population were two to four times more prevalent than in the general public. Jails and prisons, although not designed to offer a therapeutic mental health continuum of care, are quickly becoming our nation's front-line mental health providers.

The issues addressed by this interim study shall include, but are not limited to:

(1) The effectiveness of current policies and treatment of offenders with mental illness from incarceration to release and potential improvements to such policies;

(2) Pertinent issues raised by LB 666, One Hundredth Legislature, First Session, 2007 and LB 669, One Hundredth Legislature, First Session, 2007, specifically the use of diversion programs for offenders with mental illness and discharge planning for offenders upon release from the correctional system, including the provision of public assistance benefits and supports for offenders with severe and persistent mental illness; and

(3) Issues and testimony stemming from Laws 2005, LR 191, Laws 2004, LB 1000, and Laws 2004, LR 346. The committee shall consult and solicit input from the Department of Correctional Services, the Department of Health and Human Services, the protection and advocacy system, mental health advocacy organizations, and other interested parties as the committee deems necessary and beneficial.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 100. Introduced by Langemeier, 23.

PURPOSE: The purpose of this resolution is to study whether the insurance laws of this state should be amended in order to allow property and casualty insurance producers to charge fees for services they perform, subject to regulation by the Department of Insurance. The study should include a review of issues raised during consideration of LB 62 (Langemeier), which

is currently pending in the Banking, Commerce and Insurance Committee. In order to carry out the purpose of this resolution, the study committee should seek and consider the input of the Department of Insurance and interested persons, including insurance producers, as the committee deems necessary and beneficial.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

6 Program. Upon the effective date of an endowment agreement,
7 administration of the Early Childhood Education Grant Program
8 with respect to programs for children from birth to age three
9 shall transfer to the board of trustees. If there is no endowment
10 agreement in effect, the department shall request proposals in
11 accordance with this section for all early childhood education
12 programs from school districts, individually or in cooperation
13 with other school districts or educational service units, working
14 in cooperation with existing nonpublic programs which meet the
15 requirements of subsection (2) of section 79-1104. If there is
16 an endowment agreement in effect, the board of trustees shall
17 administer the Early Childhood Education Grant Program with respect
18 to programs for children from birth to age three pursuant to
19 section 79-1104.02 and the department shall continue to administer
20 the Early Childhood Education Grant Program with respect to
21 other prekindergarten programs pursuant to sections 79-1101 to

1 including, but not limited to, rules, grant applications, and
2 funding mechanisms, shall harmonize with those established by the
3 department for other prekindergarten programs.

4 (b) The first priority shall be for (i) continuation
5 grants for programs that received grants in the prior school fiscal
6 year and for which the state aid calculation pursuant to the Tax
7 Equity and Educational Opportunities Support Act does not include
8 early childhood education students, in an amount equal to the
9 amount of such grant, except that if the grant was a first-year
10 grant the amount shall be reduced by thirty-three percent, ~~and~~
11 (ii) continuation grants for programs for which the state aid
12 calculation pursuant to the act includes early childhood education
13 students, in an amount equal to the amount of the grant for the
14 school fiscal year prior to the first school fiscal year for
15 which early childhood education students were included in the state
16 aid calculation for the school district's local system minus the
17 calculated state aid amount, and (iii) for school fiscal year
18 2007-08, continuation grants for programs for which the state aid
19 calculation pursuant to the act includes early childhood education
20 students, but such state aid calculation does not result in the
21 school district receiving any equalization aid, in an amount equal
22 to the amount of the grant received in school fiscal year 2006-07.
23 The calculated state aid amount shall be calculated by multiplying
24 the cost grouping cost per student for the school district's local

RESOLUTIONS**LEGISLATIVE RESOLUTION 113.** Introduced by Schimek, 27.

PURPOSE: To examine the issues relating to urban storm water runoff, especially the compliance of political subdivisions with the National Pollutant Discharge Elimination System under the federal Clean Water Act.

The following Nebraska political subdivisions are required by the Department of Environmental Quality to comply with the federal Clean Water Act and are mandated to expend money to develop and implement storm water programs and projects: Omaha, Lincoln, Bellevue, Boys Town, La Vista, Papillion, Ralston, South Sioux City, Dakota City, Scottsbluff, North Platte, Lexington, Kearney, Grand Island, Hastings, Columbus, Norfolk, Fremont, Beatrice, Douglas County, Sarpy County, Lancaster County, and Dakota County.

The cost to Nebraska's political subdivisions to comply with the provisions of the federal Clean Water Act, as it relates to storm water management, currently exceeds \$24 million annually and does not include the cost of other storm water issues which drive these costs even higher.

This study will address the following issues:

- (1) The need for state-enabling authority for political subdivisions subject to storm water requirements under the federal Clean Water Act; and
- (2) The need to establish local storm water utilities as an optional funding source to pay for the cost of development, establishment, and implementation of storm water management programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 114. Introduced by Janssen, 15.

PURPOSE: This study is to examine the burden of proof and standard of review of valuation cases appealed to the Tax Equalization and Review Commission. As established by case law and codified in the statute, decisions of the county board of equalization are granted great deference. Such decisions are entitled to a presumption of correctness and are not reversed by the commission unless the valuation is "arbitrary or unreasonable". Case law has established that this means without basis.

In recent years, bills have been introduced seeking to soften this standard of review, the thought being that a lower standard of review would allow more plaintiffs to prevail. Another argument in support of this change is that county boards of equalization do not have the expertise or resources to

become a first trier of fact. Issues arise however, because more appeals would mean more expense for the commission and less local control through the county board of equalization.

This study should examine the entire process of placing a value on real property from the time the county assessor places a value on a parcel, through the protest process before the county board of equalization, through appeals to the commission, and finally, appeal of the commission's decision to the Court of Appeals. The study is to answer the following questions:

What should the process before the county board look like?

What should be established to change the recommendation of the county assessor?

Should there be a record maintained for the proceedings before the county board of equalization or should the proceeding before the Tax Equalization and Review Commission be the first formal trial-like proceeding?

If the county board proceeding is to become more formal, what in the way of procedure, training, qualifications, and transcription must be provided to the counties to make this process meaningful?

What would it cost?

If the commission is to be the trial-level proceeding, what additional training, qualifications, and resources must be provided to the commission?

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 115. Introduced by Janssen, 15.

PURPOSE: This study is to examine an income-based method of placing a value on agricultural and horticultural land. The study should include the assistance and recommendations of the Property Tax Administrator and the Greenbelt Advisory Committee and shall develop the best possible methodology for determining the value of agricultural and horticultural land based on its income-producing capabilities. The study shall give consideration to:

(1) The constitutional requirement that the methodology produce values that are uniform and proportionate within the entire class of agricultural and horticultural land;

(2) The use of technology, including, but not limited to, global positioning system mapping to the extent feasible in the methodology;

(3) The preservation of a viable appeals process for taxpayers;

(4) The information and data necessary to implement an income-based methodology and whether or not such information is readily available;

(5) The roles and functions of county assessors and the Department of Property Assessment and Taxation and the Department of Revenue in implementing an income-based methodology; and

(6) The administrative cost of an income-based methodology in comparison to current practice.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 116. Introduced by Janssen, 15.

PURPOSE: An interim study shall be performed by the staff of the Revenue Committee of the Legislature to examine residential, business, and agricultural tax burdens in Nebraska. Measurements of relative levels of taxation and history of tax increases shall be developed. Changes in the fiscal conditions of municipal, county, and school governments shall be examined as part of the study. A report shall be presented to the Revenue Committee by October 1, and a final report presented prior to the 2008 legislative session.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 117. Introduced by Mines, 18.

PURPOSE: To analyze the municipal county process as it exists under the law and research ways in which the process can be changed in order to make it more effective.

The study shall include, but not be limited to:

(1) Examination of the financial impact of reorganization that accompanies the creation of a municipal county;

(2) Examination of potential efficiencies that could be achieved in the creation of a municipal county and the subsequent elimination of governmental overlap;

(3) Examination of the manner in which votes would be counted under the municipal county process;

(4) Examination of the manner in which utility districts would be determined under a new municipal county process; and

(5) Examination of the municipal county process in other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 119. Introduced by Johnson, 37; Pahls, 31.

PURPOSE: The purpose of this resolution is to review the availability of cost estimates in health care pricing and determine the need to carry out legislation to provide good faith estimates of costs by health care providers and insurers to a consumer upon request. In order to carry out the purpose of this resolution, the Banking, Commerce and Insurance and Health and Human Services Committees of the Legislature should consider input from the Departments of Insurance and Health and Human Services and other interested parties, including insurers and health care providers, as the committees deem necessary and beneficial.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Banking, Commerce and Insurance and Health and Human Services Committees of the Legislature be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of their study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 120. Introduced by Wightman, 36.

WHEREAS, inflation in the cost of employer-provided health care in Nebraska has been growing at a double digit annual rate, a much higher rate than the Consumer Price Index and other recognized barometers of our economy; and

WHEREAS, the funding of the state's health insurance plan for the past three years has resulted in a budget deficit of at least \$12 million and consumes an ever-larger share of the budget; and

WHEREAS, growth in the state's health insurance cost is driven by both plans for state employees and employees of schools and political subdivisions; and

WHEREAS, any consideration of health care management initiatives must necessarily consider benefit plan design, short and long-term planning, wellness standards and incentives, disease management, retirement pre-planning, current statutory funding, access and choice for small public employers, comparability and competition both instate and out-of-state, flexibility in plans and options, and quantifying health care spending at all levels of government.

THEREFORE, it is determined that the Appropriations Committee and the Government, Military and Veterans Affairs Committee of the Legislature shall jointly authorize an interim study committee for the following purposes:

To study the cost of public employee health plans at all levels of government within the State of Nebraska, giving particular attention to containment of the cost of health care plans, improvement of health care for public employees, and consideration of possible legislation to accomplish these goals.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee and the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

RESOLUTIONS**LEGISLATIVE RESOLUTION 121.** Introduced by Pedersen, 39.

PURPOSE: To examine the feasibility of the adoption of juvenile certification legislation to provide that the juvenile court shall have original jurisdiction as to any juveniles who have committed crimes outlined in Nebraska statutes.

The study shall include, but not be limited to, determining:

(1) Whether all crimes should go to the juvenile court or if there are certain types of crimes that should remain in county or district court;

(2) Whether there are types of crimes that would automatically be sent to adult court and the procedures that would need to be followed in order to do that; and

(3) The types of evidence that would need to be presented in order to transfer a case to adult court or to keep a case in juvenile court.

In making the above determinations, the issues to be considered include: The type of treatment the juvenile would most likely be amenable to; whether there is evidence that the alleged offense included violence or was committed in an aggressive or pre-meditated manner; motivation for the commission of the offense; age of the juvenile and age and circumstances of others involved in the crime; previous history of the juvenile, including whether the previous offenses were adjudicated in juvenile court; whether the crimes were against persons or relating to property; any previous history of antisocial behavior, including any patterns of physical violence; the sophistication and maturity of the juvenile; whether he or she has had previous contact with law enforcement agencies and the nature of the contact; whether there are facilities available to the juvenile court for the treatment and rehabilitation of the juvenile; and whether the best interests of the juvenile and the security of the public may require that the juvenile continue in custody or under supervision for a period of time extending beyond his or her minority and, if so, any available alternatives.

LEGISLATIVE RESOLUTION 126. Introduced by Adams, 24.

PURPOSE: To examine high ability learner programs and the effectiveness of the current program format and funding level. Three years ago, funding was reduced drastically and many students and teachers suffered. Programs and services were cut as well as professional training opportunities for teachers. Nebraska is currently funding high ability learner programs at a level much below its surrounding states.

Students in all parts of Nebraska should have equal access to enrichment and acceleration but many do not. Many of the districts in remote areas have students that need acceleration and could benefit from opportunities presented by distance learning or online learning. Because of funding cuts, these opportunities may not be available. Consequently, these high ability learners are not progressing adequately and are left behind. When these

students leave the K-12 environment for further learning opportunities, they are in the position of catching up, which costs them tuition and time.

The study shall include, but not be limited to:

(1) Examination of the criteria used by the State Department of Education to determine an approved accelerated or differentiated curriculum program;

(2) Examination of best practices recommended by the National Association for Gifted Children;

(3) Examination of the current funding format, including recommendations for an appropriate funding level;

(4) Examination of professional training opportunities for teachers, including graduate level courses and workshops available in the state; and

(5) Examination of school districts in the state that are providing an excellent level of services or programs for high ability learners.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 127. Introduced by Synowiecki, 7.

PURPOSE: To review the state funds under the responsibility of the state investment officer in order to determine whether these funds are being invested in accordance with law and whether the statutory provisions governing the investment of these funds should be updated in order to reflect modern investment principles. In order to carry out the purpose of this resolution, the Nebraska Retirement Systems Committee shall consider input from the Nebraska Investment Council, the State Treasurer, and other interested parties as the committee deems necessary and beneficial.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 128. Introduced by Aguilar, 35.

PURPOSE: (1) Under current Nebraska law, even though there is no definition of mother, it has been determined that a woman delivering a child is the mother of that child. The presumption would follow then that the delivering woman's husband is the father of the child. The paternity issue can be resolved administratively by completing the process set out in Neb. Rev. Stat. section 71-640.01. However, there is no administrative process to allow for maternity to be established by someone other than the woman delivering the child, such as the case in which a surrogate mother is the woman delivering the child. Currently, the Office of Vital Records of the Nebraska Health and Human Services System requires these individuals to obtain a court order to enter a person, other than the gestational surrogate, as the mother on such birth certificates. Nebraska law currently provides no specific authority for the Office of Vital Records to enter the name of someone other than the mother, the woman delivering the baby, on the birth certificate absent an adoption proceeding.

(2) In addition, a biological parent or parents should not have to go through an adoption proceeding to adopt his or her own biological child. There is no specific court filing to bring this type of action and any resulting order is under the equitable power of the court. As a result, inconsistent findings across the state could occur. A court in one jurisdiction may believe that it has equitable power to enter the order while another may not.

(3) The purpose of this study is to examine administrative processes and laws which would permit the establishment of a parent and child relationship in the event of a gestational surrogacy. Specifically, this study shall include, but not be limited to, the following relating to gestational surrogacy:

- (1) Examination of all relevant laws, rules, and regulations of other states;
- (2) Examination of all current administrative processes, policies, and rules and regulations in the Office of Vital Records of the Nebraska Health and Human Services System;
- (3) Examination of all relevant Nebraska court cases;
- (4) Examination of all relevant administrative processes, policies, and rules and regulations used in other states; and
- (5) Examination of all relevant court cases from other states.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 129. Introduced by Avery, 28.

PURPOSE: The Base Realignment and Closure process periodically recommends and effectuates closure and realignment of United States Department of Defense installations. Nebraska is the home to a number of such installations. The Legislature should study the Base Realignment and Closure process to gain an understanding of the process and assess any response required by the state to the process.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

Based upon the study, the committee shall propose and recommend changes to the current language of the resolution to better address municipal and citizen concerns.

The study shall include a review of current municipal practices regarding tax-increment financing, the extent to which it is being used, the purposes to which it is devoted, and the impact on general government finances in areas where the authority is exercised.

One goal of the study is to review tax-increment financing statutes in other states and, using their experience and the data developed during the course of the study, to draft legislation that would serve as model enabling legislation under the proposed constitutional amendment should it be adopted by the voters in 2008.

As an alternative, the study shall review and develop possible changes to the current Community Development Law required or justified by the study

(should the Legislature or the voters fail to adopt LR2CA or a related proposal).

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 144. Introduced by McDonald, 41.

PURPOSE: To examine issues relating to dangerous dogs in Nebraska. Dangerous dogs have become a serious and widespread threat to the safety and welfare of Nebraskans. Regulation and control of dangerous dogs is a statewide problem which may require legislative intervention to address the significant public health and safety threat posed by dangerous dogs.

The Judiciary Committee of the Legislature shall conduct a review of the provisions of Neb. Rev. Stat. sections 54-601 to 54-624 to determine whether Nebraska laws provide the public with reasonable and adequate protection from dangerous dogs. Issues to be examined include, but are not limited to:

- (1) A review of the definitions in sections 54-601 to 54-624 to determine accuracy and clarity;
- (2) A review of enforcement mechanisms for such statutes to determine the responsibility for and effectiveness of enforcement;
- (3) A review of criminal penalties for owners of dangerous dogs;
- (4) A review of civil liability requirements for injuries, emotional distress, and property loss caused by dangerous dogs;
- (5) A review of the feasibility of liability insurance requirements for owners of dangerous dogs;
- (6) A review of the feasibility of permit and inspection requirements for owners of dangerous dogs; and
- (7) A review of state statutes to determine what, if any, statutory changes are necessary to regulate and control dangerous dogs and preserve public health and safety.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

PURPOSE: To study recent federal lawsuits dealing with the right of states, under the 21st Amendment to the United States Constitution, to regulate alcohol.

A United States District Court in the State of Washington held in *Costco Wholesale Corp. v. Hoen*, Slip Copy, 2006 WL 2645183, W.D.Wash. (September 14, 2006), that the State of Washington's alcohol control laws were suspect under federal anti-trust laws and not shielded by the 21st Amendment.

This case followed *Granholm v. Heald*, 544 U.S. 460, 125 S.Ct. 1885 (2005), in which the United States Supreme Court held that states which allow in-state wineries to ship their product directly to consumers may not bar out-of-state wineries from doing the same.

This study will include evaluation of these and other legal developments and their effect on Nebraska liquor law.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 150. Introduced by Urban Affairs Committee: Friend, 10, Chairperson; Janssen, 15; Lathrop, 12; McGill, 26; Rogert, 16; White, 8.

PURPOSE: In the course of its consideration of LB 607 (which proposed to provide a requirement for full-time, paid fire personnel in certain cities of the first class), the Urban Affairs Committee of the Legislature learned of the wide variety of arrangements available by statute to first class cities for providing fire protection and emergency response services, including combinations of career and volunteer staffing for those functions.

This study would review the manner in which Nebraska's first class cities provide fire protection and emergency response services. It would focus not only on staffing but also on finance and cost strategies and the mechanisms employed for managing, developing, and administering capital and human assets devoted to such services. The study would attempt to determine the effectiveness of the various mechanisms for providing the services, their efficiency, and public satisfaction with the services provided. To the maximum extent feasible, the committee's study will use existing studies or industry standards to support its conclusions.

The study will seek to engage the opinions and assistance of municipal government representatives and active members of fire department and emergency response agencies in those municipalities.

At its conclusion, the committee will undertake to propose legislation to reform or enhance current statutory authority for fire protection and emergency response services and recommend changes to current law based upon the data developed in the course of the study.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 151. Introduced by Urban Affairs Committee: Friend, 10, Chairperson; Janssen, 15; Lathrop, 12; McGill, 26; Rogert, 16; White, 8.

PURPOSE: This study would investigate (1) the statutory authority for representation on and the size of city governing bodies in metropolitan class, primary class, and first class cities (including charter provisions) and (2) the actual size of the governing bodies in such cities and historical changes relating to the size of governing bodies in such cities.

In addition, the study would seek to determine the optimal size of governing bodies for such cities based upon experience and expressed public wishes and the political and demographic implications in increasing or reducing the size of governing bodies.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 152. Introduced by Urban Affairs Committee Friend, 10, Chairperson; Janssen, 15; Lathrop, 12; McGill, 26; Rogert, 16; White, 8.

PURPOSE: This study shall provide the opportunity for the Urban Affairs Committee of the Legislature to investigate and review matters and issues arising during the interim which are within its jurisdiction and which may be the subject of bills to be introduced in the 2008 legislative session. This study shall provide the opportunity for a careful review of proposed legislation and the drafting of such legislation before time constraints and the pace of legislative activity makes studied review more problematic. This process has, in the past, served to facilitate review of bills during the regular session and has helped the committee avoid the need for committee amendments which slow down the consideration of bills by the Legislature.

The study shall involve:

(1) A review of any legislation considered by the Urban Affairs Committee during the 2007 legislative session which was either killed by the committee, failed to advance to final reading, or was held in committee to determine what further action might be warranted with regard to the particular subjects of the individual bills, including, but not limited to, handicapped parking, municipal consolidation, the formation of new villages, expanded planning and zoning authority for cities of the first and second class, sanitary and improvement districts, municipal annexation, and outdoor advertising signs, displays, and devices;

(2) A review of problems, concerns, or legislation proposed for introduction by senators or other parties for study, technical discussion, or conceptual refinement before the start of the next legislative session; and

(3) The holding of at least one public hearing to provide an opportunity for public comment and discussion with members of the committee and the public on issues within the committee's jurisdiction.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Urban Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 153. Introduced by Stuthman, 22.

PURPOSE: Discipline of a medical professional should follow procedural due process protections and can lead to the taking of property rights. This study is intended to examine the procedures used by the State Board of Health within the Department of Health and Human Services when disciplining medical professionals or allowing medical professionals to practice in the State of Nebraska. This study is also intended to examine the membership of the State Board of Health. The study shall include these issues:

(1) The need to obtain information regarding applicants wanting to practice medicine in the State of Nebraska;

(2) The need for patients to be able to obtain information relative to a medical professional's history with regard to his or her practice of medicine and other conduct;

(3) Whether the membership of the State Board of Health should be limited to those who do not have a past record of disciplinary action against them;

(4) The need for representation of a victim's advocate on the State Board of Health; and

(5) The need for medical professionals to be held accountable for acts of negligence or other offenses.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

2. That a copy of this resolution be sent to Quentin Fankhauser.

Laid over.

LEGISLATIVE RESOLUTION 155. Introduced by Johnson, 37; Aguilar, 35.

PURPOSE: The purpose of this study is to examine and provide recommendations relating to all of the factors necessary to provide the workforce necessary to provide quality in-home services. The Nebraska Long Term Care Plan of 1997 and the Medicaid Reform Plan of 2005 both recognize home- and community-based services as a needed service and an alternative to residential nursing home care. LB 321 (2007) that appropriates funds for state government expenses includes funds for HHS to expand the capacity for in-home services for the aged and disabled and provides funding to develop a rate-setting methodology for all long-term services. This session, the Health and Human Services Committee considered legislative bills that raised critical issues concerning: (a) The workforce necessary to provide in-home services and workers, (b) the ability to screen in-home workers who care for persons in their home, (c) the training needed by in-home workers, (d) the ability of in-home workers to access training

programs, (e) the need to coordinate care and match services to persons who need in-home services, and (f) methods to monitor the quality of services provided. Further, legislative action is necessary and appropriate to address the issues that have been recognized for over a decade in the provision of services and the efficiency of money spent for in-home and community based services.

The Health and Human Services Committee of the Legislature, in cooperation with stakeholders, should study the in-home services industry, including, but not limited to, the following:

- (1) The number of providers needed to meet current and future service needs;
- (2) A system to implement basic provider training programs and provider and consumer communication programs;
- (3) Implementation of a statewide system or registry to be used to coordinate in-home services and consumer needs at the direction of the consumer or a consumer's care coordinator;
- (4) The rate or wage increase necessary for recruitment, retention, and stabilization of the workforce; and
- (5) Implementation of a system of accountability for appropriate levels of quality service provision.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 156. Introduced by Johnson, 37.

PURPOSE: (1) To examine and provide recommendations relating to the waiting list for people with developmental disabilities and to provide recommendations on any proposed changes to the methodology used for the payment of service providers. The waiting list refers to people who have been determined to be eligible for services, have set a date of need, but have not received services because of a lack of funding available. The waiting list has continued to be only partially addressed and communication, coordination, and collaboration are needed to develop an updated strategic plan based on incremental implementation if the intent of Nebraska law is to be met.

(2) Subsection (3) of section 83-1216 provides: "It is the intent of the Legislature that by July 1, 2010, all persons determined to be eligible for services shall receive services in accordance with the Developmental Disabilities Services Act." In 2004, LB 297 amended section 83-1216 to include the establishment of a workgroup to provide a report to the Legislature and the Governor for the development of an objective

assessment process to determine the amount of funding for the provision of services. The report generated by this workgroup was supported by unanimous consent of the workgroup. Further work is needed to develop a plan and additional study is necessary. Such study and recommendations for a plan shall include, but not be limited to, consideration of the following:

(a) A plan for the provision of services to all persons determined to be eligible for services in accordance with the Developmental Disabilities Services Act by 2010; and

(b) The incremental statewide implementation process for the provision of specialized services based upon:

(i) The number of persons who are waiting for services; and

(ii) The need to prevent any future development of lengthy waiting lists for services.

(3) The plan shall be based upon data provided by the Department of Health and Human Services and the State Department of Education to include, but not be limited to, the following:

(a) The historical usage of priority one funding for people with developmental disabilities;

(b) Attrition in specialized services;

(c) The projected and actuarial budgeted funding for students who are exiting high school; and

(d) Other information as needed.

(4) In addition, the Medicaid Reform Council has identified the need to review and revise the methodology used for determining the rates paid to developmental disability providers.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

To implement the purpose of this resolution, the Department of Health and Human Services shall establish a working group including representatives from the State Department of Education, the Advisory Committee on Developmental Disabilities, the Developmental Disabilities Planning Council, people with developmental disabilities and their families, a statewide developmental disability advocacy organization, developmental disabilities service providers, and other interested parties. The working group shall:

(1) Submit recommendations for a strategic plan to incrementally reduce the number of persons on the waiting list for developmental disabilities to meet the intent of the Legislature;

(2) Consult with the Department of Health and Human Services to review and make recommendations on any revision to the rate methodology; and

(3) Submit the workgroup's recommendations on the strategic plan and revisions to the rate methodology in a report to the Medicaid Reform Council, the Legislature, and the Governor.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 157. Introduced by Johnson, 37.

PURPOSE: The Legislature finds that:

(1) Governor Dave Heineman, former Chief Justice of the Supreme Court John Hendry, and Chief Justice of the Supreme Court Mike Heavican are providing leadership to foster collaboration with the goal of improving Nebraska's child welfare system;

(2) Due to the dedication and hard work of judges, prosecutors, guardians ad litem, defense lawyers, caseworkers, supervisors, and administration, the following improvements in the care of children documented by the review conducted by the Nebraska Foster Care Review Board shall be recognized:

(a) Fewer children are in out-of-home care (5,186 children were in out-of-home care on December 31, 2006, compared to 6,204 on December 31, 2005);

(b) More children's cases have written plans designated to correct problems that led to removal of children from their homes (73.7% of the cases reviewed in 2006 had written plans, compared to 58.3% in 2001);

(c) More case managers from the Department of Health and Human Services are regularly seeing the children (88.9% of the children reviewed in the last half of 2006 had been seen by the worker in the 60 days prior to review, compared to 68.5% in 2001, and 39% in 1999); and

(d) In the last five years, there has been a decrease in the number of children who, after family reunification, return to the foster care system (41.3% of the children in care on December 31, 2001, had prior removals compared to 37.8% of those in care on December 31, 2006);

(3) The following statistics clearly demonstrate that the child welfare system has need for additional improvements:

(a) 5,186 children were in out-of-home foster care in Nebraska on December 31, 2006 (5,052 wards of the Department of Health and Human Services, plus children under the courts, or in an out-of-home placement through a child-placement agency);

(b) 1,961 of the 5,186 children (37.8%) have had at least one prior removal from the home. This is an increase in percentage from December 31, 2005, when 33.5% of the children in care had experienced multiple removals;

(c) 1,881 (36.3%) of the 5,186 children have been moved to six or more different foster placements throughout their lifetime;

(d) 947 (18.3%) of the 5,186 children have been moved to 10 or more different foster placements throughout their lifetime;

(e) 2,484 (49.2%) of the 5,052 wards of the Department of Health and Human Services in care on December 31, 2006, have had four or more caseworker changes;

(f) 1,438 (38.5%) of the 3,728 children reviewed in 2006 had been in foster care for two years or more at the time of their last review and 384 (10.3%) of the 3,728 reviewed children had been in foster care for five years or more;

(g) 195 (5.2%) of the 3,728 reviewed children were in placements that were unsafe (78 children) or inappropriate (117 children). Another 608 (16.3%) of the 3,728 reviewed children were in placements where the appropriateness of the current placement could not be determined due to a lack of documentation;

(h) The foster parents of 211 children reviewed in the last half of 2006 were not provided medical information about the child upon placement in their home;

(i) 425 (10.6%) of the 4,009 wards of the Department of Health and Human Services (excluding youth of the Office of Juvenile Services) that left out-of-home care during 2006 were adopted. Nationally, an average of 20% of social service wards are adopted annually;

(j) There were 1,333 children age birth through five in out-of-home care on December 31, 2006;

(k) 108 (11.4%) of 948 children between the ages of birth through five years in a special study conducted at the end of 2006 were in foster homes that were caring for the child reviewed plus five or more other children. 17 of the 108 children had recognized disabilities;

(l) In a special study conducted at the end of 2006, a Department of Health and Human Services contractor supervised parental visitation for 507 of the 948 children age birth through five. 174 (34.3%) of the 507 children had four or more different persons monitoring their visitation sessions;

(m) In a special study conducted at the end of 2006, a Department of Health and Human Services contractor transported 360 of the 948 children between the ages of birth through five years. Most of this transportation was to parental visitation sessions. 85 (23.6%) of the 360 children had four or more different drivers; and

(n) 142 (54.6%) of the 260 children between the ages of birth through two years reviewed during the last half of 2006 were placed in foster care due to parental substance abuse;

(4) Increases in parental substance abuse has added a new element of complexity to case demands. Methamphetamine is a highly addictive stimulant that victimized the addicted parents and the children within their care. 352 (37.1%) of the 948 children age birth through five in a special study conducted at the end of 2006 entered care due to parental methamphetamine abuse; and

(5) Regardless of the root cause for children coming into foster care, abused and neglected children create additional costs for Nebraska's taxpayers because these children are often in special education, have an increased likelihood of current and future drug and alcohol abuse, are more likely to be homeless, are more likely to enter the prison population, and when they have children of their own may perpetuate the cycle of abuse as adults.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution and work in cooperation with the Legislative Performance Audit Committee's auditor of the foster care system.

2. That the study shall include:

a. An examination of the intake system, including what services could prevent removals from the home of origin;

b. Reasons for the number of children in out-of-home care;

c. Children's number of placement changes and injuries in care;

- d. The number of foster homes and group placements available in each region of the state;
 - e. The number of children cared for in foster homes and group placements;
 - f. Caseworker changes and caseloads;
 - g. Service provision to children, including medical, dental, and mental health services;
 - h. The length of time children spend in foster care and barriers to permanency;
 - i. A review of the care of children between the ages of birth through five years, including the number of placement changes, the effects of contracting for visitation supervision and transportation, the length of time in care, the number of other children in the foster homes, and the recruitment of foster parents; and
 - j. The effectiveness of the current contract system.
3. That the Health and Human Services Committee of the Legislature shall work in cooperation with the Judiciary Committee of the Legislature to address legal barriers to adoption and adherence to twelve-month court reviews as permanency markers.
4. That the committee shall, upon the conclusion of this study, make a report of its findings, together with its recommendations, to the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 158. Introduced by Johnson, 37.

PURPOSE: To examine and provide recommendations relating to the development and utilization of voluntary emergency medical personnel to assist in responding to natural disasters or in the event of a flu pandemic. The Trust for America's Health reported that Nebraska's ecology would sustain the fifth-highest loss to its economy among the fifty states should a flu pandemic hit the United States.

Nebraska's Department of Health and Human Services has been recognized as a leader in preparation for such an event but concerns still exist about development and utilization of voluntary emergency medical personnel to assist in responding to such events. Such study recommendations shall include, but not be limited to, consideration of the following:

- (1) Training and competency of volunteer physicians and other medical personnel;
- (2) Liability of the voluntary medical personnel including, but not limited to, an assessment of the need to adopt the Uniform Emergency Volunteer Health Practitioners Act, drafted by the National Conference of Commissioners on Uniform State Laws;
- (3) Planning for a sufficient number of emergency personnel to adequately respond to major public emergencies; and
- (4) Coordinating and integrating volunteer medical reserve corps with other related federal and state programs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

ATTORNEY GENERAL'S OPINION

Opinion 07011

DATE: May 10, 2007

SUBJECT: LB 198; Constitutionality Of Restrictions On
Dissemination Of Prerecorded Political Messages And
Political Messages Sent Using Automatic Dialing-
Announcing Devices.

REQUESTED BY: Senator John E. Nelson
Nebraska Legislature

WRITTEN BY: Jon Bruning, Attorney General
Lynn A. Melson, Assistant Attorney General

You have requested our opinion regarding the constitutionality of LB 198 following the adoption of AM 705. You have specifically asked about proposed limitations on the number of certain political messages which may be sent by prerecorded telephone call or with the use of automatic dialing-announcing devices. The proposed legislation would limit such messages to

two messages to a residential telephone line in a calendar day. You have asked whether such restrictions rise to the level of violating constitutional rights and it is our understanding your concern lies with the first amendment.

LB 198, with the amendments adopted to date, would amend Neb. Rev. Stat. § 49-1474.02 of the Nebraska Political Accountability and Disclosure Act and Neb. Rev. Stat. § 86-236 and the Automatic Dialing-Announcing Devices Act. Neb. Rev. Stat. § 49-1474.02(1) currently requires that a person who makes an expenditure reportable under the Nebraska Political Accountability and Disclosure Act to disseminate by telecommunication prerecorded messages relating to candidates or ballot questions shall include the name of the person making the expenditure. LB 198 would also require that such messages only be disseminated between the hours of 8:00 a.m. and 9:00 p.m. and that no more than two such messages be disseminated to any one household in a calendar day.

The Automatic Dialing-Announcing Devices Act currently restricts telephone solicitations made for commercial purposes using automatic dialing-announcing devices and limits such telephone solicitations to the hours of 8:00 a.m. to 9:00 p.m. LB 198 would add a new section to the Act to restrict persons using automatic dialing-announcing devices for messages of a political nature, would limit those political messages to the hours of 8:00 a.m. to 9:00 p.m. and would also require that no more than two such messages be transmitted to any one residential telephone line per calendar day.

LB 198 would affect political speech interests which are protected by the first amendment. "Discussion of public issues and debate on the qualifications of candidates are integral to the operation of the system of government established by our Constitution. The First Amendment affords the broadest protection to such political expression. . . ." *McIntyre v. Ohio Elections Comm'n*, 514 U.S. 334, 346 (1995) (citation omitted). However, the prohibitions of the first amendment are not absolute. Even protected speech may be subject to time, place and manner restrictions if those restrictions are sufficiently justified and narrowly enough drawn. *Ward v. Rock Against Racism*, 491 U.S. 781 (1989).

While we are not aware of the exact governmental interests that led to LB 198, one justification that might be given for the proposed limitations is the protection of residential privacy. The state may wish to protect citizens from unwelcome speech that invades the privacy of their home. *Rowan v. United States Post Office Dept.*, 397 U.S. 728 (1970).

In reviewing restrictions on protected speech, a court would first determine whether the statute in question is content-neutral and regulates the protected speech without regard to content, or whether the statute in question is content-based in that it regulates the content of the protected speech. *Whitton v. City of Gladstone, Mo.*, 54 F.3d 1400 (8th Cir. 1995). If a court

finds that LB 198 constitutes content-neutral regulation of speech, the bill would be subjected to intermediate scrutiny and would be sustainable if the restrictions were found to serve substantial governmental interests and to be narrowly tailored. However, if a court determines that LB 198 constitutes content-based regulation of political speech, its restrictions would then be subjected to strict scrutiny and would be sustained only if the state's interests in enacting the bill were compelling and there was no less restrictive means available to achieve the state's interests. *McIntyre*, 514 U.S. at 347.

Courts of several jurisdictions have examined state statutes which regulate the use of telephone automatic dialing and announcing devices. The Eighth Circuit Court of Appeals considered a challenge to such statutes in *Van Bergen v. Minnesota*, 59 F.3d 1541 (8th Cir. 1995). The Minnesota statute concerning the use of automatic dialing-announcing devices (ADADs) was amended so as to apply to any call, regardless of its content. The Minnesota statute prohibited the use of ADADs unless the subscriber had consented to receive the message or the message was immediately preceded by a live operator who obtained the subscriber's consent. The ADADs could only be used between 9:00 a.m. and 9:00 p.m. The plaintiff, a candidate for governor who planned to use ADAD calls, claimed the statutes violated the freedom of speech provisions of the first amendment. The court of appeals first inquired whether the statute was content-neutral and found that it was because the statute applied to all callers and to all messages regardless of content. Three statutory exceptions were based on the caller's existing relationship with the subscriber (which implied the recipient's consent to the call) and not on the content of the call. The court then reviewed the Minnesota statute under an intermediate level of scrutiny. The court found a significant governmental interest in protecting residential privacy, that the statute was narrowly tailored to reach those interests as the prior consent and live operator options both allow the continued use of ADADs, and that there were other methods for the plaintiff to communicate such as live telephone calls, bulk mailings, posters, and signs. *Id.* at 1555. The court, therefore, held that the Minnesota statute was constitutional.

A similar analysis was employed by the Ninth Circuit Court of Appeals in *Bland v. Fessler*, 88 F. 3rd 729 (9th Cir. 1996). The Ninth Circuit Court of Appeals considered two California statutes which regulate ADADs in a challenge brought by an individual who used ADADs to advertise his carpet cleaning services. The California statutes were also found to be constitutional. In its decision, the court noted that the utility statute at issue applied to all ADAD users with exceptions only for parties with existing relationships and for certain emergency situations.

LB 198, however, may be more difficult to defend because, in contrast to the Minnesota and California statutes discussed above, LB 198 pertains only to political messages. Therefore, a court would be likely to find that the proposed Nebraska legislation is content-based and subject to a higher level of scrutiny. "[A] restriction solely for political speech is content-based." *Burson v. Freeman*, 504 U.S. 191 (1992).¹

Similarly, in ruling on a motion to dismiss, a federal court held that a Washington statute restricting the use of ADADs only with regard to commercial solicitation was content-based because it differentiated between commercial and non-commercial (charitable or political) calls. *Spafford v. Echostar Communications Corp.*, 448 F. Supp. 2d 1220 (W.D. Wash. 2006).²

Because LB 198 imposes restrictions only on political calls, it is likely to be considered content-based and would likely be subjected to a higher level of scrutiny. While several jurisdictions have held that residential privacy is a significant governmental interest, it is not clear whether it would be determined to be a compelling state interest or whether LB 198 would be found to be sufficiently narrowly drawn to achieve that end. Therefore, LB 198 could be found to violate the first amendment.

¹ In *Burson*, the Court held that a Tennessee statute restricting the solicitation of votes and the display of campaign materials near the entrance of a polling place was content-based legislation, but upheld the statute after finding there was a compelling state interest in preventing voter intimidation and voter fraud.

² The *Spafford* case is still pending. The court did find that the statutory restrictions on commercial speech, which is entitled to less protection than political speech, bore a reasonable relationship to the state's interest in protecting privacy.

Sincerely,
JON BRUNING

RESOLUTIONS

LEGISLATIVE RESOLUTION 159. Introduced by Erdman, 47.

PURPOSE: To examine the public policies under the Nebraska Workers' Compensation Act and to evaluate whether current requirements regarding covered employees result in any adverse effects or unintended consequences to employers, including, but not limited to:

(1) The requirement that employers continue to maintain a workers' compensation policy even though personnel changes would otherwise exempt them from the act; and

(2) The application of workers' compensation policies to agricultural operations in Nebraska as a result of the use of the term "full-time employees" in subdivision (2)(d) of section 48-106.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 160. Introduced by Erdman, 47.

PURPOSE: To examine the results of the law enforcement retirement survey conducted utilizing the data reported to the Nebraska Retirement Systems Committee of the Legislature pursuant to the Law Enforcement Officers Retirement Survey Act in LB 328, One Hundredth Legislature, First Session, 2007. The study shall include, but not be limited to, an evaluation of the reported survey data and any actuarial data reported and result in a recommendation to the Legislature on the development of a plan to address the lack of retirement plans for peace officers employed by cities

of the second class and villages. These plans could include, but not be limited to, the creation of a new defined benefit plan, the creation of a new cash balance plan, the creation of a new defined contribution plan, or the possible inclusion of peace officers employed by cities of the second class and villages in the County Employees Retirement Act currently administered by the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Retirement Systems Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 161. Introduced by Erdman, 47.

PURPOSE: To examine the manner in which agencies of Nebraska state government are providing public notice of their intention to adopt, amend, or repeal a rule or regulation under the Administrative Procedure Act. The state has an obligation to formulate policy and conduct business at all times in an open and transparent manner that assures an informed public. Recently, state agencies have begun to take advantage of technology and electronic communications to augment or replace printed notices of proposed rule or regulation changes. Given the complexity of accessing electronic information, the Government, Military and Veterans Affairs Committee of the Legislature shall undertake an overall examination of the manner of notification to ensure adequate public access and public notice to interested parties.

This study shall include, but not be limited to, reviewing whether current methods of notice are adequate to reach, as far as practicable, all interested parties and whether the current electronic information formats are sufficiently user friendly to facilitate public access to both existing and proposed agency rules and regulations.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Government, Military and Veterans Affairs Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee request from the several agencies of state government information on the manner in which they are undertaking the public notice requirement under the Administrative Procedure Act.

3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 162. Introduced by Synowiecki, 7.

PURPOSE: To examine the overall impact of the area agency on aging programs on the health of the citizens of Nebraska. Nebraska has eight area agencies on aging across the state that are funded by the Legislature and funded by Title XX of the federal Social Security Act.

This study shall determine the importance of area agency on aging programs in maintaining easily accessible health services in both the rural and urban areas of Nebraska, the level of funding necessary to bring programs online or to continue current programs, and partnerships with other agencies.

In addition, the study should determine whether the funding provided by the Legislature, as well as federal funding, is adequate.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

- (4) State rules governing such benefits and the potential need to revise such rules within the power of the state;
- (5) Benefits intended to keep families from returning to or seeking public assistance;
- (6) Data gathered and available which reflects the effectiveness or ineffectiveness of benefits intended to successfully move families to permanent self-sufficiency; and
- (7) The cost-effectiveness of moving families to permanent self-sufficiency.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 167. Introduced by Flood, 19.

PURPOSE: To evaluate the nature and scope of state resources that should be devoted to the University of Nebraska Medical Center College of Nursing, the state's only comprehensive PhD-granting institution for nurses, with primary emphasis placed on ensuring the long-term sustainability of a new Northern Nebraska Division of the University of Nebraska Medical Center College of Nursing.

Several recent studies have demonstrated an ongoing and critical shortage of Registered Nurses (RNs) since 1998 in the United States and particularly in rural states like Nebraska. Projections indicate that the national demand for RNs will exceed the available supply by twenty percent in 2020, and in many rural areas of Nebraska the projected demand will exceed the supply by twenty to thirty percent by 2020. In the last year, more than twenty states have developed significant policy and funding responses to address the critical and unique RN and faculty workforce needs of their respective states. The feasibility study conducted by the University of Nebraska Medical Center in 2006 illustrates that the shortage of RNs, especially those with baccalaureate and master's degrees, is particularly acute in the northeast region of the state.

This RN shortage endangers quality of care and places patients at increased risk for illness and death. In fact, studies indicate that many of the

improved patient outcomes are specifically correlated to baccalaureate-prepared RNs providing direct patient care. The need for these baccalaureate-prepared nurses will only increase in the future in order to meet the demands of patients and the increasingly complex health care system — a system requiring clinically relevant research that builds the science for nursing practice.

The ability to ensure adequate numbers of RNs with baccalaureate and master's degrees is dependent upon having adequate numbers of doctoral-prepared nursing faculty. At this time, however, the nation is experiencing the most serious shortage of doctoral-prepared nursing faculty ever, with a diminishing pipeline of doctoral enrollees and graduates. This is particularly true in rural states like Nebraska. Yet experience has demonstrated that the economic vitality of a community's hospital and health care resources is essential to the economic growth of a region, especially in those rural communities where each job in the health care sector has been shown to generate additional jobs and revenue in other sectors of the rural economy.

At this time, there are no public institutions in the northeast region of the State of Nebraska that produce baccalaureate and higher-degreed RNs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 168. Introduced by Flood, 19; Stuthman, 22.

PURPOSE: To study several issues relating to Nebraska's emergency protective custody (EPC) procedures.

Law enforcement across the state is expending considerable resources in connection with (1) securing placements for individuals who are detained pursuant to Nebraska's EPC procedures and (2) transporting such individuals to such placements. Deputies who would otherwise be patrolling their jurisdictions are frequently called upon to transport EPC individuals to facilities outside their jurisdictions. Oftentimes, these officers find themselves transporting the same individuals to facilities within their jurisdiction a short time later, when free beds in local facilities come open.

As Nebraska continues implementing its long-term plans for mental health reform, with a focus on increasing community-based services, law enforcement will continue to face these difficulties. In an effort to enhance public safety while maximizing tax dollars, this study will include, but not be limited to, an examination of the following:

(1) The availability of beds for individuals detained pursuant to the EPC statutes;

(2) The feasibility of a statewide, toll-free telephone hotline for law enforcement officers to use in order to locate facilities that are accepting individuals in EPC; and

(3) The feasibility of delaying the return of an EPC individual to the originating jurisdiction from an out-of-jurisdiction placement until the time necessary for the individual to consult with legal counsel and attend the mental health board hearing, unless otherwise practicable for law enforcement.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 169. Introduced by Kopplin, 3; Adams, 24; Dierks, 40; Hansen, 42; Harms, 48; Howard, 9; Nantkes, 46; Pahls, 31; Pedersen, 39; Schimek, 27; Stuthman, 22.

PURPOSE: To study public school funding in Nebraska to determine if there exists a need to either revise the current method of school financing or design and implement a new method of school financing.

Since the current method of public school financing, the Tax Equity and Educational Opportunities Support Act (TEEOSA), was passed by the Legislature in 1990, the act has undergone many changes and modifications. In addition, since TEEOSA was first implemented, the landscape of education in Nebraska has dramatically changed. The state has become increasingly diverse and a greater strain has been placed on the resources necessary to finance education. While the overall student population in the state has dropped by approximately 3,000 students, the number eligible for free or reduced price lunch has increased by over 90,000 students. On the national level, the emphasis in education has changed from providing universal access to universal achievement.

The issues to be addressed by this study shall include the following:

(1) What level of funding is sufficient to meet state accreditation standards and fund essential educational opportunities in each school district in the state;

(2) What are the appropriate mechanisms to address special needs, sparsity, poverty, and the growing immigrant population;

(3) The role of property tax in funding public school education;

(4) The use of incentives to employ more highly qualified teaching and instructional support staff, as measured by level of certification, postsecondary education, experience, and skill standards;

(5) What resources would be necessary to focus on increasing educational opportunity and universal achievement;

- (6) Funding stability;
- (7) School district accountability in the use of state funds for education;
- (8) The efficacy and cost of implementing increased student support mechanisms such as an extended school day and teaching time, tutoring support, or family support; and
- (9) Other issues as deemed pertinent by the committees.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Education Committee, the Revenue Committee, and the Appropriation Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of this study make a report of the findings, together with any recommendations, to the Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 170. Introduced by Nantkes, 46; McGill, 26.

PURPOSE: The purpose of this resolution is to study matters relating to the gardasil vaccine that is used to prevent certain deadly strains of human papillomavirus. The study shall include an examination of other states' activities relative to use of the vaccine, on what populations it is used, and how it is funded.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 171. Introduced by Nantkes, 46.

PURPOSE: The purpose of this resolution is to research funding alternatives for updating the student information systems at the University of Nebraska. Currently, the vendor that services and updates the student information system at the University of Nebraska will cease operations in 2011. Therefore, it is imperative that alternative methods and funding sources for such systems be explored before that time.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 172. Introduced by Nantkes, 46.

PURPOSE: To examine the Nebraska state college system's existing student information system which was purchased and implemented in 1987 and is now dated and lacks the necessary functions to provide appropriate administrative support to students and faculty and for accountability reporting.

SunGard Higher Education, the company that serves the existing software system, has indicated that it will cease supporting the software system on December 31, 2011. This lack of critical support for the software system will seriously jeopardize ongoing student and financial operations for the state colleges.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 173. Introduced by Heidemann, 1.

PURPOSE: The purpose of this study is to review the adequacy of funding for the Nebraska College of Technical Agriculture at Curtis (NCTA). NCTA has a statewide mission of instruction relating to food and agriculture at less than the baccalaureate degree, with concentration on the applied associate degree. By policy of the Board of Regents of the University of Nebraska and state law, NCTA exists as a distinct subprogram of the university and has a separate operating budget. By policy, the Board of Regents does not transfer funds from other university programs if the funds appropriated by the Legislature and generated by NCTA are inadequate to provide for the continued operation of NCTA.

The study shall include, but not be limited to:

(1) The adequacy of funding for the operating budget of NCTA; and

(2) The adequacy of funding for the facilities at NCTA.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 174. Introduced by Christensen, 44; Louden, 49.

PURPOSE: To examine coordination between natural resources districts and state agencies as well as coordination between the state and federal government with respect to surface water flows during times of great need or emergency in Nebraska in order to use our water resources prudently. This study shall include, but not be limited to, assessing the administrative, legal, and physical barriers to diverting water to avoid and minimize unnecessary damage caused by flooding, ice jams, and drought.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 175. Introduced by Christensen, 44; Louden, 49.

PURPOSE: To examine every major river and stream in Nebraska with respect to stream flow. This study shall identify areas of surplus and shortages currently present in each of these major rivers and streams and compare their current stream flows to their historical stream flows. This study shall also include, but not be limited to, identifying municipal well fields near rivers and streams where shortages exist, to assess the feasibility of slowing the stream flow to help with recharge in shortage areas, and identifying possible techniques to accomplish greater recharge.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 176. Introduced by Christensen, 44; Loudon, 49.

PURPOSE: To examine and identify areas of historical surplus of surface water in Nebraska and look at the potential development of additional water storage facilities for recreational use, hydroelectric power generation, and transfers for compliance with interstate compacts, agreements, or decrees.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 177. Introduced by Christensen, 44; Loudon, 49.

PURPOSE: The purpose of this study is to examine the ground water model developed and set forth from the Final Settlement Stipulation of the Republican River Compact due to questions regarding inputs and accounting. This study shall look at the ground water modeling process as a whole and identify potential improvements to the overall fairness and accuracy of the model. This study shall include, but not be limited to, the examination of the inputs and accounting currently being used in the ground water model to assess whether such inputs and accounting accurately represent all the variables currently present in the Republican River Basin that have actual and real influence on the outcomes of the model and actual stream flows that may negatively affect Nebraska's compliance to the compact and stipulation. This study shall develop recommendations and present them in a report.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Natural Resources Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 178. Introduced by Christensen, 44; Ashford, 20.

PURPOSE: To examine the nature and consistency of local firearm regulation across the State of Nebraska. Presently, Nebraska has a patchwork of local ordinances regulating the possession, use, and transport of firearms and the carrying of concealed firearms. Many of these local enactments appear inconsistent with applicable state law, and there is disagreement with regard to those instances in which state statutes preempt local ordinances. Nebraskans have a right to expect a reasonable degree of consistency within the state's borders with respect to the regulation of firearms. Being subject to inconsistent and possibly conflicting firearm regulation from one jurisdiction to another places otherwise law-abiding citizens in danger of arrest for purely inadvertent and otherwise innocent actions.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee hold two or more public hearings to receive testimony on the subject of this resolution for the purpose of giving citizens in all areas of Nebraska a chance to offer their views.
3. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

RESOLUTIONS

LEGISLATIVE RESOLUTION 179. Introduced by Fischer, 43.

PURPOSE: The federal REAL ID Act of 2005 will be implemented on May 11, 2008. The act provides a detailed list of certain standards, procedures, and requirements for issuing state driver's licenses and identification cards if such documents are to be accepted as identity documents by the federal government. The United States Department of Homeland Security has recently issued its notice of proposed rulemaking regarding the act. The final rule adopted by the department is likely to have several changes made to required processes. Regardless, the act will have a profound impact on Nebraska's current driver's license and identification card issuing practices. Planning and investigation has already begun on how Nebraska driver's license and identification card holders will be affected.

The study shall consider the different alternatives available to the Department of Motor Vehicles in implementing the REAL ID Act of 2005, including central issuance and regional sites and the consequences of gravitating towards such a business model. In addition, the study will analyze the final rule adopted by the United States Department of Homeland Security, what it means to Nebraska's citizens, and what the Department of Motor Vehicles has done in investigating possible alternatives if Nebraska were to begin implementing the act.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 180. Introduced by Fischer, 43.

PURPOSE: Off-road vehicles are becoming increasingly prevalent in our society. These vehicles include, but are not limited to, all-terrain vehicles, minibikes, minitrucks, neighborhood electric vehicles, golf carts, and motorized scooters. Many of these vehicles have been introduced to the highways in recent years and are not considered in the Nebraska motor vehicle titling and registration statutes or the Nebraska Rules of the Road.

The committee shall conduct a review to determine whether Nebraska's laws are sufficient and clear as to the titling, registration, and operation of these vehicles on the highways and the implications of allowing these vehicles on state and local highways.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 181. Introduced by Fischer, 43.

PURPOSE: Broadband Internet service has been widely held to be crucial to a community and its residents. Broadband networks can increase productivity and drive economic growth, improve education, and allow consumers to make more informed purchasing decisions. The Federal Communications Commission has stated that it believes wireless broadband,

as well as other alternative broadband platforms, such as satellite and broadband over power lines, can create a competitive broadband marketplace and bring the benefits of lower prices, better quality, and greater innovation to consumers. Municipal-provided wireless Internet has become an avenue being explored in communities across the nation, including several who have such a service up and running.

The committee will examine the current municipal-provided wireless Internet services and their overall success, as well as the advantages and disadvantages of providing such a system. The study will also consider the implications of Laws 2005, LB 645, and what restrictions current law places on municipal-provided wireless Internet service.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Executive Board of the Legislative Council shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the board shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislature.

Referred to the Executive Board.

PURPOSE: The purpose of this resolution is to study the legislative appropriations process, to examine alternative methods of creating state budgets, including different methods of processing state agency funding requests, and the viability of zero-based budgeting.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Appropriations Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

PURPOSE: The purpose of this resolution is to direct the Business and Labor Committee of the Legislature to study the film industry in Nebraska as it relates to economic development and employment of our citizens. The study shall include, but not be limited to, evaluation of the types and numbers of jobs in Nebraska created by the film industry, the occurrence of these opportunities, the revenue generated in Nebraska by the film industry, and what can be done to encourage further job growth in this area.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Business and Labor Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Agriculture Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 188. Introduced by Dierks, 40.

This study shall examine:

- (1) Similar tax policies of states surrounding Nebraska;
- (2) The current level of tax remitted by car washes by both local and state government; and
- (3) A methodology for replacing revenue lost by both the state and local political subdivisions as a result of a car wash sales tax exemption.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

LEGISLATIVE RESOLUTION 190. Introduced by Janssen, 15.

PURPOSE: To examine issues relating to legalizing the sale of all liquor on Sundays. Currently, Nebraska law prohibits the sale of alcohol, except beer and wine, between the hours of 6 a.m. and 12:00 p.m. on Sundays. This study would examine the potential of allowing, by ordinance of a local governing body, that liquor be sold as well during hours of operation on Sundays.

This study shall address the following issues:

- (1) The option for enabling city governments to allow liquor to be sold from 6 a.m. to 1 a.m. on Sundays; and
- (2) The history of the current liquor law.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 191. Introduced by Flood, 19.

PURPOSE: The goal of this interim study is to examine how LB 1114 (1996) and LB 904 (2006) have affected second class cities and villages.

In 1996, the Legislature passed LB 1114, which lowered the property tax lid for second class cities and villages from one dollar and five cents to forty-five cents per one hundred dollars of taxable valuation. Floor discussions on LB 1114 recognized that such action could prove to be devastating for smaller communities that could not make up the lost revenue through the local option municipal sales tax and/or consolidation of services. There was some indication that state aid may be one mechanism for alleviating this burden.

In 2006, the Legislature passed LB 904, which, among other things, required cities and counties to spend any local sales tax collected from sales of motor vehicles for street and road purposes, except instances where existing sales tax revenue was pledged for bonds issued for other purposes or other revenue sources were pledged for bonds issued for street and road purposes.

It is the intent of this interim study to analyze the effect that these municipal spending restrictions have had on cities of the second class and villages.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRETH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Revenue Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.
2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

(2) If the current statutory structure for the crime of statutory rape in Nebraska is adequate and whether approaches in other jurisdictions, including those which provide graduated penalties based upon the ages of the parties, which allow for a defense for misrepresentation of fact or for consideration of mitigating circumstances at sentencing would better serve the interests of the state and the victims of this crime.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 202. Introduced by Johnson, 37.

PURPOSE: The Legislature finds that:

- (1) The health of our children is of paramount importance to families in our state.
- (2) Poor child health is a threat to the educational achievement, social, and psychological well-being of the children of our state.

(3) Nebraska has more parents in the workforce than most states and more jobs that are part-time, seasonal, or without full benefit packages.

(4) Many other factors have caused health care premiums to increase dramatically for the last several years, making it difficult for employers and low to middle income families to maintain coverage.

(5) The state children's health insurance program (SCHIP) of this state, which enrolled 44,981 uninsured children in federal fiscal 2006, is an integral part of the arrangement for health benefits for the children of the State of Nebraska.

(6) The average monthly cost for SCHIP per child, including state and federal funds, was \$152.00 in Fiscal Year 2006.

(7) The federal State Children's Health Insurance Program covered 24,226 children as of March 2007, and the state depends on the federal government's enhanced match rate payment of 71% of the cost of this program.

(8) A small reduction in the enhanced match rate could result in either a large increase in state expenditures to provide coverage for eligible children or in the loss of insurance coverage for poor children.

(9) The federal State Children's Health Insurance Program should be reauthorized and funded by Congress by December 31, 2007, to provide stable funding, to cover existing covered children, to cover children eligible but not enrolled, to provide flexibility, and to be affordable; and

(10) There is a need to review the availability of insurance and types of coverage provided, particularly for jobs with wages that bring families to an income level of at least 200% to 400% of the poverty level. This review will include the number of employers offering coverage, the types of coverage offered, the cost to employees, the number of Nebraskans not employed by employers offering affordable coverage, and the number of those households that have children.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to determine what actions might be taken to harmonize Nebraska's state children's health insurance program to changes allowed by the federal State Children's Health Insurance Program as reauthorized and funded by Congress and the availability of other types of insurance to meet the needs of lower-income Nebraskans and their children.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 203. Introduced by Johnson, 37.

PURPOSE: In 2004, the State of Nebraska passed LB 1083 to reform behavioral health services, moving services from state regional centers to community-based sites and increasing the focus on recovery, thereby

requiring providers of behavioral health services to have new competencies. LB 1083 requires the state to "promote activities in research and education to improve the quality of behavioral health services, the recruitment and retention of behavioral health professionals, and the availability of behavioral health services".

The United States Department of Health and Human Services currently designates over ninety-five percent of Nebraska's counties as Mental Health Professional Shortage Areas. Further, ninety of ninety-three counties are designated as Psychiatric Shortage Areas. These shortages have led to well-documented problems such as hospital and emergency rooms and jails and prisons bearing the brunt of the responsibility of care for patients needing more specialized and appropriate treatment. As the state works toward moving services from institutional to community-based care, there is a recognition that many of the professionals necessary to provide these services are difficult to hire due to this shortage.

In 2003, Senator Jim Jensen and Governor Mike Johanns requested a study of behavioral health service, education, and research issues from the academic medical centers in the state which generated "The Nebraska Academic Health Centers Plan for Excellence in Behavioral Health" which outlined numerous behavioral health issues and recommendations.

In 2004, the Nebraska Health and Human Services System established the Academic Support Workgroup in order to outline a plan to address the shortage and competency issues. The workgroup brought together many stakeholders involved in behavioral health care, including clinicians, educators, researchers, advocates, consumers, and system administrators with a wide range of educational backgrounds and institutional and academic affiliations. In 2005, the Academic Support Workgroup outlined a comprehensive plan to improve the behavioral health workforce in "A Behavioral Health Education and Research System for Nebraska." This plan includes recruitment of talented students into the field, improved undergraduate and graduate training in behavioral health, enhanced training opportunities in rural areas and increased use of telehealth technology, increased focus on recovery competencies, enhanced training in behavioral health for primary care providers, and improved continuing education in behavioral health, especially for providers in rural areas.

The purpose of this study is to examine the need for a statewide behavioral health workforce development plan and adequate funding to implement the plan.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct a study concerning statewide behavioral health education to address workforce shortage and delineate a range of proposals to "promote activities in research and education to improve the quality of behavioral health services, the recruitment and retention of behavioral health professionals, and the availability of behavioral health services."

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 204. Introduced by Johnson, 37.

PURPOSE: To conduct a thorough review of LB 463, One Hundredth Legislature, First Session, 2007, and provide for the preparation of additional draft legislation relating to the Uniform Credentialing Act, which has an operative date of December 1, 2008. The committee shall also conduct an extensive review of existing disciplinary policies and procedures under the Uniform Licensing Law and propose necessary and appropriate changes to such policies and procedures and prepare draft legislation for introduction in the 2008 legislative session.

The study shall be conducted in consultation with the Governor, the chief medical officer, and the Department of Health and Human Services.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Health and Human Services Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.

11 Sec. 7. (1) Educational service units consisting of
12 school districts that are also a part of a learning community shall
13 develop and implement a plan to establish grade level standards and
14 provide for assessment of students in grades kindergarten through

12 experience, special education, early childhood programs, federal
13 programs, and other targeted education programs. School districts
14 shall provide the department with individual student achievement
15 data as requested in order to implement the statewide system.

16 (2) The department and the high-needs education

 21 section. The department shall report the findings to the Governor,
 22 the Legislature, school districts, educational service units, and
 23 each learning community. Such analysis shall include aggregated
 24 data that would indicate differences in achievement due to
 25 available educational input characteristics described in subsection
 26 (1) of this section. Such analysis shall include indicators of
 27 progress toward state achievement goals for students in poverty,
 1 limited English proficient students, and highly mobile students
 2 according to the plan developed by the high-needs education

5 13-2602 (1) The Legislature finds that it will be
6 beneficial to the economic well-being of the people of this
7 state that there be convention and meeting center facilities,
8 sports arena facilities, and hotel facilities of appropriate size
9 and quality to host regional, national, or international events.
10 Regional refers to states that border Nebraska; national refers
11 to states other than those that border Nebraska; and international

15 and local taxes from persons residing within and outside the state
16 and (b) create new economic opportunities for residents.

17 (3) In order that the state may receive any long-term
18 economic and fiscal benefits from such facilities, a need exists to
19 provide some state financial assistance to political subdivisions
20 endeavoring to construct, acquire, substantially reconstruct,
21 expand, operate, improve, or equip such facilities.

22 (4) Therefor, it is deemed to be in the best interest of
23 both the state and its political subdivisions that the state assist
1 political subdivisions in financing the construction, acquisition,
2 substantial reconstruction, expansion, operation, improvement, or
3 equipping of such facilities.

4 (5) The amount of state financial assistance shall be
5 limited to a designated portion of ~~new state sales tax revenue~~
6 ~~attributed to such facilities and defined events hosted at such~~
7 ~~facilities, collected by retailers and operators doing business at~~

MESSAGES FROM THE GOVERNOR

Patrick J. O'Donnell
Clerk of the Legislature

Lincoln, NE 68509

Dear Mr. O'Donnell:

Engrossed Legislative Bills 88e, 274, 317e, 318e, 319e, 320e, 322e, 323e, 373, 629e, and 629Ae were received in my office on May 15, 2007.

May 21, 2007

Mr. President, Mr. Speaker,
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President, Mr. Speaker, and Members of the Legislature:

With this letter, I am returning LB 321 with my signature and with line-item reductions. My vetoes of General Fund appropriations in LB 321 total \$23.6 million over the next two years.

I have also reduced the appropriation from the Department of Roads Highway Cash Fund by \$19.0 million in FY 2008-09 to eliminate a gas tax increase included in LB 321 by the Legislature. The price of gasoline is at an all-time high. Now is not the time to increase the gas tax. The corresponding FY 2008-09 cash fund appropriation for road construction has been reduced by \$18.5 million and \$500,000 for mass transit aid. During the 2006 legislative session, the Legislature already increased mass transit aid by \$1,500,000 in FY 2006-07, a 98.4% increase.

In my budget message to the Legislature on January 11, 2007, I asked for your serious consideration and enactment of legislation to reduce the tax burden on our citizens and to restrain the growth of government spending. I am very pleased with the passage and enactment of tax relief measure LB 367, and I appreciate the spending restraint that is evident in the mainline budget bill LB 321. We are in agreement on the vast majority of the appropriations contained in LB 321.

I have made some line-item reductions to help temper spending growth, eliminate the replacement of federal funds with State General Fund appropriations, and for other specific reasons cited within the balance of this letter. A summary list of individual vetoes is attached to this letter.

I want to point out some well-intended, but problematic intent language added to Section 19 of LB 321 for the Supreme Court's budget for Probation Community Corrections. As the Chief Justice noted in a letter to the Appropriations Committee on May 4, 2007, the language in Section 19 ". . . directly conflicts with the Fee for Service Voucher Program developed by the Office of Probation Administration and formally approved by both the Nebraska Supreme Court and the Community Corrections Council." Even though the language in Section 19 cannot be legally administered from a technical accounting standpoint, my concern is with the proposed redirecting of community corrections funds without any recommendation, discussion, or input from the Community Corrections Council. The language in Section 19 is opposed by the Chief Justice, State Probation Administration, the Community Corrections Office Executive Director, and the Chairman of the Community Corrections Council. I share their concern

and am opposed to the Legislature's intent. Nebraska has been recognized for its efforts with regard to Community Corrections because of the well-coordinated implementation of goals and objectives. This intent language conflicts with the Community Corrections Council's direction and approved plan for the delivery of treatment services for those individuals in the criminal justice system. The state has come a long way thanks to the collaboration among the three branches of government. The proposed language has the potential to jeopardize the significant progress made so far.

I have vetoed \$60,000 General Funds in FY 2007-08 and \$60,000 General Funds in FY 2008-09 from the Supreme Court that has been appropriated to establish a Prostitution Diversion Court. It is difficult to justify the allocation of scarce state resources for this purpose when there are many other worthy priorities in the state court system.

I have vetoed one-half of the additional funding provided to the Supreme Court and State Probation above the amount provided for salary increases for other state employees. This equates to vetoes of \$732,695 General Funds and \$667,267 Salary Limit in both FY 2007-08 and FY 2008-09. I encourage the Supreme Court to focus the remaining allocation of additional salary funds primarily to non-management workers in the county court system and state probation system.

I have vetoed \$200,000 General Funds in FY 2007-08 and \$200,000 General Funds in FY 2008-09 from the Attorney General's Office to offset similar budget increases of \$200,000 cash funds in FY 2007-08 and \$200,000 cash funds in FY 2008-09 that have been appropriated from the State Settlement Cash Fund. Overall, these cash fund increases and General Fund vetoes have no net impact on the agency budget, as the agency has been authorized to draw on excess cash fund balances.

I have vetoed excess funding of \$100,000 General Funds in FY 2007-08 and \$100,000 General Funds in FY 2008-09 from the Attorney General's Office for the newly created child autopsy reimbursement program that began on July 1, 2006. The program has recorded total expenditures of only \$2,960 for the first ten months. After my vetoes, the budget still leaves \$50,000 General Funds in FY 2007-08 and \$50,000 General Funds in FY 2008-09, which should be more than sufficient to cover the potential cost to the state.

I have vetoed \$48,887 of new Salary Limit added in FY 2007-08 and \$51,380 of new Salary Limit added in FY 2008-09 for the Attorney General's Office to hire an additional half-time attorney for school finance litigation. I believe any remaining work can be managed without adding personnel.

I have reduced the General Fund appropriation to the State Treasurer for the Long-Term Care Savings Plan Program by \$20,000 for each of FY 2007-08 and FY 2008-09. This removes the one-time funding originally put in place

for only the current fiscal year and recognizes the Legislature's intent when the program was created in 2006.

I have vetoed \$650,000 in General Funds and \$253,855 in Salary Limit from the Department of Education's operations program in both FY 2007-08 and FY 2008-09. Funding local schools is one of my top priorities and LB 321 increases TEEOSA aid to public schools by \$52.2 million in FY 2007-08 and \$131.2 million in FY 2008-09. Significant increases in school aid require us to constrain appropriations for other state operations, including those of the Department of Education. After my line-item reduction, the Department continues with a General Fund appropriation of \$9.8 million for operations.

I have also reduced the funding increase for special education aid from four to three percent annual growth in FY 2007-08 and FY 2008-09, reducing General Fund appropriations by \$1,742,802 in FY 2007-08 and \$3,607,599 in FY 2008-09. After my veto, special education aid will still increase \$5,228,405 in FY 2007-08 and \$10,613,664 in FY 2008-09, which is the same rate of growth provided in FY 2006-07.

I have vetoed \$500,000 General Funds in each of FY 2007-08 and FY 2008-09 in the Department of Revenue for increased state spending on the County Property Tax Relief Program. After my veto, \$1,500,000 in funding remains to help revive this previously defunded local government assistance program in each of the next two years.

I have vetoed \$59,050 General Funds and \$40,650 Salary Limit in FY 2007-08 and \$111,260 General Funds and \$81,310 Salary Limit in FY 2008-09 from the Department of Revenue. This veto reflects the operating expense savings resulting from the repeal of the contractor labor sales tax included in LB 367.

LB 321 contains General Fund provider rate increases totaling \$7,538,577 in FY 2007-08 and \$15,451,387 in FY 2008-09 within the Department of Health and Human Services above the amounts I recommended in January. I have vetoed \$3,616,652 General Funds in FY 2007-08 and \$7,415,076 in FY 2008-09, representing approximately one-half of the provider rate increases in excess of the amounts included in my original budget recommendations to the Legislature. This action has no impact on provider rates where the Legislature agreed with my January recommendations. The veto represents an attempt to meet the Legislature half-way in areas where the Legislature increased rates above my original recommendations.

I have vetoed \$100,000 General Funds in FY 2007-08 and FY 2008-09 for the nursing faculty loan program in the Department of Health and Human Services. This program was funded with a one-time appropriation of \$150,000 General Funds in FY 2006-07 only after the express statutory prohibition of using General Funds for the program was eliminated with the passage of LB 962 in 2006. I encourage efforts to generate cash funds

through grants and private donations in order to fund the program as envisioned when it was created by the passage of LB 146 in 2005.

I have vetoed \$100,000 General Funds in FY 2007-08 and \$372,523 General Funds in FY 2008-09 for Behavioral Health Aid in the Department of Health and Human Services. The funds are designated as aid to Region VI Behavioral Healthcare and earmarked by the Legislature to provide matching funds for a federal grant received by a specific private provider, Heartland Family Services. The earmark of General Fund appropriations for Heartland Family Services has been eliminated by my veto for both FY 2007-08 and FY 2008-09. My veto leaves \$126,044 General Funds in FY 2007-08 available as interim funding for the same purpose if decided by Region VI Behavioral Healthcare. I encourage the Legislature to refrain from earmarking appropriations directly to private providers.

I have vetoed \$290,000 General Funds in each of FY 2007-08 and FY 2008-09 for Community-Based Aging Services. The funds are earmarked to provide supplemental funding exclusively for the Eastern Nebraska Office on Aging (ENOA). I have vetoed this item to eliminate the preferential treatment in the distribution of funding for community-based aging services across the state. ENOA is encouraged to establish budget priorities and provide services, within available resources, as is the case for other area agencies on aging.

I have vetoed \$86,557 General Funds and \$66,500 Salary Limit for both FY 2007-08 and FY 2008-09 provided to the Coordinating Commission for Postsecondary Education for a new Data and Research Analyst position in Administration. The Commission currently has 15.2 full-time equivalent budgeted positions; 13 of these positions are in Administration. This is not the time to be adding positions in Administration. Thirteen positions are more than sufficient.

I have vetoed the \$250,000 increase in General Funds in FY 2007-08 and the \$500,000 increase in General Funds in FY 2008-09 provided to the Board of Regents of the University of Nebraska for the replacement of lost federal funds for the Area Health Education Centers (AHEC's). This replacement funding was not requested by the Regents. It first appeared before the Legislature in the form of LB 438, which was heard before the Appropriations Committee and was not recommended by the committee. This replacement funding and the program itself do not seem to be a priority of the Board of Regents or the Appropriations Committee. In addition, the program was started with federal funds. Based on materials obtained, it would appear that the funding provided in LB 321 would be only the starting point in the replacement of federal funds. Using FY 2006-07 as the base year, with funding of \$2.2 million for all five AHEC's, the projected total federal funds shortfalls appear to be as follows: FY 2007-08 \$443,367; FY 2008-09 \$838,367; FY 2009-10 \$953,367; FY 2010-11 \$1,303,367; FY 2011-12 \$1,556,867, for a cumulative total of \$5,095,335. The state cannot

afford to set a precedent for picking up lost federal funds of such a magnitude.

I have vetoed new funding increases added by the Legislature for the Equal Opportunity Commission, including \$75,000 General Funds in FY 2007-08 and \$150,000 General Funds in FY 2008-09. After my vetoes, a \$75,000 General Fund increase for FY 2007-08 remains to provide the agency time to prioritize its long-term resource allocations. The replacement of federal funds with expanded General Fund appropriations is difficult to support when other worthwhile programs are attempting to manage within existing state and federal resources.

I have vetoed \$36,318 General Funds in each of FY 2007-08 and FY 2008-09, along with \$31,578 Salary Limit in the next two fiscal years for increased staffing at the Foster Care Review Board. Ongoing efforts to reduce the number of children in foster care will reduce the need for additional staff.

LB 321 includes additional state funding for the Department of Economic Development not included in my budget recommendations: \$1,000,000 of Cash Reserve Funds in both FY 2007-08 and FY 2008-09 for increased funding to the Microenterprise Development Program and \$250,000 of Cash Reserve Funds in both FY 2007-08 and FY 2008-09 for increased funding to the Building Entrepreneurial Communities Act (BECA) Program. While I considered line-item reductions of these two items, I did not veto appropriations for FY 2007-08 and FY 2008-09, after taking into account the fact that these two items are one-time appropriations that will not be replenished or replaced in subsequent budget bienniums.

I have reduced funding for an additional staff position for the Investment Council that was not included in my recommendation. This equates to vetoes of \$97,000 cash funds and \$70,000 Salary Limit in FY 2007-08 and \$91,600 cash funds and \$70,000 Salary Limit in FY 2008-09 to the Council. The need and justification for this additional high level management position within an agency with a total staff of six is not apparent.

Finally, I have vetoed the transfers of \$6.0 million from the Tobacco Products Cash Fund to the General Fund in FY 2007-08 and FY 2008-09. I also have reduced the transfers from the Securities Act Cash Fund to the General Fund by \$4.0 million in FY 2007-08 and FY 2008-09. The veto of these transfers totals \$20.0 million. These vetoes reserve an amount equal to one-half of the additional \$40.0 million in tax receipts estimated for the 2007-2009 budget biennium by the Economic Forecasting Advisory Board at its April 2007 meeting. As noted in your publication "State of Nebraska Biennial Budget FY 2007-08 and FY 2008-09", dated April 2007, the revenue forecasts for FY 2009-10 and FY 2010-11 are ". . . significantly higher than preliminary, unofficial estimates prepared by the Nebraska Department of Revenue (NDR) and the Legislative Fiscal Office (LFO) using Global Insight forecasting information." I concur with this statement

and urge you to sustain my veto of these transfers as a further measure to reserve additional funds and restrain new spending.

My line-item reductions offer the opportunity for further savings and additional spending restraint—excellent hallmarks for the 2007-2009 biennial budget for the State of Nebraska.

I appreciate your hard work and urge you to sustain these reductions to LB 321.

Sincerely,
(Signed) Dave Heineman

MESSAGE FROM THE GOVERNOR

May 21, 2007

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President and Members of the Legislature:

I am returning LB 198 without my signature and with my objections.

Our state currently regulates the use of automatic dialing-announcing devices ["ADAD"] by placing reasonable restrictions on all callers who use these devices for all commercial purposes. LB 198, however, proposes to add two additional restrictions whenever any person uses these devices for messages of a political nature, including calls made relating to a candidate or to a ballot question. In addition to restrictions on all existing ADAD calls, those of a political nature would have to include a statement of whether or not the message is authorized by a candidate and would be limited to no more than two such messages to any one residential telephone line per day.

I believe that enacting separate, additional restrictions upon political speech in the manner proposed by LB 198 is constitutionally suspect. Courts have clearly upheld restrictions on the use of automatic devices that have been imposed by states when those restrictions uniformly apply to all types of calls or callers, even when the restrictions apply to political speech. However, in the *Van Bergen v. State of Minnesota*, 53 F.3d 1541 (8th Cir. 1995) decision, the Eighth Circuit Court of Appeals upheld a state statute that included political calls within the category of automatic dialing device restrictions only because the court found that the political calls were regulated in the same manner as all other automatic device calls. Under LB 198, political calls are regulated in a manner that is different than all other automated device calls.

I support the intent of protecting the privacy of Nebraskans in their homes. I firmly believe, however, that we must proceed with caution when limiting protected speech. As noted in the Attorney General's opinion, it appears LB 198 could be structured in a constitutional manner if the limitations proposed in the bill were to apply equally to all pre-recorded messages. I would support legislation that would limit these types of calls so long as the restrictions were made applicable equally to all automatic device calls. I encourage the Legislature to sustain this veto and to enact a properly structured bill early in the 2008 session that would apply to the upcoming election cycle.

For these reasons, I respectfully urge you to sustain my veto of LB 198.

Sincerely,
 (Signed) Dave Heineman
 Governor

(Amendments to Final Reading copy)

- 1 1. Insert the following new section:
- 2 Sec. 2. Section 77-2716, Revised Statutes Cumulative
- 3 Supplement, 2006, is amended to read:
- 4 77-2716 (1) The following adjustments to federal adjusted
- 5 gross income or, for corporations and fiduciaries, federal taxable
- 6 income shall be made for interest or dividends received:
- 7 (a) There shall be subtracted interest or dividends
- 8 received by the owner of obligations of the United States and its
- 9 territories and possessions or of any authority, commission, or

11 gross income for federal income tax purposes but exempt from state
12 income taxes under the laws of the United States;

13 (b) There shall be subtracted that portion of the
14 total dividends and other income received from a regulated
15 investment company which is attributable to obligations described
16 in subdivision (a) of this subsection as reported to the recipient
17 by the regulated investment company;

18 (c) There shall be added interest or dividends received
19 by the owner of obligations of the District of Columbia, other
20 states of the United States, or their political subdivisions,
21 authorities, commissions, or instrumentalities to the extent
22 excluded in the computation of gross income for federal income
1 tax purposes except that such interest or dividends shall not be
2 added if received by a corporation which is a regulated investment
3 company;

4 (d) There shall be added that portion of the total
5 dividends and other income received from a regulated investment
6 company which is attributable to obligations described in
7 subdivision (c) of this subsection and excluded for federal
8 income tax purposes as reported to the recipient by the regulated
9 investment company; and

10 (e)(i) Any amount subtracted under this subsection shall
11 be reduced by any interest on indebtedness incurred to carry the
12 obligations or securities described in this subsection or the
13 investment in the regulated investment company and by any expenses
14 incurred in the production of interest or dividend income described
15 in this subsection to the extent that such expenses, including
16 amortizable bond premiums, are deductible in determining federal
17 taxable income.

18 (ii) Any amount added under this subsection shall be
19 reduced by any expenses incurred in the production of such income
20 to the extent disallowed in the computation of federal taxable
21 income.

22 (2) There shall be allowed a net operating loss derived
23 from or connected with Nebraska sources computed under rules
24 and regulations adopted and promulgated by the Tax Commissioner
25 consistent, to the extent possible under the Nebraska Revenue
26 Act of 1967, with the laws of the United States. For a resident
27 individual, estate, or trust, the net operating loss computed
1 on the federal income tax return shall be adjusted by the
2 modifications contained in this section. For a nonresident
3 individual, estate, or trust or for a partial-year resident
4 individual, the net operating loss computed on the federal return
5 shall be adjusted by the modifications contained in this section
6 and any carryovers or carrybacks shall be limited to the portion of
7 the loss derived from or connected with Nebraska sources.

8 (3) There shall be subtracted from federal adjusted gross
9 income for all taxable years beginning on or after January 1, 1987,
10 the amount of any state income tax refund to the extent such refund

11 was deducted under the Internal Revenue Code, was not allowed in
12 the computation of the tax due under the Nebraska Revenue Act of
13 1967, and is included in federal adjusted gross income.

14 (4) Federal adjusted gross income, or, for a fiduciary,
15 federal taxable income shall be modified to exclude the portion of
16 the income or loss received from a small business corporation with
17 an election in effect under subchapter S of the Internal Revenue
18 Code or from a limited liability company organized pursuant to the
19 Limited Liability Company Act that is not derived from or connected
20 with Nebraska sources as determined in section 77-2734.01.

21 (5) There shall be subtracted from federal adjusted gross
22 income or, for corporations and fiduciaries, federal taxable income
23 dividends received or deemed to be received from corporations which
24 are not subject to the Internal Revenue Code.

25 (6) There shall be subtracted from federal taxable income
26 a portion of the income earned by a corporation subject to the
27 Internal Revenue Code of 1986 that is actually taxed by a foreign
1 country or one of its political subdivisions at a rate in excess
2 of the maximum federal tax rate for corporations. The taxpayer may
3 make the computation for each foreign country or for groups of
4 foreign countries. The portion of the taxes that may be deducted
5 shall be computed in the following manner:

6 (a) The amount of federal taxable income from operations
7 within a foreign taxing jurisdiction shall be reduced by the amount
8 of taxes actually paid to the foreign jurisdiction that are not
9 deductible solely because the foreign tax credit was elected on the
10 federal income tax return;

11 (b) The amount of after-tax income shall be divided by
12 one minus the maximum tax rate for corporations in the Internal
13 Revenue Code; and

14 (c) The result of the calculation in subdivision (b) of
15 this subsection shall be subtracted from the amount of federal
16 taxable income used in subdivision (a) of this subsection. The
17 result of such calculation, if greater than zero, shall be
18 subtracted from federal taxable income.

19 (7) Federal adjusted gross income shall be modified to
20 exclude any amount repaid by the taxpayer for which a reduction
21 in federal tax is allowed under section 1341(a)(5) of the Internal
22 Revenue Code.

23 (8)(a) Federal adjusted gross income or, for corporations
24 and fiduciaries, federal taxable income shall be reduced, to the
25 extent included, by income from interest, earnings, and state
26 contributions received from the Nebraska educational savings plan
27 trust created in sections 85-1801 to 85-1814.

1 (b) Federal adjusted gross income or, for corporations
2 and fiduciaries, federal taxable income shall be reduced, to the
3 extent not deducted for federal income tax purposes, by the amount
4 of any gift, grant, or donation made to the Nebraska educational
5 savings plan trust for deposit in the endowment fund of the trust.

6 (c) Federal adjusted gross income or, for corporations
7 and fiduciaries, federal taxable income shall be reduced by any
8 contributions as a participant in the Nebraska educational savings
9 plan trust, to the extent not deducted for federal income tax
10 purposes, but not to exceed five hundred dollars per married filing
11 separate return or one thousand dollars for any other return.

12 (d) Federal adjusted gross income or, for corporations
13 and fiduciaries, federal taxable income shall be increased by
14 the amount resulting from the cancellation of a participation
15 agreement refunded to the taxpayer as a participant in the Nebraska
16 educational savings plan trust to the extent previously deducted as
17 a contribution to the trust.

18 (9)(a) For income tax returns filed after September 10,
19 2001, for taxable years beginning or deemed to begin before January
20 1, 2006, under the Internal Revenue Code of 1986, as amended,
21 federal adjusted gross income or, for corporations and fiduciaries,
22 federal taxable income shall be increased by eighty-five percent
23 of any amount of any federal bonus depreciation received under
24 the federal Job Creation and Worker Assistance Act of 2002 or the
25 federal Jobs and Growth Tax Act of 2003, under section 168(k) or
26 section 1400L of the Internal Revenue Code of 1986, as amended,
27 for assets placed in service after September 10, 2001, and before
1 December 31, 2005.

2 (b) For a partnership, limited liability company,
3 cooperative, including any cooperative exempt from income taxes
4 under section 521 of the Internal Revenue Code of 1986, as amended,
5 subchapter S corporation, or joint venture, the increase shall be
6 distributed to the partners, members, shareholders, patrons, or
7 beneficiaries in the same manner as income is distributed for use
8 against their income tax liabilities.

9 (c) For a corporation with a unitary business having
10 activity both inside and outside the state, the increase shall be
11 apportioned to Nebraska in the same manner as income is apportioned
12 to the state by section 77-2734.05.

ATTORNEY GENERAL'S OPINIONOpinion 07012

DATE: May 29, 2007

SUBJECT: Final Reading Version Of LB 395; Legal Issues
Involving A Statewide Smoking Ban.

REQUESTED BY: Senator Joel Johnson
Nebraska State Legislature

WRITTEN BY: Jon Bruning, Attorney General
Dale A. Comer, Assistant Attorney General

Your opinion request pertains to the Final Reading version of LB 395 (hereinafter "LB 395") which we understand incorporates that bill as amended by AM 585 and AM 852. You state that LB 395 adopts a statewide smoking ban, including a local "opt-out" to the state ban, a "grandfather" of existing nonsmoking ordinances in cities of the metropolitan class, and a "preemption" of other local smoking-related ordinances or resolutions. The "opt-out" provisions of LB 395 would permit the adoption of local ordinances and resolutions that are either less stringent or more stringent than the state ban, and such "opt-outs" could be accomplished in one of three ways: 1. the governing body of the local governmental subdivision in question could put the smoking issue directly on the ballot for the voters, 2. the voters themselves could put the smoking issue on the ballot, or 3. the governing body of the local governmental subdivision could adopt a smoking ordinance or resolution which would be subject to repeal by the voters of that subdivision. After setting out a description of the basic provisions of the bill, you pose seven questions to us regarding LB 395, the Legislature's authority and various constitutional issues. We will discuss each of your questions in turn.

Question No. 1. Is the Legislature permitted to authorize a county board, or the voters of the unincorporated area of any county, to place a resolution on the ballot for the voters of the unincorporated area of such county?

In Nebraska, the Legislature has plenary legislative authority except as limited by the state and federal constitutions. *Pony Lake School District 30 v. State Committee for the Reorganization of School Districts*, 271 Neb. 173, 710 N.W.2d 609 (2006); *State ex rel. Stenberg v. Moore*, 249 Neb. 589, 544 N.W.2d 344 (1996). The Nebraska Constitution is not a grant of power like the federal constitution, but instead, a limitation of power. *State ex rel. Creighton University v. Smith*, 217 Neb. 682, 353 N.W.2d 267 (1984). As stated in *Consumers Coal Co. v. City of Lincoln*, 109 Neb. 51, 64, 65, 189 N.W. 643, 648 (1922):

We look . . . in the Constitution of the state to ascertain if any

limitations have been imposed upon the complete powers with which the legislative department of the state is vested in its creation. . . . The lawmaking power of the state recognizes no restraints, and is bound by none, except such as are imposed by the Constitution.

As a result, the Legislature may legislate upon any subject not inhibited by the constitution; and restrictions upon this power will not be inferred unless the restriction is clearly implied. *Pony Lake School District 30 v. State Committee for the Reorganization of School Districts*, 271 Neb. 173, 710 N.W.2d 609 (2006); *State ex rel. Creighton University v. Smith*, 217 Neb. 682, 353 N.W.2d 267 (1984).

With respect to your first very general question concerning LB 395, we are aware of no provisions of either the state or the federal constitution which prohibit, specifically or by clear implication, the Legislature from authorizing a county board to place a resolution before the voters of the unincorporated areas of a county. Absent any such clear restrictions, we believe the Legislature's broad, plenary authority controls, and our response to your first question is "yes."

Question No. 2. If the answer to question #1 is yes, are the county initiative provisions of LB 395, as amended by AM 852, sufficient to adequately prescribe the initiative process to be utilized in counties under the bill, or are such provisions impermissibly vague and violative of substantive due process requirements?

We assume that your reference to the "county initiative provisions of LB 395" is a reference to subsection (2) of Section 17 of the Final Reading version of the bill. That subsection provides:

(2) A proposed ordinance or resolution may be placed on the ballot for the voters of the city, village, or unincorporated area of the county (a) by a majority vote of the governing body of such city, village, or county, (b) by initiative under sections 18-2501 to 18-2538, or (c) by petition meeting the requirements of and subject to sections 32-628 to 32-630 and signed by at least five percent of the registered voters residing in the unincorporated area of such county on the day such petitions are filed for verification. The election shall be conducted as provided in sections 32-556 to 32-559.

The void for vagueness doctrine, which involves issues of substantive due process, is based on the due process requirements contained in the Fifth and Fourteenth Amendments to the United States Constitution. *U.S. v. Articles of Drug*, 825 F.2d 1238 (8th Cir. 1987). Similar requirements are contained in art I, § 3 of the Nebraska Constitution. In order to pass constitutional muster with respect to vagueness, a statute must be sufficiently specific so that persons of ordinary intelligence do not have to guess at its meaning, and the statute must contain ascertainable standards by which it may be applied. *Id.* The void for vagueness doctrine applies to both criminal and civil

statutes. *Id.* However, greater vagueness is tolerated in civil statutes than in criminal statutes. *Id.* In the context of civil statutes, the United States Supreme Court has indicated that a statute will not be deemed to be impermissibly vague unless it is so "vague and indefinite as to really be no rule or standard at all." *Boutilier v. Immigration Service*, 387 U.S. 118, 123 (1967). The Nebraska Supreme Court has also indicated that a civil statute which is otherwise valid will not be held void for vagueness unless it is so deficient in its terms as to render it impossible to enforce. *Neeman v. Nebraska Natural Resources Comm'n*, 191 Neb. 672, 217 N.W.2d 166 (1974). In *State ex rel. Douglas v. Herrington*, 206 Neb. 516, 294 N.W.2d 330 (1980), the court said that the established test for vagueness in a statute is whether it either forbids or requires the doing of an act in terms so vague that persons of common intelligence must necessarily guess at its meaning and differ as to its application.

The county initiative provisions at issue in your second question provide that a proposed smoking resolution may be placed on the ballot by initiative under Neb. Rev. Stat. §§ 18-2501 to 18-2538 (1997, Cum. Supp. 2006). Those latter statutes apply generally to initiative and referendum efforts in municipal subdivisions in the state. The county initiative provisions also provide that a proposed smoking resolution may be placed on the ballot by a petition meeting the requirements of Neb. Rev. Stat. §§ 32-628 to 32-630 (2004). Those statutes deal with petitions under the Nebraska Election Act. Finally, the county initiative provisions at issue provide that elections dealing with smoking resolutions shall be conducted as provided in Neb. Rev. Stat. §§ 32-556 to 32-559 (2004, Cum. Supp. 2006), another portion of the Nebraska Election Act.

We have reviewed the various civil election statutes which create the standards at issue in subsection (2) of Section 17 of LB 395. Those statutes are detailed and specific, and are not, in our view, so vague that persons of common intelligence must necessarily guess at their meaning or differ as to their application. Consequently, we do not believe that the county initiative provisions in LB 395 are impermissibly vague so as to create substantive due process concerns.

Question No. 3. Is the Legislature permitted to authorize the voters of the unincorporated area of a county, by referendum, to repeal a resolution adopted by the governing board of such county?

Our answer to your Question No. 3 is guided by the legal principles discussed in our answer to your Question No. 1. That is, the Nebraska Legislature may legislate upon any subject not inhibited by the constitution; and restrictions upon this power will not be inferred unless the restriction is clearly implied. As was the case with your first question, we are not aware of any specific provisions of either the state or the federal constitution which prohibit the Legislature from authorizing the voters of the unincorporated area of a county to repeal a resolution adopted by the governing board of

such county by referendum. Therefore, our answer to your third question is "yes."

Question No. 4. If the answer to question #3 is yes, are the county referendum provisions of LB 395, as amended by AM 852, sufficient to adequately prescribe the referendum process to be utilized in counties under the bill, or are such provisions impermissibly vague and violative of substantive due process requirements?

With respect to your Question No. 4, we assume that the "county referendum provisions of LB 395" referenced in that question are the provisions contained in subsection (3) of Section 17 of the Final Reading version of LB 395 which state:

(3) Any ordinance or resolution adopted by the governing body of any city, village, or county under subsection (1) of this section without being submitted to the voters under subsection (2) of this section shall take effect ninety days after its adoption unless, within such ninety-day period, such governing body receives a petition signed by at least five percent of the registered voters residing in such city, village, or unincorporated area of such county on the date the ordinance or resolution was adopted requesting that such ordinance or resolution be repealed. Upon verification of the signatures on such petition, the ordinance or resolution shall be repealed.

We also understand from your opinion request letter that you wish us to consider a change in subsection (3) of Section 17 in responding to your third question. You state:

A key legislative proponent of this third option [involving the repeal of a smoking ordinance by a referendum of the voters] intends that the issue of repeal go directly to the voters of the city, village or unincorporated area of the county, upon the filing of a petition for such repeal signed by at least five percent of the registered voters of such city, village or unincorporated area of such county, instead of providing that the ordinance or resolution be automatically repealed upon the filing of such petition, as the bill now provides. For purposes of this request, please assume that this intended change has been made.

Again, the legal principles regarding the void for vagueness doctrine and substantive due process are set out previously in our discussion of your Question No. 2. However, the "referendum" process established by subsection (3) of Section 17 of LB 395 is somewhat different than the "initiative" process established by subsection (2) of Section 17, in that there is no reference in the "referendum" process to existing procedures under Nebraska election law. Instead, subsection (3) simply provides that a smoking ordinance or resolution adopted by the governing body of a political subdivision shall take effect within ninety days after its adoption unless the governing body "receives a petition signed by at least five percent

of the registered voters" residing in the subdivision "requesting that such ordinance or resolution be repealed." You apparently contemplate that such a petition will trigger a vote by the people of the governmental subdivision, but we do not have the particulars of that statutory language before us.

While the election language in subsection (3) of Section 17 of LB 395 is not as specific or as precise as the language in subsection (2) referencing particular election statutes, we do not believe that it is so vague that persons of common intelligence must necessarily guess at its meaning and differ as to its application. And, as was the case with subsection (2), this language involves a civil rather than a criminal statute. As a result, we do not believe that the county referendum provisions in LB 395 are impermissibly vague. Nor do they create substantive due process concerns. Nonetheless, to the extent that there are procedural questions with respect to implementation of the referendum process created by subsection (3), you may wish to consider incorporating some of the specific election statutes included in subsection (2) to clarify the mechanics of the referendum process.

Question No. 5. Will a resolution passed by the governing body of a county to regulate smoking in the unincorporated area of such county have the same force of law as an ordinance or regulation and be enforceable as such?

We assume that this inquiry is based, at least to some extent, on Nebraska case law which indicates that a municipal resolution is generally not the equivalent of a municipal ordinance. *Smith v. City of Papillion*, 270 Neb. 607, 705 N.W.2d 584 (2005); *Sommerfeld v. City of Seward*, 221 Neb. 76, 375 N.W.2d 129 (1985). However, that legal rule appears to apply when both the ordinance and resolution are passed by a municipality. In contrast, the present case involves a situation where LB 395 would specifically allow cities and counties to adopt nonsmoking bans by "ordinance or resolution." As a result, we assume that cities would adopt such bans by ordinance, and counties by resolution, since our general review of the Nebraska statutes pertaining to actions by county boards indicates that in most instances, such boards are authorized to act by resolution rather than by ordinance. Under those circumstances, the question presented is whether a resolution adopted by a county board under LB 395 has the same force of law as an ordinance adopted by a city under LB 395. We believe that it does.

We have found no Nebraska cases which speak directly to the question presented. However, the law from other jurisdictions appears to be that a resolution or ordinance passed by a county board pursuant to its authority has the same force as a statute. *Gale v. Board of Supervisors of Oakland County*, 260 Mich. 399, 245 N.W. 363 (1932); 20 C.J.S. Counties § 151 (2007). In addition, unless the legislative body of a state specifies that a certain act must be done by ordinance or in some other specified manner, that act is just as valid when accomplished by a resolution as by an ordinance. *Gale v. Board of Supervisors of Oakland County*, 260 Mich. 399, 245 N.W. 363 (1932); 20 C.J.S. Counties § 145 (2007). In the present case, the provisions of LB 395 repeatedly specify that actions by cities, villages or

counties under that bill may be accomplished by "ordinance or resolution." As a result, given the fact that LB 395 specifically authorizes county board action by resolution, we conclude that a resolution passed by the governing board of a county under that legislation would have the same force of law as an ordinance or a regulation, and be enforceable as such.

Question No. 6. Is it an unlawful delegation of legislative authority and a violation of the separation of powers provision of Article II, Section 1 of the Nebraska Constitution for the Legislature to permit the governing body of a city, village, or county, or the voters of a city, village, or the unincorporated area of a county to adopt an ordinance or resolution that is less stringent than state law?

Section 17 of LB 395 provides that:

On or after September 1, 2007, the governing body of any city, village, or county, or the voters of any city, village, or unincorporated area of any county as provided in subsection (2) of this section, may adopt a nonsmoking ordinance or resolution that is less stringent than or more stringent than the Nebraska Clean Indoor Air Act enacted by this legislative bill, except that such ordinance shall not be less stringent than sections 71-5707 to 71-5709 as such sections existed prior to September 1, 2007.

You are concerned that this provision constitutes an impermissible delegation of legislative authority in violation of art. II, § 1 of the Nebraska Constitution.

We are not entirely sure that the exercise of the police power contemplated by Section 17 of LB 395 even involves a delegation of legislative authority requiring an analysis under art. II, §1 of the Nebraska Constitution. Nevertheless, assuming for purposes of this opinion that it does, it is fundamental that the Legislature may not delegate legislative power to an administrative or executive authority. *Bosselman, Inc. v. State*, 230 Neb. 471, 432 N.W.2d 226 (1988). That rule is based upon art. II, § 1 of the Nebraska Constitution dealing with separation of powers. *Kwik Shop, Inc. v. City of Lincoln*, 243 Neb. 178, 498 N.W.2d 102 (1993). That rule also applies to legislative delegations to local governing bodies such as city councils and county boards. *Bosselman, Inc. v. State*, 230 Neb. 471, 432 N.W.2d 226 (1988). On the other hand, the Legislature does have the power to authorize an administrative or executive body to make rules and regulations to carry out an expressed legislative purpose or for the complete operation and enforcement of a law within designated limitations. *Kwik Shop, Inc. v. City of Lincoln*, 243 Neb. 178, 498 N.W.2d 102 (1993). The limitations of the power granted and the standards by which the granted powers are to be administered must be clearly and definitely stated in the authorizing act. *Id.* Such standards may not rest on indefinite, obscure or vague generalities, or upon extrinsic evidence not readily available. *Id.* The modern tendency is to be more liberal in permitting grants of discretion to

an administrative agency so as to facilitate the administration of laws as the complexity of economic and governmental conditions increases. *Id.*

Section 17 of LB 395 authorizes local governmental bodies in Nebraska to adopt a nonsmoking ordinance or resolution that is less stringent than the Nebraska Clean Indoor Air Act enacted by LB 395. If that were the end of the statutory authorization, we might have some concerns regarding improper delegation of legislative authority. However, the bill also establishes limits as to how less stringent a particular ordinance or resolution may be, i.e., it provides that the ordinance or resolution cannot be less stringent than the Sections 71-5707 to 71-5709 as they existed prior to September 1, 2007. Those sections, in turn, contain detailed provisions regarding where individuals may smoke, how smoking areas may be designated and how persons in charge of public places should make efforts to prevent smoking and minimize the presence of environmental tobacco smoke. We believe that those sections provide clear standards which establish the limits for nonsmoking bans by local government, and by which the powers granted to local government under LB 395 can be administered. On that basis, we do not believe that the fact that LB 395 allows local governmental subdivisions to adopt nonsmoking bans less stringent than that set out in LB 395 constitutes an improper delegation of legislative authority.

Question No. 7. Do the "opt-out" provisions of LB 395, as amended by AM 852, preempt or infringe upon the ability of home rule charter cities to adopt smoking-related ordinances?

As noted at the beginning of this opinion, the provisions of LB 395 which you consider to be the "opt-out" provisions of that bill are those portions of the bill which allow local governmental subdivisions to adopt local ordinances or resolutions which are either less stringent than or more stringent than the statewide smoking ban created under LB 395. You ask if those "opt-out" provisions "preempt or infringe" upon the ability of home rule charter cities to adopt smoking-related ordinances.

It is well established in Nebraska that, under a home rule charter, exercise of a city's power must be consistent with and subject to the constitution and laws of this state, except as to local matters of strictly municipal concern. *Home Builders Association of Lincoln v. City of Lincoln*, 271 Neb. 353, 711 N.W.2d 871 (2006). The limitation that a home rule charter must be consistent with and subject to the laws of the state means that on matters of general concern to the people of the state, the charter must yield to state legislation. *Id.* Consequently,

. . . a provision of a home rule charter takes precedence over a conflicting state statute in instances of local municipal concern, but when the Legislature enacts a law effecting municipal affairs which is of state-wide concern, the state law takes precedence over any municipal action taken under the home rule charter.

Omaha Parking Authority v. City of Omaha, 163 Neb. 97, 104, 77 N.W.2d 862, 868 (1956). Based upon such cases from our supreme court, we have indicated previously that a determination as to whether a local or a state law takes precedence in any given situation requires a two-step process. Op. Att'y Gen. No. 97018 (March 10, 1997). First, it is necessary to determine if there is a conflict between the local law and the state statute at issue. *Id.* If there is, then it is necessary to determine if the subject matter of the two laws involves a matter of statewide or local concern. *Id.* That process is helpful in the present instance.

Section 17 of LB 395 specifically allows a city in Nebraska to adopt an ordinance which is "less stringent than or more stringent than" the statewide smoking ban otherwise established by LB 395, except that, as noted previously, that section also provides that any local ordinance or resolution regulating smoking may not be less stringent than Sections 71-5705 to 71-5709 as they existed prior to September 1, 2007 (the current Nebraska Clean Indoor Air Act). As a result, it does not appear that a city ordinance pertaining to smoking adopted by a home rule charter city would conflict with LB 395 in any way unless it established standards below those created by the current Sections 71-5707 to 71-5709. We believe that outcome is improbable. However, in the event that a proposed local smoking ordinance or resolution fell below the current Indoor Air Act standards, then we believe that LB 395 involves matters of statewide concern. As a result, the state statute would control over the local ordinance or resolution. In light of all those factors, we find it highly unlikely that the opt-out provisions of LB 395 would preempt or infringe upon the ability of home rule charter cities to adopt smoking related ordinances, given the considerable flexibility created by Section 17 of that bill.

SUMMARY

Based upon the lengthy discussion above, we believe that the Legislature may permit a resolution on smoking to be placed on the ballot by the county board or by the voters through initiative or referendum procedures. Moreover, the provisions of LB 395 pertaining to initiative and referendum procedures are not unconstitutionally vague in violation of substantive due process. It also appears to us that resolutions passed by a county board which regulate smoking under LB 395 have the same force and effect as ordinances or regulations. Finally, we conclude that LB 395 does not involve an unconstitutional delegation of legislative authority, and will likely not impinge upon or preempt any smoking regulations adopted by home rule charter cities.

JON BRUNNG

ENROLLED RESOLUTIONS

LEGISLATIVE RESOLUTION 10. Introduced by Johnson, 37; Gay, 14; Hansen, 42; Howard, 9; Pankonin, 2.

WHEREAS, the Legislature regards the health of our children to be of paramount importance to families in our state; and

WHEREAS, the Legislature regards poor child health as a threat to the educational achievement and social and psychological well-being of the children of our state; and

WHEREAS, the Legislature considers protecting the health of our children to be essential to their well-being and the quality of life in our state; and

WHEREAS, the Legislature considers "Kids Connection", the children's health insurance program of this state which has enrolled 111,919 uninsured children since its inception in 1998, to be an integral part of the arrangements for health benefits for the children of the State of Nebraska; and

WHEREAS, the Legislature recognizes the value of "Kids Connection" in preserving child wellness, preventing and treating childhood disease, improving health outcomes, and reducing overall health costs; and

WHEREAS, the Legislature considers the federal funding available for "Kids Connection" to be indispensable to providing health benefits for children of modest means.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. The Legislature urges the members of Nebraska's congressional delegation to ensure that Congress timely reauthorizes the State Children's Health Insurance Program (SCHIP) to assure appropriate federal funding.

2. The Legislature urges the Governor to use his best efforts to work with the Nebraska congressional delegation to ensure that SCHIP is reauthorized in a timely manner.

LEGISLATIVE RESOLUTION 39. Introduced by Johnson, 37; Hansen, 42; Howard, 9; Pankonin, 2; Synowiecki, 7.

WHEREAS, the Legislature regards access to mental health and substance abuse treatment to be of paramount importance to the citizens of our state; and

WHEREAS, President George W. Bush's proposed budget for the United States Government, Fiscal Year 2008 includes significantly decreased appropriations to a number of programs that are critical in providing services to citizens with mental illness and substance abuse disorders; and

WHEREAS, the Legislature finds that individuals experiencing problems associated with mental health and substance abuse are having difficulty accessing appropriate services in a timely manner. This is evidenced by extensive wait lists for individuals requiring mental health and substance abuse services in the community. Currently, over one thousand people are on wait lists for such services in Nebraska; and

WHEREAS, the Legislature finds that delays in accessing mental health and substance abuse services can exacerbate conditions for those consumers needing such professional intervention. Wait lists and access delays demonstrate an inadequate capacity for behavioral treatment services in Nebraska to sufficiently and timely meet consumer need in both rural and urban settings; and

WHEREAS, the Legislature finds that insurance companies are increasingly limiting their liability for claims for mental health and substance abuse services. The diminishing availability for mental health and substance abuse treatment resources for the insured population has impacted public resources. An increasing number of consumers are forced to access the public behavioral health system to meet mental health and substance abuse needs; and

WHEREAS, the Legislature considers federal funding for mental health and substance abuse treatment to be critical in providing an appropriate level of access to proper treatment for citizens; and

WHEREAS, the Legislature finds that a decrease in federal funding for mental health and substance abuse treatment will provide substantive harm to a vulnerable population and will negatively impact the quality of life for our citizens.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDREDTH LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature urges the members of Nebraska's congressional delegation to ensure that Congress fully fund mental health and substance abuse treatment.

2. That the Legislature urges the Governor to use his best efforts to work with the Nebraska congressional delegation to ensure that this funding is restored.

3. That the Governor and each member of Nebraska's congressional delegation receive a copy of this resolution.

May 31, 2007

Mr. President, Mr. Speaker, and
Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Mr. President and Members of the Legislature:

I am returning LB 658 without my signature and with my objections.

My decision to veto LB 658 was difficult because I recognize that the bill is the Legislature's response to the will of Nebraska voters on Referendum 422. The result of that election clearly established that a majority of Nebraskans want an opportunity for our small rural schools to exist. I cannot, however, ignore the fact that small district advocates view the provisions of this bill as having so many obstacles to any new school creation that they are willing to sacrifice the property protections placed in the bill in order to have another opportunity to work in good faith on an alternative legislative proposal that could be considered next year.

LB 658 clearly mandates numerous and difficult requirements that the patrons of small, rural school districts would have to complete in order to recreate their former schools. While I share many legislators' concerns with an approach to this issue that would call simply for the creation of every former Class I district exactly as it existed prior to its dissolution, I do not

believe that the process set forth in LB 658 to form and govern Class I districts is fair.

I have been assured by small school representatives that they would not file any new lawsuits on this issue, would not continue to demand automatic restoration of all former Class I districts as they existed prior to the dissolutions, and that they would work with legislative policymakers throughout this summer and fall to reach a more reasonable resolution to this issue. This opportunity presents us with a new beginning.

For these reasons, I respectfully urge you to sustain my veto of LB 658.

Sincerely,
(Signed) Dave Heineman
Governor
