Summary of purpose and/or changes:

LB 388 reduces the number of votes required to approve of public power officer compensation from two-thirds to a majority.

Section 1 amends Section 70-624, relating to public power and irrigation districts officer compensation, by requiring a majority vote, rather than two-thirds, of the board of directors for approval of compensation for any general or assistant manager or president, or any other officer.

Section 2 repeals the original section.

Chris Langemeier, Chairperson
