Summary of purpose and/or changes:

LB 42 is a clean-up bill requested by the Revisor of Statutes. Every year, as the revisor updates the laws, there are often portions of statutes that are no longer applicable or that contain language needing to be technically revised. LB 42 accomplishes this purpose.

Details:

Section 1 amends Sec. 46-1011, relating to rural water district projects, by updating the language as it refers to rules and regulations and the Nebraska Safe Drinking Water Act.

Section 2 repeals the original section.
