Introducer's Statement of Intent
LB 1014

Chairperson: Greg Adams
Committee: Education
Date of Hearing: February 8, 2010

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 1014 creates a fund for teacher performance pay. The fund is created for proceeds of wind and solar leases as well as any portion of leases attributed to carbon sequestration rights by the board of educational lands and funds.

The fund created will be for the benefit of the common schools by providing money for teacher performance pay. Teacher performance would include improving professional skills and knowledge, classroom performance or instructional behavior, and instructional outcomes. It will be up to the local districts in their collective bargaining agreements to further distribute the money. Distribution will not begin until 2016 to allow the fund to build up.
