

One Hundred First Legislature - Second Session - 2010  
**Introducer's Statement of Intent**  
**LB 729**

---

**Chairperson:** Steve Lathrop  
**Committee:** Business and Labor  
**Date of Hearing:** January 25, 2010

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

In repealing the Conveyance Safety Act in Nebraska, the Nebraska Department of Labor is freed from the cost and burden of creating a new board in the State, as well as taking action to enact and enforce the will of the board. This repeal would have no impact on the quality of licensing and inspection in Nebraska, but would instead give the full flexibility of providing such regulations to the Department of Labor, who have significant involvement and expertise in the field of conveyance safety and maintenance. In deferring to the Department of Labor, LB 729 would also serve to cut costs and save taxpayer funds.
