Summary of purpose and/or changes:

Legislative Bill 167 would amend N.R.S. §§76-1221 and 76-1228 to update the current Relocation Assistance Act (Act) into conformity with the current federal version of the Act. The bill would narrow the application of the Act by placing added restrictions on who qualifies for assistance under the provisions. The Act must be followed by any state or local government entity carrying out a publicly financed project which displaces individuals.

The bill would authorize the lead agency (Nebraska Department of Roads) to establish, by rule and regulation, a reasonable maximum payment for the expense of searching for a replacement business or farm that is consistent with the federal regulations under the federal Act.
