Summary of purpose and/or changes:

LB 860 changes the Licensing of Truth and Deception Examiners Act.

The bill reduces from 150 to 60 the number of formal voice stress analysis classroom hours that is required for an applicant applying for a truth and deception examiner's license.

Current law requires an applicant for a truth and deception examiner's license to have completed a course of study at a training facility approved by the Secretary of State. The bill adds the National Institute for Truth Verification and the National Association of Computer Voice Stress Test Analysts as approved training facilities.

Bill Avery, Chairperson
