Summary of purpose and/or changes:

LB 880 amends the State Records Management Act to require the administrator and the State Records Board to reduce the cost and modernize the process of maintaining, retaining, and preserving public records.

The bill also requires state agencies, departments, the legislative and judicial branches, and political subdivisions to establish and maintain cost-effective and modern record keeping activities and to strive to reduce the costs to manage record retention.

Finally, the bill outright repeals section 84-1205.04 dealing with public bidding of certain contracts.

Bill Avery, Chairperson
