Summary of purpose and/or changes:

This bill would amend sections 21-1914 and 21-1915 of the Nebraska Nonprofit Corporation Act to provide for electronic transmission of notice.

Section 1 would amend section 21-1914 to provide for a new definition: "electronic transmission" or "electronically transmitted" - any process of communication not directly involving the physical transfer of paper that is suitable for the retention, retrieval, and reproduction of information by the recipient.

Section 2 would amend section 21-1915 to provide that notice may be communicated, in addition to communicated in person, by mail or other method of delivery, or by telephone or other electronic means (rather than by telephone, telegraph, teletype, other form of wire or wireless communication, or mail or private carrier.) This section would also provide that a written notice or report delivered as part of a publication regularly sent to members shall constitute a written notice or report if electronically transmitted to a member in a manner authorized by the member.
