Summary of purpose and/or changes:

LB 992 prohibits any minors, except for employees, from entering any establishment with a Class A, C, or I license. The exception is a club, hotel or restaurant. This violation would constitute a Class IV misdemeanor.

Class A Retail License: Beer only except for craft breweries, for consumption on the premises. Examples include pizza restaurants that choose not to have a full bar.

Class C Retail License: Alcoholic liquor, for consumption on the premises and off the premises, sales in original packages only. A Class C License can be held by a nonprofit corporation, but only for consumption on the premises. Examples include traditional bars and supermarkets.

Class I Retail License: Alcoholic liquor, for consumption on the premises. Examples include most restaurants and bars.
