\*Does not include any impact on political subdivisions. See narrative for political subdivision estimates.

LB 255 eliminates the requirement for the Public Service Commission to enforce the standards for railroad safety set forth in 49 C.F.R. parts 213, 215, 223, 229, 231, and 232.

The PSC estimates that the bill's provisions will reduce the need for 2.0 staff and save an estimated \$123,596 of General Funds each year.

These estimates appear to be reasonable.

| PUBLIC SERVICE COMMISSION: Agency's estimate of impact is consistent with their budget modification in the Agency 2011-2013 Budget Request that identified this issue. No basis to disagree with estimate. Estimate does appear to be reasonable. |           |      |        |       |          |
