LB 902 amends Nebraska Revised Statutes dealing with revenue and taxation regarding government property exempt from property taxes and the state and political subdivisions exemption from sales and use taxes.

Section 77-202 is amended to further define that property of the state and its governmental subdivisions includes property held in fee title by the state or its subdivisions and property beneficially owned by the state or its subdivisions in that it is being used for a public purpose and is being acquired under a lease-purchase agreement, financing lease, or other instrument which provides legal transfer of title to the state or a governmental subdivision upon payment of all amounts due under the agreement, lease, or instrument. The bill would exempt such property from property taxes.

The bill amends Section 77-2704.15 to exempt from sales and use taxes all purchases made by a non-profit corporation under a lease-purchase agreement, financing lease, or other similar instrument which provides for transfer of title to the property to the state or a governmental unit upon payment of all amounts due under the agreement, lease, or instrument.

The changes proposed in LB 902 apply retroactively and well as after the effective date of the bill. The bill contains the emergency clause.

The Department of Revenue indicates that there appear to be a number of these projects in the state that are considered subject to the sales tax. They estimate that these projects, looking back only to a three-year statute of limitations for refunds, would amount to a net General Fund sales tax reduction, refunds and smaller collections as follows:

Fiscal Year:	General Fund:	State Highway Capital Improvement Fund:
FY2012-13:	(\$ 5,125,000)	\$ 0
FY2013-14:	(\$ 297,819)	(\$ 12,054)
FY2014-15:	(\$ 310,228)	(\$ 12,556)

The Department estimates no cost to implement the provisions of LB 902. There is no basis to disagree with the Department of Revenue's estimate of fiscal impact and cost.

IMPACT TO POLITICAL SUBDIVISIONS:

We estimate the following fiscal impact to the Highway Allocation Fund:

FY2012-13:	\$ 0
FY2013-14:	(\$ 2,127)
FY2014-15:	(\$ 2,216)
