23 person verifying the application, no other person has registered,
24 either federally or in this state, or has the right to use such mark
25 either in the identical form or in such near resemblance as to be

1 likely, when applied to the goods or services of such other person,
2 to cause confusion or mistake or to deceive.

3 The secretary may also require a statement as to whether
4 an application to register the mark, or portions or a composite
5 thereof, has been filed by the applicant or a predecessor in interest
6 in the United States Patent and Trademark Office, and if so, the
7 applicant shall provide full particulars with respect thereto,
8 including the filing date and serial number of each application, the
9 status of each application, and if any application was finally
10 refused registration or has otherwise not resulted in a registration,
11 the reasons for the refusal or rejection. The secretary may also
12 require that a drawing of the mark, complying with such requirements
13 as the secretary may specify, accompany the application. The
14 application shall be signed and verified, by oath, affirmation, or
15 declaration subject to perjury laws, by the applicant or by a member
16 of the firm or an officer of the corporation or association applying.

17 any actions or judicial proceedings in any court of this state.
18 Registration of a mark with the secretary shall be prima facie
19 evidence of the right to use the mark shown in the registration on or

1 (3) Other instruments which relate to a mark registered
2 or application pending pursuant to the act, such as licenses,
3 security interests, or mortgages, may be recorded in the discretion
4 of the secretary if the instrument is in writing and duly executed.

6 execution of an assignment or other instrument and, when recorded by
7 the secretary, the record shall be prima facie evidence of execution.

8 (5) A photocopy of any instrument referred to in this
9 section shall be accepted for recording if it is certified by any of
10 the parties to the instrument, or their successors, to be a true and

12 (6) In a registration that resulted from an application
13 that was filed before the effective date of a change to the Trademark
14 Registration Act or any rules or regulations adopted and promulgated
15 pursuant to the act, the registrant may be allowed to file an
16 amendment to the registration in order to comply with the current
17 requirements of the act and the rules and regulations. The registrant
18 shall pay a recording fee for such amendment.
