

ONE HUNDRED SECOND LEGISLATURE

FIRST SESSION

LEGISLATIVE RESOLUTION 233

Introduced by Hadley, 37.

PURPOSE: The purpose of this interim study is to review the scope of the agricultural exemption from the One-Call Notification System Act. After an informal Attorney General opinion in January 2011 expressed some doubt with regard to the scope of the agricultural exemption, LB 484 was introduced to clarify that the scope of the exemption included third party soil samplers.

Due to the concern surrounding the exemption, third party soil samplers were working with the Diggers Hotline center to become integrated within the system. The committee will review the progress that has taken place, the process surrounding the One-Call system, and the policy implications of requiring or exempting third party soil samplers from participation in the One-Call notification process.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Transportation and Telecommunications Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
