

ONE HUNDRED SECOND LEGISLATURE

FIRST SESSION

LEGISLATIVE RESOLUTION 275

Introduced by Flood, 19.

PURPOSE: The purpose of this resolution is to study Nebraska's behavioral health model concerning transport service of persons who have been placed in emergency protective custody. The study should look at developing transportation services other than law enforcement, especially in rural areas, as smaller counties may not have the resources to meet current needs. The study would also look at costs of alternative forms of transportation and responsibility for such costs.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Judiciary and Health and Human Services Committees of the Legislature shall be designated to conduct a joint interim study to carry out the purposes of this resolution.

2. That the committees shall upon the conclusion of the study make a report of their findings, together with their recommendations, to the Legislative Council or Legislature.
