

ONE HUNDRED SECOND LEGISLATURE

SECOND SESSION

LEGISLATIVE RESOLUTION 536

Introduced by McGill, 26.

PURPOSE: The purpose of this interim study is to explore the methods used by schools in Nebraska to foster creativity, critical thinking, and innovation in their students. The committee should determine if Nebraska schools are offering education in manufacturing and encouraging entrepreneurial skills in addition to properly educating their students in science, technology, mathematics, and engineering. The availability of classes and before and after-school programs offered by Nebraska schools, including business clubs, entrepreneurship classes, arts education, debate clubs, science fairs, theater performances, concerts, filmmaking programs, and independent research programs, should be examined. If the committee determines that such education is lacking, it should determine what resources are necessary to provide such education. The committee should seek input from interested persons.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE ONE HUNDRED SECOND LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. That the Education Committee of the Legislature shall be designated to conduct an interim study to carry out the purposes of this resolution.

2. That the committee shall upon the conclusion of its study make a report of its findings, together with its recommendations, to the Legislative Council or Legislature.
