

One Hundred Second Legislature - First Session - 2011

Introducer's Statement of Intent

LB257

Chairperson: Senator Deb Fischer

Committee: Transportation and Telecommunications

Date of Hearing: February 07, 2011

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 257 removes a Public Service Commission filing requirement for telecommunications companies in an exchange where the Commission has determined local competition exists.

The bill would no longer require a company to file a rate list, tariff, or contract for any telecommunications service provided as a business service. The company would be able to remove any rate list, tariff, or contract provided as a business service as long as notice is provided to the Commission and such rates, terms, and conditions are provided on the company's website.
