

One Hundred Second Legislature - First Session - 2011

Introducer's Statement of Intent

LB273

Chairperson: Senator Greg Adams

Committee: Education

Date of Hearing: January 31, 2011

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 273 ensures school districts that participate in contracts in which one district pays for the education of their student in another district, for at least 15 years, can apply to have those students counted as option students in the first year that the contract is no longer in effect. Without this change, such students would be counted as option students in the following year.
