

One Hundred Second Legislature - First Session - 2011

Introducer's Statement of Intent

LB343

Chairperson: Senator Bill Avery

Committee: Government, Military and Veterans Affairs

Date of Hearing:

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

In the interest of safeguarding property, the Nebraska Board of Examiners of Land Surveyors, Agency 62, has determined that education requirements for registration as a land surveyor in Nebraska require revision. LB 343 will remove certain language for land surveyor registration requirements from the statutes and, instead, reference the Rules and Regulations of the Board of Examiners for Land Surveyors for such requirements. All statute language identified for removal is currently found in the Rules and Regulations; therefore, all existing registration requirements will remain unchanged until such time the Rules and Regulations are modified.

LB 343 will allow the Board of Examiners to promulgate education requirements for registration through the Rule and Regulation modification process.
