

One Hundred Second Legislature - First Session - 2011

Introducer's Statement of Intent

LB594

Chairperson: Senator Steve Lathrop

Committee: Business and Labor

Date of Hearing: February 28, 2011

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 594 would place responsibility for obtaining inspections of elevators and amusement rides with the owner rather than the State of Nebraska. The bill would authorize private inspectors, licensed by the state, to perform such inspections. The current Nebraska inspection programs are running at a deficit. Allowing private inspections would decrease state requirements. LB 594 also provides for elimination of both programs if current fiscal issues are not resolved.
