LB 158 increases the time period to at least one-year that a person convicted of driving under the influence must have an ignition interlock device installed on a motor vehicle.

The Department of Motor Vehicles provides aid to individuals who are unable to afford the cost to install an interlock device in their vehicle and pay the monthly maintenance fee for the device. Cash funds are provided to eligible individuals from the Interlock Indigent Fund. It is assumed the requirement to have an interlock device on for at least one year in certain cases will increase the amount of cash fund aid paid from the fund. The increase in aid pursuant to the bill is projected to be minimal. The balance of the Interlock Indigent Fund is sufficient to handle the projected small increase in aid.
