LB 259 amends the Nebraska County and City Lottery Act, Sections 9-601 and 9-603.

Section 9-603 is amended to provide a definition for a "keno writer." A keno writer is defined as someone who accepts inside tickets or other requests for wagers and payments of wagers from players or from keno runners, issues outside tickets, voids tickets, and redeems winning tickets.

The bill then provides that a keno writer who has no other duties related to the conduct of the lottery is not considered a lottery worker and is not required to be licensed. Current law requires any person who performs work directly related to keno must be licensed.

The Department of Revenue indicates no fiscal impact to the state or cost to the department as a result of LB 259.

We agree with the Department's estimate of impact and cost.

LB 259 defines a "keno writer" as a person who accepts inside tickets or other requests for wagers and payments of wagers from players or from keno runners, issues outside tickets, voids tickets, and redeems winning tickets, and then exempts keno writers from the licensure requirements which apply to other lottery workers. Under current law, any person who performs work directly related to keno must be licensed.

It is estimated that this bill will have no impact on the General Fund.

It is estimated that there will be no costs to the Department to implement this bill.
