GENERAL FUNDS				
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS				

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 76 is the Health Care Transparency Act. The bill requires the Director of the Department of Insurance (DOI) to appoint a Health Care Data Base Advisory Committee to make recommendations regarding the creation and implementation of the Nebraska Health Care Data Base. The committee shall consist of at least ten members representing designated interests, the directors or designees of the DOI, Medicaid and Long-term Care, and Public Health. Members of the committee are not to be reimbursed for expenses. The report shall include a recommendation on whether the advisory committee should continue to exist after the report is provided.

It is assumed the provisions of the bill providing that members of the committee will not be reimbursed will supersede the provisions of Section 81-1178 which entitle members of committees to be reimbursed for expenses. It is also assumed that any staff support and incidental expenses of the advisory committee will be paid with existing resources of the DOI, so the bill has no fiscal impact.
