

LEGISLATURE OF NEBRASKA
ONE HUNDRED THIRD LEGISLATURE
FIRST SESSION
LEGISLATIVE BILL 524

Introduced by Christensen, 44.

Read first time January 23, 2013

Committee: Health and Human Services

A BILL

1 FOR AN ACT relating to pharmacies; to adopt the Pharmacy Audit

2 Integrity Act.

3 Be it enacted by the people of the State of Nebraska,

1 Section 1. Sections 1 to 12 of this act shall be known
2 and may be cited as the Pharmacy Audit Integrity Act.

3 Sec. 2. The purpose of the Pharmacy Audit Integrity Act
4 is to create a program to provide standards for an audit of pharmacy
5 records carried out by a pharmacy benefits manager or any entity that
6 represents pharmacy benefits managers.

7 Sec. 3. For purposes of the Pharmacy Audit Integrity Act:

8 (1) Entity means a pharmacy benefits manager or any
9 person or organization that represents companies, groups, or
10 organizations of pharmacy benefits managers;

11 (2) Pharmacy benefits manager means a person, business,
12 or other entity that performs pharmacy benefits management. Pharmacy
13 benefits manager includes a person or entity acting for a pharmacy
14 benefits manager in a contractual or employment relationship in the
15 performance of pharmacy benefits management; and

16 (3) Plan sponsor means the employer in the case of an
17 employee benefit plan established or maintained by a single employer,
18 a group purchaser, or the employee organization in the case of a plan
19 established or maintained by an employee organization, or an
20 association or other similar group that establishes or maintains the
21 plan.

22 Sec. 4. An amendment to pharmacy audit terms in a
23 contract between a pharmacy benefits manager and a pharmacy shall be
24 disclosed to the pharmacy at least sixty days prior to the effective
25 date of the proposed change.

1 Sec. 5. Unless otherwise prohibited by federal
2 requirements or regulations, any entity conducting a pharmacy audit
3 shall follow the following procedures:

4 (1) A pharmacy shall be given notice fourteen days before
5 an initial onsite audit is conducted;

6 (2) An audit that involves clinical or professional
7 judgment shall be conducted by or in consultation with a licensed
8 pharmacist; and

9 (3) Each pharmacy shall be audited under the same
10 standards and parameters as other similarly situated pharmacies.

11 Sec. 6. Unless otherwise prohibited by federal
12 requirements or regulations, for any entity conducting a pharmacy
13 audit, the following audit items apply:

14 (1) The period covered by the audit may not exceed
15 twenty-four months from the date that the claim was submitted to or
16 adjudicated by the entity unless a longer period is required under
17 state or federal law;

18 (2) If an entity uses random sampling as a method of
19 selecting a set of claims for examination, the sample size shall be
20 appropriate for a statistically reliable sample. Notwithstanding
21 section 12 of this act, the auditing entity shall provide the
22 pharmacy a masked list that provides a prescription number or date
23 range that the auditing entity is seeking to audit;

24 (3) An onsite audit may not take place during the first
25 five business days of the month unless consented to by the pharmacy;

1 (4) Auditors may not enter the pharmacy area unless
2 escorted where patient-specific information is available and to the
3 extent possible shall be out of sight and hearing range of the
4 pharmacy customers;

5 (5) Any recoupment shall not be deducted against future
6 remittances until after the appeals process and both parties have
7 received the results of the final audit;

8 (6) A pharmacy benefits manager may not require
9 information to be written on a prescription unless the information is
10 required to be written on the prescription by state or federal law.
11 Recoupment may be assessed for items not written on the prescription
12 if:

13 (a)(i) Additional information is required in the provider
14 manual;

15 (ii) The information is required by the federal Food and
16 Drug Administration; or

17 (iii) The information is required by the drug
18 manufacturer's product safety program; and

19 (b) The information in subdivision (i), (ii), or (iii) of
20 this subdivision is not readily available for the auditor at the time
21 of the audit; and

22 (7) The auditing company or agent may not receive payment
23 based on a percentage of the amount recovered. This subdivision does
24 not prevent the entity conducting the audit from charging or
25 assessing the responsible party, directly or indirectly, based on

1 amounts recouped if both of the following conditions are met:

2 (a) The plan sponsor and the entity conducting the audit
3 have a contract that explicitly states the percentage charge or
4 assessment to the plan sponsor; and

5 (b) A commission to an agent or employee of the entity
6 conducting the audit is not based, directly or indirectly, on amounts
7 recouped.

8 Sec. 7. For recoupment or chargeback, the following
9 criteria apply:

10 (1) Audit parameters shall consider consumer-oriented
11 parameters based on manufacturer listings;

12 (2) A pharmacy's usual and customary price for compounded
13 medications is considered the reimbursable cost unless the pricing
14 methodology is outlined in the provider contract;

15 (3) A finding of overpayment or underpayment shall be
16 based on the actual overpayment or underpayment and not a projection
17 based on the number of patients served having a similar diagnosis or
18 on the number of similar orders or refills for similar drugs;

19 (4) The entity conducting the audit shall not use
20 extrapolation in calculating the recoupment or penalties for audits
21 unless required by state or federal law or regulations;

22 (5) Calculations of overpayments shall not include
23 dispensing fees unless a prescription was not actually dispensed, the
24 prescriber denied authorization, the prescription dispensed was a
25 medication error by the pharmacy, or the identified overpayment is

1 solely based on an extra dispensing fee;

2 (6) An entity may not consider any clerical or record-
3 keeping error, such as a typographical error, scrivener's error, or
4 computer error regarding a required document or record as fraud, but
5 such errors may be subject to recoupment;

6 (7) In the case of errors that have no actual financial
7 harm to the patient or plan, the pharmacy benefits manager shall not
8 assess any chargebacks. Errors that are a result of the pharmacy
9 failing to comply with a formal corrective action plan may be subject
10 to recovery; and

11 (8) Interest may not accrue during the audit period for
12 either party, beginning with the notice of the audit and ending with
13 the final audit report.

14 Sec. 8. (1) To validate the pharmacy record and delivery,
15 the pharmacy may use authentic and verifiable statements or records
16 including medication administration records of a nursing home,
17 assisted-living facility, hospital, physician, or other authorized
18 practitioner or additional audit documentation parameters located in
19 the provider manual.

20 (2) Any legal prescription that meets the requirements in
21 the Pharmacy Practice Act may be used to validate claims in
22 connection with prescriptions, refills, or changes in prescriptions,
23 including medication administration records, faxes, electronic
24 prescriptions, or documented telephone calls from the prescriber or
25 the prescriber's agents.

1 Sec. 9. The entity conducting the audit shall establish a
2 written appeals process which must include appeals of preliminary
3 reports and final reports.

4 Sec. 10. (1) A preliminary audit report shall be
5 delivered to the pharmacy within sixty days after the conclusion of
6 the audit.

7 (2) A pharmacy shall be allowed at least forty-five days
8 following receipt of the preliminary audit to provide documentation
9 to address any discrepancy found in the audit.

10 (3) A final audit report shall be delivered to the
11 pharmacy within one hundred twenty days after receipt of the
12 preliminary audit report or final appeal, whichever is later.

13 (4) An entity shall remit any money due to a pharmacy or
14 pharmacist as a result of an underpayment of a claim within forty-
15 five days after the appeals process has been exhausted and the final
16 audit report has been issued.

17 Sec. 11. If contractually required, an auditing entity
18 shall provide a copy to the plan sponsor of its claims that were
19 included in the audit, and any recouped money shall be returned to
20 the plan sponsor.

21 Sec. 12. The Pharmacy Audit Integrity Act does not apply
22 to any investigative audit that involves suspected fraud, willful
23 misrepresentation, or abuse.
