**Chairperson: Senator Kathy Campbell**

**Committee: Health and Human Services**

**Date of Hearing: January 24, 2014**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

The purpose for the introduction of LB 665 is to amend definitional language and add necessary definitions for consistency and simplicity throughout the Engineers and Architects Regulation Act (the Act). LB 665 also seeks to clarify the statutes addressing the application process and professional exams relating to engineers and architects.

LB 665 adds sections to the Act relating to construction services, coordinating professionals, building officials and transfers language about seals into a separate section of the Act. The majority of the additional revisions in LB 665 are editorial in nature and are made to simplify and modernize the Act.
