

One Hundred Third Legislature - First Session - 2013

Introducer's Statement of Intent

LB7

Chairperson: Senator Kathy Campbell

Committee: Health and Human Services

Date of Hearing: January 23, 2013

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

Legislative Bill 7 would amend Nebraska Revised Statute §81-3436, §81-3437, §81-3450, and §81-3454 of the Engineers and Architects Regulation Act to define the design of the seal used by architects and engineers and its components. The changes define the rules and regulations regarding the application of the seal, specifically deleting the requirement of a “written” signature to provide for the electronic transmission of signatures and seals. This bill also removes the requirement of an electronic revision approval system.
