EXCELLENCE IN TEACHING ACT

GENERAL INFORMATION

In April 2009, the Nebraska Legislature approved LB547, revising the Attracting Excellence to Teaching Program created in 2006 to become the Excellence in Teaching Act and granting the Nebraska Department of Education (NDE) and the State Board of Education the authority to adopt and promulgate rules and regulations to carry out the Act, which includes the Attracting Excellence to Teaching Program and the Enhancing Excellence in Teaching Program (§79-8,132–79-8,140 R.R.S.). Rule 25, *Regulations Governing the Excellence in Teaching Act* (Title 92, NAC, Chapter 25), was adopted by the State Board of Education in March 2010 and approved by the Governor on September 14, 2010.

In addition, the Excellence in Teaching Cash Fund was created to fund the programs of the Excellence in Teaching Act (§79-8,137.05 R.R.S.). Available funds are allocated annually by NDE, with a maximum of \$400,000 dispersed to the Attracting Excellence to Teaching Program for distribution to all participating eligible institutions and the remaining available funds (\$600,000 minimum) dispersed to the Enhancing Excellence in Teaching Program for distribution to eligible students. Disbursed funds are distributed according to the respective program's distribution formula as determined by the rules and regulations provided for in Rule 25. In 2014 the amount available for the Enhancing Excellence in Teacher Program was increased to \$800,000.

On March 15, 2011, Governor Heineman approved LB333 which limited the allocation of funds to the Excellence in Teaching Cash Fund. This bill reduced the allocation of funds from \$1 million to \$225,000 for fiscal year 2011-2012 and to \$45,000 for fiscal year 2012-2013. Use of the funds was limited to individuals who received a 2010-2011 Attracting Excellence to Teaching Program award and were continuing in their initial preparation program. Funding for Enhancing Excellence in Teaching Program awards was suspended for the 2011-2012 and 2012-13 award years.

Sections 79-8,132 to 79-8,140 shall be known and may be cited as the Excellence in Teaching Act and shall include the Attracting Excellence to Teaching Program and the Enhancing Excellence in Teaching Program.

§79-8,132 R.R.S.

On March 29, 2014, LB905 provided an additional \$400,000 spending authority of funds held in the Excellence in Teaching Act fund for both the 2013-2014 and 2014-2015 award years. On April 2, 2014 LB967 increased the allocation to the Excellence in Teaching Act fund by \$200,000 for a total allocation of \$1,200,000 (\$400,000 to the Attracting Excellence in Teaching Program, and \$800,000 to the Enhancing Excellence in Teaching Program). Therefore, spending authority for the 2013-2014 Enhancing Excellence in Teaching Program was \$1,000,000, the 2014-2015 Enhancing Excellence in Teaching Program authority was \$1,200,000, and the Attracting Excellence to Teaching Program allocation for each of 2013-2014 and 2014-2015 was \$400,000.

On May 13, 2015 LB519 changed the allocation of the Excellence in Teaching Act fund amounts to be 8% of the funds allocated to the Nebraska Education Improvement fund. For the 2016-17 award year \$1,229,642 was allocated for the Excellence in Teaching Act fund. The funds are divided between the Attracting Excellence in Teaching Program (\$400,000) and the Enhancing Excellence in Teaching Program (\$800,000) with the additional \$29,642 divided evenly between the two programs. On March 30, 2016, LB956 provided an additional \$375,000 spending authority of funds held in the Excellence in Teaching Act fund for the Enhancing Excellence in Teaching Program for both the 2015-16 and 2016-17 award years.

ATTRACTING EXCELLENCE TO TEACHING

PROGRAM INFORMATION

Implemented in the fall of 2006 and revised under the Excellence in Teaching Act, the Attracting Excellence to Teaching Program (AETP) provides forgivable loans to eligible students who are enrolled in an undergraduate or graduate teacher education program at an eligible Nebraska institution working towards initial certification to teach in Nebraska. AETP loans, in an amount of \$3,000, are awarded on an annual basis, and an eligible student can apply for and receive an AETP loan annually for up to five (5) consecutive years.

In return for receiving an AETP loan, the student agrees to complete the teacher education program in which s/he is currently enrolled and commits to becoming certified and to teach full-time in an accredited or approved public or private school in Nebraska. If the student meets the contractual obligations of the program, the loan will be forgiven, beginning after the first two years of full-time teaching, in an amount up to \$3,000 for each year of teaching or in an amount up to \$6,000 for each year of teaching if the student teaches in a school district that has been classified as very sparse or in a school building in which at least 40% of the students qualify for the poverty factor.

Beginning in the 2009-2010 award year, applicants for an AETP loan were required to be majoring in a field of study for which there is a shortage of properly endorsed teachers, as determined by the Department.

The purposes of the Attracting Excellence to Teaching Program are to: attract outstanding students to major in shortage areas at the teacher education programs of Nebraska's postsecondary educational institutions; retain resident students and graduates as teachers in the accredited school districts, Educational Service Units and private schools, or approved schools of Nebraska; and establish a loan contract that requires a borrower to obtain employment as a teacher in this state after graduation.

§79-8,134 R.R.S.

DISTRIBUTION FORMULA

Section 002.03E of Rule 25, *Regulations Governing the Excellence in Teaching Act* effective August 15, 2016, provides for the allocation of AETP funds by NDE to all participating eligible Nebraska institutions according to the distribution formula set forth in Rule 25, Section 002.04. The institutions then act as agents of NDE in the distribution of the funds to eligible students.

The formula for the initial distribution of AETP funds to participating eligible institutions is based on the most recent teacher education program completer data available to NDE. The percentage of loan funds available to each participating eligible institution matches the institution's percentage of the state's teacher education program completers from all eligible institutions.

Initial funds not distributed by the institutions are reallocated by NDE, according to the distribution formula set forth in Rule 25, Section 002.04B, to participating eligible institutions that have requested consideration for additional funds. Any remaining undistributed or unclaimed funds are returned to the Excellence in Teaching Cash Fund for future allocation.

With the annual allocation of funds to the AETP limited to no more than \$400,000 (§79-8,137.05 R.R.S.), a maximum of 133 loans was available per award year for allocation to participating eligible institutions. Beginning with the 2016-17 award year, the number of loans available will be based on the actual funds available.

The department shall allocate on an annual basis up to four hundred thousand dollars in the aggregate of the funds to be distributed for the Attracting Excellence to Teaching Program to all eligible institutions according to the distribution formula as determined by rule and regulation. The eligible institutions shall act as agents of the department in the distribution of the funds for the Attracting Excellence to Teaching Program to eligible students.

§79-8,137.05 R.R.S.

STATUS OF THE PROGRAM

The 2016-2017 award year marks the eleventh year of the Attracting Excellence to Teaching Program. To date, 1179 AETP loans totaling approximately \$3.4 million have been awarded to eligible students seeking their initial teaching certificate.

For the 2014-2015 award year the AETP funds provided for a total of 133 loans at \$3000 each to be distributed among the sixteen (16) eligible institutions. NDE awarded all 133 loans totaling \$399,000 based on recipient eligibility.

The 2015-2016 award year funds provided for a total of 133 loans at \$3000 each to be distributed among the sixteen (16) eligible institutions. NDE awarded all 133 loans totaling \$399,000 based on recipient eligibility.

For the 2016-2017 award year 138 loans at \$3000 each will be available for distribution among the sixteen (16) eligible institutions for a total of \$414,000.

Attachment A provides the number of loans distributed by institution per award year, 2006-2007 through November 30, 2016-2017.

STATUS OF THE BORROWERS

Since the implementation of the AETP during the 2006-2007 award year, NDE has awarded 1179 AETP loans TO 939 students pursuing initial certification to teach in Nebraska. Of those, 629 loans (54%) have been forgiven as a result of the recipient teaching full-time in an accredited or approved public or private school in Nebraska, and 109 loans (9%) have been repaid by recipients who were no longer eligible to participate in the program. The most common reasons for repayment include: left the teacher education program, no longer a full-time student, accepted employment not qualifying for loan forgiveness.

The remaining 437 loans are categorized as follows:

- 247 loans (21%) are pending forgiveness as the recipients fulfill the teaching obligation;
- 99 loans (9%) are pending completion of the teacher education program;
- 58 loans (45%) are being repaid;
- 33 loans (less than 3%) have other status; i.e. graduated but not yet teaching, deferment, default.

Attachment B provides more detailed AETP status information.

IMPACT OF THE PROGRAM ON SHORTAGE AREAS IN NEBRASKA

In an effort to support the program's purpose to "...attract outstanding students to major in shortage areas at the teacher education programs of Nebraska's postsecondary educational institutions...", a provision of the Excellence in Teaching Act (2009) added a requirement that first-time AETP loan applicants major in a subject area that has been designated by NDE as a shortage area at the time loan funds are first received (§79-8,133(5)).

As presented in Section 004 of Rule 25, shortage areas are determined by NDE on the basis of an annual teacher supply survey of Nebraska accredited and approved school systems, and Educational Service Units. The Nebraska Teacher Vacancy Survey is conducted each fall, and information collected from survey responses is utilized in the determination of shortage areas for the applicable award year.

Since program implementation in 2006, 646 AETP loan recipients (63% of all AETP loan recipients) have received their initial certification with an endorsement in a subject area identified as a shortage area in Nebraska.

Attachment C provides information about the endorsement areas of recipients who have completed a teacher education program and have been certified to teach in Nebraska.

The State Board of Education may adopt and promulgate rules and regulations to determine teacher shortage areas and to carry out the Excellence in Teaching Act.

§79-8,140 R.R.S.

Shortage area means a secular field of teaching for which there is a shortage, as determined by the department, of properly endorsed teachers at the time the borrower first receives funds pursuant to the program.

§79-8,133(6) R.R.S.

AETP ATTACHMENTS

The following attachments are applicable to the Attracting Excellence to Teaching Program (AETP).

It is common for Nebraska Teacher Preparation graduates to hold more than one endorsement. A typical combination, for example, is Elementary Education and Mild/Moderate Disabilities.

The requirement for an AETP recipient to major in a shortage area was not included in Rule 25 until the 2009-2010. Teacher Shortage areas are determined each year by the Department. A list of the shortage areas for Nebraska for each award year can be found at: <https://www.education.ne.gov/EducatorPrep/TopPages/TeShortageArchive.html>

ENHANCING EXCELLENCE IN TEACHING

PROGRAM INFORMATION

Newly created in April 2009 under the Excellence in Teaching Act, the Enhancing Excellence in Teaching Program (EETP) provides forgivable loans to Nebraska teachers enrolled in an eligible graduate program at an eligible Nebraska institution pursuing an advanced degree. EETP loans are awarded on an annual basis in an amount based upon the coursework that has been identified by the institution as part of the student's graduate program – up to \$175 per credit hour or a maximum of \$3,000 per award year. An eligible student can apply for and receive an EETP loan annually for up to five (5) consecutive years.

In return for receiving an EETP loan, the recipient agrees to complete the graduate program and major in which s/he is enrolled and to maintain full-time employment in an accredited or approved public or private school in Nebraska. If the recipient meets the contractual obligations of the program, the loan will be forgiven as follows:

For recipients who received funds for the first time prior to July 1, 2016:

Beginning after the first two years of teaching full-time in Nebraska following graduation for the degree for which the loan was received, the loan shall be forgiven each year in an amount up to \$3,000, except that if the borrower teaches in a very sparse school district, or teaches in a school building in which at least 40% of the students qualify for the poverty factor, the loan shall be forgiven each year in an amount up to \$6,000.

For recipients who received funds for the first time on or after July 1, 2016:

Beginning after the first two years of teaching full-time in Nebraska following completion of the eligible graduate program for which the loan was received, the loan shall

The purposes of the Enhancing Excellence in Teaching Program are to: retain teachers in the accredited school districts, Educational Service Units and private schools or approved schools of Nebraska; improve the skills of existing teachers in Nebraska through the graduate education programs of Nebraska's postsecondary educational institutions; and establish a loan contract that requires a borrower to continue employment as a teacher in this state after graduation from an eligible graduate program.

§79-8,137.02 R.R.S.

be forgiven in an amount up to \$1,500 each year, except that if the borrower teaches in a very sparse school district, or teaches in a school building in which at least 40% of the students qualify for the poverty factor, the loan shall be forgiven in an amount up to \$1,500 for the first year and up to \$3,000 for each year of loan forgiveness thereafter.

DISTRIBUTION FORMULA

Section 003.03D of Rule 25, *Regulations Governing the Excellence in Teaching Act*, provides for the allocation of EETP funds by NDE according to the distribution formula set forth in Rule 25, Section 003.04A.

The formula for the distribution of EETP funds allocates one-sixth (1/6) of the total funds available evenly among all eligible institutions. The remaining funds are allocated based on the most current Master's degree in education completer information available from the Nebraska Coordinating Commission for Postsecondary Education (CCPE). The percentage of funds available to each eligible institution matches the institution's percentage of the state's total Master's degrees in education awarded from all eligible institutions.

NDE distributes EETP loan funds directly to the borrower, and any funds not claimed pursuant to the loan contract are returned to the Excellence in Teaching Cash Fund for future allocation.

To be eligible for the program, an eligible student shall: agree to complete an eligible graduate program at an eligible institution and to complete the program on which the applicant's eligibility is based as determined by the department; and commit to teach in an accredited or approved public or private school in Nebraska upon successful completion of the eligible graduate program for which the applicant is applying to the Enhancing Excellence in Teaching Program and to maintaining certification pursuant to Sections 79-806 to 79-815.

§79-8,137.03 R.R.S.

STATUS OF THE PROGRAM

Distribution of EETP funds began with 2009-2010 awards. Since the inception of EETP, 2763 EETP loans totaling just over \$5.5 million has been awarded to teachers across the state. As a result of LB333 no funding was provided for 2011-2012 or 2012-2013.

For the 2015-2016 award year, NDE distributed a total of \$1,094,425, which included the annual EETP fund allocation of \$800,000 plus an additional \$375,000 of unexpended funds from the Excellence in Teaching Act fund, providing for 568 EETP loans.

For the 2016-2017 award year, NDE awarded a total of \$923,950, which included the annual EETP fund allocation of \$800,000 plus an additional \$125,000 of unexpended authority from the previous year, providing 480 loans.

Attachment D provides information about the amount of EETP funds allocated and the number of EETP loans awarded by institution per award year.

STATUS OF THE BORROWERS

NDE has awarded 2763 EETP loans to Nebraska teachers since the program's implementation in 2009. Of those, 996 loans (36%) are pending as the recipients continue to work towards completion of the graduate program in which they are currently enrolled, and 491 loans (18%) have been forgiven as recipients have fulfilled the teaching obligation of the program. The remaining loans are categorized as follows:

- 1167 loans (42%) are pending forgiveness as recipients fulfill their teaching obligation;
- 60 loans (2%) have been repaid;
- 43 loans (2%) are in repayment status because the recipient no longer qualifies for the loan forgiveness provision;
- 71 loans were declined by the applicant and therefore those funds were redistributed;
- 6 loans (less than 1%) have other status.

Attachment E provides more detailed EETP loan information.

IMPACT OF THE PROGRAM ON SHORTAGE AREAS IN NEBRASKA

Similar to the Attracting Excellence to Teaching Program, the Enhancing Excellence in Teaching Program emphasizes the need for teachers who are endorsed to teach in subject areas that have been designated by NDE as shortage areas. Eligibility categories for EETP funds include:

- Majoring in a shortage area;
- Seeking an advanced degree in a currently held endorsement;
- Majoring in Curriculum and Instruction; or
- Pursuing an additional endorsement requested by the school administrator.

In 2016-2017 “majoring in a shortage area” was expanded to include a graduate course of study leading to an endorsement as well as the original graduate degree program.

As described in a previous section of this document, shortage areas are determined by NDE on the basis of an annual teacher supply survey of Nebraska public and private school systems, and Educational Service Units. The Nebraska Teacher Vacancy Survey is conducted each fall, and information collected from survey responses is utilized in the determination of shortage areas for the applicable award year.

To date, 372 (34%) of the 1098 total individuals receiving EETP awards have completed a graduate program resulting in an advanced degree with an emphasis in a subject area that has been designated as a shortage area, allowing the recipient to become endorsed to teach in the applicable subject area.

Attachment F provides information about the eligibility categories of EETP loan recipients who have completed the graduate program for which the loan was received.

An eligible student means an individual who...is majoring in a shortage area, curriculum and instruction, a subject area in which the individual already holds a secular teaching endorsement, or a subject area that will result in an additional secular teaching endorsement which the superintendent of the school district or head administrator of the private, denominational, or parochial school employing the individual believes will be beneficial to the students of such school district or school as evidenced by a statement signed by the superintendent or head administrator.

§79-8,137.01(4) R.R.S.

EETP ATTACHMENTS

The following attachments are applicable to the Enhancing Excellence in Teaching Program (EETP).

Enhancing Excellence in Teaching Program (EETP)

Rev. 12/16

2009-10 was the first year of the program and the loans were distributed on a first come, first served basis, regardless of what institution the applicant attended. In 2010-11 Rule 25 Section 003.04A Formula for Distribution was established.

Degrees Awarded = Total number of Master's degrees in education awarded in 2007-08, based on most current data from the Nebraska Coordinating Commission for Postsecondary Education.

Award amounts may differ from Allocation based on redistribution of funds not used by an institution.

Eligibility Categories : Pursuant to Rule 25 - 003.02G Eligible student shall mean an individual who: 003.02G4 is majoring in a **shortage area, curriculum and instruction**, a subject area in which the individual already holds a secular teaching endorsement (**advanced degree**), or a subject area that will result in an **additional** secular teaching endorsement which the superintendent of the school district or head administrator of the individual believes will be beneficial to the students of such school district or school as evidenced by a statement signed by the superintendent or head administrator.

Curriculum & Instruction: Recipients who qualify based on the C&I category will receive their advanced program degree in C&I, regardless of their current endorsement categories.

Teacher Shortage areas are determined each year by the Department. A list of the shortage areas for Nebraska for each award year can be found at: <https://www.education.ne.gov/EducatorPrep/TopPages/TeShortageArchive.html>

EXCELLENCE IN TEACHING CASH FUND

FINANCIAL STATEMENT

The programs of the Excellence in Teaching Act are funded by the Excellence in Teaching Cash Fund, pursuant to Section 79-8,137.05 R.R.S.

Attachments G, H, and I, provide a financial statement and description of the activity of the Excellence in Teaching Cash Fund for each of the 2014-2015 and 2015-2016 fiscal years, as well as for the 2016-2017 fiscal year, to November 30.

Attachment J illustrates the Fund's total activity for the 2006-2007 through 2015-2016 fiscal years and 2016-2017 thru November 30.

ETA CASH FUND ATTACHMENTS

The following attachments are applicable to the Excellence in Teaching Cash Fund.

AWARD YEAR JULY 1, 2014 - JUNE 30, 2015
