

April 20, 2016

Mr. Patrick O'Donnell  
Clerk of the Legislature  
PO Box 94604  
State Capitol Building  
Lincoln, NE. 68509

Dear Mr. O'Donnell:

Enclosed for your information is a copy of the Notice required pursuant to Neb. Rev. Stat §58-270 (2) of our statutes.

At the request of the Nebraska Department of Environmental Quality ("NDEQ"), NIFA is proposing the issuance of State Revolving Fund Revenue Bonds for both the Wastewater Treatment Facilities (Clean Water) State Revolving fund Program (the "CWSRF") and the Drinking Water State Revolving fund Program (the "DWSRF") in an amount not to exceed \$4,000,000. As discussed in the notice, this amount has been determined based upon 1.) The amount of state match funds from prior CWSRF and DWSRF Bond series' (together with related federal capitalization grant funds) which have been committed or used to finance wastewater treatment facilities and public water supply systems to-date, 2.) Communities identified and contacted by NDEQ which have expressed a need for funds to finance both wastewater treatment facilities and drinking water systems in the state and 3.) The anticipated state match amount needed to obtain federal capitalization grants for the fiscal years 2016 for both the CWSRF DWSRF programs. If any questions, please call.

Sincerely,

Judy A. Krasomil  
Treasurer

Enclosure

**NOTICE REQUIRED PURSUANT TO  
NEB. REV. STAT. § 58-270**

The Nebraska Investment Finance Authority (the "Authority") hereby gives notice in accordance with the Nebraska Investment Finance Authority Act, Neb. Rev. Stat. §§ 58-201 et seq., as amended (the "Act"), to the Honorable Pete Ricketts, Governor of the State of Nebraska (the "State"), and Patrick J. O'Donnell, Clerk of the Legislature, of the proposed issuance by the Authority of the following bonds:

**\$3,100,000\***  
**Nebraska Investment Finance Authority**  
**Clean Water State Revolving Fund Revenue Bonds**  
**Drinking Water State Revolving Fund Revenue Bonds**  
(consisting of two or more Series of Bonds  
to be issued during the period described herein)

The Authority anticipates that it will, pursuant to the Act, authorize the issuance and sale of two or more issuances of state revolving fund revenue bonds (the "Bonds") from time to time on or before December 31, 2016. The proceeds of the Bonds will be used:

(i) to provide moneys for the Nebraska Department of Environmental Quality ("NDEQ") to provide state match funds to satisfy the requirements of the Federal Clean Water Act, 33 U.S.C. §§ 1251 et seq., as amended by the Water Quality Act of 1987 and as further amended from time to time (collectively, the "Clean Water Act"), to deposit funds in the Wastewater Treatment Facilities Construction Loan Fund (the "CW Loan Fund") to enable NDEQ to make loans to municipalities and counties pursuant to the Nebraska Wastewater Treatment Facilities Construction Assistance Act, as amended, Neb. Rev. Stat. §§ 81-15,147 to 81-15,158 (the "Nebraska Clean Water SRF Act") for the acquisition, construction, improvement, repair, rehabilitation or extension of wastewater treatment works and nonpoint source control systems (each as defined in the Nebraska Clean Water SRF Act);

(ii) to provide moneys for NDEQ to provide state match funds to satisfy the requirements of the Federal Safe Drinking Water Act, 42 U.S.C. §§ 300f et seq., as amended from time to time (the "Safe Drinking Water Act"), to deposit funds in the Drinking Water Facilities Loan Fund and the Land Acquisition and Source Water Loan Fund (collectively, the "DW Loan Funds") to enable NDEQ to make loans to owners of public water supply systems pursuant to the Drinking Water State Revolving Fund Act, as amended, Neb. Rev. Stat. §§ 71-5314 to 71-5327 (the "Nebraska Drinking Water SRF Act") for the acquisition, construction or modification of safe drinking water projects (as defined in the Nebraska Drinking Water SRF Act); and

---

\*Current estimate; subject to change, but not expected to exceed \$2,000,000 for deposit to each of the CW Loan Fund and the DW Loan Fund, for a total bond principal amount of \$2,000,000, plus the amount of any refunding bonds issued to refund outstanding drinking water state revolving fund revenue bonds.

(iii) subject to market conditions, if needed, to make certain deposits into the funds and accounts created under one or more trust indentures, including any deposits required to be made to a debt service reserve fund and to pay costs of issuance for the Bonds.

**Clean Water Program.** The Authority desires to cause to be provided, through the issuance of the Bonds, funds to NDEQ to satisfy the state match requirements for capitalization grants under the Clean Water Act for Nebraska's 2016 clean water state revolving fund program. Such state match funds, together with federal funds, will be used by NDEQ to make loans to Nebraska municipalities and counties to enable such municipalities and counties to pay those eligible portions of the costs of acquiring, constructing, improving, repairing, rehabilitating or extending municipal wastewater treatment works and nonpoint source control systems projects in accordance with the Nebraska Clean Water SRF Act. The federal capitalization grants received by NDEQ pursuant to the Clean Water Act and the state match funds provided by the issuance of the Bonds are generally used on a five-sixths/one-sixth basis, respectively, to fund loans to municipalities or counties.

**Drinking Water Program.** The Authority desires to cause to be provided, through the issuance of the Bonds, funds to NDEQ to satisfy the state match requirements for capitalization grants under the Safe Drinking Water Act for Nebraska's 2016 drinking water state revolving fund program. Such state match funds, together with federal funds, will be used by NDEQ to make loans to owners of public water supply systems in Nebraska to enable such owners to pay those eligible portions of the costs of acquiring, constructing or modifying safe drinking water projects in accordance with the Nebraska Drinking Water SRF Act. The federal capitalization grants received by NDEQ pursuant to the Safe Drinking Water Act and the state match funds provided by the issuance of the Bonds are generally used on a five-sixths/one-sixth basis, respectively, to fund loans to owners of public water supply systems.

## I. **Clean Water Program—The Public Purposes To Be Effectuated and the Needs To Be Addressed Through the Issuance of the Bonds.**

The public purposes to be effectuated and the needs to be addressed by the Authority through the issuance of a portion of the Bonds are (i) to finance wastewater treatment works and nonpoint source control systems projects to protect and improve the state's water quality, the provision of which is essential to economic growth and development in the State of Nebraska, by providing a deposit into the CW Loan Fund in order to provide financing at favorable interest rates and (ii) to continue to provide NDEQ with the required matching funds which, together with available federal funds, will provide for an ongoing program of making such financing available within the marketplace in an orderly fashion. The amount of needed assistance which may be provided to Nebraska municipalities or counties for wastewater treatment purposes can be increased and needed projects can be undertaken more expeditiously through the issuance of revenue bonds and the deposit thereof into the CW Loan Fund.

The Legislature of the State has found and declared that:

(a) there is a need within the State for financing to assist municipalities in providing wastewater treatment facilities; the federal funding provided for wastewater

treatment facilities is extremely limited and scheduled to be eliminated, while the need to provide and improve wastewater treatment facilities is great;

(b) the construction, development, rehabilitation and improvement of modern and efficient sewer systems and wastewater treatment facilities are essential to protecting and improving the State's water quality, the provision of adequate wastewater treatment facilities is essential to economic growth and development, and new sources of financing for such projects are needed;

(c) the construction, rehabilitation, operation and maintenance of nonpoint source control systems are essential to water quality protection and that such systems are financially burdensome to municipalities and counties;

(d) the federal government has acted to end the system of federal construction grants for clean water projects and has instead provided for capitalization grants to capitalize state revolving funds for wastewater treatment works and nonpoint source control systems, and the State has created the CW Loan Fund pursuant to the Nebraska Clean Water SRF Act; the State is required to provide matching funds for deposit into such fund, and there is a need for financing in excess of the amount which can be provided by the federal money; and

(e) additional assistance can be provided to municipalities to alleviate the problems of water pollution by providing for the issuance of revenue bonds, the proceeds of which shall be deposited into the CW Loan Fund.

## **II. Drinking Water Program—The Public Purposes To Be Effectuated and the Needs To Be Addressed Through the Issuance of the Bonds.**

The public purposes to be effectuated and the needs to be addressed by the Authority through the issuance of a portion of the Bonds are (i) to finance public water supply systems and safe drinking water projects to protect and improve the state's drinking water supply and water quality, the provision of which is essential to economic growth and development in the State of Nebraska, by providing a deposit into the DW Loan Funds in order to provide financing at favorable interest rates and (ii) to continue to provide NDEQ with the required matching funds which, together with available federal funds, will provide for an ongoing program of making such financing available within the marketplace in an orderly fashion. The amount of needed assistance which may be provided to owners of public water supply systems in Nebraska can be increased and needed projects can be undertaken more expeditiously through the issuance of revenue bonds and the deposit thereof into the DW Loan Fund.

The Legislature of the State has found and declared that:

(a) safe drinking water is essential to the protection of public health; the construction, rehabilitation, operation, and maintenance of modern and efficient public water supply systems and safe drinking water projects are essential to protecting and improving the quality of the State's drinking water; protecting water quality is an issue of concern to all citizens of the State, and adequate public water supply systems and safe drinking water projects are essential to public health and to economic growth and

development; systems need to have adequate technical, managerial, and financial capacities to assure that the public is protected; needed assistance can be provided to systems through the funds created by the Nebraska Drinking Water SRF Act; the funds should be available in perpetuity for providing financial assistance to such systems and for such projects;

(b) the funds to be deposited in the DW Loan Funds will consist of both State money and federal grant funds; the funds can be increased and additional needed safe drinking water projects for owners of public water systems can be undertaken more expeditiously through the issuance of revenue bonds by the Authority and the deposit of the proceeds thereof into the DW Loan Funds; and

(c) the issuance of revenue bonds for financing the funds serves a public purpose by assisting public water supply systems in providing and improving safe drinking water projects and thereby providing safe drinking water to the citizens of the State, promoting the health and well-being of the citizens, and assisting in the economic growth and development of the State.

### **III. The Manner in Which Such Need Was Identified.**

The needs to be addressed as described in Section I and Section II above were identified by the Authority in the following manner:

(a) *Summary of Existing Clean Water Programs.* The Authority has previously issued several series of state revolving fund revenue bonds to finance the NDEQ's clean water programs for the years 1990 through 2015. Such series of bonds have been paid and are no longer outstanding, except for the 2015 bonds as set forth in Appendix B attached to this notice.

NDEQ has advised the Authority that, as of February 29, 2016, NDEQ had entered into loan contracts with municipalities and counties for the 1990 through 2015 clean water programs for the amounts set forth in Exhibit IA hereto.

(b) *Summary of Existing Drinking Water Programs.* The Authority has previously issued several series of state revolving fund revenue bonds to finance the NDEQ's drinking water programs for the years 1997 through 2015. Such series of bonds have been paid and are no longer outstanding.

NDEQ has advised the Authority that, as of February 29, 2016, NDEQ had entered into loan contracts for the 1997 through 2015 drinking water programs for the amounts set forth on Exhibit IIA.

(c) *State Intended Use Plan.* On June 4, 2015, the Environmental Quality Council approved the Nebraska State Revolving Fund Clean Water and Drinking Water Intended Use Plan, State Fiscal Year 2016 (the "2016 IUP"), which was amended on November 12, 2015 and describes the 2016 clean water program and the 2016 drinking water program. Copies of the 2016 IUP are available on NDEQ's web site and are on file at the offices of NDEQ and the offices of the Authority. Based on NDEQ's current

estimates of the amount anticipated to be received from EPA capitalization grants and based on the Intended Use Plan, NDEQ has determined that estimated state match funds will be required as follows:

<u>Federal Fiscal Year</u>	CWSRF		DWSRF	
	<u>Capitalization Grant</u>	<u>State Match Required</u>	<u>Capitalization Grant</u>	<u>State Match Required</u>
2016	\$6,803,000	\$1,360,600	\$8,312,000	\$1,662,400

(d) ***Clean Water Program Demand Anticipated by NDEQ.*** Based upon the information contained in the 2016 IUP and various communications between NDEQ and certain Nebraska municipalities or counties, NDEQ has determined (and so informed the Authority) that the immediate need of state match funds in the amount of \$1,360,600 will be required to finance the 2016 clean water state revolving fund program in Nebraska.

The municipalities or counties identified by NDEQ as anticipated borrowers under the 2016 clean water state revolving fund program and their respective expressed loan request estimates are set forth in Exhibit IB attached hereto. Additional potential clean water state revolving fund program participants which have been identified by NDEQ are set forth in Exhibit IC attached hereto.

Based upon information regarding the federal required amount for state match funds and the information regarding municipalities and counties identified and contacted by NDEQ which have expressed to NDEQ a need for funds in the amount of at least \$51,756,000 in connection with the 2016 program, which information is set forth in Exhibit IB hereof, the Authority and NDEQ have determined that a need exists for the issuance of a portion of the Bonds, in the approximate amount of \$1,360,000\* (which together with other funds of \$600 available to NDEQ will total \$1,360,600), to provide state match funds to NDEQ for loans to municipalities or counties approved and designated by NDEQ pursuant to the Nebraska Clean Water SRF Act for the acquisition, construction, improvement, repair, rehabilitation or extension of wastewater treatment facilities, assuming no debt service reserve funds are required and that certain administrative costs are paid from other sources.

(e) ***Drinking Water Program Demand Anticipated by NDEQ.*** Based upon the information contained in the 2016 IUP and various communications between NDEQ and certain owners of public water supply systems, NDEQ has determined (and so informed the Authority) that the immediate need of state match funds in the amount of \$1,662,400\* will be required to finance the 2016 drinking water state revolving fund program in Nebraska.

---

\*Current estimate.

The owners of public water supply systems identified by NDEQ as anticipated borrowers under the 2016 drinking water state revolving fund program and their respective expressed loan request estimates are set forth in Exhibit IIB attached hereto. Additional potential drinking water state revolving fund program participants which have been identified by NDEQ are set forth in Exhibit IIC attached hereto.

Based upon information regarding the federal required amount for state match funds and the information regarding owners of public water supply systems identified and contacted by NDEQ which have expressed to NDEQ a need for funds in the amount of at least \$23,825,900 in connection with the 2016 program, which information is set forth in Exhibit IIB hereof, the Authority and NDEQ have determined that a need exists for the issuance of a portion of the Bonds, in the approximate amount of \$665,000\* (which together with other funds of \$997,400 available to NDEQ will total \$1,662,400), to provide state match funds to NDEQ to enable NDEQ to make loans to owners of public water supply systems approved and designated by NDEQ pursuant to the Nebraska Drinking Water SRF Act for the acquisition, construction or modification of public water supply facilities, net of any required debt service reserve funds and certain administrative costs. It is anticipated that the needs for additional loans to owners of public water supply systems will continue to develop.

Any bonds issued to refund the bonds previously issued for the drinking water state revolving fund program would be in addition to Bonds described in this Notice to satisfy the needs of the 2016 program described above.

(f) *Board Approval.* At its meeting held on April 15, 2016, the Board of the Authority approved, in substantially the form submitted, this Notice.

#### **IV. The Anticipated Principal Amount of the Bond Issue and the Anticipated Date of Issuance of the Bonds.**

The Authority anticipates issuing the Bonds in the aggregate principal amount of \$3,100,000.\* It is expected that an amount approximately equal to the final principal amount of the Bonds issued (less any costs and expenses, original issue discount and reserve funds, although costs and expenses are currently expected to be paid with other funds and, subject to market conditions, no original issue discount or reserve funds are currently expected) will be made available to NDEQ to enable NDEQ to (i) loan to municipalities or counties pursuant to the Nebraska Clean Water SRF Act for the acquisition, construction, improvement, repair, rehabilitation or extension of wastewater treatment works and nonpoint source control system projects and (ii) loan to owners of public water supply systems pursuant to the Nebraska Drinking Water SRF Act for the acquisition, construction or modification of safe drinking water projects.

In addition to the Bonds issued to finance the 2016 drinking water program described herein, NIFA may at the direction of NDEQ issue refunding bonds to refund the outstanding

---

\*Current estimate.

drinking water state revolving fund revenue bonds to the extent deemed by NDEQ to be beneficial to the drinking water program.

The Authority anticipates execution, subsequent to final board action at its June meeting or later, of an agreement with the underwriters or placement agents identified below for the sale of the Bonds. Issuance and delivery of the Bonds is anticipated to occur during 2016.

#### **V. Anticipated Size of Reserve Funds.**

Subject to market conditions, NDEQ and the Authority plan to structure the sale of the Bonds without a reserve fund, but at this time, there is no assurance that this will be accomplished. If required in order to sell the bonds or to obtain satisfactory ratings on the Bonds (although ratings are not currently anticipated), the Bonds may be secured by reserve funds not in excess of 10% of the principal amount of the Bonds.

#### **VI. The Professionals Involved in Connection With the Issuance of the Bonds.**

The following professionals have been selected or approved by the Authority to participate in the issuance, sale and delivery of the Bonds:

Placement Agent:	Ameritas Investment Corp. Lincoln, Nebraska
Bond Counsel and General Counsel to the Authority:	Kutak Rock LLP Omaha, Nebraska
Trustee for the Bonds:	Wells Fargo Bank, National Association Chicago, Illinois
Guaranteed Investment Contract Provider:	None expected at this time.

The Authority may, from time to time, select other professionals to participate in the issuance, sale and delivery of the Bonds to the extent it deems such selection advisable and in the best interests of the Authority.

The filing of the foregoing Notice with the Governor and the Clerk of the Legislature, in accordance with the Act, was approved by the Authority on April 15, 2016.

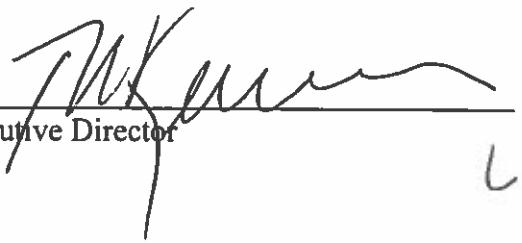

A copy of this Notice has also been provided to those representatives of the news media requesting notification of the proposed issuance of bonds, which representatives are listed on Appendix A hereto.

## APPENDIX B

### SUMMARY OF OUTSTANDING BOND FINANCINGS

#### I. CLEAN WATER

The Authority has previously issued bonds for NDEQ's clean water state revolving fund programs for the years 1990 through 2015. Except for the Series 2015 bonds described below, the bonds issued for such clean water state revolving fund programs have been paid and are no longer outstanding. On September 3, 2015, the Authority made available funds to NDEQ to provide state match funds for the 2015 program for the financing of wastewater treatment works and nonpoint source control systems projects by the issuance of the Authority's Clean Water State Revolving Fund Bonds, Series 2015 in the aggregate amount of \$1,425,000 (the "Series 2013B Bonds"), which remain outstanding and are scheduled to be paid on June 15, 2016.

All the funds intended to be loaned in connection with the 1990 through 2015 programs have been initially disbursed for, or allocated to, loans from NDEQ to finance wastewater treatment works and nonpoint source control systems projects. Loan repayments are available to be recycled into new loans.

#### II. DRINKING WATER

Set forth below is a summary of Authority bond issues for the 1997 through 2008, 2010, 2013 and 2014 drinking water state revolving fund programs:

(a) In September 1999, the Authority made funds available to NDEQ to provide state match funds for a portion of the 1997 program, the 1998 program and a portion of the 1999 program for the financing of safe drinking water projects by the issuance of the Authority's General Obligation Bonds, 1999 Series G.O.-7 in the aggregate principal amount of \$2,000,000 (the "Series 1999 Bonds"). The Series 1999 Bonds were redeemed from proceeds of the Series 2000A Bonds (described below) and are no longer outstanding.

(b) In June 2000, the Authority made available funds to NDEQ to redeem the Series 1999 Bonds and to provide state match funds for the remaining portion of the 1999 program and the 2000 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2000A in the aggregate amount of \$5,530,000 (the "Series 2000A Bonds"). In March 2001, the Authority made available funds to NDEQ to provide state match funds for the 2001 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2001A in the aggregate amount of \$1,815,000 (the "Series 2001A Bonds"). In December 2002, the Authority made available funds to NDEQ to provide state match funds for the 2002 program and a portion of the 2003 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2002A in the aggregate amount of \$2,000,000 (the "Series 2002A Bonds"). In June 2003, the Authority made available funds to NDEQ to provide state

match funds for a portion of the 2003 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2003A in the aggregate amount of \$1,700,000 (the "Series 2003A Bonds"). In September 2004, the Authority made available funds to NDEQ to provide state match funds for a portion of the 2004 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2004A in the aggregate amount of \$1,890,000 (the "Series 2004A Bonds"). In August 2005, the Authority made available funds to NDEQ to provide state match funds for a portion of the 2005 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2005A in the aggregate amount of \$1,920,000 (the "Series 2005A Bonds"). In June 2006, the Authority made available funds to NDEQ to provide state match funds for a portion of the 2006 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2006A in the aggregate amount of \$1,915,000 (the "Series 2006A Bonds"). In September 2007, the Authority made available funds to NDEQ to provide state match funds for the 2007 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2007A in the aggregate amount of \$1,920,000 (the "Series 2007A Bonds"). In October 2008, the Authority made available funds to NDEQ to provide state match funds for the 2008 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2008A in the aggregate amount of \$1,965,000 (the "Series 2008A Bonds"). In November 2010, the Authority made available funds to NDEQ to provide state match funds for the 2010 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2010A in the aggregate amount of \$3,110,000 (the "Series 2010A Bonds"). In August 2013, the Authority made available funds to NDEQ to provide state match funds for the 2013 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2013A in the aggregate amount of \$1,685,000 (the "Series 2013A Bonds"). In September 2014, the Authority made available funds to NDEQ to provide state match funds for the 2014 program for the financing of safe drinking water projects by the issuance of the Authority's Drinking Water State Revolving Fund Revenue Bonds, Series 2014A in the aggregate amount of \$1,770,000 (the "Series 2014A Bonds").

The Series 2000A Bonds, the Series 2001A, the Series 2002A Bonds, the Series 2003A Bonds, the Series 2004A Bonds, the Series 2005A Bonds, the Series 2006A Bonds, the Series 2007A Bonds, the Series 2008A Bonds and the Series 2010A Bonds were issued pursuant to the Master Trust Indenture dated as of June 1, 2000, as from time to time amended and supplemented (the "Master Trust Indenture") and supplements thereto.

(c) No bonds were issued by the Authority for state match requirements for the 2009, 2011, 2012 or 2015 programs. In 2009, 2011, 2012 and 2015, NDEQ used funds available from the administrative cash funds or from reserve funds made available

by the retirement of the bond issues described below to provide state match funds for the 2009, 2011, 2012 and 2015 programs for the financing of safe drinking water projects.

(d) On July 1, 2011, NDEQ retired, redeemed and paid the Series 2001A Bonds, the Series 2002A Bonds, the Series 2003A Bonds, the Series 2005A Bonds and the Series 2006A Bonds using funds available for such purpose in the Drinking Water SRF program. On January 1, 2013, NDEQ retired, redeemed and paid the Series 2004A Bonds and the Series 2007A Bonds using funds available for such purpose in the Drinking Water SRF program. On June 18, 2015, NDEQ defeased the Series 2000A Bonds, the Series 2008A Bonds and the Series 2010A Bonds by depositing funds available for such purpose in the Drinking Water SRF program in an escrow fund established under an Escrow Agreement, dated as of June 18, 2015, among NDEQ, NIFA and Wells Fargo Bank, National Association. Following such redemptions and defeasance, there are no bonds remaining outstanding for the Drinking Water SRF program under the Master Trust Indenture.

All the funds intended to be loaned in connection with the 1997 through 2015 programs have been initially disbursed for, or allocated to, loans from NDEQ to owners of public water supply systems. Loan repayments are available to be recycled into new loans.

## **EXHIBIT IA**

### **CLEAN WATER PROGRAM—LOANS MADE**

As of February 29, 2016, as part of the 1990-2015 Clean Water State Revolving Fund programs, NDEQ had entered into loan contracts with approximately 277 loans to municipalities or counties committing to disburse funds in the amount of \$524,374,440.37. Disbursements consist of proceeds from federal capitalization grants, including grant funds pursuant to the American Recovery and Reinvestment Act of 2009, together with state match funds provided either by state appropriations or proceeds made available by Series 1991 Bonds, Series 1993 Bonds, Series 1994 Bonds, Series 1996 Bonds, Series 1998 Bonds, Series 2000B Bonds, Series 2001B Bonds, Series 2002B Bonds, Series 2002C Bonds, Series 2004B Bonds, Series 2005B Bonds, Series 2006B Bonds, Series 2007B Bonds, Series 2008B Bonds, Series 2009 Bonds, Series 2010B Bonds, Series 2011 Bonds, Series 2012 Bonds, Series 2013B Bonds, Series 2014B Bonds or Series 2015 Bonds. Some loans have been disbursed and repaid. Loans in the amount of \$209,851,848.15 were outstanding as of February 29, 2016.

## EXHIBIT IB

### **CLEAN WATER PROGRAM—ANTICIPATED LOANS**

#### **2016 Program**

As of February 29, 2016, the following municipalities or counties have been identified by NDEQ as having a need for loans pursuant to the 2016 Clean Water State Revolving Fund Program:

<b>Borrower</b>	<b>Approximate Loan Amount*</b>
Anselmo	\$ 46,000
Creighton	1,100,000
Dakota City	6,700,000
Davenport	900,000
Firth	455,000
Gilead	140,000
Goehner	300,000
Gretna	5,000,000
Long Pine	1,051,900
Omaha	15,000,000
Stanton County SID #1	850,000
Superior	214,000
York	<u>20,000,000</u>
 <b>Total</b>	 <b>\$51,756,000</b>

---

\*One-Sixth of loan amount on select projects to be financed with proceeds of the Bonds.

**DRINKING WATER PROGRAM—LOANS MADE**

As of February 29, 2016, as part of the 1997-2015 Drinking Water State Revolving Fund programs, NDEQ had entered into loan contracts with approximately 208 loans to municipalities or counties committing to disburse funds in the amount of \$251,512,724.00. Disbursements consist of proceeds from federal capitalization grants, including grant funds pursuant to the American Recovery and Reinvestment Act of 2009, together with state match funds provided by (i) state appropriations, (ii) proceeds from the sale of the Series 1999 Bonds, the Series 2000A Bonds, the Series 2001A Bonds, the Series 2002A Bonds, the Series 2003A Bonds, the Series 2004A Bonds, the Series 2005A Bonds, the Series 2006A Bonds, the Series 2007A Bonds, the Series 2008A Bonds, the Series 2010A Bonds, the Series 2013A Bonds or the Series 2014A Bonds, (iii) administrative cash funds available in the drinking water program or (iv) reserve funds released from the retirement of certain bond issues. Some loans have been disbursed and repaid. Loans in the amount of \$170,057,049.44 were outstanding as of February 29, 2016.

## EXHIBIT IIB

### **DRINKING WATER PROGRAM—ANTICIPATED LOANS**

#### **2016 Program**

As of February 29, 2016, the following municipalities or counties have been identified by NDEQ as having a need for loans pursuant to the 2016 Drinking Water State Revolving Fund Program:

<b>Borrower</b>	<b>Approximate Loan Amount*</b>
Adams	\$2,600,000
Aurora	800,000
Edgar	300,000
Fairbury	5,391,500
Fort Calhoun	400,000
Gretna	500,000
Hartington	800,000
Kearney	3,000,000
Kenesaw	1,288,000
Laurel	566,400
Mead	3,230,000
Milford	1,500,000
Ogallala	1,250,000
Orleans	700,000
Riverdale	250,000
Springfield	<u>1,250,000</u>
<b>Total</b>	<b>\$23,825,900</b>

**EXHIBIT IIC**

**DRINKING WATER PROGRAM—POTENTIAL FUTURE LOANS**

Attached is Appendix B2 – Drinking Water State Revolving Fund Need Survey List from the Nebraska State Revolving Fund State Fiscal year 2016 Intended use Plan dated June 4, 2015, as amended on November 12, 2015. The potential projects listed in this Exhibit are considered by NDEQ to be potential future program participants over a period of years after completion of the 2016 program.

READINESS TO PROCEED (RTP) CODES - ELIGIBLE FOR FUNDING PROGRAM LIST:

FNSI (OR PENDING FNSI) - FUNDING OF NO SIGNIFICANT IMPACT - BINDING COMMITMENT FOR FUNDING MADE WITH DWSRF

YES - PLANS & SPECIFICATIONS PREPARED OR UNDER DESIGN

CatEx - CATEGORICAL EXCLUSION (OR PENDING CatEx) - BINDING COMMITMENT FOR FUNDING MADE WITH DWSRF

RTP, RTP PER NO, RTP PER YES & RTP YES - ADEQUATE READINESS TO PROCEED INFORMATION SUBMITTED TO DEPARTMENT  
MHI NO & MHI PER NO - HIGH PRIORITY PROJECT WITH HIGH MEDIAN HOUSEHOLD INCOME (I.E., NOT ELIGIBLE FOR FORGIVENESS ASSISTANCE)  
TH PER NO & TH PER YES - TEST HOLE COMPLETED FOR WELL PROJECT

READINESS TO PROCEED (RTP) CODES - NOT ELIGIBLE FOR FUNDING PROGRAM LIST:

NO/NR - PROJECT NOT SET TO PROCEED IN SFY 2016

PER NO/NR - ENGINEERING REPORT PREPARED, PROJECT NOT SET TO PROCEED IN SFY 2015

TH PER no RTP - TEST HOLE COMPLETED, COMMUNITY NOT READY TO PROCEED

PER YES - ENGINEERING REPORT PREPARED, PLANS & SPECIFICATIONS PREPARED OR UNDER DESIGN, BUT LOWER PRIORITY PROJECT

TDF - COMMUNITY TURNED DOWN EQUAL OR BETTER FUNDING OFFER BY DWSRF

LOAN - COMMUNITY SIGNED LOAN AGREEMENT WITH DWSRF, PROJECT NOT COMPLETE

USDA - COMMUNITY OBLIGATED OR OFFERED BETTER FUNDING THROUGH THE U.S. DEPARTMENT OF AGRICULTURE

NOTES: ALL LISTED PROJECTS PER STATE FISCAL YEAR 2016 PRIORITY RANKING SYSTEM

PWS - PUBLIC WATER SYSTEM

RWD - RURAL WATER DISTRICT

GPR - GREEN PROJECT RESERVE

WTP - WATER TREATMENT PLANT

A.O. - ADMINISTRATIVE ORDER

PER - PRELIMINARY ENGINEERING REPORT

VFD - VARIABLE FREQUENCY DRIVE

SFY 2013, 2014 OR 2015 - PROJECT CARRIED OVER FROM STATE FISCAL YEAR 2013, 2014 OR 2015 INTENDED USE PLAN
