Summary of purpose and/or changes:

Currently, section 81-1108.33 provides that gifts of real property, structures or improvements over \$10,000 require a review, report and recommendation by the State Building Division and the Task Force for Building Renewal and approval by the Governor and the Legislature. Acquisitions obtained through the combined proceeds of donations, gifts, bequests, or devises (not improvements) only require this review and approval process if over \$250,000.

LB349 amends section 81-1108.33 so that the review and approval process is required only if the combined proceeds exceed \$250,000 and if the combined proceeds exceed the existing capital appropriation for the acquisition.

Bob Krist, Chairperson
