**Summary of purpose and/or changes:**

LB 513 would amend 79-10,107 to clarify that a local school board could allow the use of school district property when that property is not needed for school district use.

LB 513 would add the new subsection (2) to section 79-10,107 to provide school districts the authority to lease school district property when that property is not needed, but might be needed in the future. School districts would be authorized to set the terms and conditions of the lease.
