TOTAL FUNDS		See Below		See Below

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 70 amends the Mechanical Amusement Device Act.

The bill adds new language to the Act that allows a city or village to levy an occupation tax upon the business of operating a mechanical amusement device within the boundaries of the city or village. A county may levy such a tax if the operation of the mechanical amusement device occurs outside the boundaries of any city or village.

The amount of the tax is to be equal to ten percent of the gross revenue derived from the operation of the device. The Tax Commissioner is to collect the occupation tax in the same manner that the state sales tax is collected and remit monthly the proceeds of the tax to the appropriate political subdivision. The Tax Commissioner shall deduct twenty percent of the proceeds for credit to the General Fund.

Gross revenue is defined as the total aggregate receipts received from the operation of any mechanical amusement device without any reduction for prizes, discounts, taxes, or expenses. It includes receipts from admission cost, any consideration necessary for participation and the value of any free tickets, games or plays.

LB 70 also provides that any occupation tax imposed pursuant to this bill is not subject to the requirements of Section 18-1208. Sec. 18-1208 requires a vote of the people if the projected revenue from the tax exceeds certain dollar amounts dependent on the size of the city or village.

Because of the variables involved, (number of machines statewide, gross revenue per machine, number of cities or counties that might adopt the tax) that are unknown, we are unable to determine an accurate estimate of fiscal impact. However, based on legislation introduced in 2005, in general, revenue could be in the range of \$9.6 million or greater to cities and counties, and \$2.4 million or greater to the General Fund.

Please complete ALL (5) blanks in the first three lines.

ESTIMATE PROVIDED BY STATE AGENCY OR POLITICAL SUBDIVISION

	<u>FY 2015-16</u>		<u>FY 2016-17</u>	
	<u>EXPENDITURES</u>	<u>REVENUE</u>	<u>EXPENDITURES</u>	<u>REVENUE</u>
GENERAL FUNDS	_____	_____	_____	_____
CASH FUNDS	_____	_____	_____	_____
FEDERAL FUNDS	_____	_____	_____	_____
OTHER FUNDS	_____	_____	_____	_____
TOTAL FUNDS	=====	=====	=====	=====

Explanation of Estimate: This bill could increase revenue for cities and villages. The amount of revenue generated would depend upon how many of the devices are located within the corporate limits of the municipality and whether the municipal governing body votes to enact the occupation tax.

LB 70 would allow counties to impose occupation taxes on certain mechanical amusement devices. Based on my research, the number of counties that have mechanical amusement devices operating outside the boundaries of any city or village is not readily available; therefore, the potential additional revenue is indeterminate.
