- 4 certain state contracts regarding electronic payments as prescribed;
- 5 and to repeal the original section.
- 6 Be it enacted by the people of the State of Nebraska,

1 Section 1. Section 81-118.01, Reissue Revised Statutes of Nebraska,
2 is amended to read:

3 81-118.01 (1) Any state official or state agency may accept credit
4 cards, charge cards, or debit cards, whether presented in person or
5 electronically, or electronic funds transfers as a method of cash payment
6 of any tax, levy, excise, duty, custom, toll, interest, penalty, fine,
7 license, fee, or assessment of whatever kind or nature, whether general
8 or special, as provided by section 77-1702.

9 (2) The total amount of such taxes, levies, excises, duties,
10 customs, tolls, interest, penalties, fines, licenses, fees, or
11 assessments of whatever kind or nature, whether general or special, paid
12 for by credit card, charge card, debit card, or electronic funds transfer
13 shall be collected by the state official or state agency.

14 (3) Any state official or state agency operating a facility in a
15 proprietary capacity may choose to accept credit cards, charge cards, or
16 debit cards, whether presented in person or electronically, or electronic
17 funds transfers as a means of cash payment, and may adjust the price for
18 services to reflect the handling and payment costs.

19 (4) The state official or state agency shall obtain, for each
20 transaction, authorization for use of any credit card, charge card, or
21 debit card used pursuant to this section from the financial institution,
22 vending service company, credit card or charge card company, or third-
23 party merchant bank providing such service.

24 (5) Except with respect to the University of Nebraska and the
25 Nebraska State College System, the The types of credit cards, charge
26 cards, or debit cards accepted and the payment services provided for any
27 state official or state agency shall be determined by the State Treasurer
28 and the Director of Administrative Services with the advice of the
29 committee convened pursuant to subsection (5) of section 13-609. The
30 State Treasurer and the director shall contract with one or more credit
31 card, charge card, or debit card companies or third-party merchant banks

1 for services on behalf of the state and those counties, cities, and
2 political subdivisions that choose to participate in the state contract
3 for such services. The University of Nebraska and the Nebraska State
4 College System may choose to participate in the state contract for such
5 services. Any negotiated discount, processing, or transaction fee imposed
6 by a credit card, charge card, or debit card company or third-party
7 merchant bank shall be considered, for purposes of this section, as an
8 administrative expense.

9 (6) A state official or state agency obtaining, for each
10 transaction, authorization for use of any credit card or charge card used
11 pursuant to this section may, but is not required to, impose a surcharge
12 or convenience fee upon the person making a payment by credit card or
13 charge card so as to wholly or partially offset the amount of any
14 discount or administrative fees charged to the state agency, but the
15 surcharge or convenience fee shall not exceed the surcharge or
16 convenience fee imposed by the credit card or charge card companies or
17 third-party merchant banks which have contracted under subsection (5) of
18 this section. The surcharge or convenience fee shall be applied only when
19 allowed by the operating rules and regulations of the credit card or
20 charge card involved or when authorized in writing by the credit card or
21 charge card company involved. When a person elects to make a payment to a
22 state agency by credit card or charge card and such a surcharge or
23 convenience fee is imposed, the payment of such surcharge or convenience
24 fee shall be deemed voluntary by such person and shall be in no case
25 refundable. If a payment is made electronically by credit card, charge
26 card, debit card, or electronic funds transfer as part of a system for
27 providing or retrieving information electronically, the state official or
28 state agency shall be authorized but not required to impose an additional
29 surcharge or convenience fee upon the person making a payment.

30 (7) For purposes of this section, electronic funds transfer means
31 the movement of funds by nonpaper means, usually through a payment

1 system, including, but not limited to, an automated clearinghouse or the
2 Federal Reserve's Fedwire system.
