

One Hundred Fourth Legislature - Second Session - 2016

Introducer's Statement of Intent

LB902

Chairperson: Senator Ken Schilz

Committee: Natural Resources

Date of Hearing: February 03, 2016

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 902 provides clarifying language for the Nebraska Clean-burning Motor Fuel Development Act passed in 2015. The bill clarifies that rebates under the act are only applicable to ethanol flex fuel dispensers, not ethanol vehicles. Language is included to ensure that property can only qualify for one rebate and follow the vehicle, not the owner of the property. The bill authorizes the Energy Office to use up to 10% of the money in the fund for administrative costs of implementing the program.
