Qualified Investors, Counts and Locations

Investors in the Nebraska Angel Investment Tax Credit Program (AITC) apply for certification as Qualified Individual Investors, Investor Trusts, or as Investor Pass-Through-Entities ("Pass Throughs"). If approved by the Nebraska Department of Economic Development (DED), Qualified Investors are certified to participate in the program for two calendar years; investors may apply for recertification at any time from their second year of certification forward. For example, an investor certified in 2011 for the 2011-2012 calendar years may reapply in 2012 and be certified for the 2012-2013 calendar years. In figure one and table one, Qualified Investors are counted in every year they are certified.

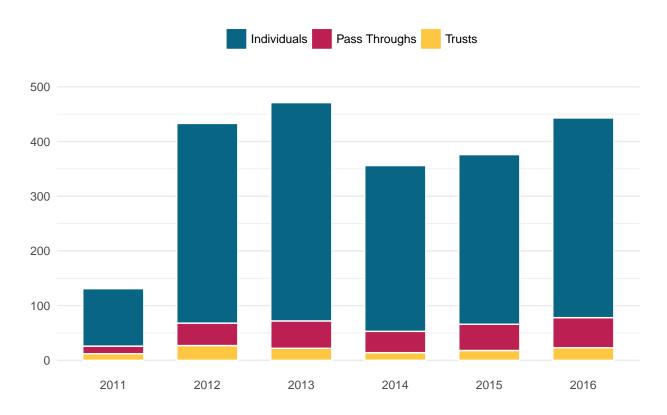

Figure 1: Qualified Investors 2011-2016

During 2011 there were as many as 131 Qualified Investors, 433 in 2012, 471 in 2013, 356 in 2014, 376 in 2015, and 443 in 2016.
