Outcomes reported are from COMPASS (Children's Outcomes Measured in Protection and Safety Statistics). These measures reflect federal performance measures that DHHS is held accountable for by the federal Administration for Children and Families.

On-going updates of the COMPASS measures are posted on the Department website at http://dhhs.ne.gov/children_family_services/Pages/performancegauges.aspx. Each outcome report identifies the outcome measurement, provides a brief description of the measurement, provides numerical data by month for the State and each of the DHHS Service Areas and provides the federal outcome measurement target. Each outcome report also provides a graph to depict data over time. Measurement definitions and definitions of composite scores are provided as part of Attachment B.
