DEPT. OF HEALTH AND HUMAN SERVICES

Pete Ricketts, Governor

October 12, 2018

Patrick O'Donnell, Clerk of the Legislature  
State Capitol, Room 2018  
P.O. Box 94604  
Lincoln, NE 68509

Mr. O'Donnell,

Nebraska Statute 83-4,134.01 requires Nebraska's juvenile facilities to report quarterly to the Legislature and the Office of the Inspector General within two weeks after the end of each quarter, information regarding the use of room confinement in Nebraska's juvenile facilities.

As you are aware, the Hastings Juvenile Chemical Dependency Treatment Facility and the Whitehall Psychiatric Residential Treatment Facility do not use room confinement for any juvenile in our care.

Respectfully, the Hastings Juvenile Chemical Dependency Treatment Facility submits the following information for usage of room confinement for the first quarter of fiscal year 2018/2019.

- July 1, 2018 to September 30, 2018: No room confinement was used.

The Whitehall Psychiatric Residential Treatment Facility submits the following information for usage of room confinement for the first quarter of fiscal year 2018/2019.

- July 1, 2018 to September 30, 2018: No room confinement was used.

While the child care license in which the Hastings Juvenile Chemical Dependency Treatment Facility and the Whitehall Psychiatric Treatment Facility is authorized to provide services allows for the use of room confinement, both facilities have elected to not use this as an option for behavioral management for our youth and as such does not allow this practice in our policies or procedures. The facility staff have elected and will continue to use behavioral management techniques with youth that aid in their de-escalation without the use of room confinement but still provide the safest environment for our youth and staff.

Attached, please find the room confinement usage data for the Youth Rehabilitation and Treatment Centers at Kearney and Geneva. The Youth Rehabilitation and Treatment Centers continue to use room confinement as a behavioral management tool for the high risk youth in our care. Efforts are continually being made to ensure that youth are only in confinement for the shortest amount of time possible to ensure their safety and the safety of the other youth and staff around them.

Sincerely,

Mark LaBouchardiere  
Director  
DHHS Facilities  
Department of Health and Human Services
