

**One Hundred Fifth Legislature - First Session - 2017**

**Introducer's Statement of Intent**

**LB390**

---

**Chairperson: Senator Dan Hughes**

**Committee: Natural Resources**

**Date of Hearing: February 01, 2017**

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB 390 would amend current law governing storm water management bonds issued by a natural resources district (NRD) encompassing a city of the metropolitan class. Current law allows the county board in an affected county to pass a resolution disapproving the construction of a flood protection and water quality enhancement bond project that is located within its exclusive zoning jurisdiction. LB 390 would amend this provision to allow a county board in an affected county to disapprove of projects located within its zoning jurisdiction. The removal of “exclusive” would allow a county board to pass a resolution of disapproval on projects throughout the county.
