NextGen Administrative Notes

FY 2019 – 2020
July 1, 2019 – June 30, 2020

The Beginning Farmer Tax Credit Act was enacted into law in August of 1999. The Act was created out of a concern of the aging population of Nebraska's farmers and ranchers and who would be their successors. The Act provides a Nebraska income tax credit to the landlord who rents to an eligible beginning farmer or rancher. This program has become a good tool for the beginning farmer to use while trying to gain access to agricultural assets. Other benefits for the beginning farmer are a Personal Property Tax Exemption on farm equipment and machinery and reimbursement of an approved finance management course.

A seven member Board of Directors is charged with reviewing applications and approving applicants in accordance with the Act. Members representing the board consist of the Director of Agriculture, State Tax Commissioner, an academia representative, an agricultural lending community representative and an agricultural producer from each of the three Congressional Districts. Board members serve a four-year term. All members' terms expired July 16, 2019.

The following board members chose not to reapply, were thanked for their service and ended their term.

Tyler Weborg	District 1 Representative	Filled an unexpired term for 2 years
Ryan Ueberrhein	District 2 Representative	Served 4 years
Don Anthony	District 3 Representative	Served 16 years, 12 years as Chair
Nadine Hagedorn	Agricultural Lender	Served 4 years

The following four-year appointments were made by Governor Ricketts and confirmed by the legislature during the 106th legislative session. Terms will expire July 16, 2023.

Dave Nielsen	District 1 Representative	Vice Chair; new appointment
Vacant	District 2 Representative	
Britt Anderson	District 3 Representative	New appointment
Wade Thornburg	Agricultural Lender	New appointment
Dr. Bradley Lubben	Academia Representative	Chair; reappointment

The program saw a considerable decline in applications in 2019 compared to a steady increase in applications between years 2014 through 2018. Two devastating weather events, several years of depressed commodity prices, and an uncertainty of potential changes to or continuation of the program (as reflected in legislative bills introduced during the 106th legislative session) may have attributed to the decline in applications. The program may potentially experience a similar decline in applications in 2020 due to the Covid-19 pandemic, the projected continuation of depressed commodity prices, and the uncertainty of marketing agricultural commodities nationally and internationally.

Participant Statistics As Reported for the Tax Year

Tax Year Participation	2015		2016		2017		2018		2019		2015 - 2019		Totals - 2001 to 2019
