

January 8, 2019

Patrick O'Donnell, Clerk of the Legislature
State Capitol, Room 2018
P.O. Box 94604
Lincoln, NE 68509

Mr. O'Donnell,

Nebraska Statute 83-4,134.01 requires Nebraska's juvenile facilities to report quarterly to the Legislature and the Office of the Inspector General within two weeks after the end of each quarter, information regarding the use of room confinement in Nebraska's juvenile facilities.

As you are aware, the Hastings Juvenile Chemical Dependency Program and the Whitehall Psychiatric Residential Treatment Facility do not use room confinement for any juvenile in our care.

Respectfully, the Hastings Juvenile Chemical Dependency Program submits the following information for usage of room confinement for the second quarter of fiscal year 2018/2019.

- October 1, 2018 to December 31, 2018: No room confinement was used.

The Whitehall Psychiatric Residential Treatment Facility submits the following information for usage of room confinement for the second quarter of fiscal year 2018/2019.

- October 1, 2018 to December 31, 2018: No room confinement was used.

While the child care license in which the Hastings Juvenile Chemical Dependency Program and the Whitehall Psychiatric Treatment Facility is authorized to provide services allows for the use of room confinement, both facilities have elected to not use this as an option for behavioral management for our youth and as such does not allow this practice in our policies or procedures. The facility staff have elected and will continue to use behavioral management techniques with youth that aid in their de-escalation without the use of room confinement but still provide the safest environment for our youth and staff.

Sincerely,

Mark LaBouchardiere
