This bill would provide for the offense of assault by strangulation or suffocation.

A violation is a Class IIIA felony (Maximum — three years imprisonment and eighteen months post-release supervision or ten thousand dollars fine, or both; Minimum — none for imprisonment and nine months post-release supervision if imprisonment is imposed).

A violation is a Class IIA felony (Maximum — twenty years imprisonment; Minimum — none) if:

- (a) The person used or attempted to use a dangerous instrument while committing the offense;
- (b) The person caused serious bodily injury to the other person while committing the offense;
- (c) The person has been previously convicted of a violation of this section; or
- (d) The offense was committed against a pregnant woman.

The Supreme Court estimates no fiscal impact from this bill.

The Board of Parole estimates no significant impact from this bill.

This bill broadens current law by making various changes. If the impact of these changes is to increase the inmate prison population by more than current law, NDCS could incur additional per diem costs. For every inmate, the Department of Correctional Services (NDCS) incurs per diem costs. This is the cost for food, medical care, inmate wages, clothing, cleaning supplies, food service supplies, cell and dorm supplies, other inmate related supplies, laundry, inmate property, miscellaneous contractual services, and inmate transportation. The FY18 per diem cost for an individual inmate was \$8,226 per year, which includes NDCS inmates in county jails. For informational purposes, NDCS estimates the cost per offender (All facilities including Parole) at \$31,271 for FY16. This cost represents an average cost of all General, Cash, and Federal expenditures excluding aid, depreciation, and Capital Construction expenditures.

If the impact of this bill is to increase the inmate prison population by more than current law, then this bill could increase the inmate prison population. As of July-September 2018, the prison population was 156% of design capacity. Additionally, the Department of Correctional Services contracts with some counties to temporarily house prison inmates. If those inmates are included in the prison population numbers, then the prison population would be 158% of design capacity.
