LB 192 pertains to the notation of “veteran” on a drivers’ license or state identification card. Currently, veterans may apply to the Department of Motor Vehicles (DMV) to have the word ‘veteran’ noted on the front of the license or card. The bill continues to provide the notation of “veteran” for the majority of veterans applying for such notation. However, the bill provides for the words “Guard-Veteran” to be noted for any veteran of the National Guard and “Reserve-Veteran” for veterans who served on reserve duty. The bill is effective on January 1, 2020.

DMV will have a one-time increase in computer programming expenditures to change the driver license issuance system to reflect the two new designations. This programming can be handled with existing budgetary resources. The department indicates the vendor for the drivers’ license system estimates a one-time \$55,000 charge for programming to change the driver license card to reflect the two new designations.

**Explanation of Estimate:**

Based on previous experience, there will be 40 hours of programming and testing for DMV staff which will be absorbed within existing appropriations. The \$55,000 is an estimate of the cost the Contractor will bill us for the change to the credentials. This is a one-time cost. There will be no additional revenue received from passage of this legislation.
