Explanation of Estimate:

Effective October 1, 2019 the Nebraska Commission on Law Enforcement and Criminal Justice was assigned the responsibility to provide administrative support to the Board of Pardons by the Governor.

While efforts to date in providing such support have been handled under the Commission’s existing appropriation, LB 968 presents additional requirements that necessitate increased processing of all applications received. This includes individualized consideration at meetings and tailored communications relating specific elements considered for each case and the impact on the decision made by the Board. It is not possible to provide this level of processing under the Commission’s existing appropriation.

We estimate the following resources are needed:

Coordinator (1.0 FTE).

Administrative Assistant (1.0 FTE).

Website updates estimated to be \$500 per year for updating meeting agendas and calendars.

Cost of a database ... due to timing requirements in statute, we would need a database to handle document management and timeline functions. Estimated cost of this database is a one-time cost of \$60,000. After FY 20-21 the database cost would be for updates to the software.

Note: included in FY 20-21 is the cost of the database software (one-time cost) and salaries and benefits for two staff assuming they start working at 1-1-2021.
