

Legislature - First Session - 2019

Introducer's Statement of Intent

LB468

Chairperson: Senator Sara Howard

Committee: Health and Human Services

Date of Hearing: March 01, 2019

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

LB468 would require that no additional populations or services be added to the at-risk capitated managed care program before either January 1, 2020 or the completion of a critical evaluation proving the success of such program.

As with the amendment filed, AM46, LB468 would apply only to long-term care services. As of January 1, 2017, all Medicaid eligible persons had been included in the at-risk capitated managed care program referred to as Heritage Health.
