

October 5th, 2021

Patrick O'Donnell, Clerk of the Legislature
State Capitol, Room 2018
P.O. Box 94604
Lincoln, Ne 68509

Mr. O'Donnell,

Nebraska Statute 83-4,134.01 requires Nebraska's juvenile facilities to report quarterly to the Legislature and the Office of the Inspector General within two weeks after the end of each quarter, information regarding the use of room confinement in Nebraska's juvenile facilities.

Respectfully, the Whitehall Psychiatric Treatment Facility submits the following information for usage of room confinement for the first quarter of fiscal year 2021/2022.

- July 1st, 2021 to September 30th, 2021: No room confinement was used.

While the child care license in which the Whitehall Psychiatric Treatment Facility is authorized to provide services allows for the use of room confinement, the facility has elected to not use this as an option for behavioral management for youth and as such does not allow this practice in our policies or procedures. The facility staff have elected and will continue to use behavioral management techniques with youth that aid in their de-escalation without the use of room confinement but still provide the safest environment for our youth and staff.

Sincerely,

Lincoln, Ne 68509

Mr. O'Donnell,

Nebraska Statute 83-4,134.01 requires Nebraska's juvenile facilities to report quarterly to the Legislature and the Office of the Inspector General within two weeks after the end of each quarter, information regarding the use of room confinement in Nebraska's juvenile facilities.

Attached, please find the letter certifying that the Whitehall Psychiatric Residential Treatment Facility located in Lincoln, Nebraska did not utilize room confinement for the first quarter of fiscal year 2021/2022.

Also, attached is the room confinement usage data for both the Youth Rehabilitation and Treatment Center (YRTC) at Kearney, the YRTC at Hastings, and the DHHS Office of Juvenile Services Lincoln facility for the first quarter of fiscal year 2021-2022. Both facilities followed Center for Disease Control and local Public Health Department recommendations on the use of medical quarantine for youth testing positive or exposed to COVID-19. Youth entering the facilities were also placed in quarantine until they could be tested for COVID-19.

The YRTC system continues to use room confinement as a behavioral management tool for the high risk youth in our care. Efforts are continually being made to ensure that youth are only in confinement for the shortest amount of time possible to ensure their safety and the safety of the other youth and staff around them.

Sincerely,
