Summary of purpose and/or changes:

LB 312 changes the statutory requirements of membership in a cemetery association to allow owners of a plot within the cemetery to be members of the board. This bill also requires that the notes of a cemetery association board meeting be delivered to the county clerk of the county where the cemetery is located, instead of the clerk of the county where the meeting was held as is currently what is required by statute.

Explanation of amendments:

AM 277 increases the list of possible people who could serve on a cemetery association board to include a resident of the county in which the cemetery association is to be formed, an owner of a lot within the cemetery for which the cemetery association is formed, and any family member, including but not limited to a parent, spouse, sibling, child, or grandchild of an individual buried in that cemetery.

Tom Briese, Chairperson
